MAM MEHWISH 03184148783

1. **Existence of _____ departments in every organization varies with the nature of industry and the nature of products/ services being offered.**
   - O flat
   - O horizontal
   - ✓ functional
   - O non-functional
2. **Models represent its entities with an abstraction of lines, symbols or shapes.**
   - O Mathematical
   - O Narrative
   - ✓ Graphical
   - O Physical
3. **_____ are constrained problems with solutions that apply limited number of rules and principles within well-defined parameters.**
   - O Dual Unstructured problems
   - O Semi-structured problems
   - ✓ Structured problems
   - O Unstructured problems
4. **Pie Chart is an example of _____.**
   - ✓ Graphic Models
   - O Narrative Models
   - O Physical Models
   - O Mathematical Models
5. **In which of the following models, the development approach is based on producing deliverables frequently/repetitively.**
   - O Linear Sequential
   - ✓ Incremental
   - O Waterfall
   - O Iterative
6. **"Students should be in the university at 8:00 a.m. to ensure their attendance in the class." This statement is the example of _____ situation.**

Miss Mehwish: 03171491481

- O Semi-structured
- O Unstructured
- O Dual structured
- ☑ Structured

7. **In _____ model, customer feedback is taken at each phase and project is modified accordingly.**
   - O Incremental
   - O Linear Sequential
   - O Waterfall
   - ☑ Iterative
8. **The set of processes developed in an organization to create, gather, store, maintain and apply the firm's knowledge is called _____.**
   - ☑ Knowledge management
   - O Inference engine
   - O Knowledge base
   - O Development engine
9. **Increments made at different intervals of time refer to the _____ development model.**
   - O Prototyping
   - O Waterfall
   - ☑ Incremental
   - O Extreme programming
10. **Select the correct option:**
    - ☑ Mathematical Models, Equations
    - O Physical Models, Charts
    - O Narrative Models, Formulae
    - O Graphic Models, Graphs

1. **What-if analysis technique is used in:**
   - Data mining
   - OLAP
   - Data Driven DSS
   - **Model Driven DSS ✓**
2. **A particular technique of directing one's attention in learning, discovery or problem solving is known as:**
   - Desktop Publishing
   - **Heuristic ✓**
   - Database
   - Word Processing
3. **All of the following are components of Computer based Information Systems except:**
   - Office Automation System
   - Management Information System
   - Support Systems

Miss Mehwish: 03171491481

- **Closed Loop Systems ✓**

4. **The practice of checking the impact of a change in the assumptions on the proposed solution is carried out in:**
   - What-If ✓
   - Goal Seek
   - Business
5. **In __, part of the output is fed back to the system to initiate control to change either the activities of the system or input of the system:**
   - Closed system
   - Open loop system
   - Open system
   - **Closed loop system ✓**
6. **Transaction Processing System is used to record transactions of:**
   - non-routine and repetitive
   - **routine and repetitive ✓**
   - complex and non-routine
   - routine and non-repetitive
7. **__ have a collection of predefined procedures related to each other in a sequenced logical manner in order to collectively achieve the desired results:**
   - Organizational structure
   - Information Technology
   - **Systems ✓**
   - Culture of the Organizations
8. **In __ organizational structure, workers are directly involved in the decision making process:**
   - Tall
   - Hierarchical
   - **Flat ✓**
   - Pyramid
9. **Which of the following organizational structures contain less number of management levels?**
   - Tall Structure
   - **Flat Structure ✓**
   - Hierarchical Structure
   - Mixed Structure
10. **__ is not a sub-system of CBIS:**
    - Support system
    - Management information system
    - Data system
    - **Knowledge system ✓**
