We also provide Past papers for Mids. and Finals

Cross Check your answers before submitting directly from the file. We are not responsible for 100% correction as human error exists

1. Blood is _____ times viscous than water.

Options:

a) 3 to 4

b) 10 to 15

c) 8 to 9

d) 6 to 8

Correct option: a) 3 to 4

2. In the peripheral circulatory pathway, blood is pumped from _____.

Options:

a) Right atrium

b) Left atrium

c) Left ventricle

d) Right ventricle

Correct option: d) Right ventricle

3. The phenomenon of plasma skimming and resultant increased blood flow velocity is called _____.

Options:

a) Viscosity

b) Fahraeus-Lindqvist effect

c) Microcirculation

d) Poiseuille's law

Correct option: b) Fahraeus-Lindqvist effect

4. _____ serves as a major inducer of vasodilation in the cardiovascular system.

Options:

a) Sodium

b) Potassium

c) Carbon

d) Nitric oxide (NO)

Correct option: d) Nitric oxide (NO)

5. Plasma skimming is the natural separation of _____ from plasma.

Options:

a) Platelets

b) White blood cells

c) All of the above

d) Red blood cells

Correct option: d) Red blood cells

6. According to _____, the flow of blood is inversely related to viscosity.

Options:

a) Charles's law

b) Conservation law

c) Poiseuille's law

d) Boyle's law

Correct option: c) Poiseuille's law

7. Blood pressure is generated by the _____ of the ventricle of the heart.

Options:

a) Contraction

b) Relaxation

c) Small holes

d) None of the above

Correct option: a) Contraction

8. Which type of blood vessels carry blood away from the heart?

File by MAM MEHWISH 03184148783
Paid LMS Handling Available

Options:

a) Veins

b) Capillaries

c) Arteries

d) Arteries, veins, and capillaries

Correct option: c) Arteries

9. What does vasoconstriction stand for?

Options:

a) None of the above

b) Narrowing of the blood vessels

c) Dilation of blood vessel

d) Dilation of blood vessel

Correct option: b) Narrowing of the blood vessels

10. Vasodilation is the _____.

Options:

a) Constriction of the blood vessels

b) Widening of blood vessels

c) Restriction of blood vessels

d) Narrowing of the blood vessels

Correct option: b) Widening of blood vessels
