Psy402

Objectives were conceptual, i listened to halim lectures so were easy for me.

Subjective

Acoustic prism

Taste and smell are developmental processes?

Applications of conditioning and reinforcement

Synonyms

Episodic and semantic memory

Functions of piriformis cortex and orbitofrontal cortex

Shaping and steps

Note

Better to concentrate on initial lectures till memory. Most of paper was from there. Also if you have shortage of time just listened to halim lectures with concentration. Don't make notes.

I covered course in only 1 day!

1. Outer ear detail note

2. Types and functions of papillae

3. Techniques that are used in olfactory process

4. Somatosensory system

5. Briefly explain memory model

6. Episodic memory and semantic memory

MCQs sample handout system

Outer ear detail note

3 bones in middle ear just name

Shaping with example

Thorndike law long

Operant conditioning define

Long term memory detail note

Types of long term memory short

Brain study technology

Or bki seniority 2

Or MCQs sample handout system kuch concept base tha

PSY 402

Explain the somatosensory system (3)

Explain Short term and long term memory (3)

Two steps of problem solving? how generally psychologist solve problems (3)

Relationship between taste and smell (3)

Main components of central executive (3)

Who is the founder of operant conditioning? explain operant conditioning (3)

Explain approach and prototype approach with example (5)

How piriform cortex and orbitofrontal cortex work? (5)

Explain law of effect in detail (5)

Halim Study Insights k lectures and quiz videos kiye the

Helpful rahy

Psy402

MCQs saare easy the saare classical, operant and sensation k aye the kuch logical b the.

But easy the

Olfactory mucosa ka short and long dono mn aya tha

Somatosensory system

Memory ko explain karna tha
Skinner box ko explain karna tha
Concept ko define karna tha
Sa

Easy tha
Psy402

Mcq saare easy the jo mam.haalim ny apny quiz video sy smjhay thy onsy mry concept clear hogy thy or boht acha paper hoa Alhamdulillah saare classical, operant and sensation k aye the kuch logical b the.

But easy the
Olfactory mucos ka short and long dono mn aya tha
Samatosensory system

Memory ko explain karna tha
Skinner box ko explain karna tha
Concept ko define karna tha
Sa

Main to sbko yae channel recomnd krun ge ky psychologists community study insghit channel.sy lectures lain or concept clear krain

PSY 402

Explain the somatosensory system (3)

Explain Short term and long term memory (3)

Two steps of problem solving?how gesylat psychologist solve problems(3)

Relationship between taste and smell(3)

Main components of central executive (3)

Who is the founder of operant conditioning?explain operant conditioning (3)

Exaplar approach and prototype approach with example(5)

Shiffiron and Arinkson model of memory(5)

How poriform cortex and orbitofrontal cortex work?(5)

Explain law of effect in detail(5)
