

ENG518

Final-Term (✨✨✨✨✨✨)

ABSTRACT

This comprehensive collection of notes is accurately crafted to empower students to excel academically, ensuring they achieve a minimum of 80% marks in their examinations. The content is organized with clarity and precision, focusing on key concepts, critical analyses, and practical applications tailored to the syllabus. These notes serve as a reliable resource for both thorough preparation and last-minute revision. Designed to inspire confidence and mastery, this guide is an essential tool for students striving for academic excellence.

Maha Malik

Research Methodology

ENG518_Research Methodology
Final-Term (✨✨✨✨✨)

1. Research & Literature Review

- **Research**: Systematic study to find answers to problems.
- **Literature Review**: Study of previous research to show gap, relevance, and originality.
- **Importance**:
  - Shows what is already known
  - Justifies topic & method
  - Helps refine research questions

Outline of Literature Review

1. Introduction / Background
2. Body (discussion of studies)
3. Conclusion / Recommendations

Writing a Review

- Introduction
- Method section
- Results section
- Discussion section

2. Research Variables

- **Independent**: Changed by researcher
- **Dependent**: Effect/result
- **Controlled**: Kept constant

3. Experimental Research

Principles

- Randomization
- Replication
- Local control

Types

- True experiment
- Quasi experiment

Experimental Designs

- Treatment × Level

Maha Malik's Compilation

- Subject × Treatment
- Random Replication
- Group within Treatment
- Factorial Design

Errors

- Chance error
- Systematic error

4. Qualitative Research

- Focuses on meanings, experiences, opinions
- Conducted in natural settings
- Researcher is main tool

Types

- Case study
- Ethnography
- Phenomenology
- Grounded theory

Sampling Methods

- Purposive
- Quota
- Snowball

Qualitative Data Analysis (QDA)

- Narrative analysis
- Discourse analysis
- Content analysis
- Framework analysis

5. Action Research

- Research by practitioners to improve practice
- Focuses on real classroom/field problems

Steps

1. Select problem

2. Clarify theory
3. Identify questions
4. Collect data
5. Analyze data
6. Report results
7. Take action

6. Historical & Biographical Research

- Study of past events using records
- Biographical approach links author's life with work

Sources

- Official records
- Institutional records
- Personal documents

Advantages

- Contextual understanding
- Explains background

Disadvantages

- Over-dependence on biography

7. Survey Research

- Used to study opinions, behaviors
- Large samples

Uses

- Describe current situation
- Planning & evaluation

8. Research Proposal Components

- Problem statement
- Literature review
- Objectives & hypotheses
- Methodology
- Significance

- Definitions & limitations
- Time frame
- Bibliography

9. Synopsis

- Short summary of research plan
- Includes problem, objectives, method, significance

10. Citation & Referencing

In-text Citation

- APA: (Author, Year)

Styles

- APA
- MLA
- CMS (Chicago)

MLA Book Citation

- Author name
- Title
- Publisher
- Year

CMS Book Citation

- Author
- Book title
- City
- Publisher
- Year

11. Direct Quotation vs Paraphrasing

- **Direct quotation**: Exact words with quotation marks
- **Paraphrasing**: Same meaning in own words
- Source must always be cited

12. Structure of Research Paper

- Title
- Abstract
- Introduction
- Methodology
- Results
- Discussion & Conclusion
- References

13. Literary Concepts (Short Notes)

- **Setting**: Time & place
- **Plot**: Sequence of events
- **Theme**: Central idea
- **Genre**: Poetry, fiction, drama, nonfiction
- **Fiction**: Imaginary but structured narrative

14. Conclusion & Discussion Section

- Summarize major findings
- Compare with past studies
- Mention limitations
- Suggest future research
