Answer: Gender equality and empowerment for women

STUDY WITH BIRD

7. Human rights education aims at building a universal culture of human rights through sharing of knowledge, imparting skills, and molding _____.

Answer: Attitudes

8. One of the mega issues of Pakistan is _____.

Answer: Water conservation

9. Another mega issue of Pakistan is _____.

Answer: Surging population

10. The national language of Pakistan is _____.

Answer: Urdu

11. English may be used for official purposes until _____ is arranged.

Answer: Replacement by Urdu

12. English is considered necessary for _____ and upward social mobility in Pakistan.

Answer: Individual and national development

13. Inclusive education means that every child is _____ and valued regardless of ability or disability.

Answer: Welcomed

14. Accommodations are changes in _____ to help students learn the same curricular content.

Answer: Teaching methods

15. Modifications are used when a student is expected to learn _____ curricular content.

Answer: Less or different

16. Examples of teacher accommodations include _____ teaching methods and dividing the class.

Answer: Varying

17. Room accommodations include special chairs, desks, _____, or colour coding.

Answer: Cushions

18. Poverty leads to disability due to poor nutrition, lack of awareness, and _____.

Answer: Unaffordable healthcare

19. Disability leads to poverty due to loss of income, additional costs, and _____.

Answer: Reduced opportunities for work

20. Two dominant barriers to inclusive education in Pakistan are the attitudes of ordinary teachers and _____.

Answer: Special education teachers

STUDY WITH BIRD

21. Attitudes of ordinary school teachers include feeling not competent and the risk of _____.

Answer: Lowering school standards

22. Attitudes of special education teachers include belief that special needs children require _____.

Answer: Clinical care

23. Low literacy rate in Pakistan is _____%.

Answer: 51.6

24. Male literacy rate in Pakistan is _____%.

Answer: 63.7

25. Female literacy rate in Pakistan is _____%.

Answer: 39.25

26. Major factors for low enrollment include poverty, long distance from school, and poor _____.

Answer: Physical infrastructure

27. Rampant unemployment among educated youth requires introduction of _____ in secondary schools.

Answer: Technical and vocational education

28. All primary schools are being converted to _____.

Answer: Co-education

29. Primary schools are required to have a student ratio of _____ boys to girls.

Answer: 60:40

30. Monetary incentives are offered to attract female teachers and students in _____ areas.

Answer: Rural and hard

1. **Q: Define Inclusive Education.**

A: Inclusive education means that every child is welcomed and valued regardless of ability or disability. It ensures that doors to schools, classrooms, and activities are open to all children and focuses on providing the help each child needs to learn.

2. **Q: What are accommodations in education?**

A: Accommodations are changes in teaching methods or environment to help students learn the same curricular content. Examples include changing how or when a student learns, room adjustments, teaching methods, and materials used.

STUDY WITH BIRD

3. **Q: What are modifications in education?**

A: Modifications involve changes in what a student is expected to learn, meaning they learn less or different curricular content. This could include altering assignments, tests, worksheets, and classroom materials.

4. **Q: Define Human Rights Education according to the 2005 UN Plan for Action.**

A: Human rights education is education, training, and information aimed at building a universal culture of human rights. It promotes respect for human rights, full development of personality, peace, and sustainable social justice.

5. **Q: Mention two major barriers to inclusive education in Pakistan.**

A: Attitudes of ordinary school teachers who feel unprepared and fear lowering school standards, and attitudes of special education teachers who believe clinical care is necessary and fear inclusion threatens their jobs.

6. **Q: Explain the role of English and Urdu in Pakistan.**

A: Urdu is the national language, while English serves official purposes and is essential for higher education, prestigious jobs, bureaucracy, and social mobility. English is considered a key to national progress.

7. **Q: List some major issues facing Pakistan's education system.**

A: Low literacy, gender disparity, poor enrollment due to poverty and long distance, inadequate infrastructure, unemployment among educated youth, and environmental challenges like water scarcity.

8. **Q: What measures promote gender equality in Pakistani education?**

A: Co-education in primary schools, 60:40 boy-girl ratio, promotion of female teachers (70%), monetary incentives for rural female teachers and students, and eliminating gender stereotypes in texts and illustrations.

9. **Q: Define Environmental Education according to Tbilisi Conference, 1977.**

A: Environmental education aims to create awareness, disseminate knowledge and skills, encourage behavioral change, and foster national and global cooperation for environmental protection.

10. **Q: How does poverty lead to disability and vice versa?**

A: Poverty leads to disability via poor nutrition, lack of health awareness, overwork, and low healthcare access. Disability causes poverty through loss of income, extra costs, reduced work opportunities, and disabling environments.
