

Mid Term Paper - MTA - DATED:23-06-2019@11:30AM

Spring 2019 -MSc Mathematics -STA 641 : Statistical Packages and its Applications -Total Marks = 20

Instructions:

Attempt all questions.

Note: You can solve the questions in separate sheets of a single excel file. Save the Excel file and name the file as your **Student ID**.

Also write down All the steps you performed to solve the questions

Question NO.01:

Find The Mid Point, Relative Frequency, Percentage Relative Frequency, Draw Histogram, Mean of Variance of the data given below:

Marks (1+2+2+2+3= 10)

CLASS BOUNDARIES	Frequency
5-10	3
10-15	8
15-20	12
20-25	15
20-30	4
30-35	1

Question NO.02:

Average Scores of a school students is given below. Find MEAN, MODE, LOWEST SCORE, HIGHEST SCORE AND STANDARD DEVIATION.

Marks(2+2+2+2+2=10)

MONTH	SCORES
1-May	273
2-May	281
3-May	250
4-May	241
5-May	250
6-May	266
7-May	272
8-May	317
9-May	266
10-May	309
11-May	224
12-May	227
13-May	238
14-May	284
15-May	266
16-May	250
17-May	309
18-May	250
19-May	305
20-May	302
