Quiz
vulms.vu.edu.pk

A type I error is committed by rejecting:

Select the correct option

- ○ Alternative hypothesis when it is false
- ○ Alternative hypothesis when it is true
- ○ Null hypothesis when it is false
- ○ Null hypothesis when it is true

PSY516 - Statistics in Psychology (Quiz 3)

Question # 10 of 10 (Start time: 01:00:52 PM, 15 July 2023)

A type I error is committed by rejecting:

Select the correct option

○	Alternative hypothesis when it is false
○	Null hypothesis when it is false
○	Null hypothesis when it is true
○	Alternative hypothesis when it is true

PSY516 - Statistics in Psychology (Quiz 3)

Question # 7 of 10 (Start time: 12:56:03 PM, 15 July 2023)

All of the following factors can influence the power of a test, EXCEPT:

Select the correct option

○	One-tailed versus two-tailed test
○	Sample size
○	Alpha level
○	Standard error

PSY516 - Statistics in Psychology (Quiz 3)

Question # 8 of 10 (Start time: 12:57:28 PM, 15 July 2023)

The power of a test is defined as the probability that the test will:

Select the correct option

○	Accept the null hypothesis
○	Reject alternative hypothesis
○	Accept alternative hypothesis
○	Reject the null hypothesis

PSY516 - Statistics in Psychology (Quiz 3)

Question # 9 of 10 (Start time: 12:58:57 PM, 15 July 2023)

An independent t-test can be used to asses:

Select the correct option

○	How many factors there are in questionnaire data
○	Differences between scores obtained on two separate occasions from the same participants
○	Differences between two groups of participants
○	Relationships between two ratio data sets

PSY516 - Statistics in Psychology (Quiz 3) Quiz Start Time: 10:52 PM, 15 July 2023

Question # 6 of 10 (Start time: 10:58:57 PM, 15 July 2023) Total Marks: 1

Which of the following factors can reduce the chances of finding a significant treatment effect?

Select the correct option
