- a) Himalayas
- b) Alps
- c) Andes
- d) Rocky Mountains

Answer: a) Himalayas

Explanation: The Himalayan mountain range includes some of the highest peaks like K2 and Nanga Parbat.

5. Which region of Pakistan experiences extremely hot temperatures in summer and cold and dry temperatures in winter?

- a) Coastal regions
- b) Northern mountains
- c) Baluchistan Plateau
- d) Indus Plains

Answer: d) Indus Plains

Explanation: The Indus Plains experience extremely hot temperatures in summer and cold and dry temperatures in winter.

6. During which season does the main rainy season, known as Monsoon, occur in Pakistan?

- a) Spring
- b) Autumn
- c) Winter
- d) Summer

Answer: d) Summer

Explanation: The main rainy season, known as Monsoon, occurs during the summer in Pakistan.

7. What is the estimated population of Pakistan in 2006?

- a) Over 130 million
- b) Over 150 million
- c) Over 160 million
- d) Over 180 million

Answer: c) Over 160 million

Explanation: The estimated population of Pakistan in 2006 is over 160 million.

8. Which region of Pakistan has the lowest literacy rate, particularly among women?

- a) Punjab
- b) Sindh
- c) Baluchistan
- d) NWFP

Answer: c) Baluchistan

Explanation: Baluchistan has the lowest literacy rate, particularly among women.

9. Which country shares the longest border with Pakistan, about 1200 miles in length?

- a) China
- b) Afghanistan

PAK 301 FINAL Preparation 2023 / Get 100/100 Marks

c) Iran

d) India

Answer: b) Afghanistan

Explanation: Afghanistan shares the longest border with Pakistan, about 1200 miles in length.

10. What is the name of the border drawn between Pakistan and Afghanistan in 1893?

a) Silk Route

b) Durand Line

c) Indus Line

d) Kabul Line

Answer: b) Durand Line

Explanation: The border drawn between Pakistan and Afghanistan in 1893 is known as the Durand Line.

11. Which major water body lies to the south of Pakistan's coastline?

a) Indian Ocean

b) Pacific Ocean

c) Atlantic Ocean

d) Arabian Sea

Answer: d) Arabian Sea

Explanation: The Arabian Sea lies to the south of Pakistan's coastline.

12. Why is Pakistan considered a strategically important region for global powers?

a) For its vast oil resources

b) For its advanced technology

c) For its geographical location

d) For its strong military power

Answer: c) For its geographical location

Explanation: Pakistan is considered strategically important due to its geographical location.

13. What economic cooperation is being planned to pass through Pakistan, involving pipelines of oil and gas?

a) Trans-Atlantic Pipeline

b) Silk Route Pipeline

c) Central Asia-South Asia Pipeline (CASA-1000)

d) Pakistan-China Economic Corridor

Answer: c) Central Asia-South Asia Pipeline (CASA-1000)

Explanation: The Central Asia-South Asia Pipeline (CASA-1000) involves pipelines of oil and gas passing through Pakistan.

14. Which part of Pakistan shares its border with China's Northern Areas?

a) Baluchistan

b) Punjab

c) NWFP

d) Sindh

Answer: c) NWFP

Explanation: The Northern Areas of Pakistan share a border with China.

15. What is the geographic latitude range within which Pakistan is located?

a) 0-23 degrees North

b) 24-37 degrees North

c) 38-45 degrees North

d) 46-60 degrees North

Answer: b) 24-37 degrees North

Explanation: Pakistan is located between 24-37 degrees North latitude.

16. Which region of Pakistan is characterized by dry mountains and little rainfall?

a) Indus Plains

b) Northern Mountains

c) Baluchistan Plateau

d) Potohar Plateau

Answer: c) Baluchistan Plateau

Explanation: The Baluchistan Plateau is characterized by dry mountains and little rainfall.

17. Which season is characterized by mild temperatures in North and Northwest Pakistan's mountains?

a) Summer

b) Winter

c) Spring

PAK 301 FINAL Preparation 2023 / Get 100/100 Marks

d) Autumn

Answer: b) Winter

Explanation: North and Northwest Pakistan's mountains are extremely cold in winter but mild in summer.

18. What percentage of Pakistan's population is under the age of 21?

a) Less than 10 percent

b) Around 30 percent

c) Over 50 percent

d) Around 70 percent

Answer: c) Over 50 percent

Explanation: More than 50 percent of Pakistan's population is under the age of 21.

19. Which province has the highest population percentage in Pakistan?

a) Baluchistan

b) NWFP

c) Punjab

d) Sindh

Answer: c) Punjab

Explanation: Punjab has the highest population percentage in Pakistan.

20. Why is the 8th amendment important in Pakistan's context?

a) It defines Pakistan's boundaries

b) It outlines Pakistan's foreign policy

c) It establishes the provincial population distribution

d) It relates to the dismissal of civilian governments

Answer: d) It relates to the dismissal of civilian governments

Explanation: The 8th amendment is important as it outlines the process of dismissing civilian governments.

LECTURE # 25

1. What are the resources endowed by nature to a country and its people called?

a) Human resources

b) Artificial resources

c) National resources

d) Renewable resources

Answer: c) National resources

Explanation: Resources endowed by nature to a country and its people are called national resources.

2. Which mineral resource is used primarily in the steel industry and is mostly imported due to limited local deposits?

a) Gypsum

b) Coal

c) Iron ore

d) Chromite

Answer: c) Iron ore

Explanation: Iron ore is used in the steel industry and is mostly imported due to limited local deposits.

3. Which river is the most important one in Pakistan's river system and plays a vital role in irrigation and power generation?

a) Ganges

b) Nile

c) Indus

d) Yangtze

Answer: c) Indus

Explanation: The Indus River is the most important one in Pakistan's river system, supporting irrigation and power generation through dams and canals.

4. What percentage of Pakistan's total area is covered by forests?

a) Around 10%

b) Around 20%

c) Around 25%

d) Around 5%

Answer: d) Around 5%

Explanation: Only about 4 to 5 percent of Pakistan's total area is covered by forests.

5. Which of the following is NOT an advantage of forests?

a) Providing beauty and fresh air

PAK 301 FINAL Preparation 2023 / Get 100/100 Marks

- b) Slowing down melting of snow to prevent floods
- c) Reducing windstorms
- d) Causing air pollution

Answer: d) Causing air pollution

Explanation: Forests provide beauty, fresh air, and help slow down the melting of snow to prevent floods. They do not cause air pollution.

6. What does animal husbandry refer to?

- a) Breeding of plants
- b) Breeding of animals
- c) Management of forests
- d) Management of water resources

Answer: b) Breeding of animals

Explanation: Animal husbandry refers to the breeding and care of animals, particularly for agricultural and economic purposes.

7. Which sector of Pakistan's population is primarily engaged in farming or agro-based activities?

- a) Over 70%
- b) Over 50%
- c) Around 30%
- d) Around 10%

Answer: a) Over 70%

Explanation: More than 70% of Pakistan's population is directly engaged in farming or agro-based activities.

8. Which two major crop seasons are observed in Pakistan?

- a) Spring and Summer
- b) Summer and Winter
- c) Autumn and Spring
- d) Rabi and Kharif

Answer: d) Rabi and Kharif

Explanation: The two major crop seasons in Pakistan are Rabi (winter) and Kharif (summer).

9. What is the share of agriculture in Pakistan's GDP?

- a) Around 10%
- b) Around 20%
- c) Around 30%
- d) Around 26%

Answer: d) Around 26%

Explanation: The share of agriculture in Pakistan's GDP is around 26%.

10. What are the main crops yielded during the Rabi season in Pakistan?

- a) Rice, Cotton, Sugar Cane
- b) Wheat, Gram, Oil seeds
- c) Sugarcane, Cotton, Rice
- d) Maize, Mustard, Tobacco

Answer: b) Wheat, Gram, Oil seeds

Explanation: The main crops yielded during the Rabi season in Pakistan are Wheat, Gram, and Oil seeds.

11. What is one of the key problems in Pakistan's agriculture that is caused by outdated modes of cultivation?

- a) Crop diseases
- b) Lack of water resources
- c) Water logging
- d) Low per acre yield

Answer: d) Low per acre yield

Explanation: Outdated modes of cultivation contribute to low per acre yield in Pakistan's agriculture.

12. What is the primary purpose of land reforms introduced in Pakistan's agriculture?

- a) Increase land holding
- b) Strengthen tenants' position
- c) Reduce agricultural output
- d) Promote urbanization

Answer: b) Strengthen tenants' position

Explanation: Land reforms in Pakistan aim to strengthen the position of tenants and improve their conditions.

PAK 301 FINAL Preparation 2023 / Get 100/100 Marks

13. What is the major problem caused by water logging and salinity in Pakistan's agricultural lands?

- a) Excess of water
- b) Shortage of water
- c) Crop diseases
- d) Soil erosion

Answer: a) Excess of water

Explanation: Water logging and salinity result in an excess of water in agricultural lands, leading to reduced productivity.

14. What is the most important water-related problem in Pakistan's agriculture?

- a) Excess of water
- b) Shortage of water
- c) Water pollution
- d) Water logging

Answer: b) Shortage of water

Explanation: Shortage of water is a significant water-related problem in Pakistan's agriculture.

15. What is the main focus of Pakistan's efforts in agricultural development through research and education?

- a) Promoting deforestation
- b) Enhancing urbanization
- c) Improving water management
- d) Increasing crop yield and technology adoption

Answer: d) Increasing crop yield and technology adoption

Explanation: Pakistan's efforts in agricultural development focus on increasing crop yield and adopting modern technology through research and education.

16. What is the primary source of energy generated from agriculture in Pakistan?

- a) Fossil fuels
- b) Wind energy
- c) Hydroelectric power
- d) Solar energy

Answer: c) Hydroelectric power

Explanation: Hydroelectric power generated from water resources is a primary source of energy in Pakistan's agriculture.

17. Which sector contributes the most to Pakistan's GDP?

- a) Manufacturing
- b) Services
- c) Agriculture
- d) Technology

Answer: c) Agriculture

Explanation: The agriculture sector contributes the most to Pakistan's GDP.

18. What is the main factor responsible for low prices of agricultural produce in the market?

- a) High quality seeds
- b) High production costs
- c) Efficient marketing systems
- d) Proper transportation networks

Answer: b) High production costs

Explanation: High production costs are a main factor contributing to low prices of agricultural produce in the market.

19. What is the primary objective of the communication and transportation facilities improvement in agriculture?

- a) Reduce crop diseases
- b) Increase production costs
- c) Improve water management
- d) Enhance marketing and transportation of agricultural goods

Answer: d) Enhance marketing and transportation of agricultural goods

Explanation: The improvement of communication and transportation facilities in agriculture aims to enhance marketing and transportation of agricultural goods.

20. Which sector plays a vital role in managing water, its conservation, effective use, storage, and flood control?

- a) Industry
- b) Services

PAK 301 FINAL Preparation 2023 / Get 100/100 Marks

c) Agriculture

d) Education

Answer: c) Agriculture

Explanation: Agriculture plays a vital role in managing water, its conservation, effective use, storage, and flood control through irrigation and water management systems.

LECTURE 26

1. What is the role of industrialization in economic development?

a) It is not necessary for economic growth.

b) It hinders overall prosperity.

c) It is the basis of modernization and development.

d) It is only important for agriculture.

Answer: c) It is the basis of modernization and development.

Explanation: Industrialization is crucial for modernization and overall development of a nation.

2. What are the two key factors that go hand in hand with industry according to the text?

a) Technology and services

b) Agriculture and trade

c) Industry and self-reliance

d) Government and taxation

Answer: c) Industry and self-reliance

Explanation: Industry and self-reliance are interconnected factors that enhance trade, technology, and economic standing.

3. During Pakistan's inception in 1947, what percentage of India's industry was inherited in the areas that became Pakistan?

a) About 10%

b) About 15%

c) About 20%

d) About 4%

Answer: d) About 4%

Explanation: Pakistan inherited only about 4% of India's industry in its territories after the partition in 1947.

4. Which organization was established in 1950 to encourage the development of industries that were less attractive to the private sector?

a) Pakistan Industrial Development Corporation (PIDC)

b) Industrial Development Bank of Pakistan (IDBP)

c) Investment Promotion Bureau

5. What approach did the governments adopt in the 1990s towards industrialization and economic growth?

a) Nationalization and protectionism

b) Denationalization and privatisation

c) Import substitution and state control

d) Central planning and self-sufficiency

Answer: b) Denationalization and privatisation

Explanation: The governments in the 1990s adopted denationalization and privatisation policies to promote economic growth and industrial development.

6. Which industry serves as a major industry in Pakistan, based on agriculture, and has major centers in Faisalabad, Multan, Lahore, and Karachi?

a) Cement

b) Textiles

c) Sugar

d) Steel

Answer: b) Textiles

Explanation: Textiles are a major industry in Pakistan, based on agriculture, with major centers in various cities.

7. What is the main advantage of the sugar industry in Pakistan?

a) It primarily exports raw sugar.

b) It is a technology-intensive industry.

c) It has a strong presence in urban centers.

d) It is an agro-based industry.

Answer: d) It is an agro-based industry.

PAK 301 FINAL Preparation 2023 / Get 100/100 Marks

Explanation: The sugar industry in Pakistan is agro-based, using sugarcane as a raw material.

8. Which industry has gone through major expansion in Pakistan, with over 20 factories established to cater to local needs?

- a) Textiles
- b) Cement
- c) Sugar
- d) Vegetable Ghee

Answer: b) Cement

Explanation: The cement industry in Pakistan has seen significant expansion, with over 20 factories established to cater to local needs.

9. What does the term "cottage industry" refer to in the provided text?

- a) Large-scale manufacturing plants
- b) Industries related to agricultural products
- c) Small-scale industries involving a household or few people
- d) Heavy industries requiring advanced technology

Answer: c) Small-scale industries involving a household or few people

Explanation: Cottage industry refers to small-scale industries involving a household or a small number of people.

10. What is the primary focus of future industrial development in Pakistan?

- a) Increased reliance on imports
- b) Agriculture-based industries
- c) Promoting self-sufficiency
- d) Privatization of all industries

Answer: c) Promoting self-sufficiency

Explanation: The future direction of industrial development in Pakistan aims to promote self-sufficiency and economic prosperity.

LECTURE 27

1. **Question:** What is the significance of education for individuals, society, and the state?

- A) It only benefits individuals
- B) It has no impact on society
- C) It contributes to development at various levels
- D) It is only relevant for the state's economy

• **Answer:** C

• **Explanation:** Education plays a crucial role in the development of individuals, society, and the state. It helps shape talents, build character, and contribute to the overall progress of a nation.

2. **Question:** Which commission was established to introduce new education policies in Pakistan?

- A) Health Commission
- B) Education Commission
- C) Development Commission
- D) Economic Commission

• **Answer:** B

• **Explanation:** The Education Commission in Pakistan was established to formulate and implement new education policies to enhance the quality of education.

3. **Question:** What is the primary issue related to resource allocation for education in Pakistan?

- A) Lack of administrative support
- B) Excessive funding for research
- C) Insufficient allocation of resources
- D) High teacher salaries

• **Answer:** C

• **Explanation:** Resource allocation for education in Pakistan is inadequate, with most funds going to salaries and administration, rather than towards infrastructure and development.

4. **Question:** What is the current literacy rate in Pakistan?

- A) 80%
- B) 60%
- C) 46%
- D) 30%

• **Answer:** C

• **Explanation:** The literacy rate in Pakistan is approximately 46%, indicating that less than half of the population is literate.

5. **Question:** What is the main reason for the high dropout rate in schools?

- A) Lack of interest in education
- B) Poverty and lack of appreciation
- C) Excessive homework

PAK 301 FINAL Preparation 2023 / Get 100/100 Marks

- D) Shortage of schools
- **Answer:** B
- **Explanation:** Poverty and lack of appreciation are significant factors leading to high dropout rates in Pakistani schools.

6. **Question:** What is one major issue related to teachers in Pakistan's education system?

- A) Excessive salaries for teachers
- B) Shortage of qualified teachers
- C) Excessive teacher training
- D) Inadequate classroom facilities
- **Answer:** B
- **Explanation:** There is a shortage of qualified teachers at the lower levels of education in Pakistan, affecting the quality of education.

7. **Question:** What is a key problem with Pakistan's examination system?

- A) Too much emphasis on comprehension
- B) Flawless grading system
- C) Overemphasis on memory-based tests
- D) Excessive focus on practical skills
- **Answer:** C
- **Explanation:** The examination system in Pakistan often emphasizes memory-based tests rather than assessing comprehension and depth of knowledge.

8. **Question:** Which type of education is designed for adults who couldn't receive education in their earlier years?

- A) Primary education
- B) Professional education
- C) Adult education
- D) Distance education
- **Answer:** C
- **Explanation:** Adult education is introduced for adults who were unable to receive education during their early years.

9. **Question:** What is the Allama Iqbal Open University known for?

- A) Providing technical education
- B) Imparting primary education
- C) Offering postgraduate degrees
- D) Offering distance education
- **Answer:** D
- **Explanation:** Allama Iqbal Open University is known for providing education through distance learning methods.

10. **Question:** What type of education is provided by military foundations in Pakistan?

- A) Religious education
- B) Technical education
- C) Political science education
- D) Fine arts education
- **Answer:** B
- **Explanation:** Military foundations in Pakistan offer technical and professional education in fields like medical, IT, engineering, and business.

LECTURE 28

1. **Question:** What are the motives that drive a country's foreign policy?

- A) Economic development and trade
- B) Isolation from other nations
- C) Pursuit of nuclear weapons
- D) National interests, identity, and security
- **Answer:** D
- **Explanation:** A country's foreign policy is shaped by its national interests, identity, and the need for security.

2. **Question:** What is the primary concern of foreign policy in terms of security?

- A) Economic development
- B) Military dominance
