Quiz 2+3 for final term

B.ed 2nd sem

5:28 PM

Question # 10 of 10 (Start time: 03:08:02 PM, 28 July 2021)

"How much time is needed to locate the respondents?" is a part of _____ aspect which needs to be evaluated during pilot testing

Select the correct option

- Reactions of Respondents
- Discovering errors in the instrument
- Staffing and activities of research team can be checked
- Sampling procedure can be checked

5:28 PM

Question # 9 of 10 (Start time: 03:06:59 PM, 28 July 2021)

Which of the following best defines the population element/unit of study?

Select the correct option

- The count of all elements in a population
- Some selected elements from a population through which we can draw conc
- The total collection of elements about which we wish to make some inference
- The subject on which the measurement is being taken

STA630:Quiz 02

Question # 6 of 10 (Start time: 03:04:46 PM, 28 July 2

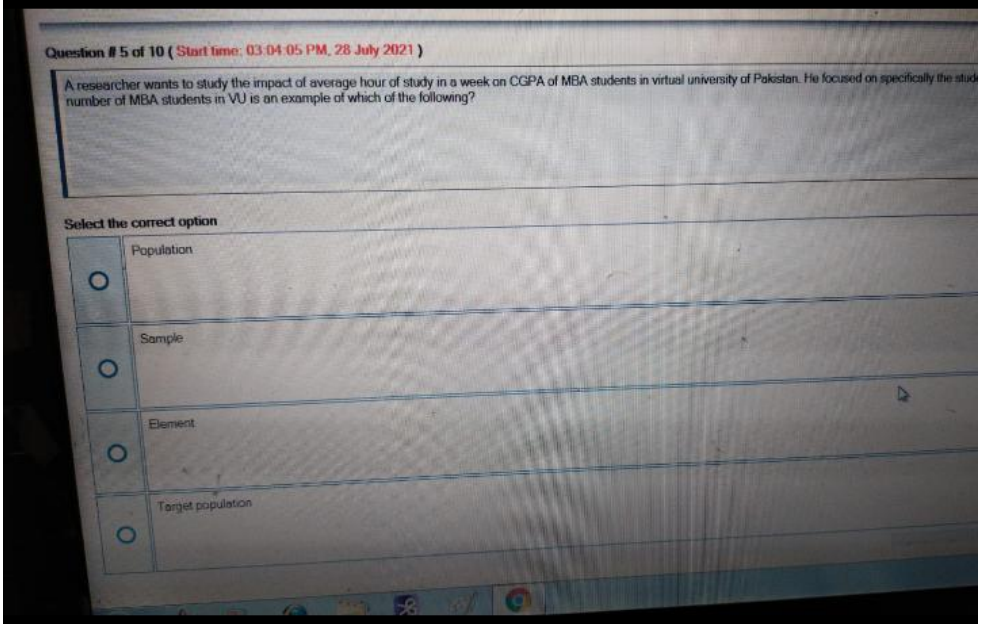

Sample is subset of

Select the correct option

- Population
- Group
- Distribution
- Data

5:28 PM

0 B/s 98

Question # 5 of 10 (Start time: 03:04:05 PM, 28 July 2021)

A researcher wants to study the impact of average hour of study in a week on CGPA of MBA students in virtual university of Pakistan. He focused on specifically the stud number of MBA students in VU is an example of which of the following?

Select the correct option

- Population
- Sample
- Element
- Target population

Question # 4 of 10 (Start time: 03:03:08 PM, 28 July 2021)

Which of the following is an advantage of open questions?

Select the correct option

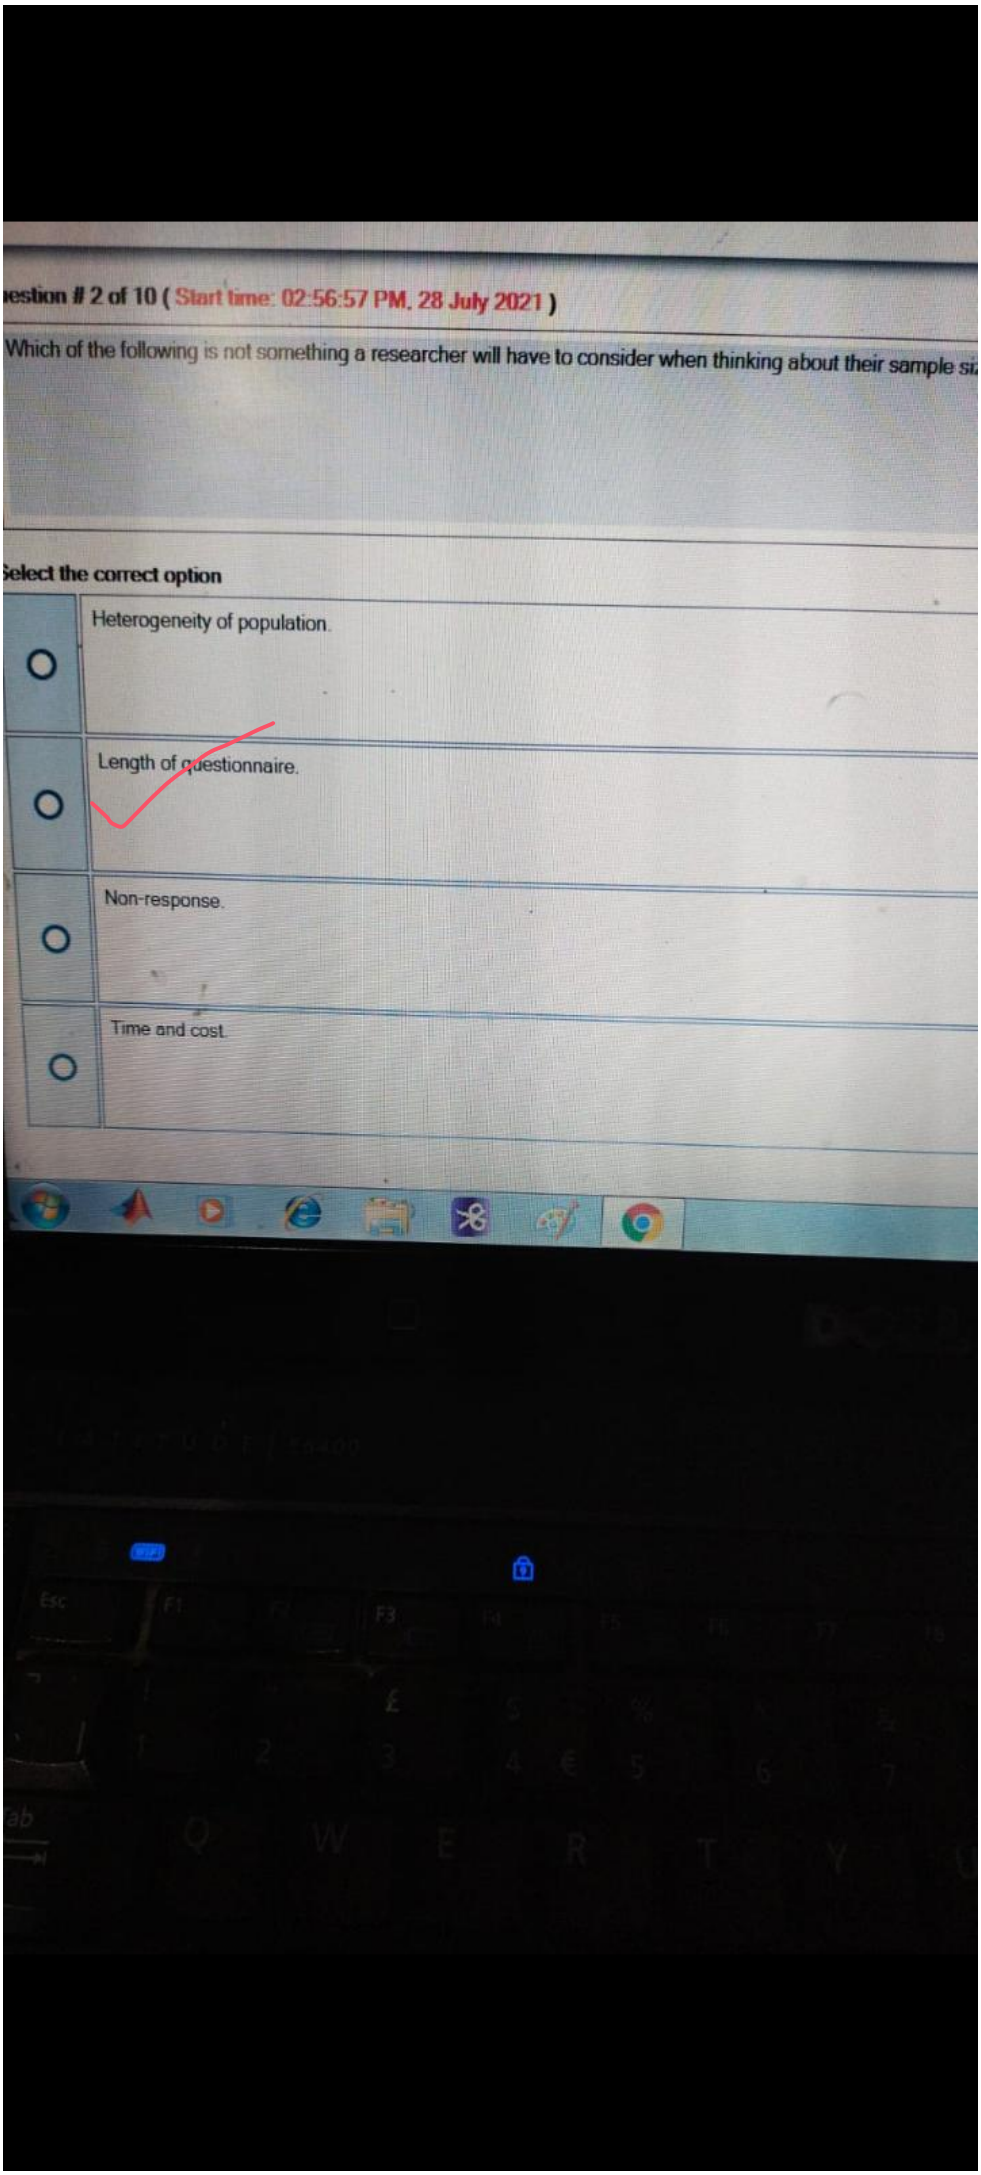

- They allow respondents to code their answers in advance.
- They allow respondents to answer in their own terms.
- They allow respondents to put less effort into their answer.
- They prevent respondents from giving unusual answers.

Question # 3 of 10 (Start time: 03:02:01 PM, 28 July 2021)

Which one of the following in NOT a major method of data collection:

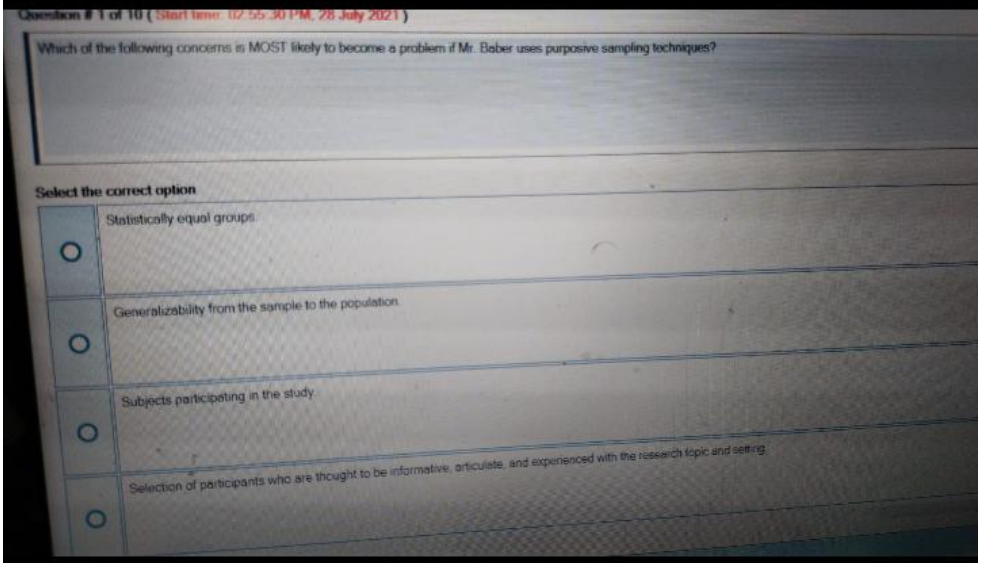

Select the correct option

- All of the given are the methods of data collection
- Interviews
- Questionnaires
- Focus groups

estion # 2 of 10 (Start time: 02:56:57 PM, 28 July 2021)
Which of the following is not something a researcher will have to consider when thinking about their sample si
Select the correct option
Heterogeneity of population.
Length of questionnaire.
Non-response.
Time and cost.

5:27 PM

1 K/s 98

Question # 1 of 10 (Start time: 02:55:30 PM, 28 July 2021)

Which of the following concerns is MOST likely to become a problem if Mr. Baber uses purposive sampling techniques?

Select the correct option

- Statistically equal groups
- Generalizability from the sample to the population
- Subjects participating in the study
- Selection of participants who are thought to be informative, articulate, and experienced with the research topic and setting
