Shortly explain the examination system of Pakistan.

Answer (Please [click here](#) to Add Answer)

Examination System:

Examination System remained a problematic issue in Pakistan. How to judge the performance of students is a difficult question. Instead of comprehension and depth of knowledge emphasis is laid on test of memory. Learning is geared to passing the examination. Some people work only at the end of the year and get good marks due to flaw in the system. Some of them use unfair means. Students have little knowledge of how the papers are actually graded. This becomes a serious problem at the higher levels. Still there is a debate that whether Annual system or Semester system should be adopted.

Answer (Please [click here](#) to Add Answer)

New democratic government of PPP after assuming power adopted the policy of nationalisation. Ten basic industries were nationalised. Later some others were also taken over to have a greater state role. Initial euphoria ended and industrial output suffered. It also caused flight of capital from the country.
