بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

In the name of God , Most
Gracious, Most merciful

EDU403

MCQS

1. Which of the following is an example of formative assessment? a) Final exam
b) Midterm exam
c) Pop quiz
d) Group project presentation

Answer: c) Pop quiz

2. What is the primary purpose of a lesson plan? a) To summarize the content
b) To organize and structure the teaching process
c) To review students' work
d) To evaluate student progress

Answer: b) To organize and structure the teaching process

3. Which is an example of a constructivist teaching strategy? a) Lecture-based instruction
b) Hands-on activities and problem-solving
c) Note-taking from the board
d) Reading assignments without discussion

Answer: b) Hands-on activities and problem-solving

4. What does differentiated instruction involve? a) Teaching the same content to all students in the same way
b) Adapting teaching strategies to meet the needs of diverse learners
c) Providing extra homework for advanced students
d) Giving group assignments only

Answer: b) Adapting teaching strategies to meet the needs of diverse learners

5. Which learning theory emphasizes the role of social interaction in learning? a) Behaviorism
b) Cognitivism
c) Constructivism
d) Social Learning Theory

Answer: d) Social Learning Theory

6. What is the role of the teacher in a student-centered classroom? a) To deliver information
b) To facilitate learning and guide discovery
c) To focus solely on testing
d) To manage classroom behavior only

Answer: b) To facilitate learning and guide discovery

7. Which of the following is NOT a characteristic of a well-structured assessment? a) Clear instructions
b) Aligned with learning objectives
c) Subjective grading criteria
d) Time-efficient

Answer: c) Subjective grading criteria

8. Which of the following assessment methods is best for evaluating students' application of concepts in real-life situations? a) Multiple-choice test
b) Essay question
c) Performance-based assessment
d) True/False test

Answer: c) Performance-based assessment

9. In which stage of Bloom's Taxonomy would you expect students to create a new product or design? a) Remembering

b) Understanding

c) Applying

d) Creating

Answer: d) Creating

10. What does formative assessment help teachers to do? a) Assign grades

b) Plan future lessons and adjust instruction

c) Measure final outcomes

d) Provide rewards

Answer: b) Plan future lessons and adjust instruction

11. What is the focus of behaviorist theory in education? a) Internal mental processes

b) Social interactions

c) Observable behavior

d) Constructing knowledge

Answer: c) Observable behavior

12. Which of the following is an example of a summative assessment? a) Weekly quiz

b) Group discussion

c) Final exam

d) Homework assignments

Answer: c) Final exam

13. Which of the following best describes project-based learning? a) Students learn through lectures and textbooks

b) Students work on long-term projects that integrate learning across subjects

c) Students watch demonstrations and take notes

d) Students complete worksheets independently

Answer: b) Students work on long-term projects that integrate learning across subjects

14. What is the main purpose of using rubrics in assessment? a) To provide subjective feedback

b) To guide students on how to improve

c) To provide a clear, consistent grading system

d) To make grading easier for teachers

Answer: c) To provide a clear, consistent grading system

15. Which of the following is an example of scaffolding in the classroom? a) Giving students a problem with no support

b) Teaching students a concept without explanation

c) Providing step-by-step assistance as students solve a problem

d) Testing students' prior knowledge

Answer: c) Providing step-by-step assistance as students solve a problem

16. What does a flipped classroom model involve? a) Students learn content in class through lectures

b) Teachers assign homework to be done in class

c) Students watch instructional videos at home and engage in activities in class

d) Teachers assess students only through exams

Answer: c) Students watch instructional videos at home and engage in activities in class

17. Which strategy is most effective for fostering critical thinking in students? a) Memorization of facts

b) Encouraging open-ended discussions and debates

c) Repetition of content

d) Providing detailed solutions for problems

Answer: b) Encouraging open-ended discussions and debates

18. Which of the following is a key principle of Universal Design for Learning (UDL)? a) Standardized content delivery

b) Providing one-size-fits-all instruction

c) Offering multiple means of representation, engagement, and expression

d) Limiting student choices

Answer: c) Offering multiple means of representation, engagement, and expression

19. What does metacognition involve? a) Learning content without deep thinking

b) Understanding and controlling one's own learning process

c) Completing tasks without reflection

d) Following instructions without questioning

Answer: b) Understanding and controlling one's own learning process

20. Which type of question promotes higher-order thinking? a) Closed-ended questions

b) Yes/no questions

c) Open-ended, analytical questions

d) True/False questions

Answer: c) Open-ended, analytical questions

21. What is the purpose of peer assessment? a) To grade students' final performance
b) To encourage students to reflect on their own work and the work of others
c) To provide rewards
d) To control classroom behavior

Answer: b) To encourage students to reflect on their own work and the work of others

22. Which of the following describes a criterion-referenced test? a) A test that compares students to one another
b) A test that measures students' ability against a fixed set of standards
c) A test that provides subjective results
d) A test used only for diagnostic purposes

Answer: b) A test that measures students' ability against a fixed set of standards

23. Which of the following best describes an inquiry-based approach to learning? a) Teacher-centered, lecture-based teaching
b) Student-driven exploration and investigation of questions
c) Memorization of facts
d) Strict adherence to textbooks

Answer: b) Student-driven exploration and investigation of questions

24. What is an example of summative feedback? a) Informal comments on an assignment draft
b) Feedback during a lesson to guide learning
c) A grade on a final project
d) Peer feedback during group activities

Answer: c) A grade on a final project

Midterm preparation file

21. What is the purpose of peer assessment? a) To grade students' final performance
b) To encourage students to reflect on their own work and the work of others
c) To provide rewards
d) To control classroom behavior

Answer: b) To encourage students to reflect on their own work and the work of others

22. Which of the following describes a criterion-referenced test? a) A test that compares students to one another
b) A test that measures students' ability against a fixed set of standards
c) A test that provides subjective results
d) A test used only for diagnostic purposes

Answer: b) A test that measures students' ability against a fixed set of standards

23. Which of the following best describes an inquiry-based approach to learning? a) Teacher-centered, lecture-based teaching
b) Student-driven exploration and investigation of questions
c) Memorization of facts
d) Strict adherence to textbooks

Answer: b) Student-driven exploration and investigation of questions

24. What is an example of summative feedback? a) Informal comments on an assignment draft
b) Feedback during a lesson to guide learning
c) A grade on a final project
d) Peer feedback during group activities

Answer: c) A grade on a final project

Midterm preparation file

25. Which is a benefit of using technology in the classroom? a) It makes traditional teaching methods obsolete
- b) It enhances student engagement and access to resources
- c) It reduces the need for teacher-student interaction
- d) It increases the cost of education

Answer: b) It enhances student engagement and access to resources

26. What does collaborative learning promote? a) Individual work without feedback
- b) Social interaction and teamwork among students
- c) Sole reliance on textbooks
- d) Passive listening to lectures

Answer: b) Social interaction and teamwork among students

27. Which of the following is an example of a rubric criterion for a writing assignment? a) "Grade based on overall length"
- b) "Clarity of thesis statement and argument"
- c) "How quickly the assignment is completed"
- d) "Random selection of sentences to assess"

Answer: b) "Clarity of thesis statement and argument"

28. Which learning strategy helps students retain information over time? a) Cramming
- b) Spaced repetition
- c) Rote memorization
- d) Passive listening

Answer: b) Spaced repetition

Midterm preparation file

29. What is the role of feedback in the learning process?
- a) To provide rewards
 - b) To correct mistakes and guide improvement
 - c) To punish errors
 - d) To mark the completion of tasks

Answer: b) To correct mistakes and guide improvement

30. What is a key characteristic of the Socratic method?
- a) Teacher provides answers to all questions
 - b) Teacher uses questioning to stimulate critical thinking
 - c) Students memorize facts
 - d) Students passively receive information

Answer: b) Teacher uses questioning to stimulate critical thinking

31. Which of the following is an example of an authentic assessment?
- a) A multiple-choice quiz
 - b) A performance task requiring students to solve a real-world problem
 - c) A lecture-based exam
 - d) A textbook-based test

Answer: b) A

Midterm preparation file

33. Which type of assessment is used to check students' understanding during the lesson? a) Formative assessment

b) Summative assessment

c) Diagnostic assessment

d) Norm-referenced assessment

Answer: a) Formative assessment

34. What is a key feature of active learning? a) Listening to lectures without engagement

b) Students actively participate in the learning process

c) Teacher-centered delivery of content

d) Memorizing facts for exams

Answer: b) Students actively participate in the learning process

35. Which of the following is NOT a component of a SMART objective? a) Specific

b) Measurable

c) Adjustable

d) Time-bound

Answer: c) Adjustable

36. In which stage of the learning process should feedback be given? a) After the final exam

b) Only at the beginning of the course

c) Continuously during and after tasks

d) Only at the end of a project

Answer: c) Continuously during and after tasks

MCQS

Midterm preparation file

37. Which of the following is an example of intrinsic motivation?
- a) Receiving a reward for completing a task
 - b) Feeling personal satisfaction from learning something new
 - c) Getting praise from others
 - d) Participating in a competition

Answer: b) Feeling personal satisfaction from learning something new

38. What does Vygotsky's Zone of Proximal Development emphasize?
- a) The importance of unstructured learning environments
 - b) The difference between what a learner can do alone and with guidance
 - c) The importance of independent learning
 - d) Learning through memorization

Answer: b) The difference between what a learner can do alone and with guidance

39. What is the main focus of the flipped classroom model?
- a) Delivering content in class
 - b) Making homework the focus of instruction
 - c) Using class time for collaborative and interactive activities
 - d) Allowing students to learn content passively

Answer: c) Using class time for collaborative and interactive activities

40. Which of the following is the best example of differentiated instruction?
- a) Teaching all students in the same way
 - b) Adjusting teaching methods based on student needs
 - c) Giving more homework to faster learners
 - d) Using the same tests for all students

Answer: b) Adjusting teaching methods based on student needs

45. What is a primary benefit of using rubrics in assessments? a) They allow for arbitrary grading
b) They clarify expectations and provide objective criteria
c) They discourage students from taking risks
d) They speed up grading but reduce feedback

Answer: b) They clarify expectations and provide objective criteria

46. Which of the following is an example of a performance-based assessment? a) A standardized test
b) A written essay
c) A presentation or demonstration
d) A multiple-choice quiz

Answer: c) A presentation or demonstration

Passing criteria of this course

Letter Grade	Grade Points	Equivalent Percentage
A+	4.00	90-100
A	4.00	85-89
A-	3.66 - 3.99	80-84
B+	3.33 - 3.65	75-79
B	3.00 - 3.32	71-74
B-	2.66 - 2.99	68-70
C	2.00 - 2.65	61-67
D	1.00 - 1.99	50-60
F	0.00	00-49

Passing Criteria for a Course:

The passing criteria is defined in such a way that it ensures the student shall be consistent in his studies throughout the semester.

Therefore, for passing a course/subject, student shall fulfill the following:

- Secure minimum **20%** score in Formative Assessments/Mid terms
- Secure minimum **20%** score in Final Term Examinations.
- Secure at least **40%** marks in aggregate while fulfilling the above requirements

Course Selection and Credit Hours

Q: How do I select courses when the course selection is open?

A: Follow these steps:

- 1. Check the credit hours allowed by your university (e.g., 21, 18, or 15 credit hours).**
- 2. Each subject typically has 3 credit hours.**
- 3. Divide the total allowed credit hours by 3 to determine how many subjects you can select.**

Examples:

21 credit hours = 7 subjects

15 credit hours = 5 subjects

Remember, the university may allow different credit hours for each student, so check your specific allowance.

By following these steps, you can make informed decisions during course selection and manage your credit hours effectively.
