Philosophies of How to Manage Large Classes

1. **Large Classes**
A classroom with many students, which can make teaching and learning challenging.
 2. **Strategies to Maintain Discipline**
 - Set clear rules and expectations.
 - Use positive reinforcement.
 - Be consistent in addressing disruptions.
 3. **Teaching with Limited Resources**
Creative ways to teach when resources (books, technology) are scarce, such as using group work, role-plays, or improvisation.
 4. **Motivating Students**
Encouraging students to learn by using rewards, praise, engaging activities, and understanding their interests.
 5. **Systematic Procedure for Record Keeping**
Keeping track of attendance, grades, and behavior systematically to monitor progress and address problems early.
 6. **Establishing Caring Connections**
Building a positive and trusting relationship between teachers and students to foster a supportive learning environment.
-

Teacher Attributes and Incentives

7. **Teachers' Attributes in Teaching Social Skills**
Teachers should be patient, empathetic, and good role models to teach students how to interact respectfully and solve conflicts.
 8. **Incentives in the Classroom**
Using rewards like praise, tokens, or privileges to encourage good behavior and active participation.
 9. **Practice for Model for Rewards**
A structured way to give rewards, such as a point system for good behavior or academic achievements.
-

Effective Behavioral Support Systems

10. Effective Behavioral Support Systems

A system to promote positive behavior and reduce misbehavior, using strategies like rewards, rules, and consistent discipline.

11. School Discipline

Policies and actions schools take to maintain a safe and productive learning environment.

12. School-wide Preventive Discipline Practices

School-wide efforts to prevent problems before they occur, such as anti-bullying campaigns and clear behavior policies.

Classroom Discipline and Bullying

13. Classroom Discipline

Methods teachers use to keep the classroom orderly, such as rules, routines, and addressing disruptions immediately.

14. Specific Discipline Programs

Programs designed to help schools manage behavior, like Positive Behavioral Interventions and Supports (PBIS).

15. Bullying

Repeated harmful behavior toward others, like teasing or physical aggression.

16. Bullying Preventive Programs

Programs that teach students respect, empathy, and ways to stop bullying.

17. Social Intervention Strategies to Control Bullying

Actions like peer mediation, counseling, or involving bystanders to reduce bullying.

Parent-Teacher Partnerships and Violence

18. Parent-Teacher Partnerships & CM (Classroom Management)

Collaboration between parents and teachers to support students' learning and behavior.

19. Violence & Classroom Management

Handling situations where students show aggressive or violent behavior through preventive planning and interventions.

20. Planning to Control Violence

Preparing strategies like conflict resolution training, security measures, and teacher support to reduce violence.

Teaching Social Skills and Positive Behaviors

21. Teaching Positive Behaviors

Encouraging behaviors like kindness, patience, and teamwork through lessons and modeling.

22. Developing Social Competence Among Students

Helping students develop skills to communicate, collaborate, and manage emotions effectively.

23. Social Competence

The ability to interact positively and successfully with others in different social settings.
