BS-ZOOLOGY

SR.NO	Insect/Pest Name	Order	Pest/ insect in which life stage	Life Cycle	Major effects	Biological Control	Chemical Control
01	**Aphids**	Homopterans	Pest(in adult Stage)	Parthenogenic	Melon, bean, potato, lettuce, beet.	Predators, parasitoids, and pathogens	Neem or canola oil By (Aerosol Method)
02	**Caterpillars**	Lepidoptera	Pest(in larval stage) Insect(in Adult stage)	Egg, larva, pupa, adult.	Leafy vegetables; brassica vegetables; greenhouse vegetables; beans; tomatoes; potatoes.	Bacillus thuringiensis	pyre- thrins and synthetic pyrethroids by (Aerosol Method)
03	**Cutworms**	Lepidoptera	Pest(In larval Stage)	Egg, larva, pupa, adult.	Corn, lettuce, peas, peppers, potatoes and tomatoes.	Mammals, parasitic nematodes, pathogens, birds, and reptiles.	Synthetic pyrethroid (Aerosol Method)
04	**Grasshoppers**	Orthoptera	Pest(in adult Stage)	Egg, nymph, and adult	wheat, alfalfa, soybeans, and corn.	Baits	Malathion and carbaryl By (Aerosol Method)
05	**Thrips**	Thysanoptera	Pest(both in Larval and adult Stage)	Egg, larval, prepupal, pupal and adult	Flowers etc.	Predators etc.	Horticultural oil, natural pyrethrins. By (Aerosol Method)

06	**Weevils**	Coleoptera	Pests(both in Larval and adult Stage)	egg, larva, pupa, adult	Grains, seeds, and grain products	Nematodes	Syntetic pyrethroid and organophosphoric insecticides By (Aerosol Method)
07	**Beetles**	Coleoptera	Insects but Flea beetles are pests.	egg, larval, pupal, adult.	Radishes, broccoli, cabbage, turnips, eggplant, peppers, tomatoes, potatoes.	Bacillus thuringiensis	Pyrethroids and pyrethrins. By (Aerosol Method)
08	**Whiteflies**	Hemiptera	Pest(both in Larval and adult Stage)	namely egg, first, second, third and fourth larval stage and adults.	Adversely affect the success of tomato crops	Encarsia and Eretmocerus parasitoids.	malathion. Imidacloprid is a systemic insecticide. By (Aerosol Method)
09	**Mites**	Acariformes	Pest(in adult Stage)	egg, larva, nymph, adult	Transmits disease to humans and skin irritation.	Natural enemies (like Lady bugs)	oxalic acid By (Aerosol Method)
