A statement that describes how to do something : an order or command : the action or process of teaching : the act of instructing someone

- **National Ideology**

National Ideology is a comparatively steady system of ideas and principles, that, as any other ideology, is accepted by its followers. What is the aim of NI? The aim of the NI is to define how the nation must live, ideas it should follow to achieve complete self-realization.

- **Professional training**

Process of improving and increasing capabilities of staff through access to education and training opportunities in the workplace, through outside organization, or through watching others perform the job. Professional development helps build and maintain morale of staff members, and is thought to attract higher quality staff to an organization. Also called staff development

- **School Culture**

The term school culture generally refers to the beliefs, perceptions, relationships, attitudes, and written and unwritten rules that shape and influence every aspect of how a school functions, but the term also encompasses more concrete issues such as the physical and emotional safety of students, the orderliness of classrooms and public spaces, or the degree to which a school embraces and celebrates racial, ethnic, linguistic, or cultural diversity

- **Social relation**

A social relation or social interaction is any relationship between two or more individuals. Social relations derived from individual agency form the basis of social structure and the basic object for analysis by social scientists

- **Training School**

A school that gives practical vocational and technical instruction.

- **Urban school**

Urban schools are located in large central cities. But although these communities are often characterized by high rates of poverty, poverty itself is not unique to urban areas and can be found, in particular, in many schools in the nation's rural areas.
