بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

In the name of God , Most
Gracious, Most merciful

EDU303

MCQS

1. Which of the following is a characteristic of formative assessment? a) Summative in nature
b) Helps in improving learning
c) Done at the end of the course
d) Focuses on grading

Answer: b) Helps in improving learning

2. Which is an example of a constructivist teaching strategy? a) Lecture-based instruction
b) Collaborative learning
c) Rote memorization
d) Direct instruction

Answer: b) Collaborative learning

3. What does the term "differentiated instruction" refer to? a) Teaching the same content to all students
b) Adapting teaching to meet students' individual needs
c) Focusing on standardized testing
d) Grouping students by ability

Answer: b) Adapting teaching to meet students' individual needs

4. Which learning theory emphasizes the role of social interaction in learning? a) Behaviorism
b) Cognitivism
c) Constructivism
d) Social constructivism

Answer: d) Social constructivism

5. Which of the following is a major goal of education according to John Dewey? a) Teaching students to memorize facts

b) Promoting critical thinking and problem-solving

c) Preparing students for standardized tests

d) Focusing on rote learning

Answer: b) Promoting critical thinking and problem-solving

6. Which assessment method is best suited for measuring higher-order thinking skills? a) Multiple-choice tests

b) Essays

c) True/false questions

d) Short quizzes

Answer: b) Essays

7. In Bloom's Taxonomy, which cognitive domain involves applying knowledge to new situations? a)

Remembering

b) Understanding

c) Applying

d) Evaluating

Answer: c) Applying

8. Which of the following best describes the "zone of proximal development" (ZPD)? a) The difference between what a learner can do independently and with assistance

b) The ability to do tasks on their own

c) The gap between what a learner already knows

d) The level of difficulty of tasks

Answer: a) The difference between what a learner can do independently and with assistance

9. What is the main purpose of formative assessment? a) To assign grades
b) To evaluate overall performance
c) To provide ongoing feedback to improve learning
d) To compare students' results

Answer: c) To provide ongoing feedback to improve learning

10. Which is a characteristic of a student-centered classroom? a) Teacher lectures most of the time
b) Students are passive listeners
c) Students take an active role in their learning
d) Focus on direct instruction

Answer: c) Students take an active role in their learning

11. Which of the following is a form of authentic assessment? a) Multiple-choice tests
b) Group projects
c) True/false questions
d) Standardized exams

Answer: b) Group projects

12. According to Piaget, which stage is characterized by logical thinking and mastery of conservation? a) Sensorimotor
b) Preoperational
c) Concrete operational
d) Formal operational

Answer: c) Concrete operational

ZB

13. Which of the following strategies is based on Vygotsky's concept of scaffolding?
- a) Self-directed learning
 - b) Providing support to help learners accomplish tasks just beyond their ability
 - c) Teaching to the test
 - d) Independent study

Answer: b) Providing support to help learners accomplish tasks just beyond their ability

14. Which of the following best describes the concept of "metacognition"?
- a) Memory recall
 - b) Thinking about thinking
 - c) Passive learning
 - d) Group work

Answer: b) Thinking about thinking

15. Which type of learning theory focuses on the role of reinforcement and punishment?
- a) Behaviorism
 - b) Cognitivism
 - c) Constructivism
 - d) Humanism

Answer: a) Behaviorism

16. What is the main focus of the sociocultural theory of learning?
- a) The role of environment in shaping behavior
 - b) The role of social interaction and culture in learning
 - c) The influence of biological factors on learning
 - d) The individual's mental processes

Answer: b) The role of social interaction and culture in learning

17. Which type of assessment is given at the end of an instructional period to evaluate students' overall learning? a) Formative assessment

b) Summative assessment

c) Diagnostic assessment

d) Norm-referenced assessment

Answer: b) Summative assessment

18. Which of the following is a feature of inquiry-based learning? a) Teacher-centered instruction

b) Students generate questions and explore solutions

c) Focus on memorization

d) Standardized tests

Answer: b) Students generate questions and explore solutions

19. Which of the following best describes the "flipped classroom" model? a) Students learn new content through lectures during class

b) Students learn new content at home and engage in activities during class

c) Teachers provide all resources for students to study independently

d) Students do not engage in class discussions

Answer: b) Students learn new content at home and engage in activities during class

20. Which of the following is a key principle of differentiated instruction? a) Teaching to the whole class with one method

b) Adapting teaching methods to meet the diverse needs of students

c) Focusing on content delivery rather than student engagement

d) Limiting the range of learning activities

Answer: b) Adapting teaching methods to meet the diverse needs of students

21. What is the primary purpose of using a rubric in assessment? a) To grade students based on their performance

b) To provide clear criteria for assessing student work

c) To provide feedback after the exam

d) To compare student performance across different subjects

Answer: b) To provide clear criteria for assessing student work

22. Which of the following is an example of a summative assessment? a) A quiz at the end of the unit

b) A group discussion during class

c) A project during the semester

d) A weekly journal entry

Answer: a) A quiz at the end of the unit

23. Which teaching method emphasizes learning through experience and reflection? a) Lecture-based learning

b) Experiential learning

c) Direct instruction

d) Drill and practice

Answer: b) Experiential learning

24. Which of the following best describes "active learning"? a) Passive reception of information from the teacher

b) Engaging students in activities that require them to apply and analyze knowledge

c) Focusing on memorization techniques

d) Teaching through lectures only

Answer: b) Engaging students in activities that require them to apply and analyze knowledge

Midterm preparation file

25. Which of the following is an example of formative assessment? a) A midterm exam
b) A final project
c) Ongoing quizzes and assignments
d) A national standardized test

Answer: c) Ongoing quizzes and assignments

26. What is the key characteristic of cooperative learning? a) Individual tasks are given to each student
b) Students work in groups to achieve common learning goals
c) Teachers conduct all learning activities
d) Students learn passively

Answer: b) Students work in groups to achieve common learning goals

27. Which of the following is a criticism of traditional education? a) It emphasizes critical thinking
b) It encourages student-centered learning
c) It is often too focused on rote memorization
d) It promotes collaboration among students

Answer: c) It is often too focused on rote memorization

28. Which learning model emphasizes self-regulation and personal growth? a) Humanistic learning theory
b) Behaviorist learning theory
c) Cognitive learning theory
d) Constructivist learning theory

Answer: a) Humanistic learning theory

Midterm preparation file

29. What does "scaffolding" refer to in the context of teaching? a) Allowing students to work without any guidance

b) Providing temporary support to help students reach their learning goals

c) Teaching students the same material over and over

d) Giving students too much independence

Answer: b) Providing temporary support to help students reach their learning goals

30. Which is a characteristic of project-based learning? a) Students work on long-term projects that integrate various subjects

b) Students memorize facts from textbooks

c) Teachers lead all classroom discussions

d) Focus on standardized testing

Answer: a) Students work on long-term projects that integrate various subjects

31. What is the main goal of problem-based learning (PBL)? a) To improve students' problem-solving skills

Midterm preparation file

33. Which of the following is an example of authentic assessment? a)

Multiple-choice exam

b) A research paper

c) A true/false test

d) A flashcard review session

Answer: b) A research paper

34. What is the focus of behaviorist learning theories? a) How the brain processes information

b) The role of social interactions in learning

c) How behaviors are shaped through reinforcement and punishment

d) How learners construct knowledge from their experiences

Answer: c) How behaviors are shaped through reinforcement and punishment

35. In the context of educational psychology, what does "feedback" refer to? a) A student's grade on an exam

b) Information provided to students about their performance to guide improvement

c) The final score a student receives on an assignment

d) A teacher's personal opinion of a student

Answer: b) Information provided to students about their performance to guide improvement

36. Which of the following is true about differentiated instruction? a) It uses a single method for teaching all students

b) It involves tailoring teaching strategies to meet students' varied learning needs

c) It focuses solely on advanced learners

d) It excludes students with disabilities

Answer: b) It involves tailoring teaching strategies to meet students' varied learning needs

Midterm preparation file

37. Which of the following is an essential component of inquiry-based learning? a) Teacher provides all answers

- b) Students engage in self-directed research and questioning
- c) Learning occurs without teacher involvement
- d) Students memorize facts for exams

Answer: b) Students engage in self-directed research and questioning

38. Which of the following is a strength of formative assessment? a) It occurs after the unit is finished

- b) It is used to grade students
- c) It provides immediate feedback to improve learning
- d) It is focused solely on test scores

Answer: c) It provides immediate feedback to improve learning

39. Which of the following teaching methods encourages critical thinking and student reflection? a)

Lecture-based instruction

- b) Cooperative learning
- c) Didactic teaching
- d) Passive listening

Answer: b) Cooperative learning

40. Which educational approach is associated with the idea that learning is an active process where learners build upon prior knowledge? a) Behaviorism

- b) Constructivism
- c) Humanism
- d) Pragmatism

Answer: b) Constructivism

MCQS

Midterm preparation file

41. Which of the following is an example of a cognitive learning strategy? a) Role-playing
b) Rote memorization
c) Collaborative projects
d) Concept mapping

Answer: d) Concept mapping

42. According to Vygotsky, what is the most important factor in cognitive development? a) The ability to memorize
b) Social interaction and cultural context
c) Individual learning experiences
d) The biological maturation of the brain

Answer: b) Social interaction and cultural context

43. What is one of the main criticisms of traditional educational assessment methods? a) They focus on deep understanding
b) They are overly focused on students' recall of facts
c) They encourage student creativity
d) They are flexible to students' needs

Answer: b) They are overly focused on students' recall of facts

44. Which of the following best describes a learning community in education? a) A group of students working in isolation
b) A group of students who interact and learn together
c) A group of students who are only evaluated based on individual performance
d) A community focused solely on competitive learning

Answer: b) A group of students who interact and learn together

45. Which teaching method emphasizes real-world applications and problem-solving? a) Direct instruction
b) Project-based learning
c) Rote memorization
d) Lecture-based learning

Answer: b) Project-based learning

46. Which of the following is NOT a characteristic of a teacher who applies the principles of constructivism? a)
Emphasizing hands-on activities

- b) Encouraging student inquiry
c) Using memorization to impart knowledge
d) Promoting collaborative learning

Answer: c) Using memorization to impart knowledge

Passing criteria of this course

Letter Grade	Grade Points	Equivalent Percentage
A+	4.00	90-100
A	4.00	85-89
A-	3.66 - 3.99	80-84
B+	3.33 - 3.65	75-79
B	3.00 - 3.32	71-74
B-	2.66 - 2.99	68-70
C	2.00 - 2.65	61-67
D	1.00 - 1.99	50-60
F	0.00	00-49

Passing Criteria for a Course:

The passing criteria is defined in such a way that it ensures the student shall be consistent in his studies throughout the semester.

Therefore, for passing a course/subject, student shall fulfill the following:

- Secure minimum **20%** score in Formative Assessments/Mid terms
- Secure minimum **20%** score in Final Term Examinations.
- Secure at least **40%** marks in aggregate while fulfilling the above requirements

Course Selection and Credit Hours

Q: How do I select courses when the course selection is open?

A: Follow these steps:

1. Check the credit hours allowed by your university (e.g., 21, 18, or 15 credit hours).
2. Each subject typically has 3 credit hours.
3. Divide the total allowed credit hours by 3 to determine how many subjects you can select.

Examples:

21 credit hours = 7 subjects
18 credit hours = 6 subjects

15 credit hours = 5 subjects

Remember, the university may allow different credit hours for each student, so check your specific allowance.

By following these steps, you can make informed decisions during course selection and manage your credit hours effectively.
