بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

In the name of God , Most
Gracious, Most merciful

EDU401

MCQS

1. Which of the following is the primary goal of education?

- a) To make students aware of history
- b) To prepare students for life
- c) To train students for a specific job
- d) To teach students a foreign language

Answer: b) To prepare students for life

2. Which of the following is a key feature of constructivism?

- a) Teacher-centered learning
- b) Active learning through experiences
- c) Passive reception of information
- d) Focus on memorization

Answer: b) Active learning through experiences

3. What is the first stage of Piaget's cognitive development theory?

- a) Concrete operational
- b) Sensorimotor
- c) Formal operational
- d) Preoperational

Answer: b) Sensorimotor

4. Which of the following best describes the behaviorist theory of learning?

- a) Learning is a change in behavior due to environmental stimuli
- b) Learning is an internal process of acquiring knowledge
- c) Learning is a self-guided and individual process
- d) Learning is the result of social interactions

Answer: a) Learning is a change in behavior due to environmental stimuli

5. What does the term "scaffolding" refer to in education?

- a) Teaching without any support
- b) A teaching method involving peer support
- c) A technique to provide temporary assistance to students
- d) The use of technology in education

Answer: c) A technique to provide temporary assistance to students

6. Which of the following is a key principle of Vygotsky's social development theory?

- a) Cognitive development occurs in stages
- b) Knowledge is constructed independently
- c) Social interaction plays a fundamental role in cognitive development
- d) Memory plays a key role in learning

Answer: c) Social interaction plays a fundamental role in cognitive development

7. Which of the following is an example of formative assessment?

- a) Midterm exam
- b) End-of-term project
- c) Weekly quizzes
- d) Final exam

Answer: c) Weekly quizzes

8. Which assessment method is most appropriate for evaluating long-term learning?

- a) Formative assessment
- b) Summative assessment
- c) Diagnostic assessment
- d) Norm-referenced assessment

Answer: b) Summative assessment

9. Which learning theory emphasizes the importance of reinforcement in shaping behavior?

- a) Constructivism
- b) Behaviorism
- c) Humanism
- d) Cognitivism

Answer: b) Behaviorism

10. What does Bloom's taxonomy focus on in educational settings?

- a) Classifying students by their intelligence level
- b) Categorizing learning objectives based on complexity
- c) Developing strategies for classroom discipline
- d) Assessing students' physical performance

Answer: b) Categorizing learning objectives based on complexity

11. In differentiated instruction, the teacher adapts instruction based on:

- a) Student interests
- b) Student assessments
- c) Student readiness and learning styles
- d) Classroom seating arrangements

Answer: c) Student readiness and learning styles

12. Which of the following is a characteristic of a learner-centered classroom?

- a) The teacher controls all aspects of learning
- b) Students are passive receivers of knowledge
- c) Students actively participate in their own learning
- d) The focus is mainly on standardized tests

Answer: c) Students actively participate in their own learning

13. The theory of multiple intelligences was proposed by:

- a) Jean Piaget
- b) Howard Gardner
- c) Lev Vygotsky
- d) B.F. Skinner

Answer: b) Howard Gardner

14. Which of the following is the primary role of the teacher in a constructivist classroom?

- a) To direct all learning activities
- b) To serve as a facilitator and guide
- c) To conduct formal lectures
- d) To evaluate students' memorization skills

Answer: b) To serve as a facilitator and guide

15. What is the focus of socio-cultural theory in learning?

- a) Individual thinking processes
- b) Learning through interaction with peers and culture
- c) The role of reinforcement in learning
- d) The development of cognitive stages

Answer: b) Learning through interaction with peers and culture

16. The principle of “zone of proximal development” (ZPD) refers to:

- a) The level of difficulty students can solve independently
- b) The range of tasks students can do with help
- c) The teacher’s assessment of student progress
- d) The influence of peers on learning

Answer: b) The range of tasks students can do with help

17. Which of the following is a feature of active learning?

- a) Students learn passively by listening to lectures
- b) Students engage with the material through discussion and practice
- c) Students memorize information for assessments
- d) Students only focus on exams

Answer: b) Students engage with the material through discussion and practice

18. Which is the first level of Bloom's Taxonomy of cognitive objectives?

- a) Analysis
- b) Comprehension
- c) Knowledge
- d) Synthesis

Answer: c) Knowledge

19. Which of the following teaching methods focuses on collaboration among students?

- a) Direct instruction
- b) Cooperative learning
- c) Inquiry-based learning
- d) Lecture-based learning

Answer: b) Cooperative learning

20. Which type of assessment focuses on measuring student progress against specific learning goals?

- a) Norm-referenced assessment
- b) Criterion-referenced assessment
- c) Diagnostic assessment
- d) Summative assessment

Answer: b) Criterion-referenced assessment

21. Which of the following is an example of intrinsic motivation?

- a) Studying to earn a good grade
- b) Participating in class to impress the teacher
- c) Reading a book for personal enjoyment
- d) Completing an assignment to avoid punishment

Answer: c) Reading a book for personal enjoyment

22. Which is a disadvantage of standardized testing?

- a) It can measure a wide range of skills
- b) It may not reflect students' individual learning needs
- c) It is easy to administer
- d) It is cost-effective

Answer: b) It may not reflect students' individual learning needs

23. What does metacognition refer to?

- a) Memory retention
- b) Awareness of one's own learning process
- c) The ability to memorize information
- d) Problem-solving skills

Answer: b) Awareness of one's own learning process

24. Which is a feature of inquiry-based learning?

- a) The teacher provides all the answers
- b) Students focus on memorizing facts
- c) Students explore questions and find solutions through investigation
- d) Learning is based solely on textbooks

Answer: c) Students explore questions and find solutions through investigation

Midterm preparation file

21. Which of the following is an example of intrinsic motivation?

- a) Studying to earn a good grade
- b) Participating in class to impress the teacher
- c) Reading a book for personal enjoyment
- d) Completing an assignment to avoid punishment

Answer: c) Reading a book for personal enjoyment

22. Which is a disadvantage of standardized testing?

- a) It can measure a wide range of skills
- b) It may not reflect students' individual learning needs
- c) It is easy to administer
- d) It is cost-effective

Answer: b) It may not reflect students' individual learning needs

23. What does metacognition refer to?

- a) Memory retention
- b) Awareness of one's own learning process
- c) The ability to memorize information
- d) Problem-solving skills

Answer: b) Awareness of one's own learning process

24. Which is a feature of inquiry-based learning?

- a) The teacher provides all the answers
- b) Students focus on memorizing facts
- c) Students explore questions and find solutions through investigation
- d) Learning is based solely on textbooks

Answer: c) Students explore questions and find solutions through investigation

Midterm preparation file

29. Which of the following is an example of authentic assessment?

- a) Multiple-choice test
- b) Portfolio of student work
- c) True/false quiz
- d) Final exam

Answer: b) Portfolio of student work

30. The process of adapting teaching to meet the diverse needs of students is called:

- a) Differentiated instruction
- b) Cooperative learning
- c) Peer tutoring
- d) Formative assessment

Answer: a) Differentiated instruction

31. In terms of learning environments, which of the following is most important?

- a) The physical space in the classroom
- b) The social and emotional climate of the classroom
- c) The number of students in the class
- d) The teaching materials available

Answer: b) The social and emotional climate of the classroom

Midterm preparation file

33. Which of the following is the primary focus of constructivist teaching?

- a) Rote memorization of facts
- b) Student-centered learning through exploration
- c) Teacher-centered delivery of information
- d) Standardized testing

Answer: b) Student-centered learning through exploration

34. Which of the following learning strategies is associated with John Dewey?

- a) Learning through rote memorization
- b) Learning through social interaction and experience
- c) Teacher-directed instruction
- d) Learning through punishment and rewards

Answer: b) Learning through social interaction and experience

35. According to Maslow's hierarchy of needs, which need is considered the highest priority?

- a) Self-actualization
- b) Love and belonging
- c) Safety and security
- d) Physiological needs

Answer: a) Self-actualization

36. Which of the following best describes the term "learning styles"?

- a) The way students memorize facts
- b) The individual preferences in how they receive and process information
- c) The teacher's method of instruction
- d) The grade students receive on assignments

Answer: b) The individual preferences in how they receive and process information

Midterm preparation file

37. Which of the following is NOT one of the basic principles of Universal Design for Learning (UDL)?

- a) Provide multiple means of engagement
- b) Offer multiple means of representation
- c) Create a fixed curriculum for all students
- d) Offer multiple means of expression

Answer: c) Create a fixed curriculum for all students

38. What is the primary benefit of using formative assessment in the classroom?

- a) It allows for the grading of final exams
- b) It helps adjust teaching to meet students' needs in real-time
- c) It measures only the final outcome of learning
- d) It is the only way to assess student progress

Answer: b) It helps adjust teaching to meet students' needs in real-time

39. In which stage of Erikson's psychosocial development do students experience a conflict between industry and inferiority?

- a) Adolescence
- b) Preschool
- c) School age
- d) Young adulthood

Answer: c) School age

40. Which of the following is an example of active learning?

- a) Listening to a lecture
- b) Memorizing a set of facts
- c) Participating in group discussions
- d) Reading a textbook chapter

Answer: c) Participating in group discussions

MCQS

Midterm preparation file

41. Which of the following best describes the process of scaffolding in education?

- a) Providing all the answers to students
- b) Reducing teacher involvement over time as students gain independence
- c) Giving students a fixed set of tasks to complete
- d) Allowing students to work independently without any support

Answer: b) Reducing teacher involvement over time as students gain independence

42. Which type of learning does the theory of “social constructivism” most emphasize?

- a) Individual learning without interaction
- b) Learning through social interaction and collaboration
- c) Passive learning from textbooks
- d) Memorization of facts and concepts

Answer: b) Learning through social interaction and collaboration

43. Which of the following is an essential characteristic of a student-centered classroom?

- a) The teacher is the primary source of knowledge
- b) The teacher gives all directions and decisions
- c) Students are encouraged to take responsibility for their learning
- d) Students are not allowed to question the teacher’s authority

Answer: c) Students are encouraged to take responsibility for their learning

44. Which of the following strategies is most closely associated with collaborative learning?

- a) Students work individually on tasks
- b) Students share knowledge and work together to solve problems
- c) Teachers lecture while students take notes
- d) Students are assigned tasks based on their grades

Answer: b) Students share knowledge and work together to solve problems

45. Which learning theory stresses the role of reinforcement in shaping behavior?

- a) Cognitive learning theory
- b) Humanistic learning theory
- c) Behaviorist learning theory
- d) Constructivist learning theory

Answer: c) Behaviorist learning theory

46. What is the primary purpose of using rubrics in assessment?

- a) To standardize test-taking procedures
- b) To provide clear and specific criteria for evaluating student performance
- c) To evaluate only student knowledge
- d) To assess the students' ability to memorize facts

Answer: b) To provide clear and specific criteria for evaluating student performance

Passing criteria of this course

Letter Grade	Grade Points	Equivalent Percentage
A+	4.00	90-100
A	4.00	85-89
A-	3.66 - 3.99	80-84
B+	3.33 - 3.65	75-79
B	3.00 - 3.32	71-74
B-	2.66 - 2.99	68-70
C	2.00 - 2.65	61-67
D	1.00 - 1.99	50-60
F	0.00	00-49

Passing Criteria for a Course:

The passing criteria is defined in such a way that it ensures the student shall be consistent in his studies throughout the semester.

Therefore, for passing a course/subject, student shall fulfill the following:

- Secure minimum **20%** score in Formative Assessments/Mid terms
- Secure minimum **20%** score in Final Term Examinations.
- Secure at least **40%** marks in aggregate while fulfilling the above requirements

Course Selection and Credit Hours

Q: How do I select courses when the course selection is open?

A: Follow these steps:

1. Check the credit hours allowed by your university (e.g., 21, 18, or 15 credit hours).
2. Each subject typically has 3 credit hours.
3. Divide the total allowed credit hours by 3 to determine how many subjects you can select.

Examples:

21 credit hours = 7 subjects
18 credit hours = 6 subjects

15 credit hours = 5 subjects

Remember, the university may allow different credit hours for each student, so check your specific allowance.

By following these steps, you can make informed decisions during course selection and manage your credit hours effectively.
