EDU431 Test Development & Evaluation

Question No : 12 of 18

What is meant by unreliable results?

TEAM HADI(VU)

Answer (Please click here to Add Answer)

The unreliable results of assessment mean inconsistency. Keeping these views in mind, we can trust the results if these are consistent. It is the evidence of an accurate system of assessment.

Keeping in view the significance of reliability, different methods are used to attain reliability.

For example, test retest procedure, the alternative–test form procedure and the split halves procedure
