

Question # 4 of 5 (Start time: 03:40:26 PM, 20 July 2023)

In MEGA II, you can change font size of ----- phylogenetic tree.

Select the correct option

☒	All these
☐	Branch lengths
☐	Tax
☐	Bootstrap values

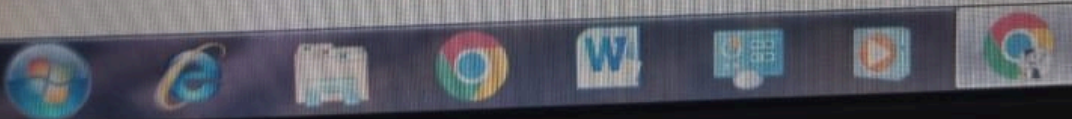

Question # 5 of 5 (Start time: 03:41:19 PM, 20 July 2023)

..... is incorrect statement regarding the terminologies of phylogenetics.

Select the correct option

- | | |
|----------------------------------|--|
| ☐ | Tips of the branches shows species or genes |
| ☐ | Branches shows the lines |
| ☐ | Node is ancestor of extant taxa |
| ☒ | Point joining two adjacent branches represent a node |

BIF401P - Bioinformatics I (Practical) (Lab Quiz No. 3)

Question # 2 of 5 (**Start time: 03:37:03 PM, 20 July 2023**)

While generating an alignment in MEGA 11, you can ----- default po
(Choose the most suitable one)

Select the correct option

☐	Highlight
☒	Edit
☐	Skip
☐	Delete

BIF401P – Bioinformatics I (Practical) (Lab Quiz No. 3)

Question # 3 of 5 (Start time: 03:39:03 PM, 20 July 2023)

Bootstrap value for generating a phylogenetic tree recommended by the lit

Select the correct option

☐	800
☐	300
☒	1000
☐	500

BIF401P – Bioinformatics I (Practical) (Lab Quiz No. 3)

Question # 1 of 5 (Start time: 03:36:11 PM, 20 July 2023)

In an alignment all sequences have length.

Select the correct option

☒	Equal
☐	Different
☐	Multiple of 2
☐	None of these
