Past Papers for Mids./Finals are also Available

1. Which one of the following was the primary concern during statistical quality control era?

- ☐ Strategic impact
- ☒ Control
- ☐ Coordination

2. Assignable causes arise from which of the following sources?

- ☐ Inherent sources
- ☒ Internal sources
- ☐ External sources
- ☐ None of the given options

3. Which of the following are generally easy to detect using statistical methods, and it is usually economical to remove them?

- ☒ Assignable causes
- ☐ Special causes
- ☐ Common causes
- ☐ Implicit causes

4. What is the relationship between Ishikawa and Deming?

- ☐ Nephew and uncle

- ☐ Grandson and grandfather
- ☐ Son and father
- ☒ **Student and teacher** ✓

5. Variation due to special causes can be identified through the use of which of the following options?

- ☒ **Control charts** ✓
- ☐ SIPOC diagram
- ☐ Fishbone diagram
- ☐ Pareto analysis

6. Which of the following factors has negligible impact on the product performance and can be ignored?

- ☐ Temperature
- ☐ Noise
- ☒ **Cost** ✓

7. SIPOC diagram is typically used at the __. of the Six Sigma DMAIC process.

- ☐ Control phase
- ☐ Measure phase
- ☒ **Define phase** ✓
- ☐ Analyze phase

8. "Conformance to specification" refers to which of the following definitions of quality?

- ☒ **Product based** ✓
 - ☐ Manufacturing based
 - ☐ Value based
-

9. Which of the following aspects of the overall management function determines and implements the quality policy?

- ☐ Quality Assurance
- ☐ Quality Control
- ☒ **Quality Management** ✓
- ☐ Quality Policy

10. What is necessary for a system to be effective?

- ☐ The components of any system should not be organized for the system
- ☒ **The components of any system must work together for the system** ✓
- ☐ The components of any system should provide disruption for the system
- ☐ The components of any system must not work together for the system

1. Which of the following is not included in Juran's ten steps to quality improvement?

- ☐ Report progress
- ☐ Keep score
- ☐ Give recognition
- ☒ **Monthly improvement of the system** ✓

2. Who must understand the processes that cross-functional boundaries align these processes toward a common vision or goal, and optimize their interactions?

- ☒ **Manager** ✓
- ☐ Employee
- ☐ Operator
- ☐ Lineman

3. According to Deming, don't blame the people for any ambiguity it is the ____ which cause the problem.

- ☐ Company
- ☐ Product
- ☒ **Process** ✓

4. All of the following are Juran's steps to quality improvement, EXCEPT:
- ☐ Mobility of management ✓
 - ☐ Provide training
 - ☐ Keep score
 - ☐ Give recognition
5. The purchasing department is a supplier to which of the following departments?
- ☐ None of the given options
 - ☐ Finance
 - ☐ **Production ✓**
6. Who made some salient observations about the failure to understand the components of Profound Knowledge?
- ☐ Crosby
 - ☐ Juran
 - ☐ Scholtes
 - ☐ **Deming ✓**
7. Which one of the following causes generally accounts for about 80 to 90 percent of the observed variation in a production process?
- ☐ Assignable
 - ☐ **Common ✓**
 - ☐ Special
8. Long term growth is the goal of which one of the following models?
- ☐ Mechanistic Model
 - ☐ **Organic Model ✓**
 - ☐ Structural Model
 - ☐ Unstructured Model
9. Which of the following factors has negligible impact on the product performance and can be ignored?
- ☐ **Cost ✓**
 - ☐ Temperature

10. Which of the following is (are) the type(s) of quality cost?

- Appraisal cost
- Prevention cost
- Failure cost
- All of the given options ✓

1. With increasing variability, Taguchi suggests an increasing loss for which of the following?

- The customer
- All of the given options ✓
- The society
- The producer

2. In which of the following models, the process flow horizontally and vertically?

- Total Quality model
- Mechanistic model
- Organism model ✓
- Cultural model

3. Which of the following options is considered as the internal customers of a company?

- Competitors
- Employees ✓
- Owners
- Shareholders

4. In mass production era, ____ will reduce cost and increase profit.

- All of the given ✓
- Cheap Raw Material

- Larger Volume
- Latest Technology

5. **Who must understand the processes that cross-functional boundaries align these processes toward a common vision or goal, and optimize their interactions?**

- Lineman
- Employee
- Manager ☒

6. **Which of the following models has a vertical chain of command?**

- Cultural model
- Organism model
- Mechanistic model ☒
- Total Quality model

7. **What was the primary concern of managers during 1980s?**

- Coordination
- Detection
- Strategic impact
- Control ☒

8. **In which one of the following models, organization is taken as a machine?**

- Mechanistic Model ☒
- Unstructured Model
- Structural Model
- Organic Model

9. **The view of quality as the satisfaction of customer needs is often called:**

- ☒ Fitness for use
- ☐ Fitness for need
- ☐ Fitness for safety
- ☐ Fitness for success

10. Quality assurance is _____

- ☒ Preventive, Corrective
- ☐ Corrective, Preventive
- ☐ Structural, Unstructured
- ☐ Unstructured, Structural

1. According to Deming, don't blame the people for any ambiguity it is the ____ which cause the problem.

- ☒ Process
- ☐ Company
- ☐ Product

2. The market and consumer needs are the emphasis of organizations in which of the following eras?

- ☐ Statistical quality control
- ☐ Quality assurance
- ☐ Inspection
- ☒ Strategic total quality management

3. Which one of the following represents short-term perspectives and do not encourage long-term improvement as stated by Deming?

- ☐ Mechanical quotas
- ☐ Political party quotas
- ☒ Numerical quotas
- ☐ Constitutional quotas

4. All of the following are Juran's steps to quality improvement, EXCEPT:
- ☐ Keep score
 - ☐ Give recognition
 - ☒ Mobility of management ✓
 - ☐ Provide training
5. Special causes result in ____ that disrupt the random pattern of common causes.
- ☐ Common variation
 - ☐ Unique variation
 - ☒ Unnatural variation ✓
 - ☐ Natural variation
6. What is the other name used for Deming Cycle?
- ☐ Information life cycle management
 - ☒ Shewhart cycle ✓
 - ☐ Data life cycle management
 - ☐ Product life cycle
7. All of the following are the types of quality cost, EXCEPT:
- ☐ Appraisal cost
 - ☒ Improvement cost ✓
 - ☐ Prevention cost
 - ☐ Failure cost
8. Corporate culture is shifting its focus from management by control to management by ____.
- ☐ Technology
 - ☒ Commitment ✓
 - ☐ People
 - ☐ Rivals
9. In which of the following models, management coordinates and provides visible control?
- ☒ Mechanistic model ✓

- Cultural model
- Organism model
- Total Quality model

10. What was the role of quality professionals during 1950s?

- Troubleshooting and the application of statistical methods ✓
- Quality measurement, quality planning, and program design
- Goal setting, education and training, and program design
- Inspection, sorting, counting, and grading

MCQ 1

Which one of the following options focuses on long term profits and continual improvement?

- Traditional quality
- Quality control
- **Total quality**
- Cultural model

MCQ 2

From the total quality perspective, there is an emphasis on continuous improvement of which of the following?

- Products, processes, and people
- Products, processes, and purpose
- Processes and people only
- Products and people only

MCQ 3

In group maintenance behaviors, reconciling differences among group members is called:

- Harmonizing
- Controlling
- Compromising
- Encouraging

MCQ 4

Total quality management is an organization wide process that is based on which of the following?

- Best use of the organizational resources
- **All of the given options**
- Organizational flexibility
- Define internal and external customers

MCQ 5

All of the following are the major decision areas in supply chain management EXCEPT:

- Location
- **Pricing**
- Production

MCQ 6

All of the following options tell about the quality of product, EXCEPT:

- High price
- **Fast service**
- Long life of product
- Conformance to requirement

MCQ 7

Which one of the following quality leaders offers a criticism on the transcendent view of quality?

- Crosby
- Shewhart
- **Ishikawa**

MCQ 8

Organizations that use cost leadership strategy as a source of competitive advantage produce which of the following?

- Finding cost advantage
- High volume of mature products
- Achieving economies of scale

- **All of the given options**

MCQ 9

Making openings for less aggressive members by directly asking their opinion or making a general request for input. This refers to which of the following discussion skills in meetings?

- Testing for consensus
- Acting as gatekeepers
- Closing the discussion
- **Containing digression**

MCQ 10

Which one of the following is not included in the concept of quality?

- Quality by technology
- Quality by definition
- Quality by philosophy
- **Quality by attitude**

❑ Which of the following is typically viewed to lie between fully vertically integrated firms?

- Demand chain management
- Production chain management
- Value chain management
- **Supply chain management ✓**

❑ Total quality organizations expect to make at least which of the following improvements?

- 40 or more improvements per employee per year
- **10 or more improvements per employee per year ✓**
- 5 or more improvements per employee per year
- 60 or more improvements per employee per year

❑ Measurement of capacity, inductance and resistance are used to define which of the following?

- **Quality of a relay ✓**

- Quality of an air-condition
- Quality of a toothbrush
- Quality of a microwave

❓ **In traditional management, motivation is often analogous to which of the following models?**

- Hierarchy of needs
- Statistical theory
- **Theory X ✓**
- Theory Y

❓ **Which one of the following is not included in the concept of quality?**

- Quality by definition
- Quality by philosophy
- Quality by attitude
- **Quality by technology ✓**

❓ **If needs of internal customers are not met then which of the following will be directly affected?**

- **External customers ✓**
- Internal suppliers
- Internal management
- External distributors

❓ **Which of the following firms solely owns the entire material flow and each channel member operates independently?**

- **Vertical integrated firms ✓**
- Horizontal integrated firms
- Conglomerate integrated firms
- Backward vertical integrated firms

❓ **Which one of the following depicts aesthetics, a dimension of quality?**

- Quality of work
- Ease of repair

- Ranking first

- **Exterior finish ✓**

❓ Which one of the following shows that how correct is your system?

- Completeness
- Consistency
- **Accuracy ✓**
- Responsiveness

❓ For achieving total quality in the organization, all staff members should be:

- Product focused
- **Customer Focused ✓**
- Technology Focused
- None of the given options

1. Which of the following are the dimensions of quality in the manufacturing sector?

- A) Aesthetics, Perceived Quality & Responsiveness
- B) Performance, Time & Reliability ✓
- C) Performance, Durable & Aesthetics
- D) Features, Durable & Completeness

2. Who suggested, "A quality product is one that provides performance or conformance at an acceptable price or cost"?

- A) Crosby ✓
- B) Shewhart
- C) Garvin

3. Which of the following firms solely owns the entire material flow and each channel member operates independently?

- A) Vertical integrated firms ✓
- B) Horizontal integrated firms
- C) Conglomerate integrated firms
- D) Backward vertical integrated firms

4. All of the following are the main pillars of management, EXCEPT:

- A) Controlling
- B) Planning
- C) Organization ☒
- D) Leading

5. Total quality views the enterprise as a system of which of the following options?

- A) Dependent processes
- B) Interdependent processes ☒
- C) Managing processes
- D) Strategic processes

6. Measurement of capacity, inductance, and resistance are used to define which of the following?

- A) Quality of a toothbrush
- B) Quality of a relay ☒
- C) Quality of a microwave
- D) Quality of an air-condition

7. "You can ask direct questions to quiet people and try to control talkative people", for which one of the following purposes?

- A) Mobilizing the group
- B) Restating purpose
- C) Keeping the group focused ☒
- D) Starting punctually

8. "Deliberately ignoring some group members, because either they do not like them or they are not interested in what those people have to say", depicts which of the following self-oriented behaviors?

- A) Withdrawing
 - B) Controlling
 - C) Excluding ☒
-

9. Which of the following statements holds true for quality assurance?

- A) Top management's intention regarding quality
- B) Functions determining implementation of the quality policy
- C) Responsibilities and processes, which implement quality management
- D) Actions to provide confidence of satisfying quality requirements ☒

10. Which of the following refers to the gathering of two or more people who interact to achieve an expected outcome?

- A) None of the given options ☒
- B) Agreement
- C) Digression

In which one of the following views, productivity and quality are always in conflict?

- ☐ Quality control view
- ☐ Cultural view
- ☒ Traditional view
- ☐ Total quality view

2. In EFQM model, which of the following are caused by 'Enablers'?

- ☐ Losses
- ☒ Results
- ☐ Profits
- ☐ Strategies

3. What is quality?

- ☐ Conformance to management's objectives
- ☐ Adding factors to make the customer happy
- ☐ The degree to which the project meets requirements
- ☒ Meeting and exceeding the customer's expectations

4. In total quality perspective, quality planning, and strategic business planning are treated as which of the following?

- ☐ Indistinguishable
- ☐ Different
- ☒ Consistent
- ☐ Dissimilar

5. Which of the following refers to the gathering of two or more people who interact to achieve an expected outcome?

- ☐ Agreement
- ☐ Digression
- ☐ None of the given options
- ☒ Meeting

6. People, technology, and capital come under which of the following sections of systems thinking?

- ☐ Process
- ☐ Output
- ☒ Input
- ☐ None of the given options

7. Which one of the following quality leaders offers a criticism on the transcendent view of quality?

- ☐ Ishikawa
- ☐ Crosby
- ☒ Deming

8. Which of the following options is used by a firm as a source of competitive advantage to make its products difficult to copy?

- Differentiation ☒
- Leadership
- Management
- Culture

9. **The quality initiatives focused initially on reducing defects and errors in products and services with the help of which of the following?**

- Measurement, statistics and cause and effect analysis ☒
- Statistics and cause and effect analysis only
- Measurement, statistics, and other problem solving tools
- Failure modes and cause and effect analysis only

10. **Why product-based definitions of quality suit engineers?**

- They are concerned with designing of the products
- They can reduce specific standards
- They are concerned with translating product requirements into specific components and physical dimensions thereby produced ☒
- They can judge quality
