Subject Code: PSY516 - Statistics in Psychology

In general, which of the following factors produces greater power for a hypothesis test?

- A) A larger sample ☒
- B) Alpha level
- C) Independent observations
- D) Standard error

In hypothesis testing a sample value in the critical region is very unlikely to occur when:

- A) Null hypothesis is true ☒
- B) Alternative hypothesis is true
- C) Alternative hypothesis is false
- D) Null hypothesis is false

Which of the following statistics is important when interpreting an independent samples t-test?

- A) Descriptive statistics
- B) Significance level
- C) All of the following ☒
- D) T scores

In hypothesis testing it is assumed that the participants used in the study were selected:

- A) Commonly
- B) Randomly ☒
- C) Specifically
- D) Evenly

How many dependent variables you must have for an ANOVA to be conducted?

- A) 3 interval variables
- B) 3 ratio variables
- C) 1 continuous variable ☒
- D) 2 nominal variables

In ANOVA, which of the following tests is preferably used when the assumption of the homogeneity of variance is violated?

- A) Levene's test
- B) Kolmogorov-Smirnov tests
- C) Shapiro-Wilk
- D) Welch and Brown-Forsythe ☒

A group of 10 students was randomly drawn from class 12 and was given yoga training for three weeks. Their wellness life style was compared with another similarly selected group which did not undergo such training. Which type of statistical test will be appropriate for testing the tenability of null hypothesis?

- A) Sign test
- B) Wilcoxon T-test
- C) Independent t-test ☒
- D) Post hoc test

All of the following factors can influence the power of a test, EXCEPT:

- A) Sample size
- B) One-tailed versus two-tailed test

C) Standard error ☒

D) Alpha level

Which of the following factors can reduce the chances of finding a significant treatment effect?

A) Mean

B) Variability of the scores ☒

C) Standard error

D) Standard error of estimate

Hypothesis testing procedure uses _____ to reach a conclusion about the population parameter.

A) Sample statistics

B) Test-Statistic ☒

C) Population statistics

D) Level of Significance

1. Dr. William Glasser developed which of the following therapy?

- a) Logo therapy
- b) Systematic desensitization
- c) Reality therapy
- d) Transactional analysis
- Correct option: c) Reality therapy

2. All of the following are the goal of group therapy counselor EXCEPT:

- a) Culture Building
- b) Identify and restore distorted or damaged ego states
- c) Creation and maintenance of the group
- d) Activating & processing the here-and-now
- Correct option: b) Identify and restore distorted or damaged ego states

3. According to Ellis, which of the following is NOT one of the Characteristics desirable for RET counselors?

- a) Bright
- b) Scientific
- c) Empathic
- d) Telepathic
- Correct option: d) Telepathic

4. Which of the following is NOT one of the cognitive techniques?

- a) Maintenance
- b) Confrontation
- c) Imaginal disputation
- d) Encouragement
- Correct option: a) Maintenance

5. According to Trait-Factor Approach, Knowledge of self + Knowledge of work + counseling = _____ to:

- a) Ability to choose
- b) Ability to proceed
- c) Ability to succeed
- d) Ability to transfer
- Correct option: a) Ability to choose

6. Transactional Analysis is a/an _____ theory.

- a) Pessimistic
- b) Dual
- c) Eclectic
- d) Optimistic
- Correct option: d) Optimistic

7. Which of the following conditioning is called respondent learning?

- a) Instrumental
- b) Operant
- c) Systematic
- d) Classical
- Correct option: d) Classical

8. Which therapy uses real physical pain in order to change behavior?

- a) Operant conditioning
- b) Aversive conditioning
- c) Systematic Desensitization
- d) Psychoanalysis
- Correct option: b) Aversive conditioning

9. Which of the following is NOT one of the types of group?

- a) Task/ Work groups
- b) Psycho-educational groups
- c) Latent group
- d) Psychotherapy groups
- Correct option: c) Latent group

10. In A-B-C Cognitive model, B stands for:

- a) Beliefs
- b) Barrier
- c) Belongingness
- d) Behavior
- Correct option: a) Beliefs

👤👤 Paid Vu Lms Handling 👤👤

♦ 1 GDB= Rs 100

♦ 1 Quiz= Rs 200

♦ 1 Assignment=Rs 250

♦ Agr complete handling krwatey hain 1 subject ki with all activities= Rs 500 (Half Semester) ♦

LECTURES Play Service Available In Very Low Price. 📄

👤👤 80-100% Marks Guaranteed 👤👤
