

ENG517

Quiz for Mid-Term

ABSTRACT

This comprehensive collection of notes is accurately crafted to empower students to excel academically, ensuring they achieve a minimum of 80% marks in their examinations. The content is organized with clarity and precision, focusing on key concepts, critical analyses, and practical applications tailored to the syllabus. These notes serve as a reliable resource for both thorough preparation and last-minute revision. Designed to inspire confidence and mastery, this guide is an essential tool for students striving for academic excellence.

Computer Assisted Language Learning

ENG517_Computer Assisted Language Learning
Quiz for Mid-Term

1. G.P Landow commented on the advantages of hypertext as a for learning connectiveness in literature

Book Tool Bank Machine

2. Traditional measurement of language learning depends on teachers observation and

Teaching Presentation Test Learning's

3. In 1984 Apple computer introduces a new style of computer the

IBM Pentium2 Macintosh Pentium3

4. The term means that the core data can be broken into string of binary number i.e. One and Zero

Manual Digital Booklet Physical

5. It is within the area of variables that the sharpest differences between Dunkin and Biddle's model and a CALL model are apparent

End Complex Process Compound

6. Li (2006) conducted a study which looked at students.

364 264 464 564

7. When making of a CALL program, learners need to determine what they know and what they do not know.

Discard Dump Use Disposal

8. The way to classify materials is through the creation of in-house reviews, similar to book reviews, which outline key aspects of the program is known as

Objective Descriptive Tabular Personalized

9. Computers allow for a greater learner because, unlike a teacher, they are available beyond the time and space which are limited in the conventional classroom

Dependency Autonomy Attention Reliance

10. The advantage of bulletin boards over email is that the messages are shared with a community and comment can be more considered as readers have more time.

Broader Smaller Unit Confined

11. R. Ellis proposed that refers to the language which learners are exposed to.

Comprehensible output Affective filter Comprehensible INPUT
Psuchomoster

12. It is increasingly common for teachers to use existing tools and platforms such as Blackboard Vista to create new courses with interactive tasks using assessment software such as Respondus and Question mark Perception.

Blackboard Blueboard Whiteboard Brownboard

13. The criterion of indicates the need to develop learners' willingness to communicate but it also extends beyond the conditions believed important for acquisition.

Judgment Authenticity Validity Precision

14. In corpus linguistic _____ is the body of text. (corpus)

15. If _____ software packages are to be properly evaluated and matched with learning needs, they need to be classified by teachers. (CALL)

B.Ed. (1.5 Years) BS English Files

Question # 30 of 30 (Start time: 12:32:38 PM, 09 July 2020) Total Marks: 1

CALL resources are extremely limited in some ways when compared to a well-qualified _____but, in most cases they far exceed what is available from a textbook.

Select the correct option

- Student
- Mother
- Father
- Teacher
