

EDU402 FINAL
PAPER SEP(2022)
TANVEER ABBAS
B.ED FIRST
SMSTR
03062987511

 Short Question 2 marks

- 1: Cognitive domain of taxonomy of objective
- 2: importance of two dimensional analysis of objective
- 3: Source plan
- 4: Attitude

 Short Question 3 marks

- 1: importance of formulation objective of curriculum process
- 2: Meaning of planning as process in operationalizing curriculum development
- 3: Benefits of analysis of results
- 4: Criteria against what we can change our learning experience

Long Question 5 marks

- 1: according to Taylor method in process of curriculum development .
- 2: How teacher manage diversity among the students in the classroom.
- 3: brief note in developing evaluation instrument

- 2) what is Operationalizing in the Curriculum Development Process?
- 3) what is source planning in curriculum?
- 4) what is the Using of the Results of Evaluation?
- 5) Recording evidence important in analysis?
- 6) Defining objectives
- 7) What is an attitude?
- 8) Continuity in organizing LEs?

Long question

- 9) describe behavioral learning theory?
- 10) Attitude
- 11) define source unit Planning?
- 12) what is the learning experience in developing evaluation?
- 13) what is Instructional Objective of evaluation?

McQ 4/5 form mid term and 80% from Final team.

Subject/Teacher centered Curriculum included on facts or concepts

- Curriculum development process to decide what to teach
- There are three levels of Structural Elements in organization
- Inductive, ~~deductive~~ and logical thinking
- Attitudes are important as have influence on behavior and values
- Breadth can indicated by number to show --

Curriculum reconstruction require faculty

- There are three Characteristics of E Instrument

Competencies among Teachers

Teacher/Admin ~~photo~~ formulate philosophy of educator

- Objectivity Characteristics of E Instrument

Written examinations are example of Keep the record

- we check our LE against Objectives

Expectation has desired reaction & range of post

- Hypotheses alternative solution to problem

MUHAMMAD IMRAN **EDU402 Curriculum Development**
PAST SOLVED PAPERS **FINAL TERM**

Q1. Integrated curriculum design

An integrated curriculum is described as one that connects different areas of study by cutting across subject-matter lines and emphasizing unifying concepts. Integration focuses on making connections for students, allowing them to engage in relevant, meaningful activities that can be connected to real life. Understanding the benefits and how to effectively integrate curriculum can help teachers and students become more

2 affective domain of Bloom
taxonomy

3 how teachers manage
students diversity in class

4 four notions

5 Instructional evaluation

I forget others... Paper was
normal not too much easy or
difficult but mid term course
create disturbance....

Today Edu 402 questions
affective domain
