1. The language of science is a multimedia _____ or, more precisely, a multimodal semiotic system.

- A. language
- B. rhetoric
- C. coherence
- D. semiotics

Correct: D. semiotics

Explanation: Jay L. Lemke describes science language as a "multimodal semiotic system".

2. Conversational experience and social context of language development is mediated by cognitive structures is known as _____ approach.

- A. sociocognitive
- B. noncognitive
- C. structuralist
- D. cognitive

Correct: A. sociocognitive

Explanation: Sociocognitive approach connects discourse and social structures via cognitive means.

3. Cultural anthropologists study the diversity of human cultures and _____ around the world.

- A. minds
- B. languages

- C. attitudes
- D. societies

Correct: B. languages

Explanation: Cultural anthropologists analyze how culture and language vary across human populations.

4. Interactional sociolinguistics deals with the existence of subtle _____ in the systematic combination of verbal and non-verbal signs.

- A. cultural differences
- B. behavioral differences
- C. racial differences
- D. all the given options

Correct: A. cultural differences

Explanation: It focuses on subtle cultural variations in verbal/non-verbal communication.

5. The _____ research involves work in political science and to some degree in cultural studies.

- A. sociolinguistic
- B. quantitative
- C. non-linguistic
- D. qualitative

Correct: D. qualitative

Explanation: Qualitative research, especially in discourse analysis, includes political and cultural studies.

6. Who argues that CDA should not be seen as a method but as a form of critically driven theory and practice?

- A. Wilson Smith
- B. Wodak and Meyer
- C. Lakoff and Johnson
- D. Van Dijk

Correct: D. Van Dijk

Explanation: Van Dijk emphasized CDA as a form of critical theory, not just methodology.

7. The term that involves variation and style in the media or a close analysis of language is _____.

- A. discourse analysis
- B. sociolinguistic
- C. non-linguistic
- D. analytic approach

Correct: A. discourse analysis

Explanation: Discourse analysis involves detailed study of media language and style.

8. Which of these is not a type of linguistics?

- A. Historical
- B. Comparative
- C. Personal
- D. Synchronic

Correct: C. Personal

Explanation: Personal linguistics is not recognized; others are established branches of linguistics.

9. The study of how linguistics varies from one place to the next and one speaker to the next is called _____.

- A. linguistic typology
- B. comparative linguistics
- C. sociolinguistics
- D. ethno-linguistics

Correct: C. sociolinguistics

Explanation: Sociolinguistics studies variation across regions and social groups.

10. A set of techniques for making connections between texts and their meanings is known as _____.

- A. analytical analysis
- B. conversation analysis
- C. none of the given options
- D. discourse analysis

Correct: D. discourse analysis

Explanation: Discourse analysis links texts with meaning and context.

11. Races are defined as populations differing in the incidence of certain genes stated by _____.

- A. Homi K. Bhabha
- B. Theodosius Dobzhansky
- C. Aquiles Priester
- D. Benny Totor

Correct: B. Theodosius Dobzhansky

Explanation: Dobzhansky's genetic view defines race based on gene frequency variations.

12. Discourse _____ approach is the primary locus of scholars in the study of media discourse.

- A. analytic
- B. non-linguistic
- C. synthetical
- D. sociallinguistic

Correct: A. analytic

Explanation: The handouts refer to the **discourse analytic** approach as central in media studies.

13. In the past, the "critical" approach to language and political discourse in particular has been one of the fastest-growing areas of research.

- A. applied psychology
- B. psycholinguistics
- C. applied linguistics

D. none of the given options

Correct: C. applied linguistics

Explanation: Critical approaches in political discourse stem from **applied linguistics** in discourse analysis.

14. Which is considered as a biological and genetically determined concept?

A. Race

B. Colorism

C. Stereotypes

D. Prejudices

Correct: A. Race

Explanation: The concept of **race** is biologically defined in terms of genetic traits.

15. A central recognition of discursive psychology is that actions are _____.

A. performed

B. situated

C. unfixed

D. relocated

Correct: B. situated

Explanation: Discursive psychology views actions as **situated** within discourse and context.

16. An antipathy based upon a faulty and inflexible generalization is called _____.

A. colorism

B. prejudices

C. race

D. stereotypes

Correct: B. prejudices

Explanation: Prejudices are negative attitudes based on incorrect generalizations.

17. Historically transmitted pattern of meanings embodied in symbols is called _____.

- A. stereotypes
- B. religion
- C. race
- D. culture

Correct: D. culture

Explanation: Culture is defined as a system of shared meanings transmitted over time.

18. Critical Discourse Studies (CDS) focused on forms of discursive power abuse, was initiated in the _____.

- A. 1980s
- B. 1970s
- C. 1950s
- D. 1960s

Correct: B. 1970s

Explanation: The rise of Critical Discourse Studies began in the 1970s with sociopolitical interest.

19. Who among the following outlines a “theory of discourse schemata”?

- A. S. E. Hinton
- B. van Dijk
- C. David Mitchell
- D. Norman Fairclough

Correct: B. van Dijk

Explanation: Van Dijk’s cognitive approach includes a **theory of discourse schemata**.

20. A conversation is an activity in which one person listens while the other person speaks is called _____.

- A. maxim of quantity
- B. turn-taking
- C. maxim of manner

D. maxim of quality

Correct: B. turn-taking

Explanation: Turn-taking is a key concept in conversational discourse.

21. Who said that language of science is a multimedia “language” or, more precisely, a multimodal semiotic system?

A. Jay L. Lemke

B. Richard Nixon

C. Ronald Reagan

D. David Lodge

Correct: A. Jay L. Lemke

Explanation: Lemke described science discourse as a **multimodal semiotic system**.

22. Discourse studied as a cross discipline, emerged in all the humanities and social sciences _____ years ago.

A. 80

B. 50

C. 70

D. 60

Correct: B. 50

Explanation: Discourse studies emerged approximately **50 years ago**, as noted in the handouts.

23. Continued use of the term ‘race’ intensifies the problems of _____.

A. none of the given options

B. racism

C. prejudices

D. stereotypes

Correct: B. racism

Explanation: The concept of **race** can reinforce and legitimize **racism**, as explained in CDS.

24. The media texts may throw up discourses and are called _____.

- A. none of the given options
- B. violations
- C. media literacy
- D. binary oppositions

Correct: D. binary oppositions

Explanation: Media discourse often creates meaning through **binary oppositions**.

25. DRS stands for _____.

- A. discourse representation structure
- B. discourse representation series
- C. discourse reasoning structure
- D. discourse reasoning series

Correct: A. discourse representation structure

Explanation: DRS is a core concept in **Discourse Representation Theory (DRT)**.

26. Stress on a word, phrase or sentence is called _____ level stress.

- A. segment
- B. secondary
- C. primary
- D. sentence

Correct: D. sentence

Explanation: Sentence-level stress influences meaning and rhythm in spoken discourse.

27. Who divided modalities into those that contain an element of will and those that contain no element of will?

- A. Frank Palmer
- B. Michael Halliday
- C. Otto Jespersen
- D. None of the given options

Correct: C. Otto Jespersen

Explanation: Jespersen's classification of modality is referenced in discourse modal analysis.

28. We create 'rhythm' in spoken language on the basis of _____.

- A. rhyming
- B. sound
- C. stress
- D. pitch

Correct: C. stress

Explanation: Stress patterns are fundamental in producing rhythm in speech.

29. The most exciting developments in the analysis of discourse have been in _____ studies.

- A. stress
- B. grammar
- C. dialect
- D. intonation

Correct: D. intonation

Explanation: Recent discourse studies focus on **intonation** and prosody in speech.

30. DRT stands for _____.

- A. discourse related theory
- B. discourse respective theory
- C. discourse representation theory
- D. discourse reasoning theory

Correct: C. discourse representation theory

Explanation: DRT is a formal theory dealing with meaning representation in discourse.

31. Rose is a _____ of flower.

- A. hyponym
- B. hypoderma

- C. hypotonia
- D. hyponasty

Correct: A. hyponym

Explanation: A **hyponym** is a more specific term within a broader category (rose—flower).

32. Georg von Wright was a _____.

- A. philosopher
- B. poet
- C. scientist
- D. novelist

Correct: A. philosopher

Explanation: Georg von Wright is recognized for his work in **philosophy**, especially modal logic.

33. How many classes do pronouns include?

- A. two
- B. four
- C. three
- D. five

Correct: C. three

Explanation: Pronouns are generally classified into three main classes in traditional grammar.

34. An intonation unit is a _____ of speech.

- A. property
- B. segment
- C. feature
- D. type

Correct: B. segment

Explanation: An **intonation unit** is a segment of speech with a single pitch contour.

35. Generally, intonation units include _____ pitch word(s).

- A. four
- B. one
- C. three
- D. two

Correct: B. one

Explanation: Each intonation unit typically includes **one prominent pitch** word.

36. A faster speaker will generally use _____ intonation units.

- A. more
- B. casual
- C. fewer
- D. longer

Correct: A. more

Explanation: Faster speakers often produce **more** but shorter intonation units.

37. Discourse Representation Theory was proposed by _____.

- A. Willem Levelt
- B. Hans Kemp
- C. Laurence Horn
- D. Van Dijk

Correct: D. Van Dijk

Explanation: DRT was developed further by **Van Dijk** in the context of discourse analysis.

38. Who suggested that descriptions of states of affairs will be determined by mentioning the more salient entity first?

- A. Laurence Horn
- B. Willem Levelt
- C. George Yule
- D. Van Dijk

Correct: B. Willem Levelt

Explanation: Levelt emphasized **salience ordering** in discourse processing.

39. The impression of rhythm may arise out of a feeling of alternation between strong and weak is called _____.

- A. rhythms
- B. beats
- C. words
- D. sounds

Correct: B. beats

Explanation: The alternation creates **beats** that define perceived rhythm in speech.

40. The units of sound in a language that differentiate one word from another are called _____.

- A. alphabets
- B. letters
- C. phonemes
- D. component

Correct: C. phonemes

Explanation: **Phonemes** are the smallest sound units that distinguish meaning.

41. Which clauses are classified into interrogative and declarative?

- A. negative
- B. assertive
- C. declarative
- D. indicative

Correct: D. indicative

Explanation: Indicative clauses include **declarative and interrogative** forms.

42. The general words, which correspond to major classes of lexical items, are very commonly used with _____ force.

- A. cohesive
- B. passive
- C. active
- D. adhesive

Correct: A. cohesive

Explanation: General words help maintain **cohesion** across discourse segments.

43. Which conjunction includes replative, subtractive and alternative types?

- A. Variation
- B. Additive
- C. Adversative
- D. Extension

Correct: A. Variation

Explanation: Variation includes **replative, subtractive, and alternative** conjunctions.

44. Who among the following suggested that “the more marked the construction, the more likely that an implicated meaning will be intended utterance to convey?”

- A. Willem Levelt
- B. Nick Clements
- C. Alice Davidson
- D. Laurence Horn

Correct: D. Laurence Horn

Explanation: Horn’s theory links **marked constructions** with **implicated meanings**.
