- **Auto arrange option is selected**
- Icons are already arranged

PG # 33

If auto arrange option is selected for desktop icons, we can not change icon's location. If icon is moved, it will go back to its place.

31. The main components of the computer, communicates with each other with the help of _____.

- **System bus**
- Memory
- Keyboard
- Monitor

32. Computer takes data as _____.

- Software
- Storage
- Output
- **Input**

PG # 6

Computer is an electronic device that takes data, instructions and information as input and produce output (information) after processing it.

33. Which of the following is not the advantage of computer?

- Efficiency
- Reliability
- **Safety**
- Fast results

PG # 8

Advantage of computer: Efficiency, Reliability, Storage, Fast results

34. Storage is also referred as _____.

- Data
- Instructions
- Files
- **Memory**

PG # 7

35. Key used to exit from certain type of applications is called _____.

- Space key
- **Escape key**
- Enter key
- Backspace key

PG # 10 and 11

- Standard bar
- Status bar
- Tool bar
- **Title bar**

PG # 30

40. List of folders and files is called _____.

- **File and folder tree**
- File and folder browser
- File and folder navigator
- File and folder panel

PG # 35

41. Desktop can't be seen when _____.

- Windows is minimized
- Clicking on the Start button
- **Windows is maximized**
- Clicking on My computer

PG # 30

42. The blinking symbol on the computer screen is called _____.

- ☐ Mouse
- ☐ Logo
- ☐ Hand
- ☐ **Cursor**

PG # 48

43. Which is the advanced form of text editor?

- ☐ Notepad
- ☐ EDpad
- ☐ Phrase Processor
- ☐ **Word Processor**

PG # 24

44. A long bar line is blinking in the notepad. This line is called _____.

- ☐ **Cursor**
- ☐ Long Bar
- ☐ Pad Pointer
- ☐ Character setter

PG # 51

45. RAM is a _____.

- ☐ **Volatile memory**
- ☐ Non-volatile memory
- ☐ Read Only memory
- ☐ Secondary memory

PG # 18

46. To go to the start of any Microsoft Word document, we press _____ keys.

- ☐ **Ctrl + home**
- ☐ Ctrl + end
- ☐ Shift + Home
- ☐ Shift + End

PG # 12

Degree Dossier

Keep Learning Keep Growing

47. Keyboard is used to input _____.

- ☐ **Text**
- ☐ Images
- ☐ Video
- ☐ Sound

48. Key used to go to next page in a document is called _____.

- ☐ Insert key
- ☐ Tab key
- ☐ **Page down key** **PG # 12**
- ☐ Page up key

49. Tab key is a _____.

- ☐ Non-typing key
- ☐ **Typing key** **PG # 12**
- ☐ Toggle key
- ☐ Application key

Tab key is a typing key and used to put more than one space within characters or words.

50. Devices used to give data, instructions or information to computer are called _____.

- ☐ Output devices
- ☐ Storage devices

To view the properties of a folder

1. Select the folder. Go to File menu and click on Properties. A new window call Properties Panel will open.

2. Right click on a folder. Go to Properties.

52. Latest computers are example of _____.

- Mechanical devices
- **Electronic devices**
- Electromechanical devices
- Electrical devices

PG # 6

53. To type characters “H”, we use _____ key.

- Num lock
- Pause lock
- **Caps lock**
- Scroll lock

PG # 11

Characters become capital when the caps lock is on.

54. Which of the following is primary storage?

- Hard disk
- Floppy disk
- **RAM**
- Optical disk

PG # 18

Types of primary storage

There are two types of primary storage devices 1- ROM 2- RAM

55. Key used to generate particular number of spaces between two characters is called _____.

- Tab key
- **Space key**
- Enter key
- Backspace key

PG # 11

56. System tray shows icon for the programs which _____.

- Needs data backup
- **Run in the background**
- Consume more memory
- Run in the foreground

PG # 29

System tray exists at the right side of the task bar, which may contain some icons like antivirus programs, firewall software etc. **Icons in system tray represent programs which work in background.**

57. Which of the following is secondary storage?

- RAM
- ROM
- **Hard Disk**
- Cache

PG # 19

58. Suppose you have written your all text in notepad file then what task you will perform after this?

- Open this file
- **Save this file**
- Delete this file
- Move this file

PG # 42

59. Which of the following is intangible?

- **Software**
- Hard disk
- Optical disk
- Computer Mouse

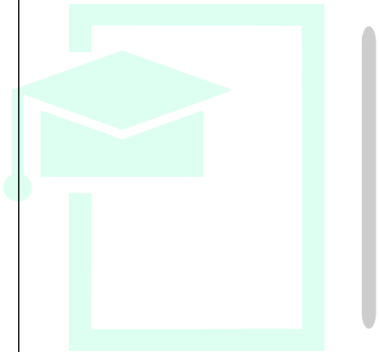

PG # 8

Software is intangible (you can not hold it like hardware).

It is weightless.

It does not exist as hardware.
