

ENG506

Mid-Term

ABSTRACT

This comprehensive collection of notes is accurately crafted to empower students to excel academically, ensuring they achieve a minimum of 80% marks in their examinations. The content is organized with clarity and precision, focusing on key concepts, critical analyses, and practical applications tailored to the syllabus. These notes serve as a reliable resource for both thorough preparation and last-minute revision. Designed to inspire confidence and mastery, this guide is an essential tool for students striving for academic excellence.

Q. Definitions and Key Terms

1. **ESL** – *English as a Second Language*
2. **ENL** – *English as a Native Language*
3. **EFL** – *English as a Foreign Language*

Q. Countable noun – A noun that can be counted (e.g., apple/apples).

Q. Creolization & Pidginization:

- *Pidginization*: A simplified contact language between groups with no common language.
- *Creolization*: When a pidgin becomes the **first/native language** of a community.

Q. Creole Continuum – Range from basilect (least like standard) to acrolect (most like standard) with mesolect in between.

Q. Acrolect and Basilect:

- **Acrolect**: High variety, close to standard English.
- **Basilect**: Low variety, farthest from standard English.

Q. Nativization (definition) – The process of adapting English to reflect local language, culture, and identity.

Q. Linguistic Complacency – 3 reasons

- Assumption Standard English is superior
- Refusal to learn local variants
- Rejection of bilingualism

Q. Three Variations of Language

- **Regional**
- **Ethnic**
- **Social**

Q. Redundancy and Repetition (with 3 examples)

- *Redundancy*: Repetition of same idea unnecessarily.
Examples:

- “Free gift”
- “Advance planning”
- “End result”

Q. Four Steps Pidgin → Creole

1. Stabilization
2. Expansion
3. Nativization
4. Full creolization

Q. Four Changes in Creolization

1. Expanded vocabulary
2. Tense development
3. Complex sentence structures
4. Morphological enrichment

Q. Three Points of View about Pidgin

- Seen as broken/inferior
- Viewed as simplified forms
- Recognized as functional communication systems

Q. Three Features of Pidgin Lexis

- Reduplication (e.g., *toktok* for chatter)
- Simplified morphology
- Borrowing from dominant languages

Q. Two Points of Pidgin Lexis

- Reduplication for intensity
- Coding of relationships using “bilong” (e.g., *papa bilong me*)

Q. Recreolization – Speakers reassert their creole variety to express **ethnic identity**

Q. Outer Circle Countries (examples)

- India

- Pakistan
- Nigeria
- Singapore
- Philippines

Q. Three Contexts Where English is Official in Outer Circle

- Government
- Legal system
- Education

Q. Countries Using English as Official Language (Outer Circle)

- Pakistan
- India
- Nigeria
- Kenya
- Sri Lanka

Q. Uses of English in South Africa

- Interpersonal
- Governmental (instrumental)
- Education and law
- Media & innovation

Q. Use of English in South America

Not dominant but used for **diplomacy**, **trade**, and **education** in global contexts

Q. Spread of English in Australia – Key Points

- Colonized in 1788
- Population grew from 400,000 to over 24 million by 2016
- Influenced by **London cockney**, **Irish**, **Aboriginal**, and **American English**

Q. Raja Rao's View on English

- Indians must learn to “think in English” in a way that suits Indian experience and culture

Compilation

Q. Contact Literature – Literature emerging from colonial/postcolonial contact involving hybrid use of English and local languages

Q. Two Dimensions of Literature

- **Linguistic**
- **Cultural/Political**

Q. Three Products After Codification

- Dictionaries
- Grammar books
- Spelling systems

Q. Do You Think Standardization is a Social Dialect? Why?

Yes. It reflects the **power dynamics** in society and enforces a “correct” form based on **prestigious dialects**, often marginalizing other varieties

Q. Four Stages of Standardization (with 2 explained)

1. Selection
2. Codification
3. Elaboration
4. Acceptance

Explained:

- **Codification:** Development of dictionaries/grammars.
- **Elaboration:** Expanding vocabulary for all domains

Q. Traditional Classification of English

- ENL: Native
- ESL: Second
- EFL: Foreign

Q. Kachru's Three Circles

- **Inner Circle:** Native users (USA, UK)
- **Outer Circle:** Institutionalized ESL (India, Pakistan)
- **Expanding Circle:** EFL contexts (China, Russia)

Q. What is a Global Language?

A language widely used across nations for communication in business, education, science, diplomacy, etc. English is a prime example

Q. Note on Global Language

English spread due to colonization, economic power (USA, UK), and international organizations (UN, WHO) adopting it as the working language

Q. Language Death – 5 Causes

1. Colonialism
2. Urbanization
3. Globalization
4. Economic dominance
5. Lack of institutional support

Q. Status of English in Europe

- Not a native language for most
- Used as **second/foreign** language
- Widely adopted for higher education, business, EU communication

Q. Three Points Ignored by David Crystal (Assumed)

criticisms usually include:

- Over-focus on English's success
- Ignoring minority languages
- Underestimating loss of linguistic diversity

Q. Link to Intelligibility – Two Works

1. Reducing accent bias
2. Teaching pronunciation suited for **international communication**, not just native norms

Q. Difference between *new Englishes* and *New Englishes*

- **‘new’ Englishes:** From the **first diaspora**, including USA, Canada, Australia, New Zealand, and South Africa; developed independently from British English.

Compilation

- **‘New’ Englishes:** From the **second diaspora**, used as **second languages** in places like Pakistan, India, Nigeria, Singapore.

Q. Names of 3 Business Giants of USA

- **John D. Rockefeller**
- **William Randolph Hearst**
- **John Pierpont Morgan.**

Q. Doubts About Varieties of English

- Mistrust of non-standard forms.
- Misconception that only *Standard English* is valid.
- Variants like Irish, American, and newer forms are undervalued.
- Raja Rao: English in India must develop its own dialect just like Irish or American English.

Q. Australian English — Key Points

- Three varieties: **Broad, General, Cultivated**
- Lexical features: *Barbie* (barbecue), *arvo* (afternoon), etc.
- **Aboriginal AusE** differs in phonology (e.g., “father” → “pata”), syntax, discourse style.
- Sociolinguistic factors: Class, age, and gender affect use.

Q. 5 Countries That Use English as Primary Language (Inner Circle)

- USA
- UK
- Canada
- Australia
- New Zealand.

Q. Linguistic Complacency – 3 Causes

1. False assumption that Standard English is sufficient.
2. Belief that all learners should conform to native norms.
3. Resistance to accepting local/new English varieties.

Q. Three Contexts of English Use in Outer Circle

1. **Government**
2. **Education**
3. **Legal/Administrative domains.**

Q. Four Steps to Change Pidgin into Creole

1. **Stabilization**
2. **Expansion**
3. **Nativization**
4. **Creolization.**

Q. Three Products Created After Codification

1. **Dictionaries**
2. **Grammars**
3. **Spelling rules/Orthographies.**

Q. Abbreviations:

- **ESL:** English as a Second Language
- **ENL:** English as a Native Language
- **EFL:** English as a Foreign Language.

Q. Three Variations of Language

1. **Regional**
2. **Ethnic**
3. **Social.**

Q. Outer Circle Country Names

- India
- Pakistan
- Nigeria
- Singapore
- Philippines.

Q. Language Death – Causes

1. Colonization
2. Globalization

3. Dominance of world languages
4. Political oppression
5. Lack of institutional support.

Q. Two Features of Outer Circle English

1. Used in multiple domains (govt., education)
2. Co-exists with local languages.

Q. Two Codification Aspects in Outer Circle

1. **Development of local grammars and dictionaries**
2. **Formal teaching and curriculum inclusion.**

Q. Briefly Discuss Global Language

A **global language** is one that enables **international communication** across business, science, and education; English achieved this due to political, economic, and technological power.

Q. Two Dimensions of Literature

1. **Linguistic** (syntax, lexicon, grammar)
2. **Cultural** (values, beliefs, experiences).

Q. Three Features of Pidgin Lexis

1. Simplicity of vocabulary
2. Borrowing from local languages
3. Lack of inflection/morphology.
