

ENG529

Mids 2K26

By Nimma Malik

IMP Acronyms

TELL (technology-enhanced language learning)

WELL (web-enhanced language learning)

CELL (computer-enhanced language learning)

NBLT (network-based language teaching)

CMC (computer-mediated communication)

ICT (information and communications technologies)

MALL (Mobile Assisted Language Learning)/ mobile learning (m-learning)

Programmed Logic for Automatic Teaching Operations (PLATO)

CSS (cascading style sheets)

GTM (Grammar Translation Method)

Content management systems (CMSs)

Learning management systems (LMSs)

Virtual learning environments (VLEs)

Optical Character Recognition (OCR) system

intelligent language tutors (ILTs)

Computer-Assisted Language Instruction System (CALIS)

Open Educational Resources (OER)

Automated Writing Evaluation

Multiplayer online role-play game (MMORPG)

Colossal Cave Adventure (CCA)

Artificial reality simulators (ARS)

IMP Objective

- 1) The 'Wikipedia' is a _____ tool. **Web resource.**
- 2) The ' PowerPoint ' is a/an _____ tool. **office tool / suite**
- 3) The ' Telegram ' is a/an _____ tool. **Chat**
- 4) Heart of tota is a kind of **ESL** video game.
- 5) The ' Nuzzel ' is a/an _____ tool. **news alert tool**
- 6) Video games addicts should play _____ games. **ESL**
- 7) Technology can be a/an _____ tool in language learning. **highly engaging and interactive tool**
- 8) The 'Google Classroom' is a _____ platform. **Learning platform / LMS**
- 9) Learners must use technology as a **significant** part of their learning process.
- 10) Web **2.0 site** allows users to interact and collaborate as **creators.**
- 11) By helping students to use technology, we can promote their _____. **Autonomy**
- 12) The 'Hot Potatoes' is a _____ tool. **games & testing tool**
- 13) The “CELL” is **computer** related language education technology.
- 14) The 'Everest Syndrome' refers to a situation of the use of _____ technology. **Specific**
- 15) Learning becomes more durable because more _____ are involved in technology. **Senses**
- 16) The internet has become a part of _____ phenomenon. **Social**
- 17) Having internet access in the classroom opens up **learning** to the real world.

ENG529 Mids Compilations

- 18)** Technology is affecting education in **revolutionary** ways.
- 19)** The first IBM PC in **1981**.
- 20)** Technological change is redefining **communication** by leaps and bounds.
- 21)** The development of technology in language education is also the result of the development of learning **theories** and pedagogical considerations.
- 22)** Technology has been integrated into **second** language teaching and learning since the **1960s**
- 23)** One of the best known of these collections was the University of **Virginia Library's Etext** Center, founded in **1992**.
- 24)** With the development of multimedia computing and the Internet, technology is becoming a vital feature of **second** language classroom.
- 25)** The "MALL" is **mobile** related language learning technology.
- 26)** Language learning/teaching is embarking on a new **trend**.
- 27)** The **first Apple computer**, the Apple I, was released in **1977**.
- 28)** The advantage of the Internet is that it allows language to come to the **learner**.
- 29)** Technology in language learning has been in constant **evolution** since its genesis in the **1950s**
- 30)** The "NBLT" is a **network**-based language teaching.
- 31)** The "WELL" is **web** related language learning.
- 32)** The evolution of MUDs led to the creation of MOOs (MUDs, Object-Oriented), with the first created by **Stephen White in 1990**.
- 33)** E-books are **searchable, interactive, and less expensive** (millions are free).
- 34)** The "TELL" is **Technology** based education technology.
- 35)** Technology is an **effective** tool for learners

ENG529 Mids Compilations

- 36) The most widely used variant of technology in language learning is **CALL (computerassisted language learning)**.
- 37) VWs have almost entirely been published after **2000**.
- 38) Cooperation is one of the important **tool** for learning.
- 39) **Writers** are exploring the e-book medium and are using it in **novel ways**.
- 40) Learners '**cooperation**' can be increased through **technology**.
- 41) PLATO was one of the first systems to be usable by **non-experts**.
- 42) The most recent version of the web authoring language, **HTML 5**, includes features that are important in language-learning applications including native playback for **audio and video, enhanced graphics, and robust language support**.
- 43) **Authors** will use the Internet as they explore **e-books** in their **literary work**.
- 44) They emphasized that by using computer technology, language class becomes an **active** place.
- 45) **Technology**-enhanced teaching environment is **more effective** than **lecture-based** class.
- 46) According to **Arifah (2014)**, the use of the internet increases learners '**motivation**'.
- 47) Steinkuehler and Williams (2006) refer to as a **"new third spaces"**
- 48) In technology education, there should be a **sustained comparison** made between task design and implementation.
- 49) Intelligent Machines Research had introduced the first commercial OCR systems in the **1950s**.
- 50) JavaScript (officially ECMA Script) is a scripting **language** that is incorporated into the source of the webpage, along with HTML and CSS (cascading style sheets).
- 51) It took over **twenty-five years** for Project Gutenberg to complete its thousandth book: Dante's Inferno, added in **August 1997**.

ENG529 Mids Compilations

- 52) The process of creating and delivering language-learning software has changed significantly since its beginnings in the **1960s**.
- 53) The Project Gutenberg library contains **thirty thousand** free books contributed by “**tens of thousands**” of editors.
- 54) The first Internet e-book was created in **1971**.
- 55) **In traditional classrooms**, teachers stand in front of learners and give lecture, explanation, and instruction through using blackboard or whiteboard.
- 56) One of the better-known and successful ILTs is **E-Tutor** for **German**.
- 57) The **thirty-year** history of the e-book on the Internet began with slow and steady development and then launched into **accelerated** progress.
- 58) Programmed Logic for Automatic Teaching Operations (PLATO) system at the University of Illinois, which began in **1960**.
- 59) **Learners** can learn meaningfully when technology is used in the process of learning through using **computers** and the internet.
- 60) **Distance language courses**, providing opportunities for interaction and collaboration, as both the **means and the objective** of language learning.
- 61) **Nicci French** wrote her story **Your Place and mine** live on the Internet while readers followed along.
- 62) The **Tutor Assistant** is an **authoring** tool for ILTs which enables that **functionality**.
- 63) Early **Internet e-book creators** faced substantial technical challenges.
- 64) As the **commercial implications** of Internet e-books became clear, aggregators and publishers joined in, focusing on the Internet as a market for front list titles.
- 65) On **October 21, 2009**, Scribner announced a **\$35** list price for the e-book edition of **Under the Dome**.

ENG529 Mids Compilations

- 66) **JavaScript** is **client- side code** and is natively supported by Web browsers, which means that it runs efficiently and can be integrated into the Web page structure.
- 67) **King's Riding the Bullet** was a **conventional e-book**.
- 68) An online repository of works printed in English between the years **1477 and 1799**. The site was founded in **1992** by **Risa Bear**.
- 69) Importantly, too, the new learning environments offer opportunities for peer support, and for reflection on learning experiences in both private (with teachers) and shared (with peers) conversations online. **TRUE**
- 70) In terms of synchronous conferencing, both audio graphic and video conferencing have become crucial components in many distance language courses, providing opportunities for interaction and collaboration, as both the means and the objective of language learning. **TRUE**
- 71) Revolution in mobile learning is happening **both inside and outside** the classroom.
- 72) The Tactical Language and Culture Training System, for example, designed for use by **U.S. military** personnel.
- 73) In **1978, Roy Trubshaw** created a new game that was patterned on one of the variations of Zork that he called **MUD**. It first ran on the network of **Essex University** only, but in **1987**.
- 74) The process was so easy as to be almost transparent: hyperlink to the other libraries. In **June 1993**
- 75) The use of authoring languages still requires some **coding** on the part of the instructor.
- 76) **WWW.duolingo.co** is a great source to learn any **foreign** language.
- 77) Roy Trubshaw created a new game that was patterned on one of the variations of Zork that he called **(MUD)**
- 78) In the early forms of distance language teaching, there was a sustained interest in course design and ongoing **evaluation** of materials.
- 79) Effect of using technology on Learners' cooperation is **increased**.

ENG529 Mids Compilations

- 80) The Web is, of course, also a great source of listening.
- 81) CMC as the essential "glue" that holds students together in distance language learning.
- 82) The use of film in teaching helps learners to realize the topic with enthusiasm.
- 83) Language courseware goes back to the earliest days of CALL in the 1960s.
- 84) Net Library launched the first e-book database for libraries in 1998.
- 85) The usage of multimedia texts in classroom assists learners in become familiar with vocabulary and language structures.
- 86) The true combination of multimedia and teaching methodology is very important to attract learners' attention.
- 87) Using technology can create a learning atmosphere centered around the learner rather than the teacher.
- 88) When technology is used, Learners can learn meaningfully.
- 89) Positive effect of technology depends on its _____? Usage.
- 90) The application of technology provides _____ ways for teaching methods? Alternative
- 91) Learning with the help of technology helps to develop _____? Skills.
- 92) The uses of computer technology expand opportunities for their learning.
- 93) Which of the following is a kind of knowledge which we learn from other people, either by direct instruction or by watching them? Culture/Social knowledge.
- 94) Asynchronous forums were among the *earliest* forms of CMC used in distance language teaching.
- 95) One that has reached a similar size is the Internet Archive, launched in 1996.
- 96) In August 1989, Project Gutenberg added its tenth book, the King James Bible.
- 97) In January 1994, Project Gutenberg celebrated its one-hundredth books by publishing the complete works of William Shakespeare.

ENG529 Mids Compilations

98) In **October 2003**, with the addition of the Magna Carta, Gutenberg reached **ten thousand volumes**.

99) Active Worlds (AWs), created in **1995**.

100) Mall is a **mobile** related.

101) In the context of **21st century**, how does the concept of **technology** influence and integrate into various facets of contemporary living.

102) Scanner technology originally developed in **1957**.

103) If predictions of future technologies were accurate, contemporary humans would be travelling via personal air cars. **TRUE**

IMP Subjective

How technologies help in modernization of education? OR How technology can be used in improving education? OR How technology has changed the education system?

- 1) Improves education.
- 2) Reforms curricula.
- 3) Makes teaching more effective.
- 4) Makes learning more interactive.
- 5) Provides easy access to information.
- 6) Enhances communication and collaboration.
- 7) Supports student-centered learning.
- 8) Develops 21st-century skills.
- 9) Promoting visual, verbal, and kinesthetic learning.

How technologies help teachers in education? OR Advantages of using technology in classroom for teachers?

- 1) Makes teaching more effective.
- 2) Makes lessons more interesting and engaging.
- 3) Provides alternative teaching methods.

ENG529 Mids Compilations

- 4) Helps teacher's access authentic learning materials.
- 5) Saves time in preparing and delivering lessons.
- 6) Facilitates communication with students.
- 7) Supports student-centered learning.
- 8) Helps monitor and assess student progress.

Name five technology tools used for Academic purposes?

- i. Learning Management Systems (LMS)
- ii. PowerPoint
- iii. Google Classroom
- iv. MS Word
- v. Zoom
- vi. Google Docs & Drive
- vii. Google Translate
- viii. OneNote
- ix. Moodle
- x. Prezi

What Terms are similar to CALL?

- 1) **TELL** – Technology-Enhanced Language Learning
- 2) **WELL** – Web-Enhanced Language Learning
- 3) **CELL** – Computer-Enhanced Language Learning
- 4) **NBLT** – Network-Based Language Teaching
- 5) **CMC** – Computer-Mediated Communication
- 6) **ICT** – Information and Communications Technologies
- 7) **E-learning**
- 8) **Blended Learning**
- 9) **MALL** – Mobile Assisted Language Learning (Mobile Learning)

Why ESL games are proficient learning?

ESL games are effective because they:

- ❖ Increase student engagement.
- ❖ Improve motivation.
- ❖ Make learning fun and interactive.
- ❖ Encourage active participation.
- ❖ Provide immediate feedback.
- ❖ Help students learn better and remember more.

The Ways in which technology can be used?

- 1) As a source of information and research.
- 2) For communication and collaboration.

ENG529 Mids Compilations

- 3)** For presentations and classroom teaching.
- 4)** For online learning (e-learning).
- 5)** For creating and sharing learning materials.
- 6)** For language practice (listening, speaking, reading, and writing).
- 7)** For mobile learning (MALL).
- 8)** For student-centered and autonomous learning.

Mention Websites for ESL Learning? OR Some useful sites for language learning?

- 1)** British Council Teaching English
- 2)** Onestop English
- 3)** Academia.edu
- 4)** Demand High ELT
- 5)** An A-Z of ELT
- 6)** Elt-resourceful
- 7)** Manythings.org
- 8)** Edutopia

How technology can be used In language teaching and learning? OR Two ways of using technology in teaching and learning

- 1)** Accessing information, including information about language
- 2)** Exposure to the target language
- 3)** Entertainment (i.e. reading/listening for pleasure)
- 4)** Creating text
- 5)** Publishing learner work
- 6)** Communicating and interacting with other language users/learners
- 7)** Creating community
- 8)** Managing and organizing learning (e.g. learning management systems, online vocabulary notebooks, etc.)
- 9)** Use of big data to explore any issue
- 10)** Explore digital content at the run time from all over the world
- 11)** Time-saving

5 gadgets/tools in modernizing education?

- ❖ Mobile phones
- ❖ Digital cameras
- ❖ Tablets
- ❖ MP3 players
- ❖ Voice recorders
- ❖ Smartphones

Three technical challenges faced by early creators?

ENG529 Mids Compilations

- A. E-books had to be typed manually, so progress was very slow.
- B. Scanner technology was not widely available.
- C. Optical Character Recognition (OCR) systems were not widely available.
- D. Sharing information on the early Internet was difficult.
- E. Download speeds were slow.
- E. E-book audiences were very small.

Write ESL video games for learners?

- 1) **Phantasy Quest** leaves you on a deserted island.
- 2) **Sound Factory** lets you play a musical factory.
- 3) Kinetetto 2
- 4) The Ballard of Kinetetto 7
- 5) Heart Of Tota
- 6) The Ballard of Kinetetto
- 7) Dr. Stanley's House 2"
- 8) Inspector Kloo 4

Web 2.0 Tools with four examples?

Web 2.0 tools are online tools that allow users to create, share, update, and interact with content collaboratively over the internet. In distance language learning, they help learners communicate and work together online.

Examples:

- blogs
- wikis
- Facebook
- Twitter
- YouTube
- Chat tools

Name two web course management systems for higher education?

-  Moodle
-  Blackboard
-  VU LMS

Virtual world and its characteristics?

Virtual Worlds (VWs) are virtual environments that exist primarily for socializing, where people interact and build relationships through online spaces.

Characteristics:

ENG529 Mids Compilations

- 1) Online 3D environment
- 2) Avatars
- 3) Real-time interactivity
- 4) 24-hour accessibility
- 5) Persistence
- 6) Social space
- 7) Large numbers of users online simultaneously

Virtual world True/False

See Lesson 5

Who founded Project Gutenberg and why was it beneficial in early e-book history?

Project Gutenberg was founded by Michael S. Hart in **1971**. It was the first Internet e-book project and became the first major Internet e-book library. The project was beneficial in the early history of e-books because it pioneered the digitization and collection of electronic books and aimed to make books, information, and other reading materials freely available to the general public. For many years, Project Gutenberg remained the leading source of e-books on the Internet and played a significant role in the development and promotion of e-books worldwide.

Benefits of technology in the classroom?

- 1) Improves Engagement.
- 2) Improves Knowledge Retention
- 3) Encourages Individual Learning
- 4) Encourages Collaboration
- 5) Students Can Learn Useful Life Skills

Categories of technologies used for L2 writing instructions?

The technologies used for L2 (Second Language) writing instruction can be categorized into three main groups:

- ✚ **Web 2.0 application**, which allows for authorship of multiple users who contribute content to a common repository online.
- ✚ The second category is **automated writing evaluation systems** developed specifically for analysis and feedback to writers during the writing process.
- ✚ The third category is the **corpus-based tools**, which serve as a reference to writers as they strategically examine the language used in collections of existing electronic texts.

Two tool name for real communication teacher and student?

The tool used for real-time communication between teacher and students is Synchronous Communication Tools (such as 1) Chat 2) audio conferencing 3) video conferencing).

ENG529 Mids Compilations

Name of modern tool for language learning?

A modern tool for language learning is Mobile-Assisted Language Learning (MALL). **Mobile-Assisted Language Learning (MALL)** refers to the use of handheld technologies such as smartphones and tablets in language learning.

How internet is an instant source of information give examples.

The Internet is an instant source of information because it provides immediate access to a vast amount of knowledge and resources from anywhere in the world. Users can quickly search for information, educational materials, news, articles, and research through online websites and search engines.

Examples:

-  Google
-  Wikipedia
-  Online libraries and databases

True false from e book topic

See Lesson 7

How internets help in language education?

The Internet helps in language education by giving learners easy access to authentic materials and online learning resources. It enables communication and collaboration through **e-mail, discussion forums, chat, and video conferencing**. The Internet also supports the development of reading, writing, listening, and speaking skills and allows students to learn anytime and anywhere.

Explain two benefits of technology for learner and teacher?

Benefits for Learners

- i. Improves Engagement** – Technology makes learning more interactive and interesting, which increases student participation.
- ii. Improves Knowledge Retention** – Students understand and remember information more effectively through technology-enhanced learning.

Benefits for Teachers

- i. Saves Time and Effort** – Technology helps teachers manage lessons, assignments, and assessments more efficiently.

ENG529 Mids Compilations

- ii. Improves Teaching Effectiveness** – Teachers can use multimedia and online resources to deliver lessons more effectively.

What are five levels/categories of virtual worlds?

- i.** Age level
- ii.** Game level (low, mid, or high)
- iii.** Socialization level (low, mid, or high)
- iv.** Education focus (low, mid, or high)
- v.** Technical requirements (low, mid, or high)

Five major publishers that sell front-list e-books directly to consumers?

- 1)** HarperCollins
- 2)** Random House
- 3)** Macmillan
- 4)** Simon and Schuster
- 5)** Penguin

Examples of technology in classrooms?

- ❖ Computers
- ❖ Internet
- ❖ Multimedia materials
- ❖ Computer technology
- ❖ Technology-enhanced classroom environments

True/False related Web 2.0 Tools.....

See Lesson #04

***Remember me in your precious
prayers and wishing all of you
the very best!***
