8:00 am

Mcqs files m thay mostly

Aur questions

True and false from South Asian English

1 question was about pidgin language

Domestic life k examples likhny thay

Overall subjective part Thora tough tha, files m SE nhi tha

==========

Today paper **Eng501**

Time: 8:00am

Mcqs are mostly from files. Read handout as well.

Short questions

borrowing, acronym, varieties of English language, grammarians, orthography, syntactic order.

Long question:

London standard

Pakistani English

Samuel Johnson dictionary

==========

Alhamdulillah ❤️

Eng 501

10:00 AM

Paper was very easy 😍🥳

Or subjective

bhi bohat he easy tha.

What do you know about Rhetoric term.

write three varieties of English language.

write five french words that was borrowed....

Some countries name were given.or ham ny un men se choose krna tha k kis Kis country men English as a first language use hoti Hy.

A statement was given of sir Elyot. Question was that what is sir Elyot is trying to say in this given statement. (Statement men kuchh words aisy thy Jin k spelling wrong thy.)

Pidgin se related bhi ik question tha.

Overall paper was very easy.

==========

Eng 501

Time 10 am

Mcqs mostly from files

And subjective part was also tough and easy what is lingua Franca

Cuba and West Indies five words

French and Portuguese 5 words

Which language is prominently used in Pakistan and other countries

Or kuch tough questions thay Jo mujy yaad nhi 😁

==========

Eng502

(MCQs mostly from files)

(03 Marks Question)

Q.Name the part of human brain which are related to language function

Q.Define the term "Neurolinguistics".

Q.The term " Time Deixis" with two examples.

Q.Give the synonyms of the given words,

Answer

Buy

Big

Difference between diglossia and polyglossia

(05 marks Questions)

Q. IC analysis

Q. Turn taking

Q. one basic step of constituent analysis

Paper was from:

==========

Important terms of ENG522

Sociolinguistics: Study of the effect of society on language and vice versa.

Language and Gender: How language usage differs based on gender.

Language and Identity: The role of language in forming and expressing identity.

Language and Power: The relationship between language use and social power dynamics.

Language and Law: How language is used in legal contexts and its implications.

Language Diversity: The variety of languages used within a society.

Language Contact: Interaction between speakers of different languages.

Whorfian Hypothesis: The idea that language influences thought and perception.

Language Planning (LP): Deliberate efforts to influence the function, structure, or acquisition of languages.

Language Policy: Official decisions about language use in public domains.

National Language: A language symbolizing national identity.

Minority Languages: Languages spoken by a minority of the population.

Sociolinguistic Darwinism: The idea that only the strongest languages survive in sociolinguistic competition.

Critical Applied Linguistics: The study of applied linguistics with a critical perspective.

Critical Discourse Analysis (CDA): Analyzing texts to understand social and power dynamics.

Critical Literacy: Understanding and challenging the social, political, and economic purposes behind texts.

Critical Language Testing: Examining language tests for bias and fairness.

Critical Language Planning: Evaluating the social impact of language planning policies.

Language Rights: Rights related to the use and preservation of languages.

Multilingualism: The use of multiple languages by an individual or community.

Language Acquisition: The process of learning a language.

Language Pedagogy: The method and practice of teaching languages.

Translation Studies: The study of translating languages.

Speech Pathology: The study and treatment of speech and communication disorders.

Hegemony: Dominance of one group over others, often reflected in language use.

🟩 Language Standardization: The process of developing and implementing a standard language form.

🟪 Language Variation: Differences in language use across different regions or social groups.

🟦 Sociolects: Language variations used by specific social groups.

🟫 Ethnolinguistics: The study of the relationship between language and culture.

🟥 Language Extinction: The process by which a language loses its last native speakers.

==========

Important terms of ENG301

🟪 Letter Writing: Focus on crafting various types of business letters

🟦 Adjustment Letter: A type of business letter dealing with complaints and their resolutions

🟫 Collection Letter: Used to remind customers of overdue payments

🟥 Sales Letter: Written to promote and sell products or services

🟨 Memorandum (Memo): An internal document used to communicate within an organization

🟧 Circular: A document distributed to a large audience within an organization

🟩 Minutes of the Meeting: A formal record of discussions and decisions made during a meeting

🟪 Business Reports: Documents that convey information, analysis, and recommendations for business decisions

🟦 Letter Reports: Short business reports formatted as letters

Formal Reports: Comprehensive reports structured with sections like title page, table of contents, and body

Market Reports: Detailed analysis and insights about market trends and conditions

Job Search: The process of seeking employment opportunities

EDU401_Recent papers

🟩 How young children can be involved in identifying environmental issues and come up with solution?

Young children can identify environment issues by observing their surroundings, asking questions, and brainstorming solutions through activities like art and storytelling.

🟪 Livingston's definition:

- Formal education: structured, institutional learning
- Non-formal education: intentional learning outside formal settings
- Informal education: unintentional learning through experiences

Typing issues with technology gadgets:

- Eye strain
- Finger fatigue
- Posture problems

Advantages of teachers meeting:

- Sharing ideas
- Collaborative learning
- Networking

Level of aggregation in population education:

- Individual
- Community
- National

Role of ideological theories and culture in population education:

- Shapes values and beliefs
- Influences learning
- Affects community engagement

Diversity in private education in Pakistan:

- Curriculum variations
- Teaching methods
- Fee structures

Supply-side pressure:

- Demand for quality education
- Limited resources
- Increased competition

Benefits of green school yards:

- Improved mental health
- Increased physical activity
- Enhanced learning environments

Diversity in private sector education:

- Curriculum offerings
- Teaching approaches
- Student demographics

Sources of internal efficiency stimulus:

- Teacher motivation
- Student engagement

- Parent involvement

Features of formal learning:

- Structured
- Institutional
- Credential-based

Role of ideological theories and culture:

- Shapes educational values
- Influences learning outcomes
- Affects community engagement

Private regulation:

- Self-regulation by private institutions
- Quality control measures

Historical traces of population education:

- Ancient civilizations (e.g., Greece, Rome)
- Industrial Revolution
- Modern population control efforts

Persuasion and prescription:

- Persuasion: influencing beliefs
- Prescription: dictating actions

🟦 Evaluating privatization programs:

- Assessing quality
- Measuring accessibility
- Evaluating equity

🟨 Vision of environmental education:

- Empowering sustainable living
- Fostering eco-awareness
- Promoting environmental stewardship

ENG515_Recent Papers Solved

🟦 Vocabulary in Writing: Vocabulary is essential in writing as it enables writers to express their ideas, thoughts, and opinions effectively. A strong vocabulary helps writers to convey their message accurately and engage their audience.

🟪 Strategic Reader: A strategic reader is someone who actively engages with the text, sets goals, and uses various strategies to understand and interpret the material.

🟫 Teaching Writing to Pakistani Students: Five aspects to focus on:

1. Building vocabulary
2. Understanding sentence structure
3. Developing writing fluency
4. Encouraging critical thinking
5. Providing feedback

🟨 Contexts of Writing:

1. Academic writing
2. Creative writing
3. Professional writing
4. Personal writing
5. Technical writing

🟥 Uses of Bank:

1. Financial institution

2. Storage location (e.g., data bank)

3. Sloping or elevated edge (e.g., riverbank)

🟩 Spelling System Differences: Differences in spelling systems can affect the transfer of ideas from L1 to L2, leading to confusion and errors.

🟧 Experience vs. Independent: Experience refers to personal involvement or participation, while independent refers to self-sufficiency or autonomy.

🟦 Colon and Semicolon Uses:

Colon (:) introduces a list or explanation

Semicolon (;) separates two independent clauses

🟪 Dicto-Comp Term: Dicto-comp refers to dictation and composition, a writing approach that involves listening and writing.

🟫 Subprocesses of Writing:

1. Planning
2. Drafting
3. Revising
4. Editing
5. Publishing

🟨 Experience Term: Experience refers to personal involvement, participation, or observation, which can shape one's understanding and writing.

🟥 Forms of Writing Assessment:

1. Diagnostic assessment
2. Formative assessment
3. Summative assessment

🟩 Reading Definition: Reading is the process of understanding and interpreting written text.

🟧 Features of Reading Skills:

1. Phonemic awareness
2. Fluency
3. Vocabulary
4. Comprehension
5. Critical thinking

🟦 Two Lies About Writing Skills:

1. Writing is only for talented individuals.
2. Writing cannot be taught or learned.

🟪 Prefix and Suffix Differences:

Prefix: added to the beginning (e.g., un-)

Suffix: added to the end (e.g., -ed)

🟫 Conferencing: Conferencing involves discussing writing with peers or teachers to improve writing skills.

🟨 Cloze Text: Cloze text involves filling in missing words in a passage to improve reading comprehension.

🟥 Factors Influencing Reading:

1. Motivation
2. Vocabulary
3. Prior knowledge
4. Cultural background
5. Learning style

🟩 Motivation Role: Motivation plays a crucial role in students' engagement and success in reading and writing.

🟧 Challenges Pakistani Students Face:

1. Limited vocabulary
2. Poor reading habits
3. Inadequate writing practice

4. Lack of motivation

5. Cultural and linguistic barriers

Traditional vs. Non-Traditional: Traditional approaches focus on grammar and rules, while non-traditional approaches emphasize creativity and self-expression.

Sentence Correction: Sentence correction involves identifying and fixing errors in grammar, punctuation, and spelling.

Homophones: Homophones are words with the same pronunciation but different meanings (e.g., to, too, two).

Answer Question Strategy: Answering questions involves understanding the question, identifying key words, and providing a clear and concise response.

Extensive Reading: Extensive reading involves reading a large amount of material to improve reading fluency and comprehension.

Teaching Essay Writing: To teach essay writing, provide guidance on planning, drafting, and revising, and offer feedback on content and structure.

Music and Writing: Music can inspire and enhance writing skills by promoting creativity and relaxation.

🟦 American and British English Differences:

1. Color (US) vs. Colour (UK)
2. Center (US) vs. Centre (UK)
3. Theater (US) vs. Theatre (UK)
4. Aluminum (US) vs. Aluminium (UK)
5. Cheque (UK) vs. Check (US)

🟫 Hedging: Hedging involves using language to soften or weaken a statement, often to avoid commitment or conflict.

🟪 Portfolio: A portfolio is a collection of writing samples that demonstrate a writer's progress and achievements.

🟨 Comma Uses: Commas are used to separate items in a list, set off nonessential clauses, and indicate pauses.

🟥 Verb Errors: Common verb errors include subject-verb agreement, tense consistency, and incorrect verb forms.

🟩 Teaching Writing to Pakistani Students: Focus on building vocabulary, understanding sentence structure, and providing feedback.

🟧 Extensive Reading Benefits: Extensive reading improves reading fluency, vocabulary, and comprehension, and enhances writing skills.

🟦 Looping: Looping involves repeating a writing process or cycle to improve writing skills.

Eng511 ...Chapter wise mcqs

From Chapter 31 to 36

💟.....Lesson 31.....💟

- The subjunctive is not _____productive in English

Highly

- _____speaking children would learn to discriminate the forms of objects at an earlier age than their English-speaking

Navahoo

- ____ differ in their grammatical distinction of objects and substances.

Language

- Both Sapir and Whorf agreed that it is our culture that determines our language

- For more than _____ years, researchers have tried to design studies that will support or refute this

hypothesis.

Fifty

Another problem with the hypothesis is that it requires a _____ of human thought.

Measurements

.....Lesson 32.....

- Who proposed the generative approach to language, which posits a specialized language organ in the brain?

Chomsky

- What type of aphasia was the focus of research on language disorders from the late 1960s to the late 1980s?

Broca's

- Which deficits are common in language disorders..?

Syntactic

- The most common cause of aphasia is _____?

cerebral vascular accident (CVA)

- Reading disorders occur when a person has trouble with any part of the _____ process.

Reading

- Reading
and language-based learning disabilities are commonly called__?

Dyslexia

- What is the term for reading errors where words are replaced with similar meanings?

Paralexias

♥.....Lesson 33..... ♥

Who proposed the Cognitive Theory of language acquisition?

Piaget

Who proposed the Behaviorist Theory of language acquisition?

Skinner

Who proposed the Innateness Hypothesis of language acquisition?

Chomsky

Who proposed the Critical Period Hypothesis of language acquisition?

Lambert

Who defended Skinner's points of view against Chomsky's criticism?

MacCorquodale

Who drew a distinction between competence and performance in language acquisition?

Chomsky

What refers to one's underlying knowledge of a system or event?

Competence

What is the actual manifestation of competence?

Performance

What is the term for the underlying knowledge of language rules and vocabulary?

Competence

Who proposed the Universal Nativists hypothesis?

Chomsky

What is the term for the innate property that enables language acquisition?

LAD

Who proposed that human beings are "bio-programmed" to acquire language?

Bickerton

Who claimed that cognitive development is at the center of the human organism and language is dependent on it?

Piaget

Who emphasized the influence of language on cognitive development?

Bruner

Who claimed that social interaction through language is a prerequisite to cognitive development?

Vygotsky

□..... Lesson 34.....□

Who wrote about Genie, a 13-year-old girl who acquired a first language?

Curtiss

What is the term for the assignment of brain functions to one hemisphere or the other?

Lateralization

Which hemisphere controls intellectual, logical, and analytic functions?

Left

Which hemisphere controls functions related to emotional and social needs?

Right

Who suggested that lateralization begins around age 2 and is completed around puberty?

Lenneberg

What is the term for the process of assigning functions to one side of the brain or the other?

Lateralization

Who reported that adults can acquire second languages perfectly in non-Western societies?

Hill

Who outlined the stages of intellectual development in children?

Piaget

What is the term for the tendency of learners to rely on their first language structures when speaking or writing in a second language?

Interference

Here are some age-related MCQs with one-word answers based on the text, with bolded answers:

At what age does the sensorimotor stage begin?

Birth

At what age does the preoperational stage begin?

2

At what age does the concrete operational stage begin?

7

At what age does the formal operational stage begin?

11

At what age is language acquisition considered to be most efficient?

16

What is the term for errors in second language learning that can be traced back to the first language?

Interference

Who proposed that language acquisition is innate and children are programmed to learn language?

Chomsky

What is the term for the stage of development where children begin to think logically, according to Piaget?

Operational

What is the term for the concept that all language learners acquire grammatical features in a fixed, universal order?

Order of Acquisition

What is the term for the period of time where second language learners process language input silently?

Silent Period

What is the term for the memorized phrases that learners use to accomplish basic communication?

Lexical Chunks

💛.....Lesson 35.....💛

What is the term for errors in second language learning that can be traced back to the first language?

Order of Acquisition

What is the term for the period of time where second language learners process language input silently?

Silent Period

What is the term for the memorized phrases that learners use to accomplish basic communication?

Lexical Chunks

Who proposed that children use a different part of their brain to learn language than adults?

Thompson

What is crucial to learning a second language?

Memory

What can affect second-language learning in certain situations?

Motivation

What can enhance learning a second language?

Positive attitudes

What can impede learning a second language?

Negative attitudes

At what age is it unlikely to acquire a native-speaker accent?

Puberty

At what age is it less likely to develop full grammatical ability?

15

💛.....Lesson 36.....💛

According to Lenneberg, at what age does the critical period for language acquisition begin?

2

Who suggests that learners who begin learning a second language after the age of 12 can never achieve native-like phonological competence?

Scovel

What is the age at which children become aware of ethnic and cultural differences?

8

What is the term for the process of learning another language after the first language has already been acquired?

Second language learning

What strategy do people use when they depend on their memorizing ability to learn a language?

Memory strategy

What strategy do people use when they analyze and reason to learn a language?

Cognitive strategy

What strategy do people use when they guess unknown words and try to replace them with longer phrases or other words they know?

Comprehension strategy

What strategy do people use when they plan, arrange, focus, and evaluate their own learning process?

Metacognitive strategy

Abbreviations:

- SLA: Second Language Acquisition
- GTL: Generative-Transformational Linguistics
- CDA: Critical Discourse Analysis
- TBLT: Task-Based Language Teaching
- CALL: Computer-Assisted Language Learning

SBI stand for_?

Strategy based instructions

♥.....Lesson 39.....♥

- How can learners identify their own styles, preferences, strengths, and weaknesses?

Questionnaire

What are the two common ways to approach language learning strategy instruction?

Answer: Uninformed and Direct

- There are Two different types of
learning and communication strategy.

1: implicit

2: Explicit

- SLA Stand for ___?

$econd-language acquisition

❤ ..... Lesson 40.....❤

Three levels of affectivity

1. Receiving

2. Responding

3. Valuing

What is the term for the process of reaching out beyond the self to others?

: Transaction

What is the major mechanism for maintaining the bonds of society?

: Language

What is the process of comprehending another person's affective experience?

: Empathy

What is the term for the need to receive ego enhancement from other people?

: Extroversion

♥.....Lesson 41..... ♥

What is the behavioral perspective on motivation?

Answer: Reward

What is the cognitive perspective on motivation?

Answer: Decisions

What is the instrumental orientation to motivation?

Answer: Career

What is the integrative orientation to motivation?

Answer: Culture

What is intrinsic motivation driven by?

Answer: Interest

What is extrinsic motivation driven by?

Answer: Reward

What is the role of the Amygdala in language learning?

Answer: Affectivity

What is the personality test commonly referred to as the "Myers-Briggs test"?

Answer: MBTI

.....Lesson 42.....

- No society exists without a culture

- Generalizations become stereotypes when all members of a group are categorized as having the
same characteristics.

*Stages of culture shock

1: Excitement

2: Culture shock

3: Culture stress

4: Acceptance

- Abrams(2002) successfully used ____ portfolios to promote cultural awareness and to defuse cultural stereotypes.

Internet-based culture

- What is the medium of education in many countries where English is not a native language?

English

- ESL stand for English as second language

- EFL stand for English as Foreign language

❤ .....Lesson 43.....❤

- What has become an important factor in analyzing language processing?

Interactivity

- Who wrote a seminal book on language as a collaborative activity?

Clark

- What is the term for the neural structures responsible for communication?

Embrained

- What is the result of communicative interactivity?

Co-ordination

- What is the field of study discussed in the text?

Psycholinguistics

- What is the new direction in language learning psychology?

Intentionality

- What is the theory that is sensitive to non-linear phenomena?

: Complexity

- What is the term for the neural structures responsible for communication?

Mirror

- What is the term for the process of understanding actions performed by others?

Empathy

- What is the term for the techniques used to acquire knowledge?

Strategies

💛 ..... Lesson 44..... 💛

1. What is the field of study that deals with the acquisition and use of a second language?

Answer: Psycholinguistics

2. What is the term for the processing mechanisms involved in using more than one language?

Answer: Multilingual

3. What is the term for the ability to learn one language without influencing the ability to learn another language?

Answer: Independence

4. What is the term for the process of triggering the system to expect input in a given language?

Answer: Language cue

5. What is the term for the state of activation of the bilingual's languages and language processing mechanisms?

Answer: Language mode

6. What is the term for the way multilingual speakers use their languages?

Answer: Code-switching

7. What is the term for the idea that bilinguals have a preferred language?

Answer: Dominance

8. What is the term for the process of learning words in a second language through translation?

Answer: Vocabulary

9. What is the term for the ability to think in a language directly?

Answer: Fluency

10. What is the term for the field of study that deals with the cognitive psychology of emotion?

Answer: Metacognition

□ .....Lesson 45.....□

1. What is the basis of a writing system?

Answer: Speech

2. What does each symbol represent in a sound-based writing system?

Answer: Phonemes

3. What type of symbols are pictograms and ideograms?

Answer: Icons

4. What were the Native American wampum belts used for?

Answer: Treaties

1. What is the focus of Phonics instruction?

Answer: Decoding

2. What is the ultimate goal of Phonics instruction?

Answer: Reading

3. What is the benefit of early reading for pre-school age children?

Answer: Pleasure

4. What is the result of early reading on children's learning abilities?

Answer: Improved

==========

Here are the answers to the MCQs from your ENG511 Psycholinguistics handouts:

1. Positive and negative evidence in language learning:
   - Positive evidence: explicit teaching, feedback, and reinforcement
   - Negative evidence: absence of feedback, correction, or explicit teaching

2. Self-esteem:

- Belief and confidence in one's own worth, abilities, and accomplishments

3. Cultural transmission:

- The passing down of language, culture, and values from one generation to the next

4. Lack of vocabulary and lack of concept:

- Lack of vocabulary: limited knowledge of words and phrases

- Lack of concept: limited understanding of underlying ideas and meanings

5. Learning styles are important in teaching and learning process:

- Because individuals have unique preferences for learning (e.g., visual, auditory, kinesthetic)

6. Three feelings related to anxiety:

- Apprehension

- Fear

- Tension

7. Three variables in language learning:

- Cognitive (intellectual)

- Affective (emotional)
- Environmental (social and cultural)

Let me know if you'd like me to elaborate on any of these points!

==========

Q. Duality of patterning:

Duality of patterning means that language has two layers:

1. Small, meaningless sounds (like "ah" or "th") that are combined to form...
2. Meaningful words and ideas (like "hello" or "love")

ENG507_Recent Papers

🟨🟦🟪🟩🟧🟫🟥

🟫 Spectrographic hints in Stops Sound:

Spectrograms show stops as brief periods of silence or noise, followed by a release burst.

Spectrographic hints in Consonants:

Spectrograms display consonants as changes in frequency and amplitude over time.

Three dimensions of syllables:

- Onset (initial sound)
- Nucleus (vowel sound)
- Coda (final sound)

Three plosive sounds:

- /p/ (voiceless bilabial plosive)
- /t/ (voiceless alveolar plosive)
- /k/ (voiceless velar plosive)

Displaying recorded files:

Use software like Praat or Audacity to visualize and analyze audio files.

Feature hierarchy:

A framework for organizing phonological features, such as [±voice] or [±nasal].

Source-filter mechanism:

The vocal tract acts as a filter, modifying the sound source (vocal cords) to produce different sounds.

🟩 Voiced and voiceless sounds:

Voiced sounds (e.g., /z/) vibrate the vocal cords, while voiceless sounds (e.g., /s/) do not.

🟥 Tube model:

A simplified representation of the vocal tract as a tube with varying cross-sectional areas.

🟨 Praat software:

A tool for phonetic analysis, allowing users to visualize and measure speech sounds.

🟦 Teacher resources for pedagogical development:

- Textbooks
- Online courses
- Workshops
- Conferences

🟪 Types of phonation:

- Modal voice
- Creaky voice

- Breathy voice
- Falsetto

VOT:

Voice Onset Time, a measure of when voicing begins after a stop release.

Vocal cord sound production:

Sound is produced at the glottis, where the vocal cords vibrate.

Types of syllables:

- CV (consonant-vowel)
- VC (vowel-consonant)
- CVC (consonant-vowel-consonant)

Strategies of coronal:

Coronal sounds (e.g., /t/, /d/) are produced with the tongue tip or blade.

Three types of sounds related to approximants:

- Liquids (e.g., /l/, /r/)
- Glides (e.g., /j/, /w/)
- Semivowels (e.g., /j/, /w/)

🟦 Formants:

Resonant frequencies of the vocal tract, appearing as peaks in a spectrogram.

🟪 Types of secondary articulatory gestures:

- Palatalization
- Velarization
- Pharyngealization

🟧 Teacher research:

Action research, case studies, or experimental studies conducted by teachers.

🟫 Feature hierarchy:

A framework for organizing phonological features.

🟩 Types of articulatory targets:

- Bilabial
- Alveolar
- Velar
- Palatal
