Semester Fall 2023

LECTURE WISE NOTES:

Short Questions File & MCQ's File

03126968553

COURSE: MCM101

MCQ's File For Final Exams

LECTURE # 23

What was the state of print communication in the initial phase, as mentioned in the passage?

- a. Regular in terms of content and design
- b. Irregular in terms of layout, design, and content**
- c. Highly disciplined and organized
- d. Well-managed with consistent layouts

What is the main purpose of media management, as stated in the passage?

- a. Creating innovative layouts
- b. Ensuring regularity in publishing**
- c. Managing technical aspects only
- d. Focusing on editorial content only

Which of the following is NOT mentioned as an area to be managed in a publication?

- a. Editorial
- b. Business
- c. Technical
- d. Marketing**

What does the editorial section of a newspaper primarily focus on?

- a. Managing finances
- b. Field reporting
- c. Printing process
- d. Content creation**

What is the role of the advertising department in the business section of a publication?

- a. Managing editorial staff
- b. Fixing rates for advertisements**
- c. Increasing circulation
- d. Handling press matters

What are classified ads, as mentioned in the passage?

- a. Ads charged at a higher rate
- b. Ads appearing in special supplements
- c. Brief ads usually in one column**
- d. Display ads charged in advance

What is the primary responsibility of the circulation department in the business section?

- a. Managing editorial content
- b. Increasing the publication's market presence
- c. Generating revenue through advertising
- d. Undertaking exercises to increase circulation**

What is the printing side of a newspaper or periodical referred to in the passage?

- a. Press**
- b. Editorial
- c. Business
- d. Technical

What is the primary task of the press department?

- a. Generating revenue
- b. Filming copies for advertising
- c. Ensuring timely printing and distribution**
- d. Managing editorial hierarchy

What does the passage recommend for efficient management of print media?

- a. Specialized technical training only
- b. Adequate knowledge of all three major sections**
- c. Primarily focusing on editorial content
- d. Ignoring the technical aspects of printing

LECTURE # 24

What was the primary means of mass communication before the invention of photography?

- A) Cartoons
- B) Words**
- C) Illustrations
- D) Sketches

Who were the Frenchmen responsible for the invention of the first commercially successful photographic process, the daguerreotype?

- A) Joseph Niepce and Louis-Jacques-Mandé Daguerre
- B) Nicéphore Niepce and Louis J. M. Daguerre**

- C) E. J. Marey and Thomas Eakins
- D) Oskar Barnack and George Eastman

When was the first surviving photograph secured by Joseph Niepce on a plate sensitized with bitumen?

- A) 1826**
- B) 1837
- C) 1860
- D) 1881

What marked the end of the daguerreotype era in portrait photography?

- A) Roll film
- B) Halftone process
- C) Cabinet size photographs
- D) Carte de visite style**

Which technological advance in 1881 made the accurate reproduction of photographs in books and newspapers possible?

- A) Roll film
- B) Halftone process**
- C) Dry plates
- D) Daguerreotype

Who introduced the 35-mm or "candid" camera in 1925, making documentarians more mobile and less conspicuous?

- A) George Eastman
- B) Oskar Barnack**
- C) E. J. Marey
- D) Louis-Jacques-Mandé Daguerre

Which magazines provided an outlet and a vast audience for documentary work after the World War II?

- A) National Geographic and Time
- B) Life and Look**
- C) Vogue and Vanity Fair
- D) Popular Science and Scientific American

What major development in the 20th century allowed photographers to manipulate images fundamentally?

- A) Color film
- B) Roll film
- C) Digital technology**
- D) Halftone process

What is the charge coupled device (CCD) used for in photography?

- A) Color reproduction
- B) Creating holographs
- C) Detecting and registering light**
- D) Manipulating images

What significant change did digital technology bring to photographic technique?

- A) Replacement of lenses with sensors
- B) Use of emulsion on film
- C) Integration of holography
- D) Transformation of images into numbers**

LECTURE # 25

What was the significant development in the quality of images in print media during the last quarter of the 19th century?

- a) Halftone technique discovery**
- b) Introduction of color printing
- c) Use of advanced cameras
- d) Expansion of newspaper circulation

What forced the American government to undertake legislation to address living conditions in slums, as discussed in the last lecture?

- a) Environmental concerns
- b) Pictorial coverage by print media**
- c) Economic recession
- d) Political pressure

What inspired scientists to explore the idea of creating a sense of motion through a series of images?

- a) Still camera images**
- b) Fashion magazines
- c) Halftone technique
- d) Print media legislation

How did the illusion of motion in motion pictures and television primarily occur?

- a) Persistence of vision and phi phenomenon**
- b) Slow frame rates
- c) High-speed projectors
- d) Sequential images presented at a fast rate

What was the initial purpose of Eadweard Muybridge's experiment involving a galloping horse?

- a) To settle a bet about the speed of horses**
- b) To capture the beauty of horses
- c) To explore the artistic potential of photography
- d) To test the durability of camera equipment

What did the experiment involving the galloping horse lead to, besides settling the bet?

- a) Discovery of halftone technique
- b) Invention of motion picture projectors
- c) Creation of an illusion of motion**
- d) Introduction of color photography

When was the kinetograph, a camera using rolls of coated celluloid film, developed?

- a) 1877
- b) 1889**
- c) 1893
- d) 1905

Where was the first movie theater, known as the nickelodeon, built in 1905?

- a) Los Angeles
- b) New York City
- c) Pittsburgh**
- d) Hollywood

In 1913, which city became the American movie capital?

- a) Los Angeles
- b) Pittsburgh
- c) New York City
- d) Hollywood**

What innovation marked the beginning of the drive to feature-length films?

- a) Introduction of sound effects
- b) Invention of color film
- c) Release of "Quo Vadis" (1913)**
- d) Promotion of the star system

What major development occurred in 1927 that impacted the film industry?

- a) Introduction of color films
- b) Formation of the Motion Picture Academy of Arts and Sciences
- c) Invention of the kinetoscope
- d) First successful use of spoken dialogue in "The Jazz Singer"**

What was the figurine awarded at the annual awards ceremony by the Motion Picture Academy of Arts and Sciences later dubbed?

- a) Emmy
- b) Oscar**
- c) Golden Globe
- d) Tony

What is the term used to describe the interdependent crafts involved in filmmaking?

- a) Cooperative production
- b) Star system
- c) Cinematography
- d) Filmmaking process**

Who are considered the first generation of star actors in the film industry?

- a) Directors like Griffith and Ford
- b) Actors from the stage**
- c) Inventors of motion picture projectors
- d) Producers and directors like Selznick and Zanuck

What did the star system involve in the early 20th century film industry?

- a) Cooperation among filmmakers
- b) Promotion of popular faces in fan magazines**
- c) Distribution of films on a rental basis
- d) Use of elaborate sets for storytelling

Who were some of the celebrated stars of the new era of sound films in the late 1920s?

- a) Méliès and Porter
- b) Gable, Harlow, and Dietrich**
- c) Chaplin and Keaton
- d) Lumière brothers

In what period did the United States become dominant in the film industry, expanding into education and propaganda?

- a) World War I**
- b) The Roaring Twenties
- c) The Great Depression
- d) World War II

What did Edwin S. Porter demonstrate in his films like "The Great Train Robbery" (1903)?

- a) Use of color in filmmaking
- b) Editing as a storytelling mechanism**
- c) Introduction of sound effects
- d) Exploration of modern life

LECTURE # 26

During Hollywood's "golden age," what type of theaters were erected all over the United States?

- a) Drive-in movie theaters
- b) Multiplexes
- c) Movie palaces**
- d) Nickelodeons

In 1938, what percentage of the population accounted for the weekly single admissions to movies?

- a) 10%
- b) 20%
- c) 65%**
- d) 80%

Which studios were among the omnipotent studios managing the film industry during its heyday (1930–49)?

- a) Disney, Pixar, DreamWorks
- b) Metro-Goldwyn-Mayer, Warner Brothers, RKO**
- c) Universal, Paramount, Columbia
- d) Twentieth Century-Fox, Sony Pictures, MGM

What two developments in the 1950s led to the end of the studios' grip on the entertainment business?

- a) Introduction of sound and color
- b) Popularity of television and court intervention**
- c) Rise of independent filmmakers and blockbuster films
- d) Expansion of drive-in theaters and technological innovations

What technological innovations did studios strongly urge in the 1950s to compete with television?

- a) Introduction of color films
- b) Development of wide-screen processes and stereophonic sound systems**

- c) Use of computer-generated effects
- d) Transition to digital filmmaking

Which film marked a change in the industry's approach, appealing to a wide audience and encouraging filmmakers to create spectacle films?

- a) Citizen Kane
- b) Jaws (1975)**
- c) Star Wars (1977)
- d) E.T. (1982)

What two developments greatly enhanced profitability in the 1980s?

- a) Introduction of sound and color
- b) Development of VCRs and relaxation of production-distribution decrees**
- c) Rise of independent filmmakers and government subsidies
- d) Expansion of drive-in theaters and blockbuster films

What characterized the trend in movie theaters during the 1980s when audiences returned?

- a) Multiplexes became the norm**
- b) Drive-in theaters became popular
- c) Movie palaces were abandoned
- d) Single-screen theaters thrived

When did the Production Code, known as the "Hays Code," come into existence?

- a) 1938
- b) 1950
- c) 1966
- d) 1934**

What replaced the Production Code in the late 1960s, providing a new system of film classification and rating?

- a) Motion Picture Code
- b) Hays Code 2.0
- c) Movie Ratings Program
- d) Motion Picture Code and Rating Program**

Which rating was introduced for films that might contain material inappropriate for pre-teenagers?

- a) R
- b) PG
- c) PG-13**
- d) NC-17

What was the primary objective of the Motion Picture Code and Rating Program?

- a) Control filmmakers' creative freedom
- b) Enforce censorship on film content
- c) Provide guidance for parents**
- d) Promote Hollywood's influence globally

What format, introduced in Japan in 1970, utilizes special film and projectors, featuring a gigantic screen and huge sound system?

- a) 3D cinema
- b) Virtual Reality films
- c) IMAX**
- d) Cinemascope

During Hollywood's "golden age," what percentage of the population accounted for weekly single admissions to movies in 1938?

- a) 10%
- b) 20%
- c) 65%**
- d) 80%

What marked the change in the industry's approach to filmmaking in the 1970s, as seen with the release of Jaws (1975)?

- a) Transition to digital filmmaking
- b) Focus on storytelling and character development
- c) Appeal to the widest possible audience with spectacle films**
- d) Introduction of 3D cinema

LECTURE # 27

What film marked the change in the industry with its unexpected success, grossing over \$100 million in 1975?

- a) Star Wars
- b) E.T.
- c) Jaws**
- d) Indiana Jones

Which development greatly enhanced profitability in the 1980s for the film industry?

- a) Introduction of color films
- b) Development of low-cost videocassette recorders (VCRs)**
- c) Expansion of film genres
- d) Relaxation of censorship rules

What marked the end of the studios' grip on the entertainment business in the 1950s?

- a) Rise of television popularity**
- b) Emergence of independent filmmakers
- c) Introduction of wide-screen processes
- d) Expansion of film genres

Who was the head of the Motion Picture Producers and Distributors of America, established in 1922?

- a) Steven Spielberg
- b) George Lucas
- c) Will H. Hays**
- d) Dadasaheb Phalke

What film rating replaced the M (Mature audiences) rating during the Motion Picture Code and Rating Program?

- a) PG (Parental guidance suggested)**
- b) PG-13
- c) R (Restricted audiences)
- d) NC-17

What is the primary medium historically used for recording and displaying motion pictures?

- a) Vinyl records
- b) Magnetic tapes
- c) Photographic film**
- d) Digital storage devices

What effect prevents flickering between frames, providing the illusion of motion in films?

- a) Persistence of vision**
- b) Slow motion
- c) Frame blending
- d) Motion interpolation

Who exhibited short films in December 1895, marking the introduction of films to the subcontinent?

- a) Lumière Brothers**
- b) Lumière Sisters

- c) Lumière Cousins
- d) Lumière Family

Which film was the first silent feature film made in the subcontinent, released in 1913?

- a) Alam Ara
- b) Ardeshir Irani's Talkie
- c) Raja Harishchandra**
- d) Entry of Cinematograph

In which decade did Bollywood films transition from black-and-white to color?

- a) 1930s
- b) 1940s
- c) 1950s**
- d) 1960s

What was the first Indian sound film, released in 1931 and directed by Ardeshir Irani?

- a) Raja Harishchandra
- b) Alam Ara**
- c) Madhuri
- d) Anarkali

What film, made in the early 1940s, dealt with the clash between pre-capitalist ruralism and modernized state values?

- a) Roti**
- b) Mother India
- c) Awara
- d) Shri 420

Who directed the film "Do Bigha Zamin" (1953), which depicted the mass migration of rural people to cities?

- a) Mehboob Khan
- b) Bimal Roy**
- c) Raj Kapoor
- d) V. Shantaram

Which filmmaker is known for integrating the Bengal School style with that of De Sica in his films?

- a) V. Shantaram
- b) Bimal Roy**
- c) Mehboob Khan
- d) Raj Kapoor

What was the first silent film from Lahore, released in 1924?

- a) Heer Ranjha
- b) Alam Ara
- c) The Daughter of Today**
- d) Sujata

LECTURE # 28

What was the impact of increased foreign activities on the film industry in the subcontinent?

- A. It led to the decline of the film industry
- B. Bombay became the film world center**
- C. Lahore lost its significance in film arts
- D. Film studios closed down

In which city did film arts spearhead in the subcontinent, particularly in direction, acting, and singing?

- A. Calcutta
- B. Bombay
- C. Lahore**
- D. Delhi

When did Lahore produce its first silent film, "The Daughter of Today"?

- A. 1913
- B. 1924**
- C. 1931
- D. 1941

What was the inaugural Punjabi talkie film from Lahore?

- A. Heer Ranjha**
- B. Alam Ara
- C. Anmol Gharri
- D. Jugnu

Which film was the first-ever silent feature film from Lahore?

- A. Heer Ranjha
- B. Raja Harishchandra
- C. The Daughter of Today**
- D. Alam Ara

When was the inaugural Urdu/Hindi Indo-Pak feature film "Alam Ara" released?

- A. 1924
- B. 1931**
- C. 1946
- D. 1952

Who played the role of Dilbahar in "Alam Ara"?

- A. Zubaida**
- B. Master Vitthal
- C. Elizer
- D. J. Sushila

What was the first-ever Punjabi feature film made in Lahore?

- A. Khazanci
- B. Anmol Gharri
- C. Heer Ranjha**
- D. Jugnu

Which film marked the introduction of Baby Noor Jehan as a playback singer?

- A. Khazanchi**
- B. Anmol Gharri
- C. Jugnu
- D. Heer Ranjha

Who was the director of the film "Jugnu," the last big Pakistani film before partition?

- A. Mehboob Khan
- B. Shaukat Hussain Rizvi**
- C. Feroz Nizami
- D. G. A. Chishti

Which film provided breakthroughs for actors Dilip Kumar and Mohammad Rafi?

- A. Anmol Gharri
- B. Chann We
- C. Dopatta
- D. Jugnu**

In what year was the inaugural Pakistani film, "Teri Yaad," released?

- A. 1947
- B. 1948**
- C. 1949
- D. 1950

What was the result of the film "Teri Yaad" at the box office?

- A. Mega hit
- B. Silver Jubilee
- C. Dead flop**
- D. Blockbuster

Who was the first Silver Jubilee film maker in Pakistan?

- A. Nasir Khan
- B. Shaukat Hussain Rizvi
- C. Nazir**
- D. Mehboob Khan

What was the primary impact of films on society, according to the provided paragraphs?

- A. Increased vulgarity
- B. New business opportunities**
- C. Job losses
- D. Decline in cultural influence

Which film was acclaimed as the first color film in India, released in 1937?

- A. Pheray
- B. Jhansi Ki Rani
- C. Teri Yaad
- D. Kisan Kanya**

Who was the renowned music director behind the first Punjabi Silver Jubilee film, "Pheray"?

- A. Feroz Nizami
- B. G. A. Chishti**
- C. Inayat Hussain Bhatti
- D. Ghulam Haider

What was the major change brought about by films, as mentioned in the paragraphs?

- A. Economic recession
- B. Cultural transformation**
- C. Decline in entertainment
- D. Increase in unemployment

What was the release date of the inaugural Pakistani film, "Teri Yaad"?

- A. August 7th, 1948**
- B. March 14, 1931

- C. October 3rd, 1950
- D. December 25th, 1947

Who was the legendary musician dominating Pakistani film music until the beginning of the 70s?

- A. Feroz Nizami
- B. G. A. Chishti
- C. Ghulam Haider**
- D. Inayat Hussain Bhatti

Which film marked the end of Noor Jehan's film career before partition?

- A. Jugnu**
- B. Dopatta
- C. Chann We
- D. Alam Ara

What was the occupation of Shaukat Hussain Rizvi, who directed the film "Jugnu"?

- A. Music Director
- B. Actor
- C. Director**
- D. Lyricist

Who played the title roles in the first-ever Punjabi feature film, "Heer Ranjha"?

- A. Anwari Begum and Rafiq Ghaznavi**
- B. Noor Jehan and Dilip Kumar
- C. Zubaida and Master Vitthal
- D. Munawar Sultana and Inayat Hussain Bhatti

Which film is considered a revolutionary one that changed the style of film music from classical Bengali to folk Punjabi music?

- A. Jugnu
- B. Khazanchi**
- C. Heer Ranjha
- D. Anmol Gharri

Who was the director of the film "Anmol Gharri," which brought a revolution in the subcontinent film world?

- A. Shaukat Hussain Rizvi
- B. Mehboob Khan**
- C. G. A. Chishti
- D. A. R. Kardar

LECTURE # 29

What is propaganda according to Harold Lasswell?

- A. A planned and deliberate act of opinion management**
- B. A subconscious manipulation of psychological symbols
- C. A missionary organization
- D. A collective attitude

Which organization's name is the origin of the term "propaganda"?

- A. Congregation for the Propagation of the Faith**
- B. Office of War Information
- C. Central Intelligence Agency
- D. Psychological Strategy Board

In the context of propaganda, what is "Grey Propaganda"?

- A. Correctly attributed to the sponsor
- B. Un-attributed to the sponsor**
- C. Falsely attributed
- D. A form of psychological warfare

What is the primary focus of black propaganda?

- A. To correctly attribute the source
- B. To be subversive and provocative**
- C. To advance viewpoints
- D. To conceal the real source

Which media is considered a "fast" propaganda operation?

- A. Radio**
- B. Books
- C. Cultural exhibitions
- D. Educational exchanges

According to the provided text, which World War witnessed governments using propaganda on an unprecedented scale?

- A. World War I**
- B. World War II
- C. Korean War
- D. Cold War

Who was the head of the Committee on Public Information during World War I?

A. George Creel

- B. Harold Lasswell
- C. Dwight D. Eisenhower
- D. Elmer Davis

What did the Psychological Warfare Division of the Supreme Headquarters, Allied Expeditionary Force, prepare propaganda for?

- A. Korean War
- B. Vietnam War
- C. World War I
- D. D-Day invasion**

What did Truman call for in 1950 to combat enemy lies?

- A. Committee on Public Information
- B. Psychological Strategy Board
- C. Campaign of Truth**
- D. Office of War Information

Which U.S. President emphasized that the Cold War was a struggle of ideas?

- A. Franklin D. Roosevelt
- B. Harry S. Truman
- C. Dwight D. Eisenhower**
- D. John F. Kennedy

What did the Campaign of Truth involve?

- A. Sensationalized charges of bacteriological warfare
- B. Covert operations against the Soviet bloc
- C. Promoting the truth through cartoons and polemics**
- D. Secret program of cultural propaganda

Who created a psychological warfare branch of the army in December 1942?

- A. George Creel
- B. Dwight D. Eisenhower**
- C. Franklin D. Roosevelt
- D. Elmer Davis

What marked a paradigm shift in diplomacy during the Cold War?

- A. Electronic communications revolution**
- B. Traditional diplomatic activities
- C. Exclusive role of diplomats
- D. Emergence of popular opinion

What was one significant transformation in the pattern of international relations during the Cold War?

A. Increased attentiveness to domestic audiences

- B. Strict adherence to non-interference
- C. Exclusive role of diplomats
- D. Elimination of covert actions

What did Truman create in April 1951 to coordinate the American psychological warfare effort?

- A. Committee on Public Information
- B. Office of War Information
- C. Psychological Strategy Board**
- D. Central Intelligence Agency

What was the primary purpose of the CIA's cultural and ideological propaganda in Western Europe?

- A. To support communist organizations
- B. To undermine liberal values
- C. To promote anticommunist liberals**
- D. To spread black propaganda

What did Eisenhower repeatedly call for during the 1952 presidential campaign?

- A. Intensified program of propaganda**
- B. Cessation of psychological warfare
- C. Diplomatic isolation
- D. Non-interference in internal affairs

What did the Campaign of Truth include, according to Truman?

- A. Bloodthirsty communists
- B. Black propaganda
- C. Enemy lies**
- D. Truthful anticommunist polemics

In the context of the Cold War, what did diplomatic activity include?

- A. Exclusive role of diplomats
- B. Non-interference in internal affairs
- C. Influence on ideas, values, and beliefs**
- D. Elimination of covert actions

What did Dwight D. Eisenhower emphasize in his 1952 speech in San Francisco?

- A. The necessity of covert operations
- B. The importance of psychological warfare calculations**
- C. The exclusive role of diplomats
- D. Non-interference in the internal affairs of other countries

LECTURE # 30

When did scientists come close to opening gates for an entirely different means of communication, leading to the invention of radio?

- A. 15th century
- B. 19th century**
- C. 20th century
- D. 21st century

What technology allows the transmission of signals by modulation of electromagnetic waves below those of light?

- A. Radio waves**
- B. X-rays
- C. Gamma rays
- D. Infrared waves

Who demonstrated the possibility of signaling using radio waves in 1894, using a detecting device called a coherer?

- A. Nikola Tesla
- B. Guglielmo Marconi
- C. Sir Oliver Lodge**
- D. Reginald Fessenden

In 1896, who was awarded what is sometimes recognized as the world's first patent for radio?

- A. Nikola Tesla
- B. Guglielmo Marconi**
- C. James Clerk Maxwell
- D. David E. Hughes

What did Reginald Fessenden transmit on Christmas Eve, 1906, marking the first radio audio broadcast in history?

- A. News program
- B. Music and voice**
- C. Heterodyne principle
- D. Static signals

In 1922, where did the world's first regular wireless broadcasts for entertainment commence?

- A. Detroit, Michigan
- B. Isle of Wight, England
- C. Chelmsford, England**
- D. Brant Rock, Massachusetts

What technological advancement revolutionized radio receivers and transmitters in the 1920s?

- A. Vacuum tubes**
- B. Crystal sets
- C. Transistors
- D. Digital transmissions

In 1960, what did Sony introduce, making radios small enough to fit in a vest pocket?

- A. Crystal set
- B. Digital radio
- C. Transistorized radio**
- D. AM radio

When was color television commercially transmitted, and the first (radio) communication satellite, TELSTAR, launched?

- A. 1940s
- B. 1954
- C. 1960s**
- D. 1990s

What development began in the early 1990s, where personal computers with audio cards were used to process radio signals?

- A. Transistors
- B. Digital transmissions
- C. Software radio**
- D. Vacuum tubes

What radio spectrum does AM broadcast radio use?

- A. VHF
- B. UHF
- C. MF**
- D. HF

In FM broadcast radio, what happens when louder sounds at the microphone cause fluctuations in the transmitter frequency?

- A. The transmitter power increases

- B. The transmitter power decreases
- C. The transmitter frequency fluctuates farther**
- D. The transmitter frequency remains constant

What radio spectrum does aviation voice radios use?

- A. VHF AM**
- B. MF
- C. HF
- D. UHF

What does TETRA (Terrestrial Trunked Radio) serve as a digital cell phone system for?

- A. Aviation
- B. Maritime
- C. Military, police, and ambulances**
- D. Broadcasting

What technology did amateur radio operators invent in the early 1930s, becoming established commercial modes by the end of the decade?

- A. Analog transmissions
- B. Frequency modulation
- C. Single sideband**
- D. Digital transmissions

What was the first commercial radio navigation system in the 1970s?

- A. VOR
- B. LORAN**
- C. GPS
- D. TETRA

In the 1990s, what did amateur radio experimenters begin using personal computers for in radio processing?

- A. Digital transmissions
- B. Crystal sets
- C. Software radio**
- D. Vacuum tubes

What does AM broadcast radio use for transmission in the radio spectrum?

- A. VHF
- B. MF**
- C. UHF
- D. HF

What type of transmissions began to be applied to broadcasting in the late 1990s?

- A. Analog
- B. Digital**
- C. Frequency modulation
- D. Amplitude modulation

In early radio stations, what faced the problem of target audience, especially in a pluralistic society?

- A. Frequency modulation
- B. Transmission power
- C. Distribution of time**
- D. Amplitude modulation

LECTURE # 31

What made radio more effective in mass communication compared to print media?

- A. Transportation of the message**
- B. Entertainment value
- C. Printing press
- D. Glamour

Why did common people and investors show immense interest in radio technology?

- A. Transportation of the message
- B. Entertainment value
- C. Glamour
- D. No need for transportation of the message**

What contributed to making radio popular initially?

- A. News broadcasts
- B. Educational programs
- C. Entertainment**
- D. Advertising

Which form of entertainment became popular on radio besides music?

- A. News shows
- B. Comedy shows and gossip chat**
- C. Political debates
- D. Educational programs

How did radio contribute to satisfying the human instinct to know about events?

- A. Broadcasting documentaries
- B. Conveying fairy tales
- C. Sharing news from across oceans**
- D. Entertainment shows

What role did radio play in educating people, particularly on healthcare matters?

- A. Broadcasting documentaries
- B. Conducting interviews
- C. Special education services**
- D. News bulletins

Which sector benefited significantly from the popularity of commercial radio programs?

- A. Advertising**
- B. Film industry
- C. Education
- D. Healthcare

What contributed to the growth of the advertising sector within a decade of radio broadcast?

- A. News broadcasts
- B. Educational programs
- C. Entertaining programs**
- D. Glamorous presentations

Which industry benefited tremendously from radio technology in its nascent stages?

- A. Advertising
- B. Film industry**
- C. Education
- D. Healthcare

During wartimes, what played a crucial role in society at war?

- A. News broadcasts
- B. Entertainment shows
- C. Radio news, commentary, and announcements**
- D. Educational programs

How did armies benefit from radio technology during wartimes?

- A. Improved communication through codes**
- B. Enhanced firepower

- C. Satellite communication
- D. Navigation assistance

How are ships in the deep sea and warplanes in the air connected during wartimes?

- A. Coded messages
- B. Morse code
- C. Radio waves**
- D. Satellite communication

After the dispatch of satellites in the early 60s, how is the movement of enemies detected?

- A. Radar technology
- B. Coded messages
- C. Satellite imagery**
- D. Radio waves

What occurs at a wide scale during wars to demoralize the enemy and boost morale?

- A. Educational programs
- B. Advertising
- C. Propaganda**
- D. Glamorous presentations

What has the invention and usage of radio contributed to in terms of laws?

- A. Economic growth
- B. Technological advancements
- C. Introducing laws to regulate radio programs**
- D. Cultural conflicts

When is censorship applied by governments in relation to radio programs?

- A. During technological advancements
- B. During political crises**
- C. During peace negotiations
- D. During educational programs

What is a common practice during wartimes for communicating in the battlefield?

- A. Satellite communication
- B. Morse code
- C. Coded messages**
- D. Radio waves

What is an essential angle of mass communication during cultural conflicts?

- A. Censorship
- B. Propaganda**
- C. Ethics
- D. Cultural values promotion

How has cultural values promotion been impacted by radio technology?

- A. Cultural conflicts
- B. Cultural homogenization**
- C. Cultural degradation
- D. Cultural isolation

What has been instrumental in ensuring no misuse of radio technology and its impact on social life?

- A. Jamming transmissions
- B. Censorship
- C. Ethics
- D. Introducing laws**

LECTURE # 32

What is the process of television transmission involving capturing photographic images and converting them into electrical impulses?

- A. Photographic transmission
- B. Electronic radiation
- C. Television transmission**
- D. Radio decoding

In the developed world, what is the average time spent by households watching television per day?

- A. Three hours
- B. Five hours
- C. Seven hours**
- D. Ten hours

Who is credited as the inventor of television, responsible for receiving both voice and images?

- A. Marconi
- B. John Logie Baird**
- C. Vladimir K. Zworykin
- D. Paul Nipkow

What were among the first discoveries leading to the development of television?

A. Electricity conductors

B. Mechanical engineering

C. Telephony

D. Nuclear reactions

Who made the first crude television in 1884 using a mechanical system with a scanning disk?

A. Marconi

B. Paul Nipkow

C. Baron Öns Berzelius

D. Louis May

Who developed a pickup tube that became the home television receiver by 1939?

A. Vladimir K. Zworykin

B. Paul Nipkow

C. Allen B. Dumont

D. Marconi

What marked the transition from mechanical systems to electronic methods for transmitting black-and-white images in 1935?

A. Development of the cathode ray tube

B. Introduction of color television

C. Invention of the pickup tube

D. Use of photoelectric cells

When did the first CBS color broadcast take place, featuring stars like Ed Sullivan?

A. 1939

B. 1951

C. 1954

D. 1962

During which period did television experience exciting developments such as the introduction of transistorized television?

A. 1920-1929

B. 1930-1939

C. 1950-1959

D. 1980-1989

What event temporarily slowed down progress on TV transmissions and technological advancements during World War II?

- A. Introduction of color television
- B. Development of transistorized television
- C. Outbreak of WW2**
- D. First CBS color broadcast

How do most television viewers across the world receive programming today?

- A. Antennas
- B. Cable television**
- C. Satellite dishes
- D. Transmitters

What was the first satellite that accomplished transatlantic television broadcast on July 10, 1962?

- A. Telstar**
- B. Explorer 1
- C. Sputnik
- D. Skylab

What is the principle means of recording television programs for future use?

- A. VHS tapes
- B. Vinyl records
- C. Videotape recording**
- D. DVD recording

Which television transmission standard, developed in the USA, consists of 525 horizontal lines of display and 60 vertical lines?

- A. SECAM
- B. PAL
- C. NTSC**
- D. HDTV

When was High Definition Television (HDTV) first demonstrated?

- A. 1962
- B. 1975
- C. 1982**
- D. 1990

What is a potential future capability of digital television mentioned in the paragraphs?

- A. Ability to manipulate camera angles**
- B. Elimination of cable television
- C. Increased usage of antennas
- D. Introduction of black-and-white TV

What technology is advancing rapidly as an alternative to the traditional television screen?

- A. Cathode ray tube
- B. Liquid crystal display (LCD)**
- C. Plasma display
- D. OLED display

What will digital television of the future allow viewers to do, according to the paragraphs?

- A. Only receive signals via antennas
- B. Manipulate camera angles and communicate with commentators**
- C. Watch only black-and-white content
- D. Use old-fashioned screens without converter boxes

What do most television viewers use today to receive signals directly from satellites?

- A. Antennas
- B. Coaxial cables
- C. Small satellite dishes**
- D. Fiber-optic cables

How is the range of waves suitable for radio and television transmission divided?

- A. By frequencies
- B. By color
- C. By channels**
- D. By polarization

LECTURE # 33

When was the first TV station set up in Pakistan?

- A. 1950
- B. 1964**
- C. 1973
- D. 1982

What was the main obstacle in setting up a TV station in Pakistan initially?

- A. Lack of government support
- B. Limited broadcasting hours
- C. Non-availability of technical staff**

D. Insufficient funds

During its early years, what version of TV transmission did PTV have when compared to other countries?

A. Black and White

B. Color

C. High Definition

D. Analog

What marked the end of the daily TV transmission during PTV's early years?

A. Recitation from the holy Quran

B. Live broadcast

C. National anthem

D. News updates

What was the most prominent feature of PTV's early years regarding transmission?

A. High Definition broadcasting

B. Live transmission

C. Extensive use of recorded programs

D. International collaborations

What unique experience did the early years of PTV offer regarding news, talks, plays, and music?

A. International collaborations

B. Recorded transmissions

C. Live broadcast

D. High Definition visuals

How did PTV contribute during the September 1965 war with India?

A. By creating fictional war stories

B. By broadcasting live from the borders

C. By promoting peace talks

D. By staying neutral

What major breakthrough was achieved in 1973 in the context of TV stations in Pakistan?

A. Introduction of color transmission

B. Establishment of PTV World

C. Linking TV stations through a microwave network

D. Commencement of international collaborations

When did regular color transmission start in Pakistan?

- A. 1964
- B. 1973
- C. 1982**
- D. 1992

What significant development occurred in 1987 regarding TV in Pakistan?

- A. Introduction of PTV World
- B. Commissioning of the Federal TV Centre in Islamabad**
- C. Establishment of a second TV channel
- D. Initiation of local area transmissions

Which of the following is NOT mentioned as a PTV drama production?

- A. Alpha Bravo Charlie
- B. Tanhayian
- C. Dhoop Kinaray
- D. PTV World**

What percentage of the population did PTV-1 cover according to the information provided in 1998?

- A. 24.19%
- B. 38%
- C. 55.83%
- D. 86.48%**

Which event is specifically mentioned as a source of strength for PTV?

- A. News analysis
- B. Sporting events coverage
- C. International collaborations
- D. Drama production**

What did PTV excel in during its broadcasting, earning it distinction?

- A. News analysis
- B. Sports coverage
- C. Drama production**
- D. Talk shows

What significant contribution does PTV make to the coverage of sporting events?

- A. Live boxing broadcasts**
- B. International collaborations
- C. News analysis
- D. Promoting peace in sports

LECTURE # 34

What is considered one of the most important impressions in mass media due to television?

- A. Radio broadcasts
- B. Printed newspapers
- C. Television broadcasts**
- D. Stage performances

Which term is used to emphasize the impact of visual content on television?

- A. Verbal media
- B. Non-verbal media**
- C. Auditory media
- D. Print media

What has become an essential household entity, affecting habits and daily routines?

- A. Radio
- B. Television**
- C. Cinema
- D. Stage performances

According to the passage, what is one significant change in bed timings influenced by TV?

- A. Early to bed
- B. Late to bed**
- C. Irregular sleeping patterns
- D. Shorter sleep durations

How has TV influenced fashion, especially among young ladies?

- A. Introducing new and trendy dresses**
- B. Encouraging traditional clothing
- C. Ignoring fashion trends
- D. Promoting uniformity in dressing

In the context of cultural changes, what is the term used to describe the influence of one culture on another through TV programs?

- A. Cultural diffusion
- B. Acculturation
- C. Cultural imperialism**
- D. Cultural preservation

What is the primary factor responsible for the decline of cinema and stage as mentioned in the passage?

- A. Declining interest in entertainment
- B. High cost of cinema tickets

C. Increased popularity of TV dramas and shows

D. Lack of government support

How did radio stations respond to the challenge posed by television in the 1950s?

A. By reducing the number of programs

B. By narrowing their formats

C. By targeting a demographic subgroup of listeners

D. By eliminating rock and roll music

In the late 1960s, what advantage did Hollywood have over television producers regarding explicit content?

A. Freedom from censorship

B. High production costs

C. Limited audience reach

D. Limited availability of color televisions

What made TV movies gain popularity in the late 1960s?

A. High production costs

B. Limited availability of television

C. Their explicit content

D. Their impact, like ABC's Roots in 1977

How has the availability of the latest news on television affected newspapers?

A. Increased interest in reading newspapers

B. A surge in newspaper circulation

C. Decline in readership

D. More advertising budgets diverted to print media

What has TV dramatically changed in the political environment?

A. Frequency of public meetings

B. Leaders' interest in politics

C. The strength of political parties

D. Leaders' interaction with the masses

Which industry has experienced a significant cut in revenue due to advertising budgets being diverted to TV?

A. Cinema

B. Print media

C. Radio

D. Online media

What do politicians find more convenient in addressing the masses, as mentioned in the passage?

- A. Public meetings
- B. Social media
- C. Television**
- D. Radio broadcasts

Why do politicians and political parties show more interest in buying time on television?

- A. Higher costs for TV advertisements
- B. Easier access to the masses**
- C. Decline in the popularity of television
- D. Limited impact on public opinion

LECTURE # 35

What is emphasized as a crucial factor for success in both individuals and organizations?

- A. Management skills
- B. Public Relations (PR)**
- C. Financial strength
- D. Educational background

Who is regarded as the founder of the public relations profession according to the passage?

- A. Ivy Lee
- B. Carl Byoir
- C. Edward Bernays**
- D. Scott M. Cutlips

What was the purpose of the legendary publicity stunt orchestrated by Edward Bernays in 1929?

- A. Promoting circuses
- B. Encouraging women to smoke**

- A. Press conferences
- B. Optimized press releases
- C. Front groups**
- D. Lobbying

Which step in the public relations process involves a SWOT analysis according to Scott Cutlip, Allen Center, and Glen Broom?

- A. Planning and Programming
- B. Taking action and Communicating
- C. Evaluating The Program
- D. Defining Public Relations Problems**

What technique is employed when a politician or organization uses a phrase to shape the perception of an issue?

- A. Astroturfing
- B. Spin
- C. Managing language**
- D. Defining opponents

Which of the following is mentioned as a form of public relations in fiction?

- A. Absolutely Fabulous (1992 - 2004)
- B. Wag the Dog (1997)
- C. Both A and B**
- D. None of the above

LECTURE # 37

What is the term for advertising that is embedded in other entertainment media, such as movies, and features specific brand placements?

- a. Covert advertising**
- b. Comparative advertising
- c. Direct-mail advertising
- d. Institutional advertising

Which of the following is an example of outdoor advertising?

- a. Radio commercials
- b. Web banners
- c. Billboards**
- d. TV commercials

What is the primary advantage of radio advertising mentioned in the passage?

- a. Cost-effectiveness for small businesses
- b. Dynamic interaction with the consumer**
- c. Ability to provide in-depth information
- d. Targeting specific individual needs

In what year was the first radio commercial credited to WEA, New York?

- a. 1920
- b. 1922**
- c. 1930
- d. 1940

Which form of audio advertising media is considered the most common?

- a. Streaming audio
- b. Podcasts
- c. FM radio**
- d. Skywriting

What is the most effective mass-market advertising format, according to the passage?

- a. Radio commercial
- b. Print media advertising
- c. TV commercial**
- d. Outdoor advertising

What does the term "guerrilla promotions" refer to in advertising?

- a. Traditional print media
- b. Unusual and interactive approaches in public places**
- c. Web banners and popups
- d. Covert advertising in films

What is the main focus of comparative advertising?

- a. Promoting a product name, benefits, and possible uses
- b. Sharing advertising costs between two parties
- c. Comparing one brand directly or indirectly with competing brands**
- d. Reminding customers about a product in the mature stage of the product life cycle

Which form of advertising is used when a new product is first being introduced, emphasizing promoting the product name, benefits, and possible uses?

- a. Reminder advertising
- b. Cooperative advertising
- c. Direct-mail advertising
- d. Informational advertising**

What is the purpose of reminder advertising?

- a. To compare competing brands
- b. To promote a product in the mature stage of the product life cycle
- c. To remind customers about the product and maintain awareness**
- d. To build selective demand for a product

What is the term for advertising that focuses on promoting the benefits, concept, idea, or philosophy of a particular industry?

- a. Institutional advertising**
- b. Point-of-purchase advertising
- c. Specialty advertising
- d. Persuasive advertising

Which advertising form pertains to non-personal selling of a specific product?

- a. Point-of-purchase advertising
- b. Product advertising**
- c. Advocacy advertising
- d. Specialty advertising

What is the primary motivation for point-of-purchase advertising?

- a. To promote a product in the mature stage of the product life cycle
- b. To build selective demand for a product
- c. To increase public recognition of a company's name

- a. Continuous scheduling of advertisements
- b. Disproportionate scheduling of advertisements**
- c. Season-specific advertising
- d. Advertising during holidays

What does the "reach" of an advertising campaign refer to?

- a. The cost of the advertising campaign
- b. The percentage of the target audience exposed to the campaign**
- c. The duration of the advertising campaign
- d. The frequency of the advertising campaign

LECTURE # 39

What does media theory explain?

- a. Relationship between media and government
- b. Relationship between media and society**
- c. Relationship between media and business
- d. Relationship between media and technology

Which theory advocates for direct governmental control of the media?

- a. Libertarian Theory
- b. Social Responsibility Theory
- c. Authoritarian Theory**
- d. Soviet Theory

What is a characteristic of the Libertarian Theory?

- a. Direct governmental control of the media
- b. Competitive exposure of alternative viewpoints**
- c. Collective agitator role of the media
- d. Media ownership as a public trust

According to the Soviet Theory, what is the role of media in building communism?

- a. Journalistic autonomy
- b. Watchdog role
- c. Collective agitator, propagandist, and educator**
- d. Responsibility to society

Which theory emphasizes the responsibility of the media to society?

- a. Authoritarian Theory
- b. Libertarian Theory
- c. Soviet Theory
- d. Social Responsibility Theory**

What does the Social Responsibility Theory emphasize regarding media ownership?

- a. Private ownership
- b. Government ownership
- c. Collective ownership
- d. Media ownership as a public trust**

Which theory does not favor free expression but proposes a positive role for the media in society?

- a. Authoritarian Theory
- b. Libertarian Theory
- c. Soviet Theory**
- d. Social Responsibility Theory

What is a characteristic of the Social Responsibility Theory?

- a. Media freedom without responsibility
- b. Self-regulated media with codes of conduct and ethics**
- c. Direct governmental control of the media
- d. No accountability for journalists

In the context of media theories, what does the term "pluralistic" refer to?

- a. Multiple media organizations
- b. Diversity of society, various points of view**

- c. State control of media
- d. Lack of media independence

According to the passage, why is the debate on media theories and practices always kept open?

- a. To criticize media professionals
- b. To improve the functioning of civil society**
- c. To limit media freedom
- d. To establish state control over the media

LECTURE # 40

What characterizes New Media in mass communication?

- a. Traditional forms of media with no digital transformation
- b. Transformation by advancements in digital technology**
- c. Limited by the computer screen or speakers
- d. Only concerned with print media

How does the relationship between old and new media focus on transformations?

- a. Changes in journalistic expression
- b. Shift from print to digital formats**
- c. Establishment of literacy
- d. Dependence on technological limitations

Which of the following is classified as New Media?

- a. Newspapers
- b. Radio
- c. Web Sites including Blogs**
- d. CD/DVD

What technology forced changes in newspapers by the start of the 20th century?

- a. Radio**
- b. Television
- c. Internet
- d. CD/DVD

According to the passage, what is a characteristic of online media?

- a. Defined by their form (paper, sound, picture)
- b. Clear about their form

c. Limited by the computer screen or speakers

d. Undefined form with a category of speed

Why are blogs not considered journalism according to the passage?

a. They lack journalistic knowledge or experience

b. They require a newsroom

c. They have a clear form

d. They are not available online

How does the article describe online journalism?

a. A transformation of the old media

b. A projection of the old media with no contribution

c. A new creation with technological advancements

d. A replacement for traditional journalism

What is the main disadvantage of new media mentioned in the passage?

a. Lack of spatial or time limitations

b. Unlimited transfer speed

c. Dependence on technological limitations

d. Rapid rate of change and susceptibility to change

What is a negative result of new media advertising and marketing, as mentioned in the passage?

a. Increased customer satisfaction

b. Enhanced communication between customers and service providers

c. Difficulty in reaching new and old customers

d. Decreased cost-related concerns

According to the passage, what is a potential drawback of the use of new media for smaller businesses?

a. Increased customer satisfaction

b. Enhanced communication with consumers

c. Cost-related issues

d. Globalization of businesses

LECTURE # 41

What is the main concern about globalization mentioned in the passage?

a. Cultural representation

b. Economic expansionism

c. Financial inequality

d. All of the above

Which industry plays a critical role in facilitating overall globalization according to the passage?

a. Automotive

b. Telecommunication

c. Agriculture

d. Pharmaceuticals

What is described as an essential precondition and accompaniment to the opening up of new markets in the media industry?

a. Cultural diversity

b. Consumerism

c. Political structures

d. Social networks

What does the passage identify as the most impactful unintended side effects of media globalization?

a. Commercialization of media

b. Democratization of media

c. Cultural preparation for consumerism

d. Transformation of social, cultural, and political structures

According to the passage, what influences the globalization of media systems in the last 15 years?

a. Cultural factors

b. Historic and economic factors

c. Political factors

d. All of the above

What is the trend in global media systems according to the passage?

a. Linear development

b. Gradual media decentralization

c. Media centralization

d. Democratization of media

What do global media experts attribute the evolution of media systems to?

a. Economic interests and political structures

b. Cultural diversity

c. Technological advancements

d. Social networks

What is a potential drawback of media centralization according to the passage?

- a. Increased democracy
- b. Loss of cultural diversity**
- c. Enhanced public journalism
- d. Efficient use of resources

Which organizations are mentioned as supporting the processes in media systems globally?

- a. Universities
- b. Transnational companies (TNCs)**
- c. Non-profit organizations
- d. Local governments

What is blamed for the decline in media freedom and objectivity, according to the passage?

- a. Political structures
- b. Economic market relations**
- c. Technological advancements
- d. Cultural diversity

According to Edward S. Herman and Robert W. McChesney, what supports the processes in media systems globally?

- a. International cultural organizations
- b. Economic giants like IMF**
- c. Non-governmental organizations
- d. Regional governments

What does the passage identify as a consequence of the commercialization of media?

- a. Decreased focus on entertainment
- b. Enhanced program quality
- c. A negative effect on program quality and public opinion**
- d. Increased cultural diversity
