

MGT211**Lecture Wise MCQs for Final Term (Lecture 19 to 45)****Study with BRD**

1. Which of the following theories suggest that managers have different beliefs about how to best use human resources employed by a firm?

- A. Maslow's Hierarchy of Needs
- B. Herzberg's Two-Factor Theory
- C. McGregor's Theory X and Theory Y
- D. Vroom's Expectancy Theory

2. According to McGregor's Theory X, how do managers view their employees?

- A. Naturally responsible and self-motivated
- B. Naturally irresponsible and uncooperative
- C. Always growth-oriented and interested in being productive
- D. Both A and C

3. Which of the following is not a way to fulfill biological needs according to Maslow's Hierarchy of Needs?

- A. Giving salaries
- B. Providing routine items at concessional prices
- C. Organizing combined lunch or dinner
- D. Providing free or cheaper food to employees

4. Which type of needs does an organization address by providing helmets, glasses, gloves, and special purpose shoes to employees?

- A. Biological Needs
- B. Safety Needs
- C. Social Needs

D. Self-Esteem Needs

5. What is the main focus of self-esteem needs according to Maslow's hierarchy?

- A. Fulfillment of potential
- B. Safety from environmental threats
- C. Worth and recognition of individuals
- D. Social interactions and friendships

6. What criticism of Maslow's hierarchy of needs?

- A. It does not consider safety needs
- B. It suggests human needs may deviate from the given order
- C. It assumes all employees are motivated by the same factors
- D. It neglects the importance of informal organizational activities

7. According to Herzberg's Two-Factor Theory, what are the two types of factors that job satisfaction depends on?

- A. Hygiene factors and Motivation factors
- B. Safety needs and Esteem needs
- C. Biological needs and Social needs
- D. Self-actualization needs and Esteem needs

8. Which of the following needs from Maslow's hierarchy are related to hygiene factors in Herzberg's theory?

- A. Social needs and Esteem needs
- B. Biological needs and Safety needs
- C. Esteem needs and Self-actualization needs
- D. Social needs and Self-actualization needs

9. What does Expectancy Theory suggest about motivation in the workplace?

- A. People are motivated by fair treatment compared to others
- B. People are motivated to work toward rewards that they believe they have a reasonable chance of obtaining**
- C. People are naturally uncooperative and need supervision
- D. People have a hierarchy of needs that must be fulfilled in order

10. What is the core idea of Equity Theory in terms of motivation?

- A. Employees are naturally motivated and need no external rewards
- B. Employees are motivated by achieving self-actualization
- C. Employees evaluate their treatment relative to the treatment of others**
- D. Employees are motivated by fulfilling biological and safety needs

11. What theory suggests that behavior can be encouraged or discouraged by means of rewards or punishments?

- A. Maslow's Hierarchy of Needs
- B. Expectancy Theory
- C. Reinforcement/Behavior Modification Theory**
- D. Equity Theory

Study With BRD

12. What is the main purpose of human relations in the workplace?

- A. To increase productivity
- B. To enhance job satisfaction
- C. To give a feeling of a family**
- D. To improve financial performance

13. In Management by Objectives (MBO), what is considered the biggest advantage if used properly?

- A. Motivation**
- B. Enhanced job security

- C. Increased salaries
- D. Better office facilities

14. What method increases job satisfaction by giving employees a voice in the management of their jobs and the company?

- A. Job Enrichment
- B. Job Redesign
- C. Participative Management and Empowerment
- D. Telecommuting

15. Which managerial style involves managers typically serving as advisers to subordinates who are allowed to make decisions?

- A. Autocratic Style
- B. Democratic Style
- C. Contingency Approach
- D. Free-Rein Style

16. What is the focus of job redesign programs?

- A. Designing a more satisfactory fit between workers and their jobs
- B. Enhancing physical work conditions
- C. Increasing salaries
- D. Providing more vacation time

17. Which of the following is a form of flextime that allows people to perform some or all of a job away from standard office settings?

- A. Job Sharing
- B. Virtual Office
- C. Telecommuting
- D. Job Enrichment

18. What was one of the key findings about the changing patterns of motivation for today's employees?

- A. Money is the prime motivator
- B. Job security is the main concern
- C. Traditional office settings are preferred
- D. Flexible working hours are highly valued

19. What is a significant challenge of telecommuting?

- A. Increased operational costs
- B. Difficulty in convincing management that employees are working without supervision
- C. Lack of technological infrastructure
- D. Limited access to employee benefits

20. What is the core definition of marketing according to the American Marketing Association (AMA)?

- A. Creating advertisements and promotional materials
- B. Selling products at the lowest possible price
- C. Planning and executing the conception, pricing, promotion, and distribution of ideas, goods, and services to create exchanges that satisfy individual and organizational objectives
- D. Developing a unique product and setting its price

21 Which type of utility is created by making a product available where consumers want it?

- A. Time utility
- B. Place utility
- C. Ownership utility
- D. Form utility

22. Which category of products includes those purchased by companies to produce other products?

- A. Consumer Goods

B. Industrial Goods

C. Services

D. Ideas

23. What is the focus of relationship marketing?

A. Short-term sales increases

B. Developing new products quickly

C. Creating lasting relationships with customers and suppliers

D. Reducing production costs

24. What is the key difference between marketing and selling?

A. Marketing focuses on short-term sales, while selling focuses on long-term customer relationships.

B. Marketing starts before the decision about production, while selling starts after the decision about production.

C. Marketing involves only advertising, while selling involves the entire process of product development.

D. Marketing and selling are identical processes with different names.

25. Which of the following best describes relationship marketing?

A. A strategy focusing on single transactions with customers.

B. Developing long-term relationships with customers through regular interaction and personalized services.

C. Increasing sales volume through high-pressure sales tactics.

D. Focusing solely on digital marketing techniques.

26. Which environmental factor includes trends like increasing diversity and more single-parent families?

A. Technological environment

B. Political and legal environment

C. Social and cultural environment

D. Economic environment

27. What is the main role of a marketing manager?

A. Overseeing production processes

B. Managing financial accounts

C. Identifying unsatisfied customer needs and developing marketing strategies

D. Supervising technical support teams

28. What does a marketing plan typically include?

A. Technical specifications of products

B. A written document outlining overall marketing activities for a specific period

C. Employee performance reviews

D. Manufacturing details and timelines

29. What are the three specific types of competition identified?

A. Substitute product competition, Brand competition, International competition

B. Price competition, Quality competition, Service competition

C. Direct competition, Indirect competition, Peripheral competition

D. Domestic competition, Foreign competition, Global competition

30. Which of the following is NOT one of the four Ps in a firm's marketing mix?

a) Product

b) Place

c) Pricing

d) People

31. What is product differentiation?

- a) Selecting the most appropriate price for a product
- b) Determining the best way to distribute products
- c) Creation of a product or product image that differs from existing products to attract consumers
- d) Activities a firm undertakes to promote its products

32. Which of the following factors is NOT commonly used for market segmentation?

- a) Geographic
- b) Demographics
- c) Psychographics
- d) Technographics

33. Behavioral segmentation divides markets according to customers' _____.

- a) Geographic location
- b) Demographic characteristics
- c) Psychological makeup
- d) Knowledge of, attitude toward, use of, or response to products

34. What is the primary purpose of market research?

- a) To develop a business plan
- b) To launch a new product
- c) To understand customers, competitors, and the market
- d) To expand into new markets

35. Which of the following is NOT a use of market research?

- a) Creating a business plan
- b) Launching a new product or service
- c) Fine-tuning existing products and services

d) Ensuring product safety compliance

36. What type of segmentation divides the market into subgroups with similar motivations?

a) Market segmentation

b) Demographic segmentation

c) Geographic segmentation

d) Behavioral segmentation

37. What is the first step in the market research process?

a) Establishing the research design

b) Defining the research problem

c) Collecting and analyzing data

d) Formulating findings

38. Which of the following questions is NOT typically answered through market research?

a) What are the market trends?

b) How do consumers talk about the products in the market?

c) What are the legal regulations for product manufacturing?

d) Are the needs being met by current products?

39. What was the unconventional attribute combination used by Chevrolet in their market research for a new car concept?

a) Comfort and performance

b) Quality and styling

c) Comfort and convenience

d) Fuel economy and performance

40. Which of the following steps involves assigning numerical values to response categories?

a) Data cleaning

- b) Data tabulation
- c) Data coding
- d) Data collection

41. What is an example of market information?

- a) Historical price data over a number of years
- b) Customer satisfaction surveys
- c) Competitor product analysis
- d) Risk analysis

42. In the market research process, what does establishing the research design involve?

- a) Formulating the problem and setting objectives
- b) Identifying information types and sources
- c) Cleaning and coding data
- d) Reporting the findings

43. What is the primary goal of marketing research?

- a) To develop new products
- b) To gather data about marketing issues and transform it into meaningful information
- c) To increase sales
- d) To create advertisements

44. Which of the following is NOT a step in the research process?

- a) Study the current situation
- b) Select a research method
- c) Define the target market

d) Collect data

45. Which research method involves watching and recording consumer behavior?

- a) Survey
- b) Focus group
- c) Experimentation
- d) Observation

46. Which of the following factors does NOT influence consumer behavior?

- a) Psychological
- b) Personal
- c) Technological
- d) Cultural

47. What is the first step in the consumer buying process?

- a) Information seeking
- b) Evaluation of alternatives
- c) Purchase decision
- d) Problem/Need recognition

48. What defines a product?

- A. Anything that can be produced by a company
- B. Anything that can be offered for sale and can earn profits for the firm
- C. Any physical object available in the market
- D. Any service provided to customers

49. What are the two general forms of products?

- A. Consumer goods and industrial goods
- B. Tangible and intangible**
- C. Capital items and expense items
- D. Convenience goods and shopping goods

50. Which category of consumer goods are frequently bought and conveniently available near customers?

- A. Specialty goods
- B. Shopping goods
- C. Convenience goods**
- D. Industrial goods

51. What is a product line?

- A. The variety of products sold by different companies
- B. Products that are long-lived and expensive
- C. The total sum of all products offered by a company
- D. A set of related products manufactured by a single organization**

52. What is the first step in the product development process?

- A. Idea Generation
- B. Idea Screening
- C. Prototype development
- D. Recognition of unsatisfied needs**

53. What is the final step in the product development process where the product is sold on a commercial basis?

- A. Commercialization**
- B. Market Test
- C. Prototype development
- D. Idea Generation

54. What are the four stages of the product life cycle?

- A. Launch, Growth, Stability, Decline
- B. Introduction, Growth, Maturity, Decline**
- C. Development, Introduction, Peak, Decline
- D. Start, Peak, Maturity, End

55. During which stage of the product life cycle is the product known as a 'Star'?

- A. Introduction
- B. Growth**
- C. Maturity
- D. Decline

56. At which stage of the product life cycle does the product become a 'Cash Cow'?

- A. Introduction
- B. Growth
- C. Maturity**
- D. Decline

57. What term is used to describe a product in the decline stage due to high production and development costs but no profits?

- A. Star
- B. Question Mark
- C. Cash Cow
- D. Dog**

58. What is the primary focus of marketers during the introduction stage of the product life cycle?

- A. Reducing prices
- B. Earning high profits
- C. Creating customer awareness
- D. Finding new market segments

59. What is brand equity?

- A. The total market value of a brand
- B. The loyalty of customers attached to the product
- C. The market share of a brand
- D. The financial investment in a brand

60. What is the purpose of packaging as described in the document?**

- A. To dress the product and design the wrapper
- B. To reduce production costs
- C. To ensure product safety during transport
- D. To minimize environmental impact

61. Which type of brand is sold throughout the country under the same name?

- A. License Brand
- B. Private Brand
- C. National Brand
- D. Retail Brand

62. What is the primary objective of pricing for a business?

- A. To maximize market reach
- B. To cover production costs
- C. To achieve a psychological advantage

D. To maximize profit

63. In cost-based pricing, what two components are considered to determine the final price?

A. Fixed cost and variable cost

B. Market demand and competition

C. Customer preferences and market trends

D. Brand value and product lifecycle

64. What pricing strategy involves introducing a product at a higher price than the market expectation?

A. Penetration pricing

B. Price skimming

C. Dynamic pricing

D. Fixed pricing

65. Which factor is NOT considered in the fixed pricing method?

A. Type of customer

B. Production cost

C. Type of community

D. Location of the sale point

66. Which pricing strategy aims to capture a larger market share by setting a lower initial price?

A. Penetration pricing

B. Price skimming

C. Dynamic pricing

D. Cost-based pricing

67. What is the role of intermediaries in the distribution channel?

- A. To produce goods and services
- B. To transport goods from producers to consumers**
- C. To sell products to other businesses for resale
- D. To market products directly to end-users

68. Which distribution channel involves selling products directly to consumers without any intermediaries?

- A. Channel 1: Direct Distribution**
- B. Channel 2: Retail Distribution
- C. Channel 3: Wholesale Distribution
- D. Channel 4: Distribution through Sales Agents or Brokers

69. What are the main factors influencing a firm's choice between using an independent intermediary and its own distribution network?

- A. Market trends and consumer preferences
- B. Company's target markets, nature of its products, and costs of maintaining distribution networks**
- C. Brand value and marketing budget
- D. Production cost and sales volume

Study With BRD

70. Which type of retailer is characterized by organization into specialized departments and offers a variety of food and food-related items?

- a) Specialty Stores
- b) Department Stores
- c) Supermarkets**
- d) Hypermarkets

71. What is the primary characteristic of a drop shipper in wholesaling?

- a) Provides a limited range of services, sometimes only storage.

- b) Sets up displays in retail outlets and marks prices on merchandise.
- c) Receives customer orders, negotiates with producers, takes title to goods, and arranges for shipment to customers.
- d) Provides credit, marketing, and merchandising services in addition to traditional buying and selling services.

72. What type of distribution strategy is used for expensive specialty or technical products like Jaguar automobiles and Rolex watches?

- a) Intensive distribution
- b) Exclusive distribution
- c) Selective distribution
- d) Mass distribution

73. Which of the following is NOT a major mode of transportation?

- a) Trucks
- b) Railroads
- c) Drones
- d) Pipelines

74. Which type of retailer offers large discounts on brand-name merchandise to customers who have paid annual membership fees?

- a) Factory Outlet
- b) Warehouse Club
- c) Discount House
- d) Off-Price Store

75. What is the main objective of physical distribution systems?

- a) To achieve a competitive level of customer service standards at the lowest total cost.
- b) To maximize the speed of delivery regardless of cost.
- c) To focus solely on the sales process.
- d) To minimize the use of technology in distribution.

76. Which of the following best describes 'containerization' in transportation operations?

- a) Combined use of several different modes of transportation.
- b) The use of trucks for door-to-door delivery.
- c) A focus on sales but not on after-sale distribution.
- d) Use of standardized heavy-duty containers in which many items are sealed at points of shipment and opened only at the final destination.

77. Which type of retailer buys excess inventories from high-quality manufacturers and sells them at discounted prices?

- a) Discount House
- b) Off-Price Store
- c) Catalog Showroom
- d) Factory Outlet

78. What is the ultimate goal of promotion?

- a) To reduce costs
- b) To increase sales
- c) To minimize risks
- d) To standardize products

79. Which of the following is NOT one of the promotional strategies?

- a) Push strategy
- b) Pull strategy
- c) Hybrid strategy
- d) Both a and b

80. What type of advertising strategy directly compares two or more products?

- a) Persuasive advertising
- b) Informative advertising
- c) Reminder advertising
- d) Comparative advertising

81. Which medium accounts for the highest percentage of advertising expenditures?

- a) Newspapers
- b) Television
- c) Direct Mail
- d) Radio

82. What is the role of an advertising agency?

- a) To manufacture products
- b) To provide all of a client's advertising needs
- c) To distribute products
- d) To research market trends

83. In the context of advertising, what is 'the media mix'?

- a) The combination of different types of products sold
- b) The variety of media used to carry a seller's message to potential customers
- c) The mixture of promotional strategies used
- d) The balance between online and offline advertising

84. Which type of advertising media is noted for having high repeat exposure and growing faster than newspapers, magazines, and television?

- a) Direct Mail
- b) Radio
- c) Outdoor Advertising
- d) The Internet

85. What is personal selling primarily characterized by?

- a) Mass advertising
- b) One-on-one communication between salesperson and customer
- c) Online promotional tools
- d) Indirect communication methods

86. Which type of personal selling involves selling products for buyers' personal or household use?

- a) Industrial Selling
- b) Pharmaceutical Selling
- c) Retail Selling
- d) Wholesale Selling

87. When preparing a campaign with an advertising agency, which of the following is NOT considered in identifying the target audience?

- a) Education Class
- b) Income Class
- c) Color preference
- d) Social Class

88. Which of the following steps in preparing an advertising campaign involves selecting the appropriate media?

- a) Identifying the target audience
- b) Establishing the advertising budget
- c) Creating the advertising messages
- d) Selecting the appropriate media

89. Which personal selling task involves salespeople receiving orders and ensuring their handling and delivery?

- a) Booking of orders
- b) Processing of orders**
- c) Creative Selling
- d) Missionary Selling

90. What is the main objective of missionary selling?

- a) Persuading customers with creative messages
- b) Providing voluntary service to the buyer and helping them place an order**
- c) Booking orders for a specified time period
- d) Identifying potential customers

91. What is a primary task of a sales manager?

- a) Booking of orders
- b) Creative selling
- c) Implementing sales plans and defining quotas**
- d) Cold conversing technique

92. In the personal selling process, what does 'qualifying' a prospect involve?

- a) Identifying potential customers
- b) Ensuring the customer has the authority to buy and the ability to pay**
- c) Setting appointments with customers
- d) Handling customer objections

93. Which technique for prospecting involves asking a satisfied customer for more leads?

- a) Cold conversing technique
- b) Snowball technique**
- c) Personal selling

d) Creative selling

94. What is one of the advantages of getting an appointment from the customer?

- a) Time is in control of the salesperson
- b) Salesperson does not have fear of getting no
- c) Customer gets the feeling that their time is being respected
- d) Customer might say no

95. What is the primary purpose of sales promotion?

- a) Long-term customer engagement
- b) Short-term promotional activity to stimulate consumer buying or cooperation from distributors and sales agents
- c) To replace personal selling
- d) To develop new products

96. In the presentation stage of a sales presentation, which factor is NOT considered by the salesperson to develop the image of the buyer's taste?

- a) Type of furniture
- b) Wall hangings
- c) Type of curtains
- d) Buyer's profession

97. During the closing stage of a sales presentation, what typically occurs?

- a) The salesperson handles objections
- b) The order is booked and an agreement is signed
- c) The salesperson identifies the buyer's needs
- d) The salesperson starts the conversation

98. Which of the following is a method used in sales promotion to stimulate immediate sales?

- a) Direct mail
- b) Online advertising
- c) Point-of-purchase (POP) displays
- d) Content marketing

99. What is the main objective of public relations?

- a) To generate direct sales
- b) To maintain positive relations and build goodwill between an organization and its potential customers
- c) To create short-term promotional activities
- d) To handle the sales objections

100. What is the primary measure of the effective use of an organization's resources?

- A. Profitability
- B. Productivity
- C. Efficiency
- D. Quality Control

101. Which of the following is NOT a factor considered for the location of an industry?

- A. Availability of skilled workers
- B. Climatic Condition
- C. Quality of finished goods
- D. Availability of infrastructure

102. What type of utility is created when a product is manufactured in one place and sold in another?

- A. Time Utility
- B. Place Utility
- C. Form Utility
- D. Service Utility

103. Which layout design option involves the consideration of the product itself in the production process?

- A. Cellular Layout
- B. Product Layout
- C. Flexible Layout
- D. Other Layouts (U-shaped layout)

104. What is a Gantt chart primarily used for in production planning?

- A. Determining production costs
- B. Visualizing the loading and scheduling of resources
- C. Evaluating supplier performance
- D. Managing inventory levels

105. What is the key difference between a Gantt chart and a PERT chart?

- A. Gantt charts use bars; PERT charts use flow diagrams
- B. Gantt charts are used for financial planning; PERT charts are used for marketing
- C. Gantt charts show critical paths; PERT charts show idle times
- D. Gantt charts are more detailed than PERT charts

106. What does PERT stand for and what is its primary application?

- A. Project Evaluation Review Technique; used for market analysis
- B. Program Evaluation Review Technique; used for project management

- C. Process Evaluation Review Technique; used for quality control
- D. Performance Evaluation Review Technique; used for employee appraisal

107. What is the primary benefit of Just-In-Time (JIT) inventory management?

- A. It reduces the need for reliable suppliers
- B. It eliminates the need for inventory record keeping
- C. It minimizes production delays and manages cash flows efficiently
- D. It allows firms to keep large stocks of raw materials

108. Which method of inventory costing assumes that the oldest purchase costs are transferred to the cost of goods sold first?

- A. LIFO (Last In, First Out)
- B. FIFO (First In, First Out)
- C. Average Cost Method
- D. Standard Cost Method

109. In the purchasing process, what is the initial step a firm should take?

- A. Negotiate prices with suppliers
- B. Evaluate the capacity of each supplier
- C. Select the right suppliers
- D. Start the supply transactions

110. What is the main challenge associated with the Just-In-Case (JIC) inventory management approach?

- A. Ensuring continuous supply of raw materials
- B. Blocking huge finances in the form of stocks and handling them
- C. Maintaining a reliable supplier base
- D. Managing production delays effectively

111. What does 'slack time' in a PERT chart represent?

- A. The time allocated for unexpected delays
- B. The actual time required to complete a project
- C. The delay in each activity
- D. The total project duration

112. What is the primary focus of Total Quality Management (TQM)?

- A. Reducing production costs
- B. Increasing market share
- C. Customer satisfaction
- D. Expanding product lines

113. Which stage involves ensuring that quality people are selected in the organization according to TQM principles?

- A. Training stage
- B. Compensation stage
- C. Selection stage
- D. Performance appraisal stage

114. What is one of the key features of Dr. Deming's 14 points for quality management?

- A. Focusing solely on quantity
- B. Using modern techniques to train staff
- C. Reducing the training budget
- D. Encouraging individual rather than team efforts

115. What is the role of inspection in quality management?

- A. To increase production speed
- B. To minimize defects in products or services
- C. To reduce production costs
- D. To enhance marketing strategies

116. According to TQM, what should be the attitude of workers in the organization?

- A. Quantity-focused
- B. Resistant to change
- C. Creative and quality-conscious
- D. Individualistic

117. What is the main purpose of quality assurance?

- A. To ensure processes are performed in an acceptable manner
- B. To increase the speed of production
- C. To control the marketing budget
- D. To focus on short-term profits

118. Which technique is recommended by Dr. Deming to measure quality?

- A. Financial analysis
- B. Statistical methods
- C. Market research
- D. Customer surveys

119. What is one of the critical aspects of human resource management for TQM?

- A. Emphasizing quantity over quality
- B. Individual performance appraisal
- C. Developing creative ideas among employees
- D. Reducing training efforts

120. What are external failure costs?

- A. Costs incurred on quality control within the organization

- B. Costs associated with defects identified before the product reaches the customer
- C. Costs incurred for managing problems faced in selling the products in the market
- D. Costs related to employee training and development

121. Which of the following is included in internal failure costs?

- A. Cost of sales return
- B. Repair cost of returned goods
- C. Cost of scrap
- D. Customer service cost

122. What is the main purpose of ISO 9000 certification?

- A. To ensure the organization protects the environment
- B. To standardize the systems within an organization to ensure quality products
- C. To reduce the cost of production
- D. To increase sales through effective marketing strategies

123. What does ISO 14000 certification primarily focus on?

- A. Quality management systems
- B. Occupational health and safety
- C. Environmental management
- D. Customer satisfaction

124. What is benchmarking primarily used for?

- A) Increasing the production volume
- B) Implementing the best practices from the company's own performance and those of other companies
- C) Reducing the workforce
- D) Enhancing marketing strategies

125. What is the 'Zero Defect Level' in the context of benchmarking?

- A) A stage where products are delivered on time
- B) A stage where there is no defect in the product, process, and organization
- C) A stage where customer complaints are at zero
- D) A stage where production costs are minimized

126. Which of the following is NOT considered a key variable in the benchmarking process?

- A) Product shape and color
- B) Marketing strategies
- C) Pricing mechanism
- D) Customer loyalty programs

127. What is the purpose of measuring the organization's own performance during benchmarking?

- A) To find the only one organization for benchmarking
- B) To choose different variables from different organizations
- C) To increase the number of employees
- D) To develop new products

128. What should an organization do after identifying the gap in its performance during benchmarking?

- A) Ignore the gap
- B) Reduce the workforce
- C) Identify ways to improve its performance
- D) Increase the product prices

129. Benchmarking can be used for which of the following purposes apart from business processes?

- A) Financial accounting

B) Personality development

C) Legal compliance

D) Tax planning

130. What is the definition of communication?

A) A process of sending and receiving messages

B) Transmission of information from one place, person, or organization to another

C) The method of delivering speeches

D) The way to write business reports

131. Which of the following describes 'Downward Communication'?

A) Communication from lower levels to higher levels in an organization

B) Communication within the same level in an organization

C) Communication from top-level management to employees

D) Communication with external stakeholders

132. What is the role of the 'encoder' in the communication process?

A) To receive and interpret the message

B) To send feedback to the sender

C) To convert the message into an understandable form

D) To ignore the message

133. Which of the following is NOT a component of non-verbal communication?

A) Written text

B) Sounds

C) Colors

D) Body language

134. What does 'Silence' signify in non-verbal communication?

- A) Agreement or acceptance
- B) Disinterest or ignorance
- C) Confusion or misunderstanding
- D) It can create multiple meanings such as disinterest or not receiving the message

135. What is the significance of 'Touch' in non-verbal communication?

- A) It conveys messages through written words
- B) It helps to judge different objects or conditions
- C) It indicates the sound of machines
- D) It shows the color of an object

136. What is the primary function of non-verbal communication?

- A) To deliver speeches effectively
- B) To convey messages without using verbal codes
- C) To improve written communication skills
- D) To enhance auditory communication

137. Which channel of communication is most suitable for delivering an immediate and direct message to a specific person?

- A) Letter
- B) Fax
- C) Telephone
