EDU-402 (MID-TERM)

Curriculum History – Topic 14

Curriculum History is a process of analyzing, describing and interpreting thoughts and practices of curriculum in the past

Primitive society - Topic 50

- **Family influence upon conduct & modes of thinking**
- **Informal learning by interacting with adults in daily activities**

Curriculum as intended learning outcomes - Topic 6

Curriculum should focus on the intended learning outcomes – which shifts emphasis from means to ends. Intended learning outcomes are a convenient way to specify purposes. Purposes no longer remain stated in such global rhetoric as, “an appreciation for our cultural heritage.” Instead a structural series of outcomes is set forth; all activities, teaching, and environmental design serve the acquisition of specified end.

Curriculum as cultural reproduction - Topic 6

Curriculum in any society or culture is/ should be a reflection of that culture. Schooling is meant to reproduce salient knowledge and values for succeeding generation. The community, state, or nation takes the lead in identifying the skills, knowledge and appreciations to be taught. It is job of professional educators to see that they are transformed into curriculum that can be delivered to children and youth.

Methods for students learning - Topic 92

Observation by the teacher

Student interview

Parent interview

Questionnaire

Interest

Test

Community Records

Examination of school record

Teachers/ staff Participation

Student Participation

Functions in curriculum design - Topic 17

Two important functions performed in curriculum design are:

- 1. Analysis**
- 2. Curriculum Creation**

Ways of stating objectives - Topic 130

Objectives as Activities to be done by Teachers

Objectives as Topics, Concepts, Content or Generalizations

Objectives as Generalized Patterns of Behaviors

Objectives with Intended Behavior & Area of Application

Characteristic of humanism curriculum

According to humanism learning is a personal act to fulfill one's potential. It focuses on human dignity, freedom and potential. And fulfills cognitive affective needs (key to development). Humanism develops self-actualized people in a cooperative supportive environment.

Humanistic curriculum:

(Society & culture are not identical)

Why psychology of learning is important - Topic 125

It is useful:

- 1. Different levels (lower, higher)**
- 2. Grade placement**
- 3. Conditions requisite for learning**

Types of curriculum

Major types of curriculum are:

- Explicit/Overt/Written**
- Implicit/Covert/Hidden**
- Null**
- Co-curricular/Extra- curricular**

Contemporary Life (CL) - Topic 96

- Advanced**
- Modern**
- Up to date**
- Existing**

What is the basis of family?

The pattern of the family is always shaped by the total cultural pattern. In a family place of the woman, the way children are treated and several other characteristics in a given time and place go back to the spirit, ideals and behavior pattern of culture all are included

Urban Family

The work is no longer done in common. Urban family is not a producing unit; it is a consuming unit (mostly). Father's work place away from home, Mother is also employed outside the home (mostly) or confined to keeping of house and preparing meals. Children have few responsibilities except for assisting mothers. Domestic conveniences and labor saving devices this responsibility is reduced in many families almost to vanishing point

What difficulties are teacher faced in various kind of comprehensive investigation?

Teachers face with three strategies: active learning, inquiry learning, and service learning

Definition of curriculum

“Curriculum Theory is an act of clarifying meaning and use of language or act of theorizing and reflecting.”

Pre Modern Paradigm - Topic 45

Pre-Modern Paradigm sets forth:

- **An ideal of order**
- **Symmetry**
- **Balance &**
- **Harmony.**

Why seek suggestions from SS? / Important Facts about SS - Topic 109

- **Most commonly used source of objectives**
- **Text books writers**
- **Share their reflections actively & openly**
- **Plan course of studies for schools**
- **Propose objectives that schools should attain**

Joseph Schwab curriculum planning - Topic 44

Schwab’s consideration of curriculum planning is an interaction among various elements or common-places:

- **Teachers,**
- **Learners,**
- **Subject, &**
- **Milieu**

What are objectives of curriculum that school use to enable children to change society

When students learn a social curriculum they are socially aware and emotionally intelligent. They understand their emotions as well as the emotions of others.

Hands on experience - Topic 104

- **Select an aspect, “your civic life”**
- **Collect sample information of different types**
- **Use your memory & experience**
- **List the activities you are engaged in as a citizen**
- **List problems you faced as a citizen**
- **Analyze the information/data & interpret it**

Characteristics of explicit curriculum - Topic 39

- **"Mission" of the school,**
- **Subjects to be taught,**
- **Lessons to cover**
- **Knowledge & skills**

Prescott needs (physical - social - integrative) / Classification of needs according to “Prescott” 84

Physical

Need for food, water, activities etc.

Social

Need for affection, belonging, status, respect from social group

Integrative

Need to relate one’s self to something larger and beyond one’s self.

Need for a philosophy of life.

Social investigation methods - Topic 91

- 1. Observation by the teacher**
- 2. Student interview**
- 3. Parent interview**
- 4. Questionnaire**
- 5. Interest questionnaire**
- 6. Test**
- 7. Examination of community records**
- 8. Participation of teachers**
- 9. Participation of students**

Humanistic theory - Topic 33

According to humanism learning is a personal act to fulfill one's potential. It focuses on human dignity, freedom and potential. And fulfills cognitive affective needs (key to development).

What are alternatives? - Topic 57

Certain cultural elements belong among neither the universals nor the specialties - these elements are exercised by the people by choice. The elements consist of ways of thinking & doing that depart from commonly accepted ideas or practices

What are alternative in culture

what industrial evolution is? - Topic 96

- Increased body of knowledge
- Schools were expected to teach all the knowledge
- School faced to difficulties to fulfil this demand

Method of observation as an investigation

Investigation is the step by step inquiry, it is a technique which is managed properly, in investigation includes test, examination, interview, records and evidence but an observation is something you notice with your senses, there is no need of test examination, interview, records and evidence. Observation is the first step of investigation.

What is cultural core? - Topic 59

Cultural Core consists of central body of elements, i.e., Universals & Specialties.

It refers to:

- Fundamental rules
- Knowledge &
- Skills

Briefly described the methods of observation as social investigation?

Investigation is the step by step inquiry, it is a technique which is managed properly, in investigation includes test, examination, interview, records and evidence but an observation is something you notice with your senses, there is no need of test examination, interview, records and evidence. Observation is the first step of investigation.

Define data? - Topic 93

- Information collected in an investigation
- Information collected by using different types of sources or instruments/ tools

Define implicit curriculum? - Topic 40

Implicit curriculum includes "values" & "norms" that are set by society & its culture lessons that arise from culture of school and behaviors, attitudes, & expectations that characterize that culture. It has more to do with the "where" of education than the "what"

Student interview – Topic 91

Methods for Studying Learners, Methods of social investigations

Why the judgement is are used to development of curriculum? - Topic 198

For an increasingly effective educational program rather than following a hit and miss judgement for curriculum development. / Purpose is to improve student learning

What is traditional life in community? - Topic 26

Transmit traditional moral values and intellectual knowledge that students need to become model citizens in community

How people live urban life? - Topic 69

Urban life is less & less shaped by the community & more and more shaped by his occupation & other specialized activities.

Curriculum Aims:

- ✓ All students know what they need to achieve to succeed in life
- ✓ Staff and students have high expectations and strive for excellence
- ✓ Learning and teaching takes place in a safe and purposeful environment
- ✓ Students are encouraged to have enquiring minds and seek opportunities to become global citizens
- ✓ Staff challenge and support students' paths to success

Curriculum Objectives:

- ✓ Creative and flexible approaches to learning and teaching
- ✓ Offering an innovative curriculum developed with the aspirations and interests of the student at the centre
- ✓ Making effective use of ICT and new technologies to motivate and inspire students
- ✓ Nurturing close partnerships with local and international organizations, giving students a wide range of opportunities to experience the world of work

Example of objective curriculum

Curriculum Objectives:

Creative and flexible approaches to learning and teaching

Offering an innovative curriculum developed with the aspirations and interests of the student at the centre.

Making effective use of ICT and new technologies to motivate and inspire students

What is an integrative need? - Topic 84

Need to relate one's self to something larger and beyond one's self.

Need for a philosophy of life

Definition of philosophy - Topic 22

Philosophy is the:

- Starting point in any kind of decision making,
- Basis for all subsequent decisions regarding curriculum.

It helps to determine aims, selection and organization of the content implementation.

Universal statement

What is a source plan? 174

Preliminary flexible plans for teaching

Highest level of learning for students

It enables us to distinguish goals that are:

- feasible /realistic from those that are:
- likely to take more time or
- impossible to attain at an age level considered

Pre Modern doll's Paradigm

Pre-Modern Paradigm sets forth:

1. an ideal of order
2. symmetry
3. balance &
4. Harmony.
5. In this paradigm, education consists of striving to learn:
6. essential and eternal truths or
7. Principles for how one lives in the world

What is an attitude? – Topic 148

In psychology, an attitude is an expression of favor or disfavor toward a person, place, thing, or event. A tendency to react even though the reaction does not actually takes place

Domains of taxonomy 214

- i. Cognitive
- ii. Affective
- iii. Psychomotor

Two types of organization:

There are two types of organizations:

- Logical and
- Psychological

Follow-up studies - Topic 183

Follow-ups are conducted to get further evidence of performance and impermanence of learning, when they were in schools; it is a desirable part of any evaluation program.

Define humanistic curriculum – Topic 33

Humanistic curriculum:

- ☐Learner centered
- ☐Needs teacher to be a facilitator

What are characteristics of the literate society?

- Instruction in group ways becomes partly a specialized process
- School is created with the responsibility for teaching certain things.

Curriculum Designs 216

Subject centered: Discipline Based Curriculum Design

Student: learner centered

Community view of curriculum development

Curriculum is a key element in the educational process. Process of curriculum development is essential for successful achieving educational goals. Broader concept of curriculum describes it as a sophisticated blend.

Role of investigation in curriculum development

The teacher's role is to connect the particulars of her classroom and students to the investigations presented by the curriculum.

If a situation is difficult to handle, what is task for handle evaluation - Topic 190

Try finding other simpler situation, with high correlation with the results obtained when the situation is used, which directly evokes the kind of behaviour to be appraised.

Alternatives of cultures - Topic 57

Certain cultural elements belong among neither the universals nor the specialties - these elements are exercised by the people by choice. The elements consist of ways of thinking & doing that depart from commonly accepted ideas or practices.

Are all situations under control and accessible to evaluators to look for desired change in student learning? - Topic 190

No – there are problems

What is the definition of integrative need? - Topic 84

Integrative Need to relate one's self to something larger and beyond one's self.

Two dimensional graphic charts - Topic 134

Two dimensional charts are useful:

- **To select the learning experience**
- **Achieve intended behaviors**
- **Learn content/concept**

How do alternative enter into a culture? – Topic 57

- **By invention in the society**
- **Diffusion from other cultures**

What are Specialties in culture? - Topic 56

Specialties of people belonging to group of individuals who occupy various social positions, specialties contain a relatively large portion of the cultural elements.

What difficulties are teachers faced in various kind of comprehensive investigations? - Topic 92

House survey to gather data for various kind of comprehensive investigation

How can we infer objectives from investigation? - Topic 93

Studying the data for implication

- **Comparing data with standards**
- **Obtaining suggestions about possible needs, a school can meet.**

Why Needs of learner are sources of educational objectives - Topic 86

Reasons:

- **Children enjoy a great deal of educational development from interaction in the: home & community**
- **School does not need to duplicate the these educational experiences**
- **School should focus its efforts to fill the gaps in the present development of students**

What are the characteristics of common education curriculum? - Topic 61

In every culture it will be/ is based on the:

- **Universal elements of the culture**
- **Aspects of the specialties that are of general concern.**

Why subject specialist hired to design curriculum? - Topic 216

Focuses upon: • A separate subject orientation,

- **No integration of information or shared skills with other curriculum areas**

Tyler's definition of education - Topic 3

Tyler (1957), “all that is planned and directed by teachers to achieve the educational goals”

Process of Investigation –Topic 87

Studies of children's:

- **Practices**
- **Knowledge & ideas**
- **Attitudes**
- **Interests etc.**

The community is: - Topic 71

- **The kind of family into which he will marry, etc.**

How to determine a social position of a person? - Topic 71

- **Who will be his friends & associates?**
- **The kind of job he will hold**
- **Where he will live in**

Critics of subject specialist

SS – a source of objectives-Criticism

Objectives propose are:

- **Too technical**
- **Too specialized**
- **Inappropriate for large number of students**

Subject specialist

Definition: a person who devotes himself or herself to one subject or to one particular branch of a subject or pursuit.

What are the elements of curriculum?

The Five Elements of Curriculum:

Any curriculum usually includes five elements:

- 1) **Objectives.**
- 2) **Content.**
- 3) **Teaching methods.**
- 4) **Teaching and learning activities.**
- 5) **Assessment.**

Write down the two functions of traditional curriculum?

Traditional

Separate subject matter
Teacher as distributor of knowledge
Accent on competition practice and rote
External rewards and punishments used
Emphasis on individual teaching
Concerned with academic standards
Regular testing
Little emphasis on creative expression

What are objectives of curriculum that schools use to enable children to change society?

OBJECTIVES OF CURRICULUM

- Should match the age capacity and attitude of the student.
- Should have the balance between all subjects.
- Each and every subject should be taught establishing the link with other branches of knowledge
- The base of Islamic education should be divine like Quran and Sunnah

Which methods are used to study learner?

What are the benefits of curriculum?

- It Focuses Attention On Goal.
- It Improves the Probability of Success.
- It Improves economy of Time and efforts.
- It Facilitates Communication And Coordination of Projects.
- It Reduces Stress.

Why social awareness is necessary for learner?

What are democratic values?

democratic values

- Allow children to make important decisions that affect the whole group
- Encourage children to address real challenges by problem solving and negotiating

How teachers learning are important in planning curriculum?

Teaching and learning give life and meaning to curriculum. Each complement and supplement each other. The value placed in teaching will reap the same value in learning thus a good curriculum can be judged by the kind of teaching quality of learning derived from it.

Top-down & Bottom-up processing

Bottom-Up Processing	Top-Down Processing
Externally Based	Internally Based
Involves the listener playing close attention to every detail of the language input.	Involves the listener's ability to bring prior information to bear on the task of understanding the 'heard' language.

How to analyze contemporary findings?

Investigation problems

MCQS

1. School based activities Co-Curricular Curriculum
2. Gathering information and knowledge is scientific investigation
3. Perennialism is based on the belief that some ideas have lasted over centuries and are as relevant today as when they were first conceived.
4. Essentialism means Basics
5. Curriculum development process Design implementation n evaluation. Correct is ALL.
6. Elements are exercised by the people by choice. Alternatives
7. Cultural Core consists of central body of elements, i.e., Universals & Specialties.
8. Students are absent from the school lack of: lack of interest inadequate teachers.
