Questions:

Types of skeleton.

Paleoclimatology.

Differ between A pomorph y and Pleisomorphy.

Tubular nerve chord. (2)

Define paleontology.

Trilobitomorpha and their different body parts.

Define speciation?

Jawless fishes

What is Tubular notochord (2)

Micro paleontology

Ecdysis

Nannoplakton

Draw flow chart of CNS (5)

Name Big 5 Extinction Events. (5)

Oldest rocks (5)

What was the GOBE event. (5)

Micro paleontology.

Trace Fossils.

Deuterostomes.

Cambrian explosion . (3)

Sexual dimorphism with example.

Triploblastic body plans.

Oldest fossil rocks from?

What is macroevolution and microevolution

Trilobitomorpha

Anatomical filters

Dimorphosis

Wha t is tophonomy ? (2)

Note on climate zones. (5)

Phylum Mollusca characteristics. (5)

Write detailed note on environment zones (5)

MCQs:

1. Ontos means _____ . **(CREATURES)**

Write group of robulust bilateral.

Define dandogram.

2. Archaeopteryx is missing link between _____. **(REPTILES AND BIRDS)**

3. _____studied Trilobites in England and Wales. **(WILLIAM SMITH)**

4. Scala Nature means _____ of life. **(LADDER)**

Muhammad Zahid

5. Where an organism lives matters_____. **(ECOLOGICAL FILTERS)**

6. When local ecological conditions effect form _____. **(ECOPHENOTYPIC)**

7. Rhode and Muller argued mass extinction periodicity_____. **(62MYR)**

8. Oparin and Haldane Hypothesis in modified form ____ Model. **(HYDROTHERMAL)**

9. _____ biomarkers indicate eukaryotes present 2.7Ga. **(LIPID)**

10. Water vascular system in _____. **(ECHINODERMS)**

11. Large animals feed on plants and dead animal tissue _____ . **(SCAVENGER)**

12. Group of gastropods _____. **(CENOZOIC)**

13. Most advanced mollusks are _____ . **(CEPHALOPOD)**

14. Sponges reef dominated in _____ era. **(PROTEROZOIC)**

15. Jawless armored fishes' abundance in _____ . **(DEVONIAN ERA)**

16. Spiralians belong to _____ . **(MOLLUSCA)**

17. Spirallians are morphologically diverse clade including all except . **(CNIDARIAN)**

18. Planula Larva of _____ . **(CNIDARIAN)**

19. Geological time shows ____ climatic zones. **(5)**

20. Belly footed mollusks _____ . **(GASTROPODS)**

Muhammad Zahid
