

MGT501 MIDTERM CURRENT PAPER 2023 SOLVED BY PRINCE ALVI

1) As a manager how can you understand the behavior of employees

This is the focus of organizational behavior (OB), the study of the actions of people at work. The goal of OB is to explain and predict behavior of employees at work. OB focuses on both individual behavior and group behavior. Managers must understand behavior in both the formal and informal components of an organization. Managers are particularly concerned with three types of employee behaviors: productivity, absenteeism, and turnover. A fourth type of behavior, organizational citizenship, is emerging as a vital concern.

2) Strategic management ka btna tha is ki waja se organizations performance ka

Strategic management requires setting objectives for the company, analyzing the actions of competitors, reviewing the organization's internal structure, evaluating current strategies and confirming that strategies are implemented company-wide. Strategic management can be either prescriptive or descriptive.

3) Affirmative action ka tha

Affirmative Action: Two Basic Strategies – The good faith effort strategy is aimed at changing the practices that contributed to minority groups' or females' exclusion or underutilization. The quota strategy mandates bottom-line results through hiring and promotion restrictions.

4) Agreeableness define, low and high agreeable people ki characteristics btane thi

Agreeableness refers to the degree to which a person is courteous, likable, good-natured, and flexible. Managers must remember that the relevance of any personality dimension depends on the situation, the type of job, and the level at which a person is working.

5) Why team fail to achieve in task

A major reason why work teams fail to accomplish their goals is when the organization only assigns them with the task but pays no attention to train and guide the employees on how they can efficiently make it to their goals. Lack of training and mentorship creates a lack of a vision among the employees.

6) Compensation and other benefits for employees ky benefits

Compensation and Benefits

The term compensation includes all rewards that individuals receive as a result of their employment. The reward may be one or a combination of the following:

- ☐ *Pay:* The money that a person receives for performing a job.
- ☐ *Benefits:* Additional financial rewards other than base pay include paid vacations, sick leave, holidays, and medical insurance.
- ☐ *Non-financial rewards:* Non-monetary rewards, such as enjoyment of the work performed or a pleasant working environment.

7) Why HR Manager consider as a staff manager

Additionally, HR departments serve as a vital link between staff members and upper management by mediating problems at work, ensuring compliance with employment rules and regulations, and collaborating with executives on long-term strategic planning

26) Glass ceiling

Glass ceiling refers to the fact that a qualified person wishing to advance within the hierarchy of his/her organization is stopped at a lower level due to a discrimination most often based on sexism or racism.

27) HRM Facing problems due to poor selection

Poor selection of employees can lead to a number of problems for a company. Some of the common issues that may arise as a result of poor selection include:

1. High employee turnover: If an employee is not well-suited for the job, they may be more likely to leave, resulting in a high turnover rate.
2. Decreased productivity: Employees who are not well-matched for their roles may struggle to perform their duties effectively, leading to decreased productivity.
3. Negative impact on company culture: Poorly-selected employees may not fit in with the company culture, leading to tension and conflict within the team.
4. Increased costs: Hiring and training new employees can be costly, especially if the company has to repeatedly replace employees due to poor selection.

To avoid these problems, it's important to take the time to thoroughly evaluate job candidates and ensure that they are a good fit for the role and the company as a whole.

28) Affirmative plans

An Affirmative Action Plan (AAP) is a tool, a written program in which an employer details the steps it has taken and will take to ensure the right of all persons to advance on the basis of merit and ability without regard to race, color, religion, sex, national origin, age, disability, genetic information, veteran's

29) How HRM helps in avoiding personnel mistakes

Human resource management (HRM) plays a crucial role in helping a company avoid personnel mistakes. Some specific ways in which HRM can help prevent personnel mistakes include:

1. Developing and implementing effective hiring processes: HR can help design and implement a thorough and effective hiring process that includes multiple stages of evaluation and assessment to ensure that the best candidates are selected for the job.
2. Providing training and development: HR can help identify the training and development needs of employees and design and implement programs to help employees improve their skills and knowledge. This can help prevent mistakes and improve overall performance.
3. Communicating expectations and performance standards: HR can help communicate the expectations and performance standards of the company to employees, making it clear what is expected of them and how they can meet those expectations.
4. Managing performance and providing feedback: HR can help manage employee performance and provide regular feedback to help employees understand how they are doing and identify areas for improvement.

For any query feel free to ask princealvi9222@gmail.com

MGT501 MIDTERM CURRENT PAPER 2023 SOLVED BY PRINCE ALVI

By taking these steps, HR can help a company avoid personnel mistakes and ensure that it has a strong and effective workforce

30) Define Organization and its types

Organization

An organization is not a random group of people who come together by chance. They consciously and formally establish it to accomplish certain goals that its members would be unable to reach individually.

Types of organization

- a) **Formal:** The part of the organization that has legitimacy and official recognition.
- b) **Informal:** The unofficial part of the organization.

31) Emotional stability KY positive or negative accept 3mark

Positive

Emotional stability enables the person to develop an integrated and balanced way of perceiving the problems of life. This organizational ability and structured perception helps one to develop reality-oriented thinking, judgment and evaluation ability.

Negative

People who are too emotionally stable may have trouble expressing their emotions, which can make it difficult for others to understand how they are feeling. This can lead to misunderstandings and a lack of emotional connection in relationships.

32) HRIS security and privacy 5 mark

HRIS Security and Privacy

The HR department must develop policies and guidelines to protect the integrity and security of the HRIS so that private employee information does not fall into the wrong hands. To maintain the security and privacy of HRIS records, companies should control access, develop policies and guidelines that govern the utilization of information, and allow employees to check their records.

33) top management kis trh gain kr skti hy apny competitor KY advantage 5 marks

There are several steps that top management can take to gain an advantage over competitors:

1. **Understand the competition:** The first step in gaining an advantage is to understand the competition. This includes understanding their products, services, target market, pricing, and overall business strategy.
2. **Identify unique selling points:** Next, top management should identify the unique selling points (USPs) of the company's products or services and communicate them effectively to potential customers.
3. **Develop a strong brand:** A strong brand can differentiate the company from competitors and help it stand out in the market. Top management should focus on building a strong brand through consistent messaging, high-quality products or services, and excellent customer service.
