Political Tactics

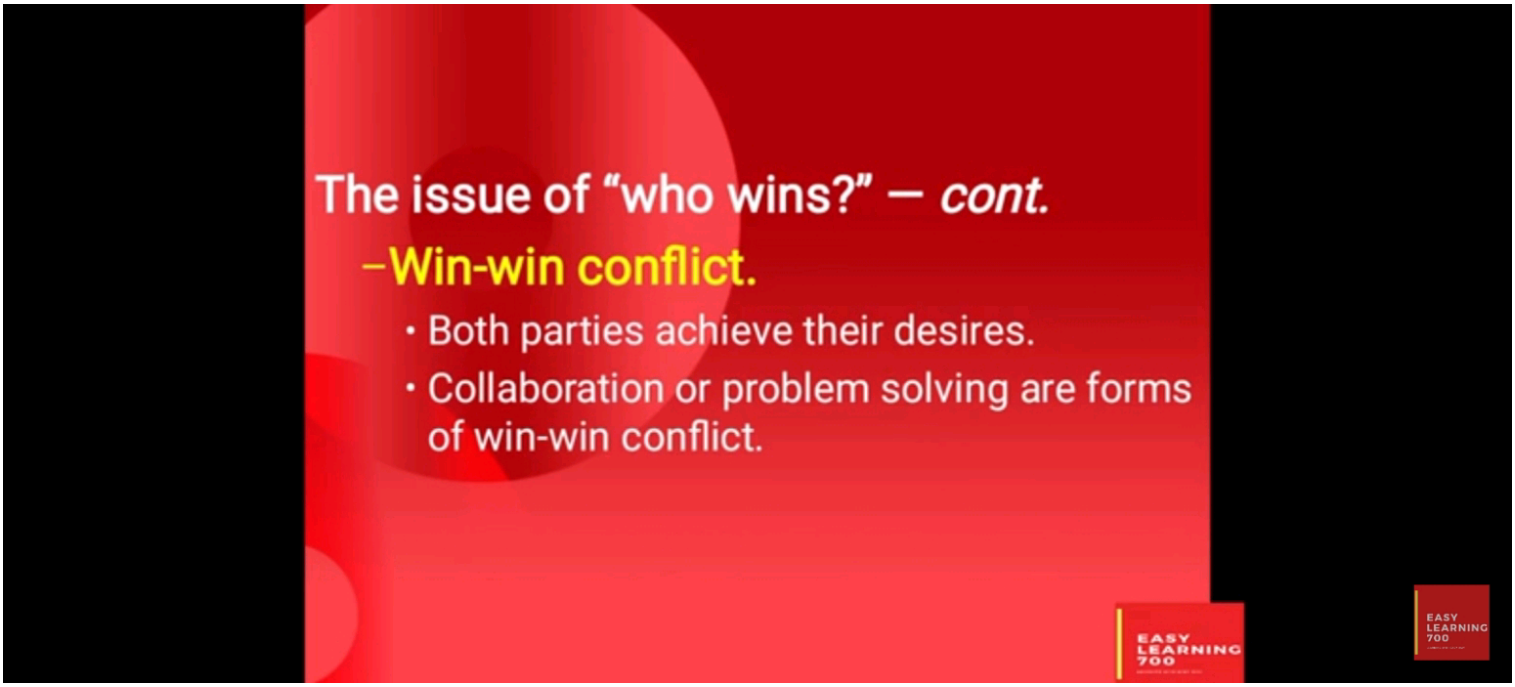

1) Attacking or blaming others
2) Using information as a political tool
3) Creating a favorable image (impression management)
4) Developing a base of support
5) Praising others (ingratiation)
6) Forming political coalitions with strong allies
7) Associating with influential people

EASY LEARNING 700

EASY LEARNING 700

Conflict Management Styles
Compromising - each party gives up something to reach a solution
Collaborating - arriving at a solution agreeable to all through open & thorough discussion
VU

Essential skills are
• Planning and preparing thoroughly before a negotiation
• Using appropriate techniques during the negotiation
• Following up effectively
• Evaluating the effectiveness of a negotiation
VU

The issue of "who wins?" — cont.
–Win-win conflict.
• Both parties achieve their desires.
• Collaboration or problem solving are forms of win-win conflict.
EASY LEARNING 700
EASY LEARNING 700

Definition - Conflict

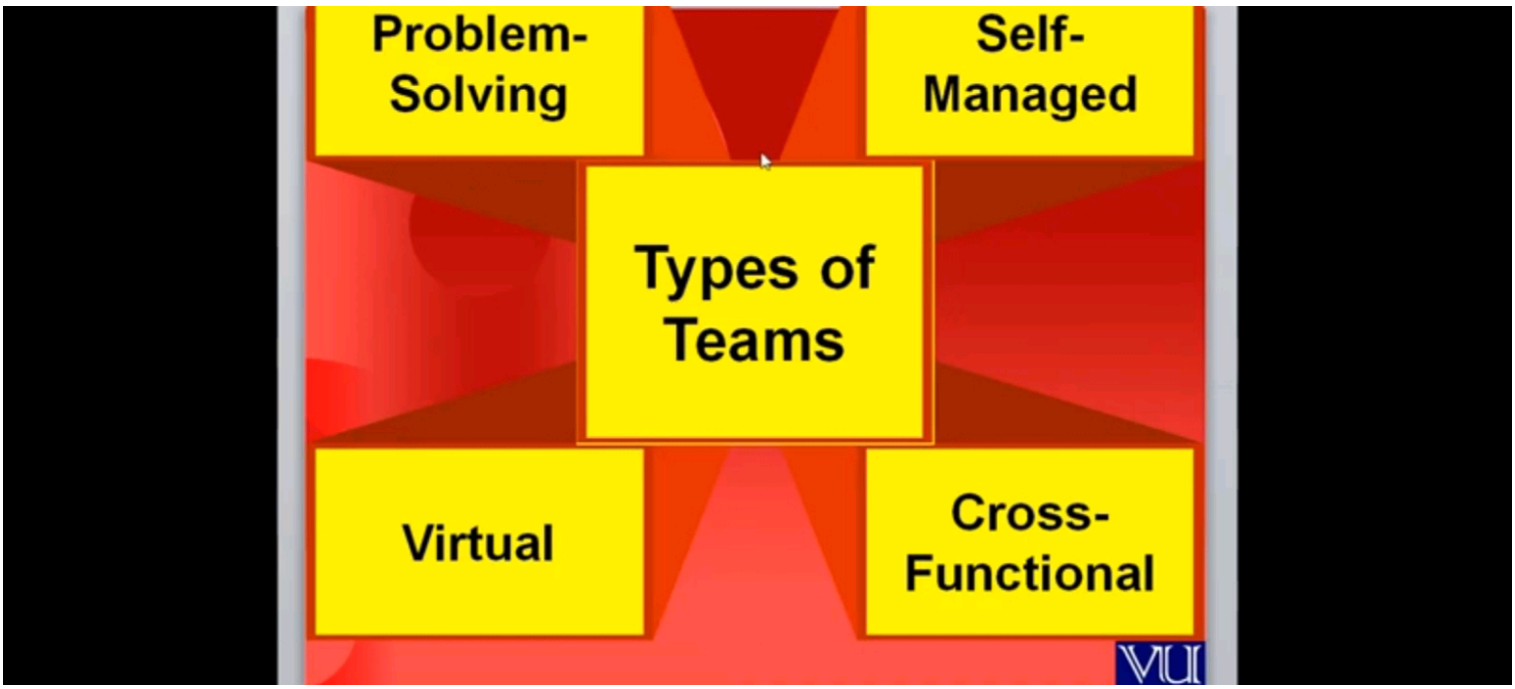

- "a process which begins when one party perceives that the other is frustrated, or is about to frustrate, some concern of his (or her).

EASY LEARNING 700

Mechanistic vs. Organic Models

The Mechanistic Model

- High specialization
- Rigid departmentalization
- Clear chain of command
- Narrow spans of control
- Centralization
- High formalization

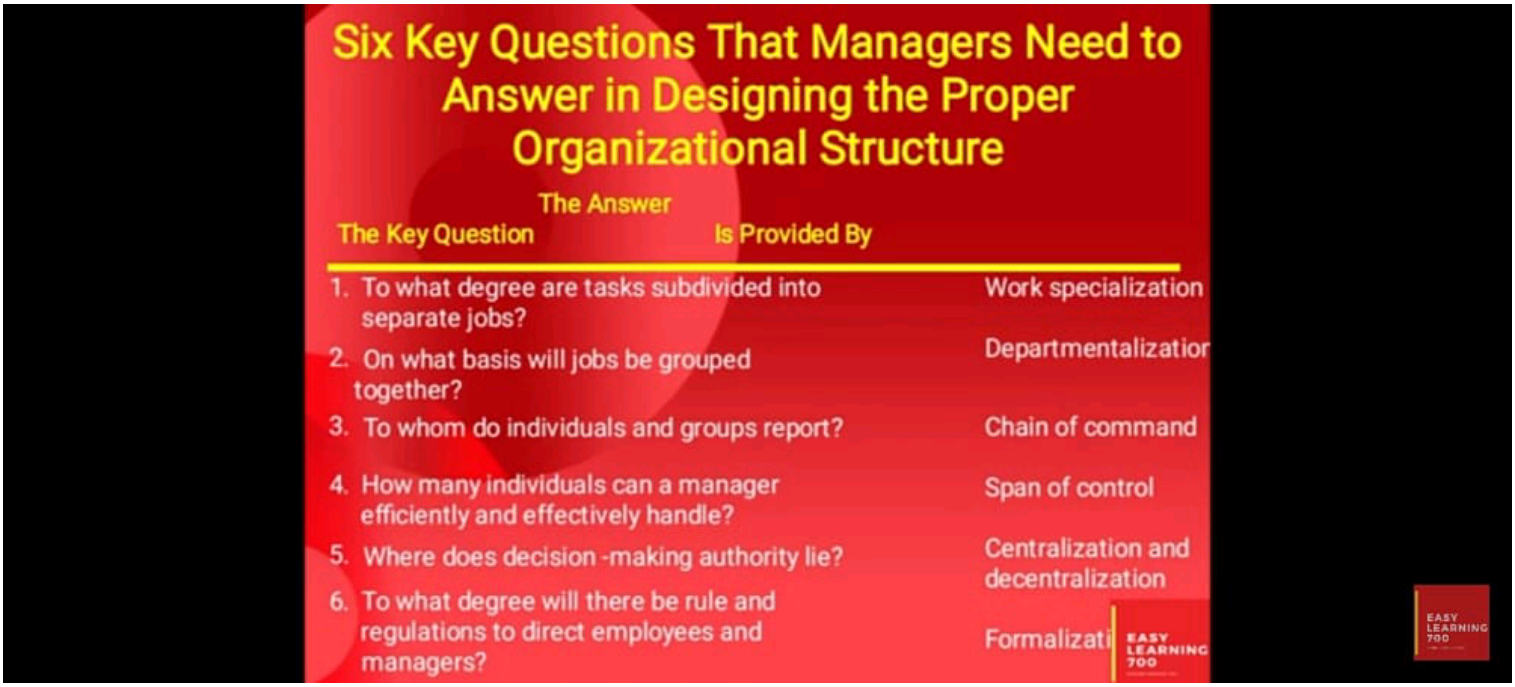

The Organic Model

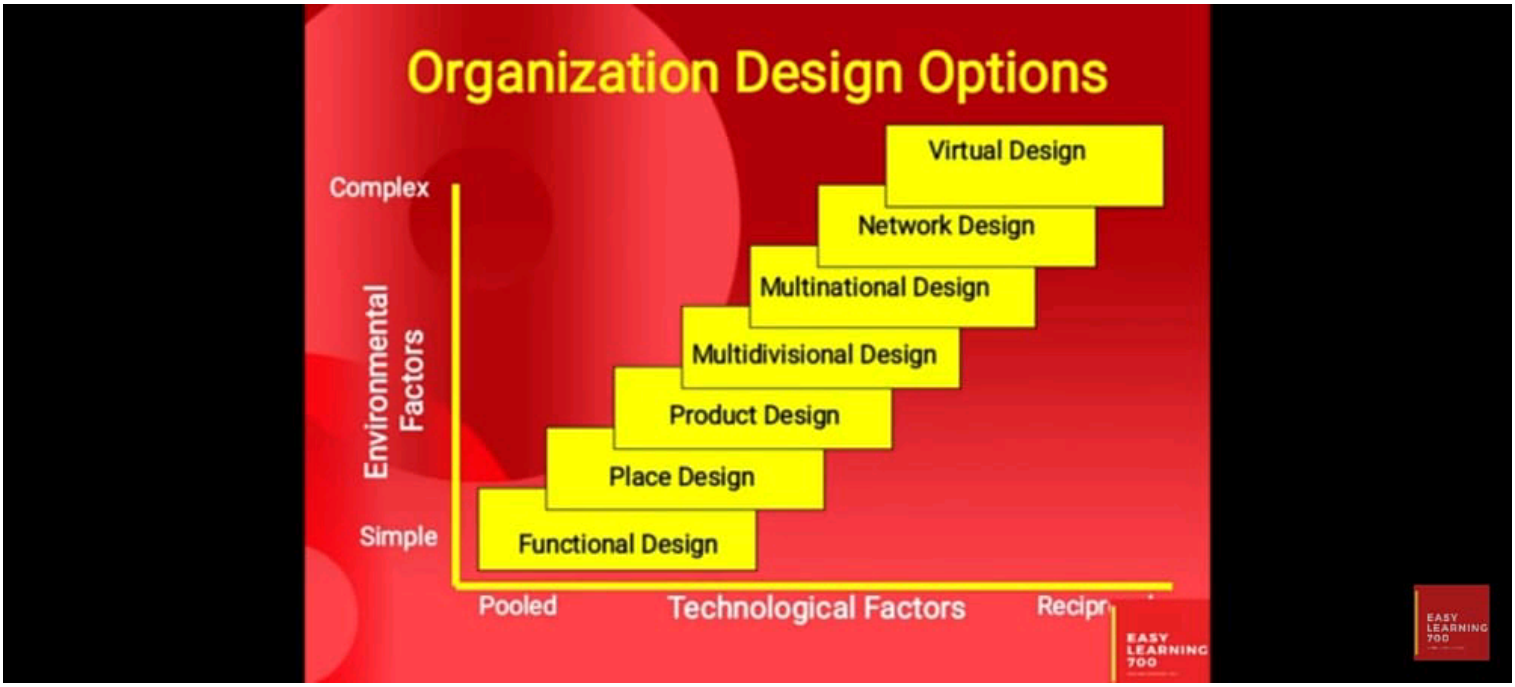

- Cross-functional teams
- Cross-hierarchical teams
- Free flow of information
- Wide spans of control
- Decentralization
- Low formalization

EASY LEARNING 700

EASY LEARNING 700

Six Key Questions That Managers Need to Answer in Designing the Proper Organizational Structure
The Key Question
The Answer Is Provided By
1. To what degree are tasks subdivided into separate jobs?
Work specialization
2. On what basis will jobs be grouped together?
Departmentalizatior
3. To whom do individuals and groups report?
Chain of command
4. How many individuals can a manager efficiently and effectively handle?
Span of control
5. Where does decision -making authority lie?
Centralization and decentralization
6. To what degree will there be rule and regulations to direct employees and managers?
Formalizati

Avoiding
Accommodating
Uncooperative
Cooperative
Cooperativeness

TRAITS OF TRANSFORMATIONAL LEADERS

- High self-confidence
- Articulates a vision
- Assumes personal risk to pursue vision
- Uses unconventional strategies
- Perceives self as change agent

EASY LEARNING 700

EASY LEARNING 700

What is negotiation?
Negotiation.
–The process of making joint decisions when the parties involved have different preferences.
VU

The Mechanistic Model

The type of organizational design that emphasizes the importance of production and efficiency. It is highly formalized, centralized, and complex.

EASY LEARNING 700

EASY LEARNING 700

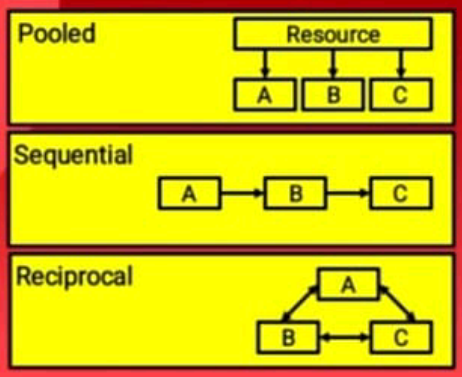

Causes of conflict.
–Vertical conflict.
• Occurs between hierarchical levels.
–Horizontal conflict.
• Occurs between persons or groups at the same hierarchical level.
–Line-staff conflict.
• Involves disagreements over who has authority and control over specific matters.
EASY LEARNING 700
EASY LEARNING 700

Consequences of Conflict
Positive Consequences
Negative Consequences
Leads to new ideas
Diverts energy from work
Stimulates creativity
Threatens psychological well-being
Motivates change
Wastes resources
Promotes organizational vitality
Creates a negative climate
Helps individuals & groups establish identities
Breaks down group cohesion
Serves as a safety valve to indicate problems
Can increase hostility aggressive behaviors
EASY LEARNING 700
EASY LEARNING 700

Sources of Conflict

- Goal Incompatibility
- Different Values and Beliefs
- Task Interdependence

Three levels of interdependence

EASY LEARNING 700

Is Conflict Good or Bad?
• Functions of Conflict
– Synergy
– Promotion of change
– Promotes goal achievement
• Dysfunctions of Conflict
– Wasted time & energy
– Stress
– Detracts from the goal of the group
EASY LEARNING 700
EASY LEARNING 700

Interactionist
• The view of current Conflict Theory
• Conflict should be encouraged & managed
• Brings life, creativity & synergy
EASY LEARNING 700
EASY LEARNING 700

Transformational & Transactional Leaders
Transformational leaders
–Leading -- changing the organization to fit the environment
–Develop, communicate, enact a vision
Transactional leaders
–Managing -- linking job performance to rewards
–Ensure employees have necessary resources
–Apply contingency leadership theories
EASY LEARNING 700
EASY LEARNING 700

Charismatic Leadership
• Two Types of Charismatic Leaders
– Visionary Charismatic Leaders
• Through communication ability, the visionary charismatic leader links followers' needs and goals to job or organizational goals.
– Crisis-Based Charismatic Leaders
• The crisis-produced charismatic leader communicates clearly what actions need to be taken and what their consequences will be.
EASY LEARNING 700
EASY LEARNING 700

Charismatic Leadership

- Defining Charismatic Leadership
  - Charismatic leaders have a combination of charm and personal magnetism that contribute to a remarkable ability to get other people to endorse to their vision and promote it passionately

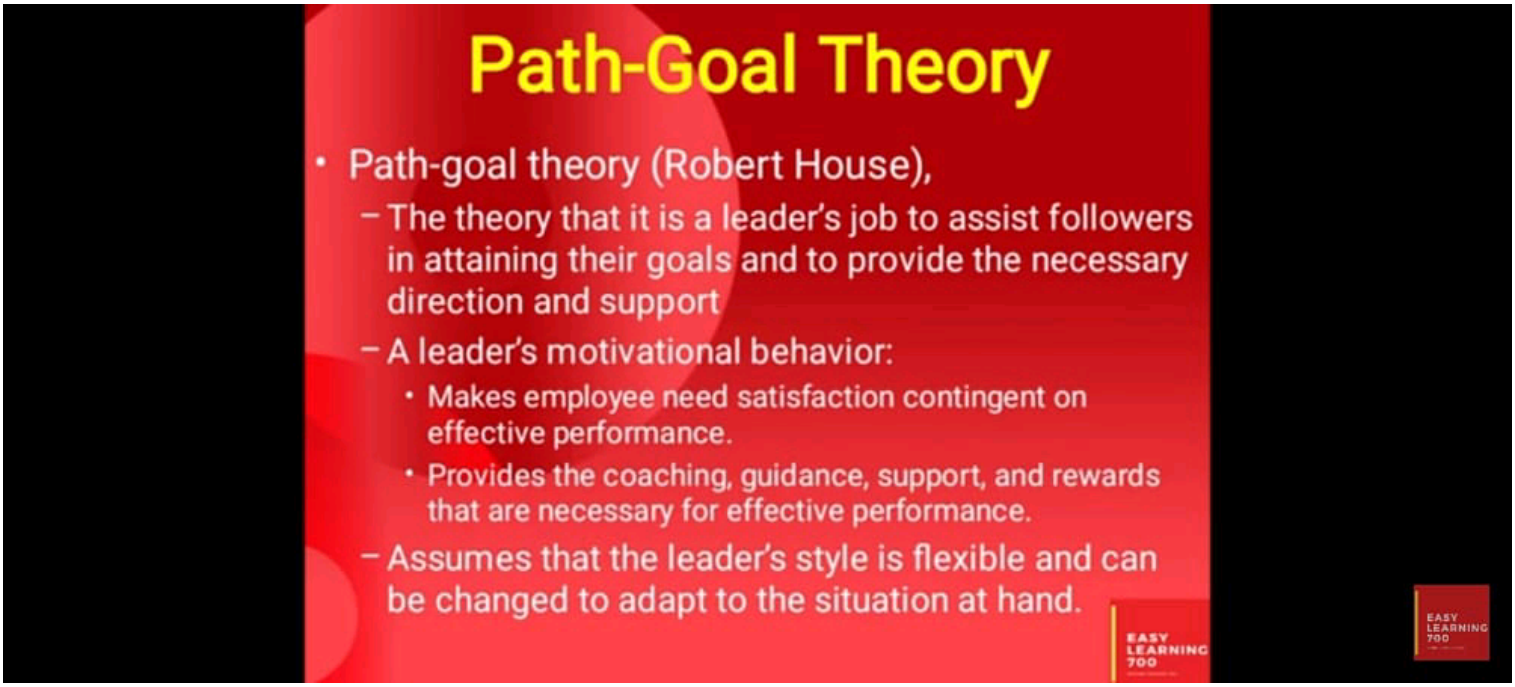

EASY LEARNING 700

Trait of a Charismatic Leader
• Self-confidence
• A vision
• Strong conviction in that vision
• Out of the ordinary behavior
• The image of a change agent
EASY LEARNING 700
EASY LEARNING 700

Leadership Defined
The process of influencing other to facilitate the attainment of organizationally relevant goals.
Three Important Variables
People
Who are being lead
Task
What people are performing
Environment
Which the people and task exist
EASY LEARNING 700
EASY LEARNING 700

Path-Goal Leadership Behaviors
Directive leader
– Lets employees know what is expected of them, schedules work to be done, and gives specific guidance as to how to accomplish tasks.
Supportive leader
– Is friendly and shows concern for the needs of employees.
Participative leader
– Consults with employees and uses their suggestions before making a decision.
Achievement-oriented leader
– Sets challenging goals and expects employees to perf
their highest levels.
EASY LEARNING 700
EASY LEARNING 700

Path-Goal Leadership Model
Employee Contingencies
Leader Behaviors
• Directive
• Supportive
• Participative
• Achievement-oriented
Leader Effectiveness
• Motivated employees
• Satisfied employees
• Leader acceptance
Environmental Contingencies
EASY LEARNING 700

Path-Goal Theory
• Path-goal theory (Robert House),
– The theory that it is a leader's job to assist followers in attaining their goals and to provide the necessary direction and support
– A leader's motivational behavior:
• Makes employee need satisfaction contingent on effective performance.
• Provides the coaching, guidance, support, and rewards that are necessary for effective performance.
– Assumes that the leader's style is flexible and can be changed to adapt to the situation at hand.
EASY LEARNING 700
