Network port is used for connecting computer to which of the following?

- **Network**
- System
- Computer
- Mobile Phone

To move the cursor page to page of documents

- CTRL+ Page down
- CTRL + Page up
- **Both of the above**
- None of the above

Computer functions are based on which of the following

- **Operating system**
- Hardware
- Software
- Programs

Which of the following is not of the merge process?

- Preview the merge result
- **Format a main document**
- Edit a data source
- Identify the main document

To view smaller text in screen you can

- Decrease the editing percentage
- Increase the editing percentage

- **Decrease the view percentage**
- Increase the view percentage

Which of the following cannot be done with document version?

- **Modifying a version**
- Deleting the version
- Opening a version
- **None of the above**

ICT is concerned with the storage, retrieval, manipulation, and transmission or reception of _____ data

- Primary
- Secondary
- Analogue
- **Digital**

A collection of direct links to predefined web pages which are stored in your web browser can be termed as

Which the following

- Web resources
- Web pages
- **Bookmarks**
- websites

Which of the following displays images from the computer, it enables us to see, work and control computer?

- **Monitor**
- CPU
- Mouse
- Keyboard

Which is not consisted in a processor?

- ALU
- CU
- **Memory**
- Register

Which of the following is a fixed disk? Information Technology in Education Edu430

- **Hard disks**
- Flash Disks
- Compact disks
- DVDs

Which of the following is a part of intranet, to which independent collaborators have access?

- **Extranet**
- Intranet
- Internet
- Outernet

Dot-matrix is type of

- Tape
- **Printer**
- Disk
- Bus

When you want to view different parts of document without moving the insertion point

- Use the previous page or next page buttons
- Use the keyboard
- **Use the vertical and horizontal scroll bar**
- Use the zoom button

In MS word, for what does ruler help?

- To set tabs
- To set indents

- To changing page margins

- **All**

Which key or key combination will move the insertion point to the bottom of your documents?

- **END**
 - **PAGE DOWN**
 - **CTRL + PAGE DOWN**
- Information Technology in Education
Edu430

- **None the above**

The most important advantages of video disk is

- Compactness
- **Potential capacity**
- Durability
- Cost Effectiveness

Which of the following is a feature of fifth generation computers?

- Use natural language
- **Artificial Intelligence**
- Bio-chips
- None of above

Which of the following is an input device?

- **Scanner**
- Speaker
- Monitor
- Projector

Transferring of a file from another computer to your own computer is what of the following?

- Uploading
- **Downloading**
- Hosting

- Accessing

Memorization and understanding are both components of the _____ process

- **Learning**

- Assessment

- Communication

- Teaching

. IS the first hypertext document to be shown when a user follows a link to be web server? Information Technology in Education Edu430

- Webpage

- **home page**

- c website

- search engine

Of the following device is used for sound creation and production by means of computer speakers?

- **sound card**

- graphic card

- VGA card

- memory card

Which of the following are the two main components of the CPU?

- control unit and register

- register and main memory

- **control unit and ALU**

- ALU and bus

Which type of files cannot be navigated using clip art browser?

- AVI

- BMP

- WAV
- MP3

Which of the following depends on the strength of graphics processor and memory of graphic card?

- Image quality
- Resolution
- Pixels
- sound

Which of the following is the basic unit used to measure the amount of information.

- Bit
- Byte
- Information Technology in Education Edu430
- Mb
- kb

According to coban (1968) what percentage of audio information can a person remember?

- 10
- 20
- 30
- 40

Which of the following items are examples of storage device?

- floppy disk
- cd rom
- hard disk
- all of the above

Is a program that allows a user to display and interact with a hypertext documents

- web browser
- web server
- web site

The abbreviation PDF stands for

- **portable documents formats**
- **printable documents format**
- **portable documents file**
- **printable documents file**

USB is the abbreviation of which of the following?

- **universal serial bus**
- **uninterrupted serial bus**
- **use seriously busy**
- **user on standby**

World wide web was invented by Information Technology in

Education Edu430

- **Tim Berners lee**
- **bill rogers**
- **Arpanet**
- **bill gate**

All modern computer operate on

- **information**
- **floppies**
- **data**
- **word**

Of the following is correct acronym of VGA?

- **video graphic array**
- **visual graphics array**
- **volatile graphics array**
- **video graphics adapter**

Which of the small capacity memory that allows quick access to data?

- **cache**
- **rom**
- **ram**
- **none of these**

Which key or key combination will move the insertion point to the bottom of your documents?

- **ctrl+end**
- page down
- ctrl + home
- ctrl + page down

Our education system is design to teach everywhere in themanner.

- **same**
- different
- varied
- Information Technology in Education Edu430
- customized

When you see a cone from bottom? What shape u sees?

- **Circle**
- Triangle is

- **Polygon**

- **Square**

Short cut for Replace

- **ctrl + h**

Command use for Cut

- **Ctrl + x**

You can break the active column using

- **Ctrl + shift + Enter**

Two pie Radians is equal to

- **360 degrees**

A derivative is defined as a rate of change of function at any

- **Point**

**Complex problems are generally being broken down into
smaller and easier?**

- **Segments** Information Technology in Education Edu430

..... Is software that may have been installed on your computer by a remote computer??

- **Adware**

E learning is based on??

- **Electronic Technologies**

With the Aid of technology, we can superimpose the triangle on the??

- **Square**

Which of the following has the aim to develop the intellectual powers in a given direction??

- **Instruction**

The main function of teaching is to protect and preserve the old values, customs

Beliefs, traditions etc. is according to which??

- **Preservatives**

The following tool bar in the word application window by default is ??

- **Formative Toll bar**

Which of the following is a self-learning technique, usually online/offline , involving interaction of the students with programmed instructional material??

- **Computer assisted instruction**

Four types of mail merge documents are

- **Letters, Envelopes, Mailing labels and catalogues**

Which of the following describes a manner in which communication between devices is defined??

- **Protocol**

A normal CD-RDM Can store Data up to?Information

Technology in Education Edu430

- **680 MB**

ATM means

- **Automatic Teller Machine**

Internal or private network of an organization is based on internet technology

(Such as hypertext and protocols) and accessed over the internet is called?

- **Intranet**

Educational Informatics is the study of the application of digital technologies and

techniques to be use andof information and learning and education.

- **Communication**

CD room stands for?

- **Compact disk read only memory**

Which key deletes the character to the left of the cursor?

- **Back space**

HTML stands for which of the following?

- **Hypertext markup Language**

Which of the following is the latest version of Microsoft Word?

- **Microsoft word 2010**

WAN is used abbreviation in networking it stands for?

- **Wide Area Network**

Using Find command in MS Word you can find?Information Technology in Education Edu430

- **All of them (Characters,Symbols,Formats)**

Which is valid statement?

- **1KB = 1024 bytes**

Which of The following is responsible for image processing and displaying on monitor?

- **Graphic Card**

Which of the following is not of the merge process?

- **Format a main documents**

We can insert a maximum number of columns in MS Word are?

- **63**

Which of the following are the physical tools used to convey the information in classroom are?

- **Teaching Aids**

You can move the insertion point in a table?

- **All of the above**

Which of the following is a modern system of annotating a document in a way that is distinguishable from the text?

- **Markup Language**

**Education is the passport
to the future, for tomorrow
belongs to those who
prepare for it today.**
