Tips for MGT101 students
To get good marks, and complete exam in time
.
1) clear your concepts and practice on MS office (excel)
.
2) before attempting any question in exam copy the question to ms word using ctrl+A, in this way it reduces error chances and helps to understand the question better
.
3) use ms excel for solving questions as formatting is easy in excel it will save your atleast 20 mins (2mins per question, 10-11 questions)

.
4) use calculator which you use regularly or use numpad if you are using system calculator
