Q1: define philosophy of education?

- **Philosophy** is a combination of two Greek words 'Philo' meaning love and 'Sophia' meaning wisdom. So, love for wisdom is the meaning of philosophy.
- **Educational Philosophy:**

The philosophical study of education and its problems … its central subject matter is education, and its methods are those of philosophy

---

Q2. What is Bloom's philosophy of education?

Topic: 169 – Bloom: Philosophy

- Blooms educational philosophy stems from his need to define the nature of education, democratic education & its implications, and the importance of liberal education.

Nature of Education:

- For Bloom, education is not real or meaningful, if it does not respond to a felt need.
- Education must be in response to a need of humanity.

Timeless Questions:

- What each generation is can be best discovered in its relation to the permanent concerns of mankind.

Liberal Education:

- Blooms educational philosophy promotes liberal education.

Human Completeness

- For Bloom, the goal of education must be human completeness.

Higher Education

- The focus of Bloom's educational philosophy was higher education, as he believed the university education had vastly deteriorated owing to certain social and political issues of the time.

https://vuhelp.pk/

Topic: 170 – Bloom: Education of Openness

Relativity of Truth:

- Bloom believed that every student entering university believes that truth is relative despite their varied ethnic, cultural, social and political backgrounds.

Virtue:

- Relativism is necessary to openness
- This openness is virtue

Virtue: A Purpose of Education:

- The purpose of education is not to create scholars, but to provide the students with a moral virtue, i.e. openness to truth.

Democratic Education:

- Bloom believed that the prevalent democratic education needed to produce men and women who have the tastes, knowledge and character supportive of a democratic regime.
- This education has evolved in the last half-century from the education of democratic man to the education of the democratic personality.

Education of Openness:--------

- Bloom's education of openness rejected the beliefs of Democratic Education, paying no heed to the natural rights, maintaining that they are flawed and regressive.
- Education of openness takes into account the relativity of truth.
- It is open to all kinds of men, all kinds of life-styles, all ideologies.

Q3. Criticism on Bloom's philosophy?

Bloom: Criticism

Bloom was often called vengeful, reactionary and antidemocratic, talking against the American students and the American universities.

Closing of the American Mind:

- Bloom's choice of title was vastly criticized.
- Critics were outraged that Bloom labelled young Americans to be close minded.

Philosopher

- Bloom's status as a philosopher was often criticized by critics who maintained that his writings were only focused on a study of classics and there was no philosophy in it.

Great Books

https://vuhelp.pk/

- The Great Books course of Bloom was often criticized due to its restricted and narrow conception of classics.
- Chomsky criticized Blooms emphasis on a Great Books curriculum, maintaining that its effect would be:

'Students will end up knowing and understanding virtually nothing'

Social Issues:

- Critics point out that Bloom discussed all major social and political issues in the lives of students of his time but was silent on gay rights despite the rapid spread of the concept at that time.

---

4. Characteristics of curriculum According to John Dewey?

John Dewey: Curriculum

- Dewey believed that curriculum should be ultimately producing students who would be able to deal effectively with the modern world.

Child based:

- Curriculum should include the child's own preconceptions and should incorporate how the child views his own world.
- Curriculum should build an orderly sense of the world where the child lives.

Activities of Life in Classroom:

- Dewey combined subject areas and materials, and by doing this, he made connections between subjects and the child's life.

Characterization of Children's Behaviour:

Dewey uses four instinct or impulses to characterize children's behaviour:

- Social
- Constructive
- Expressive
- Artistic

5. What are the Maria Montessori influences on education?

Maria Montessori: Influences

1. The first influence was **Jean Marc Gaspard Itard** and his **Scientific & methodical approach** was the one that attracted Maria Montessori's attention.

https://vuhelp.pk/

- **Jean Marc Gaspard** treated a boy named victor, who was brought up with animals in a jungle without the social and cultural influences of human beings around him.
- Study of his animal behaviour.

Maria Montessori on the other hand, having inspiration from him:

- She did not start with the theory.
- She followed the natural tendencies that she observed in children.

Q6. do you agree home schooling is important and why?

Home-schooling has both pros and cons. it is somehow good to home-school your child due to the following reasoons

- Homeschooling is a flexible pedagogical philosophy.
- Parents can choose what approach to take while educating their children.
- Since schools rely so heavily on text-based instruction, we tend to forget that there are plenty of other ways to acquire knowledge.
- A homeschooled child who has not yet learned to read can watch TV and videos, have informed conversations with family members, ask questions, and acutely observe everything surrounding them.For younger children – those about nine or ten years old – the emphasis is usually on gaining the skills fundamental to further learning: reading and writing, computation, finding information, whether it be in books, on the internet, or from individuals on a personal basis

---

Q7: What is home Schooling?

Homeschooling is the oldest and most ancient educational philosophy. In times before formal schooling started, some children were sent away to study with great philosophers and thinkers, however, most children learned life skills from their parents, while staying at home.

Q 8. what is pragmatism?

Pragmatism is a contemporary educational theory.
It began around 1870's in the United States.
Charles S. Peirce was the founder of Pragmatism.
John Dewey Methodically implemented Pragmatism into the daily affairs of American institutions

Q9. Curriculum according to idealists?

Curriculum of **Idealism**: Since the aims of education **according** to the philosophy of **idealism** are to make the child an ideal or spiritual man, the **curriculum** should be framed to enable child to develop fully. ... Aurobindo and Radhakrishnan favored moral, religious, spiritual and physical education

Q 10. criticism on classical education?

Classical Education: Criticism

Joy of Learning

Many critics believe classical education to be too formal.
They believe it makes learning a chore rather than a joyous activity.

Knowledge Transmission

- Classical education is often seen as transference of the accumulated knowledge of the society to its youth.
- Critics believe that education should be more than just the transmission of knowledge.
- They question whether classical education imparts wisdom.

Individuality

- Classical education is criticized because it fails to satisfy the individual needs, interests and capabilities of students.

Education for Virtue

- Most classical educationalists or philosophers focused on education as a way to make the student virtuous.

Critics point out that education should be for the mental development of a person and that the soul or its virtue should have nothing to do with education

Q11. What is Liberal education?

Liberal Education:

1. Trains individuals in liberal arts that are arts of learning.
2. It is preparatory.
3. Liberally trained students acquire the skill to go on learning after they have graduated, but unless they continue their education, they would never become generally educated humans

12. Closing of the American mind?

The Closing of the American Mind:

- 1987

https://vuhelp.pk/

- Criticism of contemporary American higher education
- Spiritual disintegration of students
- Blamed the post-modern and multicultural trends in education
- Nietzschean relativism
- Sexual revolution
- Nietzschean relativism

13. teacher's role Essentialism?

Teacher's Role:

- The teacher is the focus of the classroom activity.
- The teacher decides what students ought to learn and is responsible for presenting the subject matter in a logical sequence and has the right to discipline students to create a conducive learning environment.
