Here are the answers to the short questions:

Vocabulary Expansion

- Refers to the process of learning and adding new words to one's vocabulary.

Classes of English Words

- Content words (nouns, verbs, adjectives, adverbs) and function words (prepositions, conjunctions, articles, pronouns).

Three Circles

- A model of English language use and users, consisting of the Inner Circle (native English speakers), Outer Circle (non-native English speakers), and Expanding Circle (users of English as a foreign language).

Word Development

- Refers to the process of creating new words or expanding the meaning of existing words.

Johnson Dictionary (Complete)

- "A Dictionary of the English Language" by Samuel Johnson, published in 1755, a comprehensive dictionary of English language.

Grammar Role

- Grammar plays a crucial role in effective communication, as it provides the rules and structures for conveying meaning.

Morphemes

- The smallest units of language that carry meaning, such as roots, prefixes, and suffixes.

Great Vowel Shift

- A significant change in English pronunciation that occurred between the 14th and 16th centuries, affecting long vowels.

Verities of English

- Different varieties of English language, including regional and social dialects.

All Languages Status

- Languages have equal status and value, regardless of their size or spread.

1st Language Countries

- Countries where English is the primary language spoken, such as the USA, UK, Canada, etc.

2nd Language Countries

- Countries where English is widely spoken as a second language, such as India, Pakistan, Nigeria, etc.

Borrowing (Complete)

- The process of adopting words or phrases from another language into one's own language.

Aim of Grammarians

- To study, describe, and prescribe the rules and structures of language.

Black Death (What is it?)

- The pandemic that devastated Europe in the 14th century, leading to significant social, economic, and cultural changes.

Renaissance Period (Complete)

- A cultural and intellectual movement in Europe from the 14th to 17th centuries, marked by a revival of classical learning and the emergence of new artistic and scientific developments.

Augustan Age

- A period of English literature and culture from the late 17th to early 18th centuries, characterized by refinement, elegance, and classical influences.

Word Formation Methods

- Ways of creating new words, such as compounding, derivation, blending, and borrowing.

Quartz, Larynx, Pathos

- Examples of words borrowed from other languages: Quartz (German), Larynx (Greek), Pathos (Greek).

Syntax

- The study of how words are combined to form sentences and phrases.

Abbreviations of different Short Forms

- AM (Ante Meridiem), FM (Frequency Modulation), HD (High Definition), etc.

French Academy

- An institution established in 1635 to promote and regulate the French language.

English Academy

- A proposed institution to promote and regulate the English language, but it was never established.

Rhetoric accent

- The study of the use of language in persuasion and communication.

Morphology

- The study of the structure and formation of words.

Historical Events (1500-1650)

- Significant events such as the Renaissance, the Reformation, the Enlightenment, and the colonization of the Americas.

Lingua Franca

- A language used for communication among people who speak different languages.

Pidgins & Creoles

- Simplified languages that emerge as a result of contact between two or more languages.

Compounding

- A word formation method that involves combining two or more words to create a new word.
