Zoo504 Final Current MCQS

Created By Amaan Khan

1. Wild bird and animals preservation act was presented in_____1912.
2. Currently specialist groups_____112.
3. Honorary officer hold office for a period of____year three.
4. Ramsar site of KPK_____Tanda Dam, Thanedar Wala.
5. Every zoo shall have____full time officer in charge of zoo_____One.
6. Navigation is done by_____Echolocation system.
7. Egg of chukor hatched in 23 to_____days_____25.
8. In Brown bear sexual maturity is from_____of age_____4.5-7 years.
9. Sexes in koklaes are_____Dimorphic.
1. Musk deer can refer any one of all_____can exhibit species make up moschus_____Seven.
10. Barking deer weight_____22-25kg.
11. Body color of jungle cat_____sandy grey.
12. Hog deer fully protected in Bangladesh and_____India.
13. The woolly flying squirrel is slightly larger in body size. Smaller bushy tail than the other species inhabiting_____Pakistan.
14. Common name of---------- is Bhulan._____Indus Dolphin
15. The Markhor are best seen along the road at dusk_____Markhor
16. Tooshi game reserves It covers_____hectares____1000
17. Globally, agriculture accounts for_____of the total water withdrawal on Earth____65%
18. Zoos reinforce the notion of_____domination over non-human animals, which is never beneficial to animals.____Human
19. Long term declines are thought to be due to chemical and_____river pollution___Biological
20. The Indian wild ass are significantly_____than donkeys_____Larger
21. Striped Hyaena status is____Critically endangered
22. Many_____operate independently or in various combination for destruction or extermination of various species_____Factors
23. Cholistan wildlife sanctuary is part of cholistan_____desert
24. Mediam size zoo required ....vaterians _____One full time
25. Poaching for meat hides and fat is believed for apparent .....properties_____Medicinal properties
26. .in Pak Lal suharna at Bahawalpur conserve_____Black buck
27. seed eaters also disperse seeds by_____defecation
28. is a game bird._____Houbara bustard
29. brown beer commonly found in.....
30. scientific name of chinkara is_____Gazellagazella
31. How many species of foxes are present in Pakistan_____2
32. is smaller and possess shorter legs_____jackal
33. civets are related to_____cat
34. Otters are aquatic_____carnivore
35. is a large long tailed game bird_____Pheasant

VU Medical Zone effort by Amaan Khan

36. Scientific name of kingfisher is_____Alcedoatthis
37.refers to neither cultivated or domesticated nor teemed organisms._____wildlife
38.use small cave like openings in outcrops as hibernacula._____Rattlesnakes
39.is an integral part of an ecosystem?_____wildlife
40. chinji national park is established in_____1987
41. coat of sand dunes Cat is_____soft dense
42. medium size eagle is about.....in length_____60cm
43. Hyenas are larged size .....like carnivore with big head._____dog
44. Toshi game reserve it covees hectares_____1000
45. length of zoo shall wall _____ .2m
46. Which disease is viral_____Rabies
47. Ayubia national park support------species of mammals._____31
48. Egg of chukor hatched in 23 to----days._____25
49. The deliberate movement of organism from one site for In another_____Release
50. In Zoo full time officer_____1
51. Anti inflammatory drug_____Dicllofenac
52. Urial Subspecies locally called_____Punjabi Dunba
53. Master plan from 5 to_____25
54. Musk deer refers any one of all (seven)
55. ____determines any wildlife species found in any year_____habitat
56. Estimated population of snow leopard_____3920-6390

VU Medical Zone effort by Amaan Khan

Zoo504 Final Term Past MCQS

2. Bones of Leopard cat are used in some traditional _____ medicine_____Asian
3. Wild life is natural_____with a great importance_____Renewable resources
4. Reason of death identify on the basis of_____Post mortem
5. In brown bear sexual maturity is from_____of age_____4.5-7 years
6. Ayubia national park support _____ species of mammals_____31
7. Barking deer weighs----------22-25kg
8. Capra body length is_____52 inches
9. Body color of jungal cat_____Sandy grey
10. Hog deer protected in _____ Bangladesh
11. The name of argoli is a_____for sheep_____ Mongolian word
12. Sexes in koklass is_____Dimorphic
13. Egg of chukor hatched in 23 to_____days_____25
14. Wolly flying squirrel native to_____Pakistan
15. The deliberate movement of organisms from one site for_____in another_____Release
16. Coat of panther is_____Tawny or light yellow
17. _____fur patterned with markings is the perfect camouflage for their rocky habitat_____Thick
18. Hazargangi chiltan park establish in_____1978
19. Largest park at sindh_____kirthar national park
20. Pinecanes_____conferous tree
21. Criteria declared for wet land is_____9
22. Conservation purpose of zoo_____fauna
23. In zoo full time officer_____1
24. Endamic species_____Gela pagos fauna
25. Anti inflammatory drug_____Diclofenac

VU Medical Zone Effort by Amaan Khan

26. In conservation Translocation deliberate movement provide site for_____Release
27. Bones of leopard cat used_____Asian medicine
28. Urial subspecies locally called_____Punjabi dunba
29. Foxes are_____ Omnivorous mammals
30. Civelts are related to_____Cats
31. _____throated marten larger size_____yellow
32. Kong fishers long term decline chemical and_____Biochemical
33. Maintenance of hygienic condition by_____graveyards
34. master plane_____5 to 25 years
35. snow leopard_____ thick fur
36. snow leopard wild_____6000
37. Paulter coat ranges from tawny or light_____yellow
38. Musk deer refer any one of all_____ Seven
39. Indus dolphin navigation_____Echolocation system
40. Hog deer fully protected in Bangladesh and_____India
41. IUCN recognize_____game reserve in Pakistan_____66
42. Chashma and Tonsha barrage dolphin sanctuary was declared open to the public_____ in 1972
43. _____projects in more than 60 nations around the world that are intended to help protocol both wild life and the wild place in which live_____500
