- A. Inspecting business sites
 - B. Trading financial securities**
 - C. Collecting taxes
 - D. Issuing passports
-

Q.5 Which of the following tools is used in accounting?

- A. SPSS
 - B. QuickBooks**
 - C. Canva
 - D. Photoshop
-

Q.6 What does ESG investing focus on?

- A. Economic slowdown
 - B. Stock prices
 - C. Employee retirement plans
 - D. Environmental, Social, and Governance factors**
-

Q.7 Which model includes demand conditions and industry rivalry?

- A. Gravity Model
 - B. Heckscher-Ohlin
 - C. Mercantilism
 - D. Porter's Diamond Model**
-

Q.8 A Pakistani SME wants to sell handicrafts globally. What platform can it use?

- A. Outlook
 - B. PSX
 - C. Daraz or Alibaba**
 - D. Gmail
-

Q.9 A business uses retained profit to buy new delivery vans. This is:

- A. Government loan
 - B. Internal financing**
 - C. Debt financing
 - D. External grant
-

Q.10 The Gravity Model of Trade suggests trade occurs more between countries that are:

- A. Similar in language
 - B. Former colonies
 - C. Far apart geographically
 - D. Large and geographically close**
-

Q.1 A country with abundant skilled labor is likely to benefit from:

A. Heckscher-Ohlin theory

- B. Trade war
 - C. Tariffs
 - D. Mercantilism
-

Q.2 What is the function of the Pakistan Stock Exchange (PSX)?

B. Trading financial securities

- A. Issuing passports
 - C. Inspecting business sites
 - D. Collecting taxes
-

Q.3 Which of the following tools is used in accounting?

A. QuickBooks

- B. Canva
 - C. Photoshop
 - D. SPSS
-

Q.4 What is a tariff?

A. A tax on imports

- B. A shipping document
 - C. A type of transport service
 - D. A government grant
-

Q.5 What is a quota in global trade?

A. Limit on quantity of imports

- B. Government subsidy
 - C. Tax on exported goods
 - D. Bonus for exporters
-

Q.6 A business uses retained profit to buy new delivery vans. This is:

A. Internal financing

- B. External grant
 - C. Government loan
 - D. Debt financing
-

Q.7 Why do companies use digital accounting software?

- A. For website design
 - B. For tax evasion
 - C. For compliance and planning**
 - D. For payroll management only
-

Q.8 A company tailors its advertisement campaigns for the Pakistani market by using Urdu slogans. This is an example of:

- A. Cultural customization**
 - B. Digital pricing
 - C. Protectionism
 - D. Trade barrier
-

A. Securities Exchange Credit Portfolio

B. South East Credit Partners

C. Stock Exchange and Capital Planning

D. Securities and Exchange Commission of Pakistan

Q.9 How does e-commerce contribute to global trade?

A. By limiting customer access

B. By banning cross-border shipping

C. By increasing transport costs

D. By helping SMEs access international markets

Q.10 Which country is known for having a competitive advantage in oil exports?

A. Saudi Arabia

B. Pakistan

C. Japan

D. Germany

Q.1 A country with abundant skilled labor is likely to benefit from:

A. Heckscher-Ohlin theory

B. Tariffs

C. Mercantilism

D. Trade war

Q.2 How does comparative advantage benefit countries?

A. By avoiding international markets

B. By restricting trade

C. By allowing specialization in low opportunity cost goods

D. By maximizing high-cost production

Q.3 What is one downside of MNC operations in developing countries?

A. Tax relief

B. Technology transfer

C. Local job creation

D. Profit repatriation

Q.4 What is Murabaha in Islamic finance?

A. A leasing contract

B. Stock market investment

C. A type of debt bond

D. Asset-backed cost-plus financing

Q.5 Which of the following tools is used in accounting?

A. QuickBooks

B. SPSS

C. Photoshop

D. Canva

Q.6 A company tailors its advertisement campaigns for the Pakistani market by using Urdu slogans. This is an example of:

A. Trade barrier

B. Protectionism

C. Cultural customization

D. Digital pricing

Q.7 Which of the following is a barrier to global trade?

- A. Tariffs**
 - B. Free trade
 - C. Comparative advantage
 - D. Digital platforms
-

Q.8 Why do companies use digital accounting software?

- A. For compliance and planning**
 - B. For tax evasion
 - C. For payroll management only
 - D. For website design
-

Q.9 Which model includes demand conditions and industry rivalry?

- A. Mercantilism
 - B. Gravity Model
 - C. Heckscher-Ohlin
 - D. Porter's Diamond Model**
-

Q.10 How does e-commerce contribute to global trade?

- A. By helping SMEs access international markets**
 - B. By limiting customer access
 - C. By increasing transport costs
 - D. By banning cross-border shipping
-

Q.1 What is Mudarabah in Islamic finance?

A. A risk-sharing profit arrangement

- B. A leasing contract
 - C. A gambling-based investment
 - D. An interest-bearing loan
-

Q.2 During a trade war, Country A imposes high tariffs on goods from Country B. What is the likely impact?

- A. Increase in B's exports
- B. Removal of all trade barriers
- C. Smoother trade

D. Decrease in B's exports

Q.3 What is the function of the Pakistan Stock Exchange (PSX)?

- A. Inspecting business sites
 - B. Trading financial securities**
 - C. Collecting taxes
 - D. Issuing passports
-

Q.4 Why might a business prefer internal financing?

- A. To expand public ownership
- B. To attract new investors
- C. To increase debt

D. To avoid taking loans

Q.5 CPEC is an example of:

- A. Infrastructure investment**
 - B. Cultural barrier
 - C. Environmental subsidy
 - D. Currency manipulation
-

Q.6 Which model includes demand conditions and industry rivalry?

- A. Heckscher-Ohlin
 - B. Porter's Diamond Model**
 - C. Mercantilism
 - D. Gravity Model
-

Q.7 How does comparative advantage benefit countries?

- A. By restricting trade
 - B. By allowing specialization in low opportunity cost goods**
 - C. By maximizing high-cost production
 - D. By avoiding international markets
-

Q.8 A Pakistani SME wants to sell handicrafts globally. What platform can it use?

- A. PSX
 - B. Daraz or Alibaba**
 - C. Outlook
 - D. Gmail
-

Q.9 A business uses retained profit to buy new delivery vans. This is:

- A. Government loan
 - B. Debt financing
 - C. Internal financing**
 - D. External grant
-

Q.10 Why do nations engage in global trade?

- A. To reduce workforce
 - B. To restrict competition
 - C. To prevent cultural exchange
 - D. To specialize and access goods efficiently**
-

Q.1 How does factoring work in short-term finance?

- A. Selling inventory
 - B. Investing in stocks
 - C. Taking a long-term loan
 - D. Selling receivables for quick cash**
-

Q.2 Which model includes demand conditions and industry rivalry?

- A. Heckscher-Ohlin
 - B. Porter's Diamond Model**
 - C. Mercantilism
 - D. Gravity Model
-

Q.3 CPEC is an example of:

- A. Infrastructure investment**
 - B. Currency manipulation
 - C. Environmental subsidy
 - D. Cultural barrier
-

Q.4 Which country is known for having a competitive advantage in oil exports?

- A. Japan
 - B. Saudi Arabia**
 - C. Pakistan
 - D. Germany
-

Q.5 What is Mudarabah in Islamic finance?

- A. A gambling-based investment
 - B. A risk-sharing profit arrangement**
 - C. An interest-bearing loan
 - D. A leasing contract
-

Q.6 What is one downside of MNC operations in developing countries?

- A. Profit repatriation**
 - B. Tax relief
 - C. Local job creation
 - D. Technology transfer
-

Q.7 Which of the following tools is used in accounting?

- A. Photoshop
 - B. SPSS
 - C. QuickBooks**
 - D. Canva
-

Q.8 Pakistan exports textiles due to:

- A. Climate policy
 - B. High automation
 - C. Labor abundance**
 - D. High oil reserves
-

Q.9 What does SECP stand for in Pakistan?

- A. Securities Exchange Credit Portfolio
 - B. Securities and Exchange Commission of Pakistan**
 - C. South East Credit Partners
 - D. Stock Exchange and Capital Planning
-

Q.10 During a trade war, Country A imposes high tariffs on goods from Country B. What is the likely impact?

- A. Increase in B's exports
 - B. Decrease in B's exports**
 - C. Smoother trade
 - D. Removal of all trade barriers
-

Q.1 A textile firm lists shares on PSX (Pakistan Stock Exchange) for the first time. This is happening in the:

- A. Real estate market
 - B. Secondary market
 - C. Primary market**
 - D. Open-source platform
-

Q.2 What is the main disadvantage of equity financing?

- A. Diluted control**
 - B. Asset depreciation
 - C. High interest rates
 - D. Tax penalties
-

Q.3 How does factoring work in short-term finance?

- A. Selling inventory
 - B. Investing in stocks
 - C. Selling receivables for quick cash**
 - D. Taking a long-term loan
-

Q.4 A business uses retained profit to buy new delivery vans. This is:

- A. External grant
 - B. Debt financing
 - C. Government loan
 - D. Internal financing**
-

Q.5 What is the key principle that Islamic finance prohibits?

- A. Asset-backing
 - B. Interest (Riba)**
 - C. Profit-making
 - D. Risk-sharing
-

Q.6 Why is accounting called the "language of business"?

- A. Because it involves marketing
 - B. Because it provides financial transparency**
 - C. Because it manages IT systems
 - D. Because it uses English
-

- A. Prevent trade
 - B. Bring technology and create jobs**
 - C. Only negative
 - D. Increase tariffs
-

Q.8 Which of the following is a challenge in Pakistan's securities market?

- A. High rural participation
 - B. Economic volatility**
 - C. Too many foreign investors
 - D. Lack of listed companies
-

Q.9 Pakistan exports textiles due to:

- A. High oil reserves
 - B. Climate policy
 - C. Labor abundance**
 - D. High automation
-

Q.10 The Gravity Model of Trade suggests trade occurs more between countries that are:

- A. Similar in language
 - B. Large and geographically close**
 - C. Far apart geographically
 - D. Former colonies
-

Q.1 What is the key principle that Islamic finance prohibits?

- A. Profit-making
 - B. Asset-backing
 - C. Risk-sharing
 - D. Interest (Riba)**
-

Q.2 CPEC is an example of:

- A. Currency manipulation
 - B. Environmental subsidy
 - C. Cultural barrier
 - D. Infrastructure investment**
-

Q.3 A country with abundant skilled labor is likely to benefit from:

- A. Trade war
 - B. Heckscher-Ohlin theory**
 - C. Mercantilism
 - D. Tariffs
-

Q.4 How do grants benefit businesses?

- A. They don't require repayment**
 - B. They offer loans at low interest
 - C. They require profit-sharing
 - D. They increase ownership control
-

Q.5 What is Murabaha in Islamic finance?

- A. A leasing contract
 - B. Asset-backed cost-plus financing**
 - C. Stock market investment
 - D. A type of debt bond
-

Q.6 How does e-commerce contribute to global trade?

- A. By limiting customer access
 - B. By increasing transport costs
 - C. By helping SMEs access international markets**
 - D. By banning cross-border shipping
-

Q.7 Pakistan exports textiles due to:

A. Labor abundance

B. High oil reserves

C. Climate policy

D. High automation

Q.8 The Gravity Model of Trade suggests trade occurs more between countries that are:

A. Far apart geographically

B. Large and geographically close

C. Similar in language

D. Former colonies

Q.9 Which of the following is a challenge in Pakistan's securities market?

A. Too many foreign investors

B. High rural participation

C. Lack of listed companies

D. Economic volatility

Q.10 What is a tariff?

A. A shipping document

B. A government grant

C. A tax on imports

D. A type of transport service

Q.1 What is the main disadvantage of equity financing?

- A. Diluted control**
 - B. High interest rates
 - C. Asset depreciation
 - D. Tax penalties
-

Q.2 Which country is known for having a competitive advantage in oil exports?

- A. Germany
 - B. Saudi Arabia**
 - C. Japan
 - D. Pakistan
-

Q.3 What is the function of the Pakistan Stock Exchange (PSX)?

- A. Collecting taxes
 - B. Issuing passports
 - C. Inspecting business sites
 - D. Trading financial securities**
-

Q.4 How do grants benefit businesses?

- A. They offer loans at low interest
 - B. They increase ownership control
 - C. They require profit-sharing
 - D. They don't require repayment**
-

Q.5 How does e-commerce contribute to global trade?

- A. By banning cross-border shipping
 - B. By limiting customer access
 - C. By increasing transport costs
 - D. By helping SMEs access international markets**
-

Q.6 Why do companies use digital accounting software?

- A. For payroll management only
 - B. For compliance and planning**
 - C. For tax evasion
 - D. For website design
-

Q.7 What is a quota in global trade?

- A. Tax on exported goods
 - B. Bonus for exporters
 - C. Government subsidy
 - D. Limit on quantity of imports**
-

Q.8 The Gravity Model of Trade suggests trade occurs more between countries that are:

- A. Far apart geographically

 - C. Former colonies
 - D. Large and geographically close**
-

Q.9 What is a tariff?

- A. A government grant
 - B. A tax on imports**
 - C. A shipping document
 - D. A type of transport service
-

Q.10 Which of the following is a barrier to global trade?

- A. Tariffs**
 - B. Digital platforms
 - C. Free trade
 - D. Comparative advantage
-

Q.1 What impact do MNCs have on local economies?

- A. Increase tariffs
 - B. Only negative
 - C. Prevent trade
 - D. Bring technology and create jobs**
-

Q.2 How does factoring work in short-term finance?

- A. Selling inventory
 - B. Selling receivables for quick cash**
 - C. Taking a long-term loan
 - D. Investing in stocks
-

Q.3 Which of the following is a barrier to global trade?

- A. Comparative advantage
 - B. Digital platforms
 - C. Tariffs**
 - D. Free trade
-

Q.4 A startup sells shares to angel investors. This is an example of:

- A. Equity financing**
 - B. Leasing
 - C. Debt financing
 - D. Internal financing
-

Q.5 Why do nations engage in global trade?

- A. To specialize and access goods efficiently**
 - B. To prevent cultural exchange
 - C. To restrict competition
 - D. To reduce workforce
-

Q.6 Why is accounting called the "language of business"?

- A. Because it provides financial transparency**
 - B. Because it uses English
 - C. Because it manages IT systems
 - D. Because it involves marketing
-

Q.7 What does ESG investing focus on?

- A. Economic slowdown
 - B. Employee retirement plans
 - C. Environmental, Social, and Governance factors**
 - D. Stock prices
-

Q.8 The Gravity Model of Trade suggests trade occurs more between countries that are:

- A. Similar in language
 - B. Former colonies
 - C. Large and geographically close**
 - D. Far apart geographically
-

Q.9 Which model includes demand conditions and industry rivalry?

- A. Gravity Model
 - B. Mercantilism
 - C. Porter's Diamond Model**
 - D. Heckscher-Ohlin
-

Q.10 Which country is known for having a competitive advantage in oil exports?

- A. Pakistan
 - B. Germany
 - C. Japan
 - D. Saudi Arabia**
-

Q.1 What is a tariff?

- A. A tax on imports**
 - B. A shipping document
 - C. A government grant
 - D. A type of transport service
-

Q.2 During a trade war, Country A imposes high tariffs on goods from Country B. What is the likely impact?

- A. Increase in B's exports
 - B. Removal of all trade barriers
 - C. Smoother trade
 - D. Decrease in B's exports**
-

Q.3 What is Mudarabah in Islamic finance?

- A. A risk-sharing profit arrangement**
 - B. A gambling-based investment
 - C. A leasing contract
 - D. An interest-bearing loan
-

Q.4 Which of the following tools is used in accounting?

- A. SPSS
 - B. Canva
 - C. Photoshop
 - D. QuickBooks**
-

Q.5 What is one downside of MNC operations in developing countries?

- A. Tax relief
 - B. Profit repatriation**
 - C. Technology transfer
 - D. Local job creation
-

Q.6 A startup sells shares to angel investors. This is an example of:

- A. Leasing
 - B. Internal financing
 - C. Equity financing**
 - D. Debt financing
-

Q.7 A country with abundant skilled labor is likely to benefit from:

- A. Tariffs
 - B. Trade war
 - C. Mercantilism
 - D. Heckscher-Ohlin theory**
-

Q.8 Which country is known for having a competitive advantage in oil exports?

- A. Japan
 - B. Pakistan
 - C. Germany
 - D. Saudi Arabia**
-

Q.9 What impact do MNCs have on local economies?

- A. Increase tariffs
 - B. Prevent trade
 - C. Only negative
 - D. Bring technology and create jobs**
-

Q.10 A halal investment avoids companies involved in alcohol and gambling. This aligns with:

- A. ESG investing
 - B. Western financial ethics
 - C. Islamic finance principles**
 - D. Venture capital principles
-

- A. Free trade
 - B. Digital platforms
 - C. Tariffs**
 - D. Comparative advantage
-

Q.12 Which of the following is a digital financial platform in Pakistan?

- A. JazzCash**
 - B. NOC
 - C. TCS
 - D. SnapChat
-

Q.13 Why do nations engage in global trade?

- A. To specialize and access goods efficiently**
 - B. To reduce workforce
 - C. To restrict competition
 - D. To prevent cultural exchange
-

Q.14 The Gravity Model of Trade suggests trade occurs more between countries that are:

- A. Similar in language
 - B. Large and geographically close**
 - C. Former colonies
 - D. Far apart geographically
-

Q.15 Pakistan exports textiles due to:

- A. Labor abundance**
 - B. Climate policy
 - C. High oil reserves
 - D. High automation
-

Q.16 A startup sells shares to angel investors. This is an example of:

- A. Debt financing
 - B. Internal financing
 - C. Equity financing**
 - D. Leasing
-

Q.17 Which country is known for having a competitive advantage in oil exports?

- A. Pakistan
 - B. Japan
 - C. Germany
 - D. Saudi Arabia**
-

Q.18 During a trade war, Country A imposes high tariffs on goods from Country B. What is the likely impact?

- A. Smoother trade
 - B. Increase in B's exports
 - C. Decrease in B's exports**
 - D. Removal of all trade barriers
-

Q.19 What is the main disadvantage of equity financing?

- A. Asset depreciation
 - B. Tax penalties
 - C. High interest rates
 - D. Diluted control**
-

Q.20 How do grants benefit businesses?

- A. They increase ownership control
 - B. They don't require repayment**
 - C. They offer loans at low interest
 - D. They require profit-sharing
-

Q.1 Which is a financial risk faced by businesses?

- A. Fire hazards
 - B. Employee turnover
 - C. Currency fluctuation**
 - D. Brand competition
-

Q.2 Why are conglomerate combinations pursued?

- A. To dominate a single industry
 - B. To reduce international trade
 - C. To diversify and reduce risk**
 - D. To avoid mergers
-

Q.3 A diversified business interested in entering IT and textiles might pursue a:

- A. Conglomerate merger**
 - B. Vertical merger

 - C. Logistics and real estate
 - D. Ride-hailing and parcel delivery**
-

Q.8 Which chamber is known for trade facilitation with Afghanistan?

- A. Sialkot Chamber
 - B. Karachi Chamber
 - C. Sarhad Chamber**
 - D. Lahore Chamber
-

Q.9 If a textile firm merges with another textile firm to reduce market competition, it is an example of:

- A. Horizontal merger**
 - B. International merger
 - C. Vertical merger
 - D. Conglomerate merger
-

Q.10 Cyber insurance protects against:

- A. Product returns
 - B. Late deliveries
 - C. Data breach costs**
 - D. Earthquake losses
-

Q.1 A WAN would be most useful to:

- A. Operate a local retail store
 - B. Connect multiple city branches**
 - C. Hire new employees
 - D. Display ads
-

Q.2 Which system is essential for managing students' enrollment in a university?

- A. ERP**
 - B. VPN
 - C. CRM
 - D. MIS
-

Q.3 What risk does a cybersecurity breach pose to a business?

- A. New market entry
 - B. Enhanced brand loyalty
 - C. Loss of customer trust and legal issues**
 - D. Increased sales
-

Q.4 The core objective of a business combination is to:

- A. Increase bureaucratic control
 - B. Achieve economies of scale**
 - C. Reduce employee count
 - D. Promote monopolies
-

Q.5 OLX is an example of:

- A. B2G
 - B. C2C**
 - C. B2B
 - D. B2C
-

Q.6 FPCCI's international presence helps in:

- A. Representing Pakistan in global forums**
 - B. Military contracting
 - C. Legal prosecution
 - D. Tax collection
-

Q.7 A LAN is best suited for:

A. Connecting devices within one office

B. Setting up social media

C. Running TV ads

D. Connecting global offices

Q.8 A diversified business interested in entering IT and textiles might pursue a:

-

Q.4 Which chamber is known for trade facilitation with Afghanistan?

- A. Lahore Chamber
 - B. Karachi Chamber
 - C. Sialkot Chamber
 - D. Sarhad Chamber**
-

Q.5 Which system is essential for managing students' enrollment in a university?

- A. ERP**
 - B. MIS
 - C. CRM
 - D. VPN
-

Q.6 The first step in the risk management process is:

- A. Control
 - B. Assessment
 - C. Monitoring
 - D. Identification**
-

Q.7 What is a key challenge of implementing an MIS system?

A. Resistance to change

B. Overstaffing

C. Low internet speed

D. External competition

Q.8 Trade associations typically help industries by:

A. Setting standards and advocating policy

B. Offering microloans

C. Facilitating mergers

D. Acquiring other firms

Q.9 Daraz.pk is an example of which e-commerce model?

A. B2C

B. C2C

C. G2C

D. B2B

Q.10 TDAP stands for:

A. Trade and Distribution Association of Pakistan

B. Textile Dealers Association of Pakistan

C. Technical Development and Agriculture Panel

D. Trade Development Authority of Pakistan

Q.1 If a textile firm merges with another textile firm to reduce market competition, it is an example of:

- A. Horizontal merger**
 - B. Vertical merger
 - C. Conglomerate merger
 - D. International merger
-

Q.2 Cyber insurance protects against:

- A. Earthquake losses
 - B. Product returns
 - C. Data breach costs**
 - D. Late deliveries
-

Q.3 Which chamber is known for trade facilitation with Afghanistan?

- A. Sarhad Chamber**
 - B. Lahore Chamber
 - C. Karachi Chamber
 - D. Sialkot Chamber
-

Q.4 VPNs are most useful for:

- A. Improving SEO rankings
 - B. Enhancing office lighting
 - C. Securing remote access to networks**
 - D. Running advertising campaigns
-

Q.5 What is the main purpose of an MIS system?

- A. Supporting decision-making**
 - B. Storing products
 - C. Running social ads
 - D. Shipping goods
-

Q.6 What does green logistics aim to achieve?

- A. Minimal human contact
 - B. Eco-friendly transportation**
 - C. Low-cost labor
 - D. Fast delivery
-

 - D. Shopify**
-

Q.1 Why is cash-on-delivery still popular in Pakistan?

- A. Trust in online payments is low**
 - B. Customers lack smartphones
 - C. Internet access is high
 - D. It reduces returns
-

Q.2 VPNs are most useful for:

- A. Enhancing office lighting
 - B. Running advertising campaigns
 - C. Improving SEO rankings
 - D. Securing remote access to networks**
-

Q.3 The core objective of a business combination is to:

- A. Promote monopolies
 - B. Increase bureaucratic control
 - C. Reduce employee count
 - D. Achieve economies of scale**
-

Q.4 The Sialkot Chamber is known for:

- A. Managing oil and gas exports
 - B. Export-led growth and partnerships**
 - C. Hosting IT exhibitions
 - D. Automobile trade
-

Q.5 Which chamber is known for trade facilitation with Afghanistan?

- A. Karachi Chamber
 - B. Lahore Chamber
 - C. Sarhad Chamber**
 - D. Sialkot Chamber
-

Q.6 Vertical integration enhances:

- A. Efficiency and control**
 - B. Product diversification
 - C. Legal compliance
 - D. Political influence
-

Q.7 FPCCI's international presence helps in:

- A. Tax collection
 - B. Military contracting
 - C. Legal prosecution
 - D. Representing Pakistan in global forums**
-

Q.8 Which system is essential for managing students' enrollment in a university?

- A. ERP**
 - B. VPN
