    - **c) Increasing the marketing budget**
    - d) Collecting and analyzing data
    - **Answer:** c) Increasing the marketing budget

4. **What type of data is newly performed research?**
    - **a) Primary data**
    - b) Secondary data
    - c) Tertiary data
    - d) Existing data
    - **Answer:** a) Primary data

File created by Ali Khan

WA- 0347-7776639

5. **Which type of market research involves observing consumer behavior in a controlled environment?**
    - a) Survey research
    - **b) Experimental research**
    - c) Secondary research
    - d) Focus group research
    - **Answer:** b) Experimental research

6. **A group of individuals selected to represent the views of the larger population is known as:**
    - a) A focus group
    - **b) A sample**
    - c) A market segment
    - d) A control group
    - **Answer:** b) A sample

7. **Which of the following is a quantitative research method?**
    - a) Focus groups
    - b) In-depth interviews
    - **c) Surveys**
    - d) Case studies
    - **Answer:** c) Surveys
8. **Secondary data in market research refers to:**
    - a) Data collected by the researcher themselves
    - **b) Data previously collected for another purpose**
    - c) Data that is subjective and non-numerical
    - d) Data that has not been verified
    - **Answer:** b) Data previously collected for another purpose

9. **Which of the following is NOT a qualitative research method?**
    - a) Observations
    - **b) Experiments**
    - c) Focus groups
    - d) In-depth interviews
    - **Answer:** b) Experiments

File created by Ali Khan

WA- 0347-7776639

10. **Which is an example of primary data?**
    - a) Census data
    - b) Sales reports
    - **c) Customer surveys**
    - d) Industry reports
    - **Answer:** c) Customer surveys

Lecture 26: Marketing Strategies and Planning

1. **What is a marketing strategy?**
    - a) A short-term action plan

File created by Ali Khan

WA- 0347-7776639

8. Which stage of the product life cycle is often associated with high sales and profits due to widespread market acceptance?
    - A) Growth stage
    - B) Introduction stage
    - C) Maturity stage
    - D) Decline stage
    - **Answer: A) Growth stage**

9. What is the main goal of branding?
    - A) To increase manufacturing costs
    - B) To reduce competition
    - C) To differentiate products from competitors
    - D) To decrease market share
    - **Answer: C) To differentiate products from competitors**

10. Which of the following is a characteristic of the decline stage in the product life cycle?
    - A) High profits
    - B) Low competition
    - C) Increased market share
    - D) Decreasing sales
    - **Answer: D) Decreasing sales**

Lecture 29: Pricing & Distribution Mix

1. What is the primary objective of cost-based pricing?
    - A) Maximizing market share
    - B) Matching competitor's prices
    - C) Covering costs and adding a profit margin
    - D) Offering discounts to customers
    - **Answer: C) Covering costs and adding a profit margin**

2. Which pricing strategy involves setting a high initial price to maximize short-term profits?
    - A) Penetration pricing
    - B) Skimming pricing
    - C) Dynamic pricing
    - D) Fixed pricing
    - **Answer: B) Skimming pricing**

File created by Ali Khan

WA- 0347-7776639

3. Breakeven analysis helps determine:
    - A) The lowest possible price for a product
    - B) When a company will start making a profit
    - C) The optimal distribution channels
    - D) Customer preferences
    - **Answer: B) When a company will start making a profit**

4. What does the term "dynamic pricing" refer to?
    - A) Setting a fixed price for a product over its lifecycle
    - B) Adjusting prices based on customer demographics
    - C) Changing prices based on supply and demand
    - D) Offering discounts to loyal customers
    - **Answer: C) Changing prices based on supply and demand**

5. The distribution mix in marketing refers to:
    - A) The range of products offered by a company
    - B) The channels used to move products from producers to consumers
    - C) The various pricing strategies employed by a company
    - D) The promotion tactics used by a company
    - **Answer: B) The channels used to move products from producers to consumers**

6. Which distribution strategy limits the number of outlets for a product in a particular geographic area?
    - A) Intensive distribution
    - B) Exclusive distribution
    - C) Selective distribution
    - D) Push distribution
    - **Answer: B) Exclusive distribution**

7. What is the primary purpose of using intermediaries in the distribution channel?
    - A) To increase manufacturing costs
    - B) To reduce competition
    - C) To add value through services like storage and transportation
    - D) To lower product prices

File created by Ali Khan

WA- 0347-7776639

- **Answer: C) To add value through services like storage and transportation**

8. Which transportation mode is known for its ability to carry heavy and diversified cargo, though it does not provide direct delivery to customers?
    - A) Trucks
    - B) Railroads
    - C) Air transport
    - D) Water carriers
    - **Answer: B) Railroads**

9. What is intermodal transportation?
    - A) Using multiple distribution channels simultaneously
    - B) Shipping products internationally
    - C) Combining different modes of transportation
    - D) Selling products through online platforms
    - **Answer: C) Combining different modes of transportation**

10. The primary goal of physical distribution systems is to:
    - A) Increase advertising effectiveness
    - B) Reduce product variety
    - C) Minimize customer service standards
    - D) Achieve competitive customer service at the lowest total cost
    - **Answer: D) Achieve competitive customer service at the lowest total cost**

Lecture 30: Wholesaling, Retailing & Physical Distribution

1. Which type of wholesaler takes legal possession of goods and provides services like storage and delivery?
    - A) Drop shipper
    - B) Rack jobber
    - C) Merchant wholesaler
    - D) Agent
    - **Answer: C) Merchant wholesaler**

2. What is the main characteristic of a full-service merchant wholesaler?
    - A) They only provide storage services
    - B) They do not handle credit or marketing

File created by Ali Khan

WA- 0347-7776639

- C) They provide a wide range of services including credit and marketing
- D) They sell products directly to consumers
- **Answer: C) They provide a wide range of services including credit and marketing**

3. Which type of retailer focuses on offering a variety of products at bargain prices?
   - A) Department store
   - B) Discount house
   - C) Specialty store
   - D) Factory outlet
   - **Answer: B) Discount house**

4. Scrambled merchandising refers to:
   - A) Selling products that are not related to each other
   - B) Keeping products in a scrambled order on store shelves
   - C) Providing discounts on randomly selected products
   - D) Mixing different brands within the same product line
   - **Answer: A) Selling products that are not related to each other**

5. What distinguishes a warehouse club from other types of retailers?
   - A) It charges high membership fees
   - B) It offers products at discounted prices
   - C) It only sells products online
   - D) It focuses on luxury goods
   - **Answer: B) It offers products at discounted prices**

6. Which physical distribution activity involves all activities required to move finished products from producers to consumers?
   - A) Warehousing
   - B) Transportation
   - C) Packaging
   - D) Labeling
   - **Answer: B) Transportation**

7. Containerization in transportation refers to:

File created by Ali Khan

WA- 0347-7776639

- A) Using different types of containers for shipping
- B) Standardizing heavy-duty containers for shipping goods
- C) Using air freight for shipping perishable goods
- D) Implementing eco-friendly packaging solutions
- **Answer: B) Standardizing heavy-duty containers for shipping goods**

8. Which transportation mode is the fastest but most expensive for moving goods?
   - A) Trucks
   - B) Railroads
   - C) Air transport
   - D) Water carriers
   - **Answer: C) Air transport**

9. What technology is used to optimize physical distribution systems?
   - A) Artificial intelligence and machine learning
   - B) Traditional paper-based systems
   - C) Telephone communication
   - D) Manual tracking systems
   - **Answer: A) Artificial intelligence and machine learning**

10. What is the main goal of physical distribution systems?
    - A) To increase advertising effectiveness
    - B) To reduce product variety
    - C) To minimize customer service standards
    - D) To achieve competitive customer service at the lowest total cost
    - **Answer: D) To achieve competitive customer service at the lowest total cost**

Lecture 31: Promotion & Advertisement

1. Which element of the promotional mix involves non-personal communication paid for by an identified sponsor?
   - A) Advertising
   - B) Public relations
   - C) Personal selling
   - D) Sales promotion
   - **Answer: A) Advertising**

File created by Ali Khan

WA- 0347-7776639

2. AIDA model stands for:
    - A) Attention, Interest, Desire, Action
    - B) Awareness, Interest, Desire, Action
    - C) Advertising, Interest, Decision, Action
    - D) Attention, Interest, Decision, Awareness
    - **Answer: A) Attention, Interest, Desire, Action**

3. Which promotional strategy offers short-term incentives to encourage the purchase or sale of a product or service?
    - A) Public relations
    - B) Sales promotion
    - C) Personal selling
    - D) Direct marketing
    - **Answer: B) Sales promotion**

4. What is the purpose of public relations in marketing?
    - A) To directly sell products to consumers
    - B) To create a positive image of a company or product in the public's eye
    - C) To conduct personal selling activities
    - D) To provide after-sales service
    - **Answer: B) To create a positive image of a company or product in the public's eye**

5. Integrated marketing communications (IMC) refers to:
    - A) Using multiple promotional methods to communicate a consistent message
    - B) Directly selling products to consumers
    - C) Using only personal selling to promote products
    - D) Conducting public relations campaigns
    - **Answer: A) Using multiple promotional methods to communicate a consistent message**

6. Which advertising medium allows advertisers to reach a highly targeted audience based on demographics and interests?
    - A) Television
    - B) Radio
    - C) Print media
    - **D) Internet**

File created by Ali Khan

WA- 0347-7776639

- **Answer: D) Internet**

7. What is the purpose of a teaser advertisement?
   - A) To create excitement and curiosity about a product without revealing its details
   - B) To compare a product with its competitors directly
   - C) To provide detailed information about a product's features
   - D) To offer discounts to consumers
   - **Answer: A) To create excitement and curiosity about a product without revealing its details**

8. What is the main advantage of using direct marketing as a promotional tool?
   - A) It reaches a large audience quickly
   - B) It allows for two-way communication with customers
   - C) It is less expensive than other forms of advertising
   - D) It is more entertaining for consumers
   - **Answer: B) It allows for two-way communication with customers**

9. What is guerrilla marketing?
   - A) Using aggressive sales tactics to sell products
   - B) Using unconventional marketing strategies on a small budget
   - C) Focusing only on large-scale advertising campaigns
   - D) Selling products through door-to-door sales
   - **Answer: B) Using unconventional marketing strategies on a small budget**
10. Which promotional tool involves face-to-face interaction with potential customers?
    - A) Advertising
    - B) Public relations
    - C) Personal selling
    - D) Sales promotion
    - **Answer: C) Personal selling**

Lecture 32: Advertising & Consumer Behavior

1. What is the purpose of positioning in advertising?
   - A) To identify target customers
   - B) To set promotional prices
   - C) To differentiate a product from competitors
   - D) To select distribution channels
   - **Answer: C) To differentiate a product from competitors**

2. What is the concept of cognitive dissonance in consumer behavior?
    - A) The tendency to seek out information that confirms one's existing beliefs
    - B) The uncomfortable feeling when there is inconsistency between beliefs and behaviors
    - C) The process of learning new behaviors through observation
    - D) The decision-making process based on emotions rather than logic
    - **Answer: B) The uncomfortable feeling when there is inconsistency between beliefs and behaviors**

3. Which factor refers to the degree to which a consumer perceives a product as meeting his or her needs or desires?
    - A) Perception
    - B) Motivation
    - C) Attitude
    - D) Involvement
    - **Answer: A) Perception**

4. What is the primary purpose of using celebrities in advertising?
    - A) To reduce advertising costs
    - B) To create a sense of urgency among consumers
    - C) To enhance brand image and credibility
    - D) To increase direct sales
    - **Answer: C) To enhance brand image and credibility**

5. The hierarchy of effects model suggests that consumers typically move through which sequence of stages in response to advertising?
    - A) Awareness, interest, desire, action
    - B) Interest, awareness, desire, action
    - C) Action, interest, awareness, desire
    - D) Desire, action, awareness, interest
    - **Answer: A) Awareness, interest, desire, action**

6. Which advertising appeal focuses on the fear of missing out or not conforming to societal norms?
    - A) Emotional appeal

File created by Ali Khan

WA- 0347-7776639

- B) Rational appeal
- C) Social appeal
- D) Fear appeal
- **Answer: D) Fear appeal**

7. What is the purpose of subliminal advertising?
   - A) To directly sell products to consumers
   - B) To persuade consumers to switch brands
   - C) To influence consumer behavior without their conscious awareness
   - D) To create a positive image of a company
   - **Answer: C) To influence consumer behavior without their conscious awareness**

8. Which consumer behavior theory suggests that consumers go through a five-stage decision-making process?
   - A) Hierarchy of effects model
   - B) Stimulus-response model
   - C) Cognitive dissonance theory
   - D) Consumer decision-making process
   - **Answer: D) Consumer decision-making process**

9. What is the role of culture in influencing consumer behavior?
   - A) It has no impact on consumer preferences
   - B) It defines the economic status of consumers
   - C) It shapes values, beliefs, and consumption patterns
   - D) It encourages impulse buying behavior
   - **Answer: C) It shapes values, beliefs, and consumption patterns**

10. What is the concept of selective perception in consumer behavior?
    - A) The tendency to notice and remember information that confirms one's beliefs
    - B) The process of screening out information that contradicts one's beliefs
    - C) The way consumers prioritize their needs and desires
    - D) The unconscious motivation behind consumer purchases
    - **Answer: B) The process of screening out information that contradicts one's beliefs**

File created by Ali Khan

WA- 0347-7776639

Lecture 33: Personal Selling

1. Prospecting in personal selling involves:
    - A. Identifying potential customers
    - B. **Locating the industry**
    - C. Analyzing the market
    - D. Pricing the product

2. Which technique involves asking a satisfied customer for referrals?
    - A. **Snowball Technique**
    - B. Cold calling
    - C. Direct approach
    - D. Persuasive selling

3. Getting an appointment from a customer in personal selling helps in:
    - A. Maintaining control of the conversation
    - B. Timing the sales pitch
    - C. Avoiding rejection
    - D. Ensuring immediate sale

4. Techniques to handle barriers in personal selling may include:
    - A. Ignoring receptionists
    - B. **Requesting assistance politely**
    - C. Offering bribes
    - D. Avoiding direct contact

5. The AIDA model stands for:
    - A. Awareness, Information, Desire, Action
    - B. Attention, Interest, Decision, Action
    - C. **Awareness, Interest, Desire, Action**
    - D. Attention, Interest, Detail, Action

6. Creative Selling involves:
    - A. Following standard scripts
    - B. Memorizing product details

File created by Ali Khan

WA- 0347-7776639

- C. **Innovating ways to influence customers**
- D. Repeating benefits multiple times

7. Missionary Selling focuses on:
   - A. Closing immediate sales
   - B. **Providing voluntary service to buyers**
   - C. Cold calling techniques
   - D. High-pressure tactics

8. The main task during the Presentation stage of personal selling is to:
   - A. Close the sale immediately
   - B. **Create interest in the product**
   - C. Collect customer information
   - D. Negotiate terms and conditions

9. What is the purpose of approaching customers without an appointment?
   - A. To demonstrate assertiveness
   - B. To save time
   - C. **To show control over the situation**
   - D. To avoid gatekeepers

10. Personal selling process begins with:
    - A. Qualifying prospects
    - B. Approaching customers
    - C. **Prospecting and qualifying**
    - D. Presenting and closing

Lecture 34: Sales Promotion

1. Sales promotion is designed primarily to:
   - A. Create long-term brand loyalty
   - B. **Stimulate short-term consumer buying**
   - C. Educate consumers about products
   - D. Establish market positioning

2. What is the purpose of a Point-of-Purchase (POP) display?
   - A. Educate customers about features
   - B. Enhance online presence

File created by Ali Khan

WA- 0347-7776639

- C. **Stimulate immediate sales**
- D. Display pricing information

3. Tradeshows are effective for sales promotion because they:
   - A. Focus on individual customer needs
   - B. **Allow direct customer feedback**
   - C. Limit exposure to competitors
   - D. Are inexpensive to organize

4. Publicity differs from advertising because it:
   - A. Involves direct payment to media
   - B. Guarantees control over content
   - C. **Requires no payment to media outlets**
   - D. Targets specific customer segments

5. Public relations aim to:
   - A. Promote short-term sales
   - B. **Manage company reputation**
   - C. Generate immediate revenue
   - D. Maximize advertising effectiveness

6. Sales promotion techniques often involve:
   - A. Long-term discounts
   - B. Expensive advertising campaigns
   - C. **Short-term incentives to boost sales**
   - D. Broad brand awareness

7. Which sales promotion method involves organizing contests?
   - A. Product sampling
   - B. Product bundling
   - C. **Arrangement for a contest**
   - D. Loyalty programs

File created by Ali Khan

WA- 0347-7776639

8. The main benefit of sales promotions is to:
    - A. Increase product prices
    - B. Create long-term customer loyalty
    - C. **Stimulate immediate buying behavior**
    - D. Improve product quality

9. A company issuing a press release about a new product is an example of:
    - A. Personal selling
    - B. Direct marketing
    - C. **Publicity**
    - D. Advertising
10. Which activity is a part of public relations?
    - A. Promoting sales events
    - B. Increasing product prices
    - C. **Managing company reputation**
    - D. Targeting specific customers

Lecture 35: Productivity

1. Productivity measures:
    - A. The effectiveness of resource use
    - B. The number of employees hired
    - C. The profitability of the company
    - D. The size of the market

2. Time utility refers to:
    - A. Changing product forms
    - B. **Getting a product when required**
    - C. Transporting products to customers
    - D. Enhancing product features

3. Place utility is created by:
    - A. Changing product forms
    - B. **Transporting products to customers**
    - C. Enhancing product features
    - D. Improving product quality

File created by Ali Khan

WA- 0347-7776639

4. Form utility involves:
    - A. Transporting products to customers
    - B. **Changing the form of products**
    - C. Enhancing product features
    - D. Reducing product prices

5. Capacity planning in production focuses on:
    - A. Minimizing production costs
    - B. **Determining optimal production levels**
    - C. Improving production quality
    - D. Expanding product lines

6. The main factor influencing the location of an industry is:
    - A. Availability of skilled workers
    - B. **Availability of raw materials**
    - C. Proximity to competitors
    - D. Cost of advertising

7. A facility directly involved in production is called:
    - A. Administrative facility
    - B. Supportive facility
    - C. **Productive facility**
    - D. Auxiliary facility

8. The layout plan of a facility aims to:
    - A. Reduce production costs
    - B. Optimize managerial roles
    - C. **Improve safety and efficiency**
    - D. Increase marketing efforts

9. Which layout design focuses on continuous flow of materials?
    - A. Batch layout
    - B. Product layout
    - C. **Cellular layout**
    - D. Fixed position layout

File created by Ali Khan

WA- 0347-7776639

10. Standardization in production helps in:
    - A. Increasing production costs
    - B. Improving product quality
    - C. **Streamlining operations**
    - D. Reducing product variety

Lecture 36: Tools for Production Planning

1. A Gantt chart is used primarily for:
    - A. Calculating financial costs
    - B. Evaluating market trends
    - C. **Visualizing project schedules**
    - D. Analyzing competitor strategies

2. PERT charts are useful for:
    - A. Optimizing production processes
    - B. Controlling quality standards
    - C. **Scheduling activities in sequence**
    - D. Predicting market demand

3. Slack time in a PERT chart represents:
    - A. Excess resource availability
    - B. Optimal production levels
    - C. **Delay in project activities**
    - D. Market competition analysis

4. Material management focuses on:
    - A. Enhancing customer satisfaction
    - B. Minimizing production delays
    - C. **Efficient flow of materials**
    - D. Expanding production capacity

5. Just-In-Time (JIT) production aims to:
    - A. Maximize inventory levels
    - B. **Minimize production delays**
    - C. Improve production efficiency
    - D. Expand product distribution

File created by Ali Khan

WA- 0347-7776639

6. FIFO and LIFO are methods used in:
    - A. Sales forecasting
    - B. **Material costing**
    - C. Production scheduling
    - D. Market segmentation

7. The purchasing process includes:
    - A. Forecasting customer demands
    - B. Allocating financial resources
    - C. **Negotiating prices with suppliers**
    - D. Tracking production schedules

8. The primary benefit of JIT production is to:
    - A. Increase material storage
    - B. **Reduce material storage**
    - C. Expand production capacity
    - D. Optimize material costs

9. Challenges in material management include:
    - A. Efficient flow of materials
    - B. Maximizing production delays
    - C. **Handling varying material demands**
    - D. Expanding inventory control

10. The critical path in a PERT chart shows:
    - A. The most profitable production stages
    - B. Optimal material management strategies
    - C. **Sequence of essential activities**
    - D. Market competition analysis

File created by Ali Khan

WA- 0347-7776639

Lecture 37: Total Quality Management

1. Which consultant's advice on quality was initially more embraced in Japan than in the United States?
    - A) Philip Crosby
    - B) Kaoru Ishikawa
    - **C) W. Edwards Deming**
    - D) Joseph Juran

2. What is the primary focus of Total Quality Management (TQM)?
    - A) Maximizing profits
    - B) Minimizing costs
    - **C) Achieving customer satisfaction**
    - D) Expanding market share

3. Which term refers to the measure of the effective use of an organization's resources?
    - A) Profitability
    - **B) Efficiency**
    - C) Productivity
    - D) Performance

4. What is the primary goal of continuous quality improvement?
    - **A) Achieving zero defects**
    - B) Achieving ISO certification
    - C) Maintaining consistent profits
    - D) Enhancing employee salaries

5. Who was a statistics professor at New York University and is known for his 14 points on quality management?
    - A) Joseph Juran
    - B) Philip Crosby
    - **C) W. Edwards Deming**
    - D) Kaoru Ishikawa

File created by Ali Khan

WA- 0347-7776639

6. What does TQM stand for?
    - A) Total Quality Methods
    - **B) Total Quality Management**
    - C) Thorough Quality Measurement
    - D) Technical Quality Mastery

7. Which type of quality refers to the consistency of a product's quality from unit to unit?
    - A) Performance Quality
    - **B) Reliability Quality**
    - C) Conformance Quality
    - D) Aesthetic Quality

8. According to Deming, what should organizations adopt instead of quantity?
    - A) Efficiency
    - **B) Quality**
    - C) Production
    - D) Distribution

9. What is the primary difference between Quality Control and Quality Assurance?
    - A) QC focuses on customer satisfaction; QA focuses on internal processes.
    - **B) QC ensures standards are met; QA ensures processes adhere to standards.**
    - C) QC involves inspections; QA involves statistical methods.
    - D) QC is proactive; QA is reactive.

10. In which country did Deming significantly influence quality improvement after World War II?
    - A) United States
    - B) United Kingdom
    - **C) Japan**
    - D) Germany

Lecture 38: Benchmarking

1. What is the primary purpose of benchmarking?
    - A) To maximize profits
    - **B) To compare competitors' strengths**
    - C) To reduce costs

File created by Ali Khan

WA- 0347-7776639

- D) To increase market share

2. Which type of benchmarking involves comparing internal processes within the same organization?
   - A) External benchmarking
   - B) Strategic benchmarking
   - **C) Internal benchmarking**
   - D) Functional benchmarking
3. What does "zero defect level" refer to in benchmarking?
   - **A) Achieving perfect quality**
   - B) No competitors in the market
   - C) Maximizing customer satisfaction
   - D) Zero production costs

4. Which stage of benchmarking involves identifying the best practices from other organizations?
   - A) Measurement
   - B) Action
   - C) Planning
   - **D) Identification**

5. In benchmarking, what is the purpose of measuring own performance?
   - A) To compete with other organizations
   - **B) To identify performance gaps**
   - C) To increase profits
   - D) To reduce costs

6. Which type of benchmarking compares performance against direct competitors?
   - A) Internal benchmarking
   - **B) Competitive benchmarking**
   - C) Functional benchmarking
   - D) Strategic benchmarking

7. What does benchmarking primarily focus on improving?
   - A) Customer service
   - B) Employee satisfaction
   - **C) Production efficiency**
   - D) Product quality

File created by Ali Khan

WA- 0347-7776639

8. Which stage of benchmarking involves taking action to bridge performance gaps?
    - A) Identification
    - B) Measurement
    - **C) Action**
    - D) Planning

9. What does ISO 9000 certification signify for an organization?
    - A) Environmental management
    - **B) Quality management**
    - C) Health and safety management
    - D) Security management

10. Which aspect of benchmarking focuses on evaluating the best practices of other organizations?
    - A) Identification
    - B) Measurement
    - **C) Analysis**
    - D) Planning

Lecture 39: Communication

1. What type of communication flows from bottom to top within an organization?
    - **A) Upward communication**
    - B) Downward communication
    - C) Horizontal communication
    - D) External communication

2. What is the process of translating a message into understandable symbols?
    - A) Decoding
    - **B) Encoding**
    - C) Feedback
    - D) Medium

3. Which type of communication involves body language and gestures?
    - A) Verbal communication
    - **B) Non-verbal communication**
    - C) Written communication

File created by Ali Khan

WA- 0347-7776639

- D) Formal communication

4. What does "noise" refer to in the communication process?
   - **A) Physical interference**
   - B) Psychological barriers
   - C) Message distortion
   - D) Semantic differences
5. What does "downward communication" primarily involve?
   - A) Communication between peers
   - B) Communication with external stakeholders
   - **C) Communication from top management to lower levels**
   - D) Communication across departments

6. Which communication channel is used for formal messages within an organization?
   - A) Grapevine
   - B) Informal networks
   - **C) Official channels**
   - D) Horizontal communication

7. What is the primary goal of effective communication?
   - **A) Transmitting information accurately**
   - B) Persuading others to agree with your viewpoint
   - C) Achieving personal satisfaction
   - D) Establishing power dynamics

8. What is the process of giving meaning to a received message?
   - A) Encoding
   - **B) Decoding**
   - C) Feedback
   - D) Medium

9. Which type of communication involves written or oral messages?
   - A) Formal communication
   - B) Informal communication
   - **C) Verbal communication**
   - D) Non-verbal communication

File created by Ali Khan

Lecture 41: Non-Verbal Communication

1. **Non-verbal communication can be:**
   - a. Intentional only
   - b. Unintentional only
   - **c. Both intentional and unintentional**
   - d. Neither intentional nor unintentional

2. **Which of the following is NOT a channel of communication?**
   - a. Letter
   - b. Telephone
   - **c. Body language**
   - d. Fax

3. **What is body language used for in communication?**
   - a. Writing formal letters
   - b. Telephone conversations
   - **c. Face-to-face communication**
   - d. Sending emails

4. **Noise in communication can occur:**
   - a. Only at the beginning of the process
   - b. Only at the end of the process
   - **c. At any stage of the process**
   - d. Only during face-to-face communication

5. **Which of the following statements is true about a memorandum?**
   - a. It is used for external communication
   - **b. Informal language is used in a memorandum**
   - c. It is always written formally
   - d. It is a type of order letter

6. **An inquiry letter is used for:**
   - **a. Collecting information**
   - b. Placing an order
   - c. Complaining about products

File created by Ali Khan

WA- 0347-7776639

- d. Adjusting accounts

7. **A letter used for communication outside the organization is:**
   - **a. Letter**
   - b. Memorandum
   - c. Fax
   - d. Order letter
8. **Information system (IS) is important because of:**
   - a. Decreased use of information
   - **b. New technology and innovations**
   - c. Lack of communication devices
   - d. Limited data communication network

9. **Data is defined as:**
   - a. Processed information
   - **b. Raw figures and facts**
   - c. Meaningful information
   - d. Summarized information

10. **One of the duties of an information manager is:**

- **a. Information gathering**
- b. Product manufacturing
- c. Customer service
- d. Sales promotion

Lecture 42: Application of Information System in the Organization

1. **A system that helps the organization in planning its resources using computerized systems is called:**
   - a. MIS
   - b. DSS
   - **c. ERP**
   - d. EDS

2. **Networked firms can accomplish more work with:**
   - a. More resources
   - **b. Fewer resources**
   - c. Less technology
   - d. Increased staff

File created by Ali Khan

WA- 0347-7776639

3. **Increased collaboration in networked systems is also known as:**
    - a. ERP
    - b. MIS
    - **c. Virtual company**
    - d. DSS

4. **A Chief Information Officer (CIO) is responsible for:**
    - a. Managing production
    - b. Sales and marketing
    - **c. Overseeing the company's information systems**
    - d. Human resources

5. **Information system for top management is designed for:**
    - a. Day-to-day details
    - b. Short-term planning
    - **c. Broader economic and business trends**
    - d. Technical operations

6. **Knowledge workers rely on technology to:**
    - a. Manufacture products
    - b. Distribute goods
    - **c. Design new products or business systems**
    - d. Sell products

7. **Management Information System (MIS) provides information for:**
    - a. Product development
    - **b. Decision making by management**
    - c. Inventory control
    - d. Customer support

8. **A system that supports management decisions using a pool of information is called:**
    - a. MIS
    - **b. DSS**
    - c. ERP

File created by Ali Khan

WA- 0347-7776639

- d. EDS

9. **Executive Support System (ESS) is specifically designed for:**
    - a. Middle management
    - **b. Executives for decision making**
    - c. Lower management
    - d. Technical staff
10. **Which of the following is NOT a component of an information system?**

- a. Hardware
- b. Software
- **c. Marketing**
- d. Telecommunications

Lecture 43: Accounting

1. **Accounting involves:**
    - **a. Recording, classifying, analyzing, summarizing, and reporting economic information**
    - b. Recording economic information only
    - c. Summarizing economic information only
    - d. Reporting economic information only

2. **Which statement is true about bookkeeping?**
    - **a. It is just one phase of accounting**
    - b. It is the same as accounting
    - c. It involves only analyzing economic information
    - d. It is concerned with decision making

3. **Financial accounting is used by:**
    - a. Internal users
    - **b. External users**
    - c. Managers only
    - d. Employees only

4. **Auditing is an examination of:**
    - a. Future projections
    - b. Current market trends
    - **c. Records and reports of an enterprise**
    - d. Employee performance

File created by Ali Khan

WA- 0347-7776639

5. **Internal auditors report directly to:**
    - a. External stakeholders
    - b. Lower management
    - **c. Board of Directors or Top Management**
    - d. Customers

6. **Users of accounting information include:**
    - **a. Business managers, employees, investors, and government agencies**
    - b. Only business managers and investors
    - c. Only employees and customers
    - d. Only government agencies and banks

7. **Which principle is a fundamental part of accounting?**
    - a. Marketing principle
    - **b. Matching principle**
    - c. Selling principle
    - d. Advertising principle

8. **Generally Accepted Accounting Principles (GAAP) are:**
    - **a. Accepted rules and procedures governing the content and form of financial reports**
    - b. Guidelines for marketing strategies
    - c. Laws for manufacturing processes
    - d. Standards for human resource management

9. **The main difference between accounting and bookkeeping is:**
    - a. There is no difference
    - **b. Bookkeeping involves recording information, while accounting involves analyzing it**
    - c. Accounting involves recording information, while bookkeeping involves analyzing it
    - d. Bookkeeping is a part of marketing

10. **Who are external auditors?**
    - **a. Independent staff assigned by an auditing firm to assess financial statements**
    - b. Employees hired to manage daily operations
    - c. Internal employees responsible for financial planning
    - d. Managers overseeing marketing strategies

File created by Ali Khan

WA- 0347-7776639

Lecture 44: Tools of the Accounting Trade

1. **The accounting equation is:**
   - **a. Assets = Liabilities + Owners' Equity**
   - b. Assets = Liabilities - Owners' Equity
   - c. Assets + Liabilities = Owners' Equity
   - d. Assets = Liabilities * Owners' Equity
2. **Tangible assets include:**
   - a. Copyrights and goodwill
   - b. Intellectual property
   - **c. Cash, building, automobiles**
   - d. Brand reputation

3. **Double-entry accounting requires:**
   - **a. Two entries for every transaction**
   - b. One entry for every transaction
   - c. Three entries for every transaction
   - d. Four entries for every transaction

4. **A balance sheet shows:**
   - a. Revenues and expenses
   - **b. Assets, liabilities, and owners' equity**
   - c. Cash flow
   - d. Market trends

5. **Trial balance errors affect:**
   - a. Only the debit side
   - b. Only the credit side
   - **c. Both debit and credit sides**
   - d. Neither debit nor credit sides

6. **The purpose of a trial balance is to:**
   - a. Record financial transactions
   - b. Summarize market data
   - **c. List and total all debit and credit accounts**
   - d. Plan future budgets

File created by Ali Khan

WA- 0347-7776639

7. **In double-entry accounting, every debit:**
    - **a. Has a corresponding credit**
    - b. Is recorded without a credit
    - c. Is greater than the credit
    - d. Is less than the credit

8. **The fiscal year is:**
    - **a. Any 12 consecutive months**
    - b. January 1 to December 31 only
    - c. A calendar year
    - d. The same for all businesses

9. **Liabilities are:**
    - a. Assets owned by a firm
    - b. Equity held by owners
    - **c. Debts owed by a firm to outside entities**
    - d. Cash reserves

10. **The main memory in a computer system houses:**
    - a. Output devices
    - **b. Memory of programs needed to operate**
    - c. Network interfaces
    - d. Peripheral devices

Lecture 45: Financial Management

1. **Financial management involves:**
    - a. Managing human resources
    - b. Overseeing marketing activities
    - **c. Efficient management of monetary resources**
    - d. Handling customer complaints

2. **The main objective of financial management is:**
    - a. Employee satisfaction
    - b. Customer satisfaction
    - **c. Maximizing shareholder wealth**
    - d. Expanding the product line

File created by Ali Khan

WA- 0347-7776639

3. **Short-term financing is used for:**
    - **a. Meeting day-to-day operational needs**
    - b. Long-term investments
    - c. Acquiring fixed assets
    - d. Strategic planning
4. **Equity financing is obtained through:**
    - **a. Selling ownership shares in the company**
    - b. Borrowing from banks
    - c. Issuing bonds
    - d. Taking loans

5. **A budget is:**
    - a. An employee evaluation tool
    - b. A sales forecast
    - **c. A detailed financial plan for a specific period**
    - d. A marketing strategy

6. **A financial manager's role includes:**
    - a. Creating advertisements
    - **b. Planning for cash flow needs**
    - c. Designing new products
    - d. Conducting market research

7. **Long-term financing is used for:**
    - a. Daily operational expenses
    - **b. Capital expenditures**
    - c. Short-term projects
    - d. Inventory purchases

8. **The risk-return tradeoff means:**
    - a. Higher risk always leads to losses
    - **b. Higher risk is associated with the potential for higher returns**
    - c. Lower risk yields higher returns
    - d. Risk and return are unrelated

File created by Ali Khan

WA- 0347-7776639

9. **Debt financing involves:**
    - a. Issuing stock
    - **b. Borrowing funds that must be repaid**
    - c. Selling assets
    - d. Reducing expenses

10. **Working capital is defined as:**
    - a. Fixed assets
    - **b. Current assets minus current liabilities**
    - c. Long-term debt
    - d. Equity capital
