ZOO513

Midterm important questions 2024

VU360

Here are some important questions from ZOO513 Virtual University Midterm 2024:

Lecture 1-5:

1. What is the definition of wildlife ecology and its importance?
2. How do you explain the concept of ecosystem services and their significance?
3. What are the different types of wildlife populations and their dynamics?
4. How do you explain the concept of wildlife habitat and its characteristics?
5. What is the concept of wildlife behavior and its significance?

Lecture 6-10:

6. How do you explain the concept of wildlife nutrition and its importance?
7. What are the different types of wildlife feeding behaviors and their adaptations?
8. How do you explain the concept of wildlife water relations and their significance?
9. What is the concept of wildlife thermoregulation and its importance?
10. How do you explain the concept of wildlife migration and its patterns?

Lecture 11-15:

11. How do you explain the concept of wildlife social behavior and its significance?
12. What are the different types of wildlife communication methods and their importance?
13. How do you explain the concept of wildlife mating systems and their adaptations?
14. What is the concept of wildlife parental care and its significance?
15. How do you explain the concept of wildlife social learning and its importance?

Lecture 16-20:

16. How do you explain the concept of wildlife population growth and its regulation?
17. What are the different types of wildlife population management techniques and their applications?
