# CS505 - Quiz No.4

Date: 05 January 2026

**Q.1 Which of the following provide system resources like CPU, RAM and memory to Virtual Machine?**

A. Guest Operating System

B. Virtual Machine Coordinator

**C. Hypervisor**

D. Virtual Network Monitor

---

**Q.2 Virtual Machine is also called as _____.**

A. Universal Machine

**B. Guest machine**

C. Guest Operating System

D. Real Machine

---

**Q.3 Which of the following statements is not true?**

**A. Virtual Machine provide same function like Physical server**

B. Type 2 hypervisor cannot runs directly on the host's hardware

C. Type 1 Hypervisor act like a lightweight Operating System

D. VMware vCenter Server provides centralized management

---

**Q.4 Using _____ Hypervisor, host Operating System is required.**

A. Type 1

B. Type 3

**C. Type 2**

D. Type 1 and Type 2

---

**Q.5 VMware Vsphere is best suited for _____**

A. Health Care

**B. Cloud Infrastructure**

C. Virtualized GPUs

D. Testing

---

**Q.6 What is Hyper-V?**

A. An operating system

**B. A virtualization platform**

C. A storage technology

D. A networking protocol

---

**Q.7 What is the purpose of Hyper-V Manager?**

**A. To create and manage virtual machines**

B. To manage physical hardware resources

C. To optimize virtual machine performance

D. To allocate virtual storage resources

---

**Q.8 Which hypervisor is typically used in scenarios where a higher level of performance is not as critical?**

A. Type 4

B. Type 3

C. Type 1

**D. Type 2**

---

**Q.9 What is a virtual machine in the context of VMware ESXi?**

A. A physical server dedicated to running virtualization software

**B. A software-based representation of a physical computer**

C. A tool for managing virtual networks

D. A virtualization technique used by VMware ESXi

---

**Q.10 Oracle VirtualBox is used for _____.**

A. Health Care

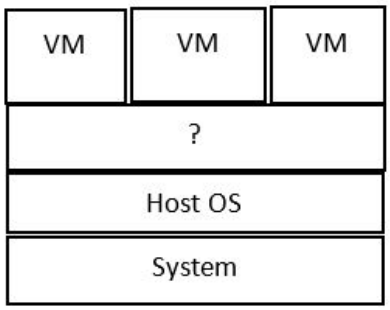

**B. Testing and Development**

C. Cloud Infrastructure

D. Virtualized GPUs

---

**Q.11 Which of the following should be placed in the empty box for virtualization?**

A. Guest OS

B. Container engine

C. Any software

**D. Hypervisor**

---

**Q.12 Hypervisor is a _____**

A. Virtual Machine

**B. Software layer**

C. Host OS

D. Guest OS

---

**Q.13 Which technology is commonly used for server virtualization?**

**A. Hypervisor**

B. Switch

C. NIC

D. Driver

---

**Q.14 Which are not properties of a vCenter ?**

**A. Performs day to day task**

B. Manage entire Virtualization Data Center

C. Physical resource sharing

D. Provide Management consoles

---

**Q.15 What is a Type 2 hypervisor?**

A. A hypervisor that is used exclusively for desktop virtualization

B. A hypervisor that runs directly on the host hardware

C. A hypervisor that is designed for cloud-based virtualization

**D. A hypervisor that runs on top of an operating system**

---

**Q.16 Which of the following will be the host operating system for Windows Server?**

A. virtualbox

B. VirtualLogix VLX

**C. Microsoft Hyper-V**

D. Xen

---

**Q.17 Which of the following is true about VMware ESXi?**

A. It requires dedicated hardware to run

B. It can only run on Windows-based systems

**C. It supports a wide range of operating systems**

D. It is a free and open-source software

---

**Q.18 Esxi is_____Hypervisor.**

A. Type 2 Hypervisor

B. Type 3 Hipervisor

C. Type 4 Hipervisor

**D. Type 1 Hypervisor**

---

**Q.19 Cloning of virtual machines is done by _____.**

A. Citrix XenServer

**B. VMware vSphere**

C. Oracle VirtualBox

D. VMware Workstation

---

**Q.20 Which of the following is NOT a required component when creating a new virtual machine?**

A. Resource allocation (CPU, memory, storage)

B. Virtual machine name

C. Operating system selection

**D. Network configuration**

---
