EDU402: CURRICULUM DEVELOPMENT **MID TERM** **PAST PAPERS**

TOPIC #2

Q1=Modern definition of curriculum

Most modern definition of curriculum shared in 1920 says that

“Curriculum is a process not a product”.

TOPIC#3

Q2=Tyler's definition of education?

Tyler (1957), “all that is planned and directed by teachers to achieve the educational goals”

TOPIC #5

Q3=Explain curriculum as a subject matter

Curriculum as a Subject Matter or Content includes the following areas of focus:

- Program of Planned Activities
- Intended Learning Outcome
- Cultural Reproduction
- Experience
- Discrete Tasks and Concepts
- Agenda for Social Reconstruction
- “Curriculum” – a Lived Experience

TOPIC #6

Q4=Curriculum as intended learning outcomes

Curriculum should focus on the intended learning outcomes – which shifts emphasis from means to ends. Intended learning outcomes are a convenient way to specify purposes. Purposes no longer remain stated in such global rhetoric as, “an appreciation for our cultural heritage.” Instead a structural series of outcomes is set forth; all activities, teaching, and environmental design serve the acquisition of specified end.

Q5=Curriculum as cultural reproduction

Curriculum in any society or culture is/ should be a reflection of that culture. Schooling is meant to reproduce salient knowledge and values for succeeding generation. The community, state, or nation takes the lead in identifying the skills, knowledge and appreciations to be taught. It is job of professional educators to see that they are transformed into curriculum that can be delivered to children and youth.

TOPIC#11

Q6=Elements of Curriculum

In narrow view of Curriculum there is content and examination. Wider view of curriculum includes aims, learning methods and subject matter sequencing. There is a sophisticated blend of:

- Educational Strategies
- course content
- learning outcomes
- educational experiences
- assessment
- educational environment besides
- the individual students' learning style
- Personal timetable and the program of work.

TOPIC#13

Q7=Descriptive type of theories

Descriptive Theory focuses upon:

‘Reality’ that can be modeled so that we know its salient features as

- Explain
- Predict and
- Control curricular activity &
- Behavior

Q8=Definition of curriculum?

“Curriculum Theory is an act of clarifying meaning and use of language or act of theorizing and reflecting.”

TOPIC#14

Q9=Curriculum History –?

Curriculum History is a process of analyzing, describing and interpreting thoughts and practices of curriculum in the past.

TOPIC#17

Q10=Functions in curriculum design

Two important functions performed in curriculum design are:

1. Analysis
2. Curriculum Creation

TOPIC#22

Q12=Definition of philosophy?

Philosophy is the:

- Starting point in any kind of decision making,
- Basis for all subsequent decisions regarding curriculum.

It helps to determine aims, selection and organization of the content implementation.

Universal statement

TOPIC#24

Q13=What is belief of Perennialism?

Perennialism is based on the belief that some ideas have lasted over centuries and are as relevant today as when they were first conceived. These ideas should be studied in schools. They believe that the ideas of history's finest thinkers are meaningful even today.

TOPIC#26

Q14=What is traditional life in community?

Transmit traditional moral values and intellectual knowledge that students need to become model citizens in community

TOPIC#30

Q15=What is Reconstructionism

Reconstructionism is about:

- Change & reform
- Rebuilding of social & cultural infrastructures

TOPIC#30

Q16=What role curricular play in community?

Curriculum emphasize to engaging students in critical analysis of the local, national & international community issues; e.g.,

- ❖ Poverty,
- ❖ Pollution,
- ❖ Unemployment,
- ❖ Crime,
- ❖ War,
- ❖ Political oppression &

❖ Hunger.

TOPIC#33

Q17=Humanistic theory?

According to humanism learning is a personal act to fulfill one's potential. It focuses on human dignity, freedom and potential. And fulfills cognitive affective needs (key to development).

Q18=Characteristic of humanism curriculum?

According to humanism learning is a personal act to fulfill one's potential. It focuses on human dignity, freedom and potential. And fulfills cognitive affective needs (key to development). Humanism develops self-actualized people in a cooperative supportive environment.

❖ **Humanistic curriculum:**

Learner centered, Needs teacher to be a facilitator

Q19=Define humanistic curriculum ?

Humanistic curriculum:

Learner centered

Needs teacher to be a facilitator

TOPIC#39

Q20=What is Explicit Curriculum/Characteristics of explicit curriculum

Explicit / written curriculum possesses defined:

- "mission" of the school,
- subjects to be taught,
- lessons to cover
- knowledge & skills

Q21=Types of curriculum?

Major types of curriculum are:

- Explicit/Overt/Written
- Implicit/Covert/Hidden
- Null
- Co-curricular/Extra- curricular

TOPIC#40

Q22=Briefly describe the Implicit Curriculum?

Implicit curriculum includes “values”& “norms” that are set by society & its culture lessons that arise from culture of school and behaviours, attitudes, & expectations that characterize that culture. It has more to do with the "where" of education than the "what“.

It includes:

- Informal & unintentional teaching of behaviours attitudes & perspectives students pick up while they are at school.

They learn to:

- form opinions and ideas about their environment & classmates
- act in 'appropriate' ways at school
- behave as is expected of them in the class or play ground

It also addresses student ideas about:

- gender,
- morals,
- social class,
- stereotypes,
- cultural expectations,
- politics &
- Language.

The attitudes & ideas are not taught formally, but students absorb & internalize them by observing & participating in activities in- & outside the classroom.

Q23=Define implicit curriculum?

Implicit curriculum includes “values” & “norms” that are set by society & its culture lessons that arise from culture of school and behaviors, attitudes, & expectations that characterize that culture. It has more to do with the "where" of education than the "what“

TOPIC#44

Q24=Joseph Schwab curriculum planning

Schwab’s consideration of curriculum planning is an interaction among various elements or common-places:

- Teachers,
- Learners,
- Subject, &
- Milieu

TOPIC#45

Q25=Names of Doll’s classifications names? –

William Doll (1993) defined following curricular paradigms:

- Pre-Modern
- Modern
- Postmodern

Q26=Pre Modern Paradigm ?

Pre-Modern Paradigm sets forth:

- An ideal of order
- Symmetry
- Balance &

- Harmony.

Topic #50

Q27=Primitive society -

- Family influence upon conduct & modes of thinking
- Informal learning by interacting with adults in daily activities

Q28= what are characteristics of the literate society?

- Instruction in group ways becomes partly a specialized process
- School is created with the responsibility for teaching certain things.

TOPIC#51

Q29=what curriculum of society reflect?

A sequence of potential experiences is set up in the school for the purpose of disciplining children & youth in group ways of thinking and acting. This set of experiences is referred to as the “curriculum”

Curriculum is always, in every society, a reflection of what people:

- ❖ Think
- ❖ Feel
- ❖ believe &
- ❖ do(handouts)

The curriculum of a society reflects the values, beliefs, and priorities of that society. It is developed taking into consideration the political, economic, social, and cultural factors that shape the society. The curriculum of a society is a reflection of what that society deems important in terms of the knowledge, skills, and values that its citizens should possess.(internet)

TOPIC #53

Q30=Difference b/w society and culture

Society is a group of organized individuals who think of themselves as a distinct Group. A society is composed of people.

A culture consists of the things the people have learned to: do, believe, value, Enjoy & so on in the course of their history.

(Society & culture are not identical)

TOPIC#56

Q31=What are Specialties in culture?

Specialties of people belonging to group of individuals who occupy various social positions, specialties contain a relatively large portion of the cultural elements.

TOPIC#57

Q32=Alternatives of cultures ?

Certain cultural elements belong among neither the universals nor the specialties - these elements are exercised by the people by choice. The elements consist of ways of thinking & doing that depart from commonly accepted ideas or practices.

Q33=How do alternative enter into a culture?

- By invention in the society
- Diffusion from other cultures

Q34=What are alternatives?

Certain cultural elements belong among neither the universals nor the specialties - these elements are exercised by the people by choice. The elements consist of ways of thinking & doing that depart from commonly accepted ideas or practices

TOPIC #59

Q35=Difference between Cultural core & individual

An individual largely gains his/her:

- personal stability & emotional security

A person finds his deepest sentiments & his most cherished objects of allegiance & faith in cultural core.

Q36=What is cultural core? -

Cultural Core consists of central body of elements, i.e., Universals & Specialties.

It refers to:

- Fundamental rules
- Knowledge &
- Skills

TOPIC# 61

Q37=Write a note on common education?

In every culture it will be/ is based on the:

- Universal elements of the culture
- Aspects of the specialties that are of general concern.

Q38=What is the focus of the Special Education?

It will be/ is based on the:

- Dominant specialties of the culture

Q39=Characteristics of common education curriculum ?

Common Education will be/ is based on the:

- Universal elements of the culture
- Aspects of the specialties that are of general concern.

TOPIC# 62

Q40=Common education curriculum

It is concerned with the problem of maintaining the society as a closely knit & well integrated unit

TOPIC#63

Q41=Note vocational education

Vocational education or skill based education are in certain disciplines which enables students to acquire skills. Vocational education is education that prepares people to work in a trade, a craft, as a technician, or in support roles in professions such as engineering, accountancy, nursing, medicine, architecture, or assistant of lawyer/doctor.

Topic#65

Q42=What are the effects of Science & Technology on social n educational aspects of life?

Educational problems arise due to these changing scenarios, which are faced by teaching profession. Advancement of science & technology has resulted in general problem of cultural reintegration. The issue of re-integration of culture is the root cause of major curriculum problems.

TOPIC#69

Q43=How people live urban life?

Urban life is less & less shaped by the community & more and more shaped by his occupation & other specialized activities.

TOPIC#71

Q44=The community is:?

- The kind of family into which he will marry, etc.

Q45=How to determine a social position of a person? ?

- Who will be his friends & associates?
- The kind of job he will hold
- Where he will live in

TOPIC#72

Q46=Laments of special pattern of culture

Each individual takes on elements of special pattern of culture characterizing his social class

TOPIC#73

Q47=What is the basis of family?

The pattern of the family is always shaped by the total cultural pattern. In a family place of the woman, the way children are treated and several other characteristics in a given time and place go back to the spirit, ideals and behaviour pattern of culture all are included. Stern discipline of society is expected to be practiced by the family over its members.

TOPIC#75

Q48=Urban Family?

The work is no longer done in common. Urban family is not a producing unit; it is a consuming unit (mostly). Father's work place away from home. Mother is also employed outside the home (mostly) or confined to keeping of house and preparing meals. Children have few responsibilities except for assisting mothers. Domestic conveniences and labour saving devices this responsibility is reduced in many families almost to vanishing point.

Topic#79

Q49=Role of objectives in curriculum development

These become criteria for the selection of the materials, identification of content, development of the methods of teaching and preparation of tests and exams. All these aspects of educational programs are means to achieve basic educational purposes

TOPIC#80

Q50=What is needed for making value judgements?/What is value judgment ,its important in making curriculum.

Comprehensive philosophy of education and some kind of knowledge and information that

Provides a strong basis for applying the philosophy to make decisions about objectives.

The role of scientific investigation in gathering information and knowledge to decide educational objectives is very important.

TOPIC#84

Q51=Psychological perspective of “need” /What is psychological need.

According to Prescott and Murray – human being is a dynamic organism, an energy system normally in equilibrium between internal forces (produced by the energy of oxidation of food) and the external conditions. The system remains in equilibrium as long as certain needs are met or fulfilled. Disequilibrium is a result of certain tensions. Human being is continuously meeting its needs relieving the forces which cause imbalance. Education is required to channel the means by which these needs are met. It produces socially acceptable behaviour.

Q52=Prescott needs (physical - social - integrative) / Classification of needs according to “Prescott” ?

Physical

Need for food, water, activities etc.

Social

Need for affection, belonging, status, respect from social group

Integrative

Need to relate one's self to something larger and beyond one's self.

Need for a philosophy of life.

Q53=What is the definition of integrative need?

Integrative Need to relate one's self to something larger and beyond one's self.

Q54=What is an integrative need?

Need to relate one's self to something larger and beyond one's self.

Need for a philosophy of life

TOPIC#86

Q56=Why Needs of learner are sources of educational objectives ?

Reasons:

- Children enjoy a great deal of educational development from interaction in the: home & community
- School does not need to duplicate the these educational experiences
- School should focus its efforts to fill the gaps in the present development of students

TOPIC#87

Q57=Process of Investigation ?

Studies of children's:

- Practices
- Knowledge & ideas
- Attitudes
- Interests etc.

TOPIC#91

Q58=Social investigation methods ?

1. Observation by the teacher
2. Student interview
3. Parent interview

4. Questionnaire

5. Interest questionnaire

6. Test

7. Examination of community records

8. Participation of teachers

9. Participation of students

Q59=Student interview ?

Methods for Studying Learners, Methods of social investigations

TOPIC #92

Q60=Methods for students learning

Observation by the teacher

Student interview

Parent interview

Questionnaire

Interest

Test

Community Records

Examination of school record

Teachers/ staff Participation

Student Participation

Q61= What is community record?

- Child mortality,

- Frequency of occurrence of any disease with reference to health condition,

- Various types of social data by community etc.

Q62=What kind of information provided through the 'Student interview' in social investigation?

- Time consuming

- Student sample

It provides informal data about:

- how they feel about things
- their attitude
- their interest &
- Philosophy of life etc

Q63=What difficulties are teachers faced in various kind of comprehensive investigations?

House survey to gather data for various kind of comprehensive investigation

TOPIC#93

Q64=Define data?

- Information collected in an investigation

- Information collected by using different types of sources or instruments/ tools

Q65=How can we infer objectives from investigation?

Studying the data for implication

- ☐ Comparing data with standards
- ☐ Obtaining suggestions about possible needs, a school can meet.

TOPIC# 96

Q66=what is contemporary life (CL)?

- Advanced
- Modern

- Up to date
- Existing

Q67=What are alternative in culture

what industrial evolution is?

- Increased body of knowledge
- Schools were expected to teach all the knowledge
- School faced to difficulties to fulfil this demand

TOPIC#104

Q68=Hands on experience –

- Select an aspect, “your civic life”
- Collect sample information of different types
- Use your memory & experience
- List the activities you are engaged in as a citizen
- List problems you faced as a citizen
- Analyze the information/data & interpret it

TOPIC#108

Q69=Procedure to Study a Community

- Select a familiar community
- Prepare a list of kind of studies, already available about CL
- Outline the kind of studies needs to be conducted for the school
- Outline the particular information a
- Suggest ways for collection the information
- Consider kinds of interpretations that can be made of it

TOPIC#109

Q70=Why seek suggestions from SS? / Important Facts about SS -

- Most commonly used source of objectives
- Text books writers
- Share their reflections actively & openly
- Plan course of studies for schools
- Propose objectives that schools should attain

Q71=Define Subject specialist?

A person who devote himself or herself to one subject or to particular branch of a subject or pursuit.

Q72=Critics of subject specialist?

SS – a source of objectives-Criticism

Objectives propose are:

- Too technical
- Too specialized
- Inappropriate for large number of students

TOPIC#111

Q73=what kind of suggestions can be drawn from the reports?

Two types of suggestions:

- 1: broad function of a particular subject that it can serve.
- 2: particular contribution that subject can make to other large functions which are not primarily functions of the subject concerned.

TOPIC#125

Q74=Why psychology of learning is important

It is useful:

1. Different levels (lower, higher)
2. Grade placement
3. Conditions requisite for learning

Q75=Highest level of learning for students?

It enables us to distinguish goals that are:

- o feasible /realistic from those that are:
- o likely to take more time or
- o impossible to attain at an age level considered

TOPIC#130

Q76=Ways of stating objectives

Objectives as Activities to be done by Teachers

Objectives as Topics, Concepts, Content or Generalizations

Objectives as Generalized Patterns of Behaviors

Objectives with Intended Behavior & Area of Application

TOPIC#134

Q77=Two dimensional graphic charts?

Two dimensional charts are useful:

- To select the learning experience
- Achieve intended behaviors
- Learn content/concept

Topic#148

Q78=What is an attitude?

In psychology, an attitude is an expression of favor or disfavor toward a person, place, thing, or event. A tendency to react even though the reaction does not actually takes place

TOPIC#174

Q79=What is a source plan?

Preliminary flexible plans for teaching

TOPIC#183

Q80=Follow-up studies?

Follow-ups are conducted to get further evidence of performance and impermanence of learning, when they were in schools; it is a desirable part of any evaluation program.

TOPIC#198

Q81=Why the judgement is are used to development of curriculum?

For an increasingly effective educational program rather than following a hit and miss judgement for curriculum development. / Purpose is to improve student learning

TOPIC#214

Q82=Domains of taxonomy

- i. Cognitive
- ii. Affective
- iii. Psychomotor

TOPIC#216

Q83=Curriculum Designs

Subject centered: Discipline Based Curriculum Design

Student: learner centered

Q84=Why subject specialist hired to design curriculum?

Focuses upon: • A separate subject orientation,

• No integration of information or shared skills with other curriculum areas

Topic#190

Q84=If a situation is difficult to handle, what is task for handle evaluation ?

Try finding other simpler situation, with high correlation with the results obtained when the situation is used, which directly evokes the kind of behaviour to be appraised.

Q85=Are all situations under control and accessible to evaluators to look for desired change in student learning?

No – there are problems

Q86=What difficulties are teacher faced in various kind of comprehensive investigation?

Teachers face with three strategies:

1. active learning
2. inquiry learning
3. and service learning

Q87=What are objectives of curriculum that school use to enable children to change society

Offering an innovative curriculum developed with the aspirations and interests of the student at the change society. Making effective use of ICT and new technologies to motivate and inspire students.

Q89=Awareness of social curriculum

Social curriculum is a means to teach students how to interact and empathize with one another. It is how to ensure students feel good about themselves and their relationships. When students learn a social curriculum they are socially aware and emotionally intelligent. They understand their emotions as well as the emotions of others.

Q90=Method of observation as an investigation

Investigation is the step by step inquiry, it is a technique which is managed properly, in investigation includes test, examination, interview, records and evidence but an observation is something you notice with your senses, there is no need of test examination, interview, records and evidence. Observation is the first step of investigation.

Q91=Curriculum Aims?

- ☐ All students know what they need to achieve to succeed in life
- ☐ Staff and students have high expectations and strive for excellence
- ☐ Learning and teaching takes place in a safe and purposeful environment
- ☐ Students are encouraged to have enquiring minds and seek opportunities to become global citizens
- ☐ Staff challenge and support students' paths to success

Q92=Curriculum Objectives?

- ☐ Creative and flexible approaches to learning and teaching
- ☐ Offering an innovative curriculum developed with the aspirations and interests of the student at the centre
- ☐ Making effective use of ICT and new technologies to motivate and inspire students
- ☐ Nurturing close partnerships with local and international organizations, giving students a wide range of opportunities to experience the world of work

Q93=Example of objective curriculum?

Curriculum Objectives:

Creative and flexible approaches to learning and teaching

Offering an innovative curriculum developed with the aspirations and interests of the student at the centre.

Making effective use of ICT and new technologies to motivate and inspire students

Q94=Two types of organization:?

There are two types of organizations:

- Logical and
- Psychological

Q95=Why psychology is important in learning?

Psychology is important in educational because it trains teachers to watch for different learning situations, and how to adapt to those situations accordingly. By studying the ability, interests, intelligence and needs of students, teachers are able to adapt material to improve the learning experience and process.

Q96=Integration?

Integration is the act of bringing together smaller components into a single system that functions as one. Integration can be used to find areas, volumes, central points and many useful things.

Q97=Brief note on core curriculum?

Core curriculum is a set of educational goals, explicitly taught (and not taught), focused on making sure that all students involved learn certain material tied to a specific age or grade level. A set of courses that are considered basic and essential for future class work and graduation, Math, science, English, history and geography are an example of core curriculum in a school.

Q98=Integrated curriculum ?is a student-centered approach to teaching. In teaching with an interdisciplinary approach, students are often given a choice, making the subject inherently more meaningful.

Q99=How the community effect individual learning?

A learning community is a group of people who share common academic goals and attitudes, ... Ineffect, they are participating in learning communities

Q100=Community view of curriculum development?

Curriculum is a key element in the educational process. Process of curriculum development is essential for successful achieving educational goals. Broader concept of curriculum describes it as a sophisticated blend.

Q101=Role of investigation in curriculum development

The teacher's role is to connect the particulars of her classroom and students to the investigations presented by the curriculum.

Q102=Write down the two functions of traditional curriculum?**Separate subject matter**

Teacher as distributor of knowledge Accent on competition practice and rote External rewards and punishments used Emphasis on individual teaching Concerned with academic standards

Regular testing

Little emphasis on creative expression

Q103=What are objectives of curriculum that schools use to enable children to change society?**OBJECTIVES OF CURRICULUM**

- Should match the age capacity and attitude of the student.
- Should have the balance between all subjects.

- Each and every subject should be taught establishing the link with other branches of knowledge
- The base of Islamic education should be divine like Quran and Sunnah

Q104=What are the benefits of curriculum?

- It Focuses Attention On Goal.
- It Improves the Probability of Success.
- It Improves economy of Time and efforts.
- It Facilitates Communication And Coordination of Projects.
- It Reduces Stress.

Q105=What are democratic values?

1. Allow children to make important decisions that affect the whole group
2. Encourage children to address real challenges by problem solving and negotiating
3. Teach children to respect uniqueness and appreciate diversity
4. Assist children in assuming responsibility for the classroom environment
5. Respect children's right to decide how they want to spend their time and with whom
6. Encourage children to try to do things independently even if they may have difficulty
7. Teach children that others also have right

Q106=How teachers learning are important in planning curriculum?

Teaching and learning give life and meaning to curriculum. Each complement and supplement each other. The value placed in teaching will reap the same value in learning thus a good curriculum can be judged by the kind of teaching quality of learning derived from it.

Q107=Top-down & Bottom-up processing

Bottom-Up Processing Externally Based Involves the listener playing close attention to every detail of the language input.	top-Down Processing Internally Based Involves the listener's ability to bring prior information to bear on the task of understanding the 'heard' language.
---	---

Hamara woh waqt zaya nai hota,
Jis waqt hum doosro ki khushi ki wajah
bante hain
