Question # 10 of 10 (Start time: 10:24:17 PM, 23 May 2023)

Two skaters toss a basketball back and forth on frictionless ice. Which of the following does not change?

Select the correct option

- (●) the momentum of the system consisting of both skaters and the basketball
- ( ) the momentum of the system consisting of one skater and the basketball;
- ( ) the momentum of the basketball;
- ( ) the momentum of an individual skater;
