03184148783

Past Papers for Mids./Finals are also Available

1) Brief Classification of life are:

Options:

- A) Family
- B) All of these
- C) Health
- D) Civic life

Correct Option: B) All of these

2) Which theory demands to identify the students' interests?

Options:

- A) Theory of Existentialism
- B) Theory of Essentialism
- C) Theory of Perennialism
- D) Theory of Progressivism

Correct Option: D) Theory of Progressivism

3) Which is playing an important role in gathering information and knowledge to decide educational objectives is very important?

Options:

- A) Aesthetic sense
- B) Revelation
- C) Value judgement
- D) Empirical knowledge

Correct Option: D) Empirical knowledge

4) Which type of efforts are required to focus upon the critical aspects of complex life?

Options:

- A) Economic
- B) Social
- C) Political
- D) Educational

Correct Option: D) Educational

5) The educational philosophers recognize the basic values of life, transmission of these values from generation to generation by the schools are:

Options:

- A) Perennialists
- B) Essentialists
- C) Existentialists
- D) Progressivists

Correct Option: B) Essentialists

6) A gap between conceptions of desirable norm and actual status is called:

Options:

- A) Need
- B) Standard
- C) Objective
- D) Prerequisite

Correct Option: A) Need

7) Which perspective do the family members intimately associate with?

Options:

- A) Economic and political
- B) Ideological and political
- C) Social and educational
- D) Philosophical and psychological

Correct Option: C) Social and educational

8) Levels of Source of Information are:

Options:

- A) Individual, peer group, Local person
- B) Activities, social group, practices
- C) Practices, activities, problems
- D) Individual, social groups, communities

Correct Option: D) Individual, social groups, communities

9) Which one of the following methods of social investigation provides information about students' activities in school, social relations & school habits?

Options:

- A) Observation by the teacher
- B) Questionnaire
- C) Test
- D) Student interview

Correct Option: A) Observation by the teacher

10) Which kind of policies are rigid structures limiting the choices and actions of individuals?

Options:

- A) Policies of community
- B) Policies of society
- C) Policies of organisations
- D) Policies of culture

Correct Option: D) Policies of culture

1. Which of the following techniques is used to predict the value of one variable on the basis of other variables?

- A) Correlation analysis
- B) Covariance
- C) Regression analysis
- D) Coefficient of correlation

- Correct Option: C) Regression analysis

2. What is the purpose of using an index in a database?

- A) To optimize query performance
- B) To enforce uniqueness
- C) To sort data efficiently
- D) To establish referential integrity
- Correct Option: A) To optimize query performance

3. Which of the following is not a type of sorting algorithm?

- A) Merge Sort
- B) Quick Sort
- C) Bubble Sort
- D) Divide-and-Conquer Sort
- Correct Option: D) Divide-and-Conquer Sort

4. What does HTML stand for?

- A) Hyper Transfer Markup Language
- B) Hyper Text Markup Language
- C) High-Level Markup Language
- D) Home Tool Markup Language
- Correct Option: B) Hyper Text Markup Language

5. Which of the following is a programming language?

- A) XML
- B) JSON
- C) HTML
- D) Python
- Correct Option: D) Python

6. What is the purpose of using a VPN?

- A) To secure internet connections
- B) To enhance website performance
- C) To optimize search engine rankings
- D) To block ads
- Correct Option: A) To secure internet connections

7. In which layer of the OSI model does routing occur?

- A) Physical layer
- B) Network layer
- C) Transport layer
- D) Application layer
- Correct Option: B) Network layer

8. Which of the following is not a primary color in additive color mixing?

- A) Red
- B) Blue
- C) Yellow
- D) Green
- Correct Option: C) Yellow

9. What is the capital of France?

- A) London
- B) Berlin
- C) Paris
- D) Madrid
- Correct Option: C) Paris

10. What is the chemical symbol for water?

- A) Wa

- B) H₂O
- C) H_y
- D) W
- Correct Option: B) H₂O

1. Which of the following approach cannot be used for the scope of curriculum?

Options:

- A) Core
- B) Segregation
- C) Projects

Correct Option: A) Core

2. Who should transmit traditional moral values and intellectual knowledge that students need to become model citizens?

Options:

- A) Perennialism
- B) Idealism
- C) Progressivism
- D) Essentialism

Correct Option: A) Perennialism

3. Which one of these curriculum includes “values” & “norms” that are set by society?

Options:

- A) Implicit
- B) Written
- C) Null
- D) Extra curriculum

Correct Option: A) Implicit

4. Curriculum reflects the culture of:

Options:

A) Society

B) School

C) Home

D) Area

Correct Option: A) Society

5. Which one of these curriculum possesses the defined mission of the school?

Options:

A) Null

B) Extra curriculum

C) Written

D) Implicit

Correct Option: C) Written

6. How many basic components of the curriculum design?

Options:

A) 2

B) 3

C) 4

D) 5

Correct Option: C) 4

7. How many elements are traditionally included in a curriculum?

Options:

A) 2

B) 3

C) 4

D) 5

Correct Option: C) 4

8. According to the humanistic curriculum, which of the following approach is followed?

Options:

A) Kinesthetic learning

B) Learner-centered

C) Personalized education

D) Teacher centered

Correct Option: B) Learner-centered

9. Who holds a complex and multifaceted worldview?

Options:

A) Postmodern

B) Modern

C) Premodern

D) Current

Correct Option: A) Postmodern

10. There is no prescribed course and activities are an example of which of the following curriculum?

Options:

A) Hidden

B) Null

C) Extra curriculum

D) Implicit

Correct Option: B) Null

1. Which one of the following measures is a rate of change in dependent variable due to change in one independent variable by holding all other independent variables constant?

- Option 1: Partial Derivative
- Option 2: 2
- Option 3: 3
- Option 4: 4
- Correct Option: Option 1

2. Consider the quadratic function: $Y = aX^2 + bX + c$. In this given function the graph will concave upward if:

- Option 1: "a" is positive.
- Option 2: All of given options.
- Option 3: "a" is zero.
- Option 4: "a" is negative.
- Correct Option: Option 1

3. Symmetry property of multivariate function with two explanatory variables states that:

- Option 1: Cross partial derivatives are equal.
- Option 2: Cross partial derivatives are not equal.
- Option 3: Cross partial derivatives are undefined.
- Option 4: Cross partial derivatives are always zero.
- Correct Option: Option 1

4. Which one of the following is an example of quadratic function?

- Option 1: $Y = 2X^2 + 3X$
- Option 2: $Y = 2X + 3X^3 + 10$
- Option 3: $Y = 3 + 2X^4$
- Option 4: $Y = 2X^2 + 3X + 10$
- Correct Option: Option 1

5. Unemployment data of Pakistan for each month of the year 2013 is:

- Option 1: Cross-sectional data
- Option 2: Panel data
- Option 3: Time series data
- Option 4: Pool data
- Correct Option: Option 3

6. An intercept is a point on the graph where regression line intersects:

- Option 1: X-axis
- Option 2: Y-axis
- Option 3: None of the given options
- Option 4: Z-axis
- Correct Option: Option 2

7. Consider the quadratic function: $Y = aX^2 + bX + c$. In this given function the graph will concave downward if:

- Option 1: "a" is negative.
- Option 2: "a" is zero.
- Option 3: "a" is positive.
- Option 4: All of the given options.
- Correct Option: Option 2

8. Consider supply function $Q_s = a + bP$; where Q_s is quantity supplied of commodity and P is price. The coefficient 'b' in this supply function is:

- Option 1: Slope of supply curve.
- Option 2: All of the given options.
- Option 3: Derivative of Q_s with respect to P .
- Option 4: Rate of change in Q_s due to change in P .
- Correct Option: Option 1

9. Econometrics is the combination of:

- Option 1: Economics, Statistics and Biology
- Option 2: Mathematics, Economics and Statistics
- Option 3: Statistics, Economics and Physics
- Option 4: Mathematics, Psychology and Economics
- Correct Option: Option 3

10. Monthly income of different respondents from year 2011 to year 2013 is an example of:

- Option 1: Pooled data
- Option 2: Cross sectional data
- Option 3: Time series data
- Option 4: Panel data
- Correct Option: Option 4

1. What is the main focus of the Constructivism theory?

- A) Realize human thoughts
- B) Reflection on own's experience
- C) Behaviors can be changed
- D) Learning is an internal process

Correct Option: B) Reflection on own's experience

2. Which of the following subject deals with the "quadrivium"?

- A) Arithmetic
- B) Chemistry
- C) Computer
- D) Chemistry

Correct Option: A) Arithmetic

3. Which one of these curriculum includes "values" & "norms" that are set by society?

- A) Written

B) Extra curriculum

C) Implicit

D) Null

Correct Option: C) Implicit

4. Curriculum reflects the culture of:

A) school

B) home

C) society

D) area

Correct Option: C) society

5. What concept does Reconstructionism philosophy promote?

A) Moral development

B) Learning by doing

C) Everlasting ideas

D) Learning by doing

Correct Option: C) Everlasting ideas

6. Who said that, "Curriculum is a flexible plan for teaching to meet needs of students and also provides opportunities for teachable moments."?

A) Ellis and Beach

B) Reinhartz and Beach

C) English and Tyler

D) Schubert and Ellis

Correct Option: A) Ellis and Beach

7. How many elements are traditionally included in a curriculum?

A) 2

- B) 3
- C) 4
- D) 5
- E) 6

Correct Option: C) 4

8. According to the humanistic curriculum, which of the following approach is followed?

- A) Teacher centered
- B) Kinesthetic learning
- C) Personalized education
- D) Learner-centered

Correct Option: D) Learner-centered

9. Which of the following philosophy emphasized on the mentioned fact, "Learning by doing"?

- A) Essentialism
- B) Idealism
- C) Perennialism
- D) Progressivism

Correct Option: D) Progressivism

10. Which of the following philosophy argues that education must be based on the fact that humans are by nature social and learn best in real-life activities with other people?

- A) Essentialism
- B) Progressivism
- C) Perennialism
- D) Idealism

Correct Option: B) Progressivism

1. "Curriculum is a process, not a product" This definition belongs to which of the following curriculum?

- Options: Modern, Modern, Old

- Correct Option: Modern

2. In the course of curriculum development we focus on how many areas?

- Options: 2, 3, 4, 5

- Correct Option: 3

3. Which of the following is a delivery process?

- Options: Curriculum implementation, Curriculum history, Curriculum change, Curriculum Development

- Correct Option: Curriculum implementation

4. Who believes that a memory system is an active & organized processor of information?

- Options: Constructivism, Cognitivist, Behaviorism, Humanism

- Correct Option: Cognitivist

5. Who has provided this definition of the curriculum? "It is all the organized and unorganized educational experiences students encounter"

- Options: Bobbit, Tanner, Tyler, Glatthorn

- Correct Option: Tyler

6. Which of the following curriculum includes informal and unintentional teaching of behavior and attitudes?

- Options: Hidden, Implicit, Null, Co-curricular

- Correct Option: Implicit

7. Which of the following subject deals with the "quadrivium"?

- Options: Arithmetic, Computer, English, Chemistry

- Correct Option: Arithmetic

8. Who holds a complex and multifaceted worldview?

- Options: Modern, Premodern, Current, Postmodern
- Correct Option: Postmodern

9. The sociological foundation is concerned with which of the following?

- Options: Values, Society, History, Ideas
- Correct Option: Society

10. Which philosophy explains the importance of science and the process of understanding the world through scientific experiments?

- Options: Reconstruction, Reconstruction, Essentialism, Perennialism
- Correct Option: Essentialism
