

EDU602

EDU301 MIDTERM PREPERATION MCQS MOST REPEATED

NATASHA STUDY ZONE

Lesson 1: Relationship of Effective Schools

MCQs

1. Effective schools primarily focus on **student learning outcomes**.
2. A key feature of effective schools is **strong instructional leadership**.
3. Effective schools encourage **collaborative decision making**.
4. A positive school climate ensures **student motivation**.
5. Effective teaching practices are supported by **continuous assessment**.
6. Parental involvement in schools improves **student achievement**.
7. A shared vision in schools promotes **unity of purpose**.
8. Time-on-task in effective schools means **maximum use of learning time**.
9. Teachers in effective schools hold **high expectations from students**.
10. Effective schools link curriculum with **students' real-life experiences**.

Short Questions

1. **Q: Define an effective school.**
   A: An effective school is one where all students, regardless of background, achieve high levels of learning consistently.
2. **Q: What role does parental involvement play?**
   A: Parents strengthen learning support, motivate children, and contribute to overall school success.
3. **Q: Why is school climate important?**
   A: A positive climate creates safety, respect, and motivation for students and teachers.
4. **Q: What is instructional leadership?**
   A: It refers to school leaders guiding curriculum, teaching, and assessment for improved student achievement.
5. **Q: How does assessment support effective schools?**
   A: Regular assessment helps track student progress and improve teaching strategies.

Long Questions

1. **Q: Discuss characteristics of effective schools.**
   A: Effective schools have strong leadership, clear goals, a safe climate, high expectations, and continuous monitoring. These elements create an environment where all students can succeed.
2. **Q: How do teachers contribute to school effectiveness?**
   A: Teachers plan lessons carefully, set high standards, engage students, and use assessments to improve performance. Their role directly shapes the quality of education.
3. **Q: Explain the importance of school vision in effectiveness.**
   A: A clear school vision unites staff, parents, and students towards shared goals. It provides direction, encourages teamwork, and improves overall achievement.

NATASHA STUDY ZONE

4. **Q: Describe the relationship between parental involvement and student achievement.**
   A: When parents actively participate, children show better attendance, higher motivation, and stronger academic performance. Parental support bridges home and school learning.
5. **Q: How do effective schools maximize learning time?**
   A: They reduce distractions, manage schedules well, and ensure that students spend more time engaged in academic activities. This increases productivity and learning outcomes.

Lesson 2: Concept of Leadership

MCQs

1. Leadership in education means **influencing others to achieve goals**.
2. A democratic leader focuses on **participation and collaboration**.
3. Autocratic leadership is characterized by **centralized decision-making**.
4. Transformational leadership inspires **change and motivation**.
5. Transactional leadership is based on **rewards and punishments**.
6. Leadership differs from management because it **motivates and guides people**.
7. Situational leadership depends on **the context and readiness of followers**.
8. Educational leaders create **vision and shared goals**.
9. A servant leader focuses on **serving others first**.
10. Effective leaders maintain **trust and communication**.

Short Questions

1. **Q: Define educational leadership.**
   A: It is the process of guiding teachers, students, and schools to achieve educational goals.
2. **Q: What is transformational leadership?**
   A: A style where leaders inspire change, motivate staff, and encourage innovation.
3. **Q: Differentiate between leadership and management.**
   A: Leadership inspires and influences people, while management focuses on planning and organizing tasks.
4. **Q: What is servant leadership?**
   A: A leader who prioritizes the needs of others and serves before leading.
5. **Q: Why is communication important for leaders?**
   A: Communication builds trust, reduces conflicts, and aligns people with the vision.

Long Questions

1. **Q: Explain major leadership styles with examples.**
   A: Autocratic, democratic, transformational, transactional, and servant leadership all

NATASHA STUDY ZONE

influence decision-making differently. Each style is effective depending on context and goals.

2. **Q: Discuss the role of transformational leaders in schools.**
   A: They motivate teachers, promote creativity, and create an inspiring vision. Their focus on change makes schools more effective.
3. **Q: How does situational leadership benefit schools?**
   A: It adapts leadership style according to staff readiness and needs. This flexibility ensures better decisions and motivation.
4. **Q: Why is leadership important in educational institutions?**
   A: Strong leadership ensures school improvement, motivates staff, and helps achieve learning outcomes efficiently.
5. **Q: Compare transactional and transformational leadership.**
   A: Transactional relies on rewards and discipline, while transformational inspires long-term commitment and creativity.

Lesson 3: Concept of Management

MCQs

1. Management is defined as **planning, organizing, leading, and controlling resources**.
2. The first function of management is **planning**.
3. Organizing in management means **arranging resources and tasks**.
4. Leading refers to **guiding and motivating employees**.
5. Controlling ensures **achieving goals through monitoring**.
6. Efficiency means **using minimum resources to achieve results**.
7. Effectiveness means **achieving goals successfully**.
8. Educational management focuses on **school resources and processes**.
9. Decision-making is a **central function of management**.
10. Good management improves **productivity and outcomes**.

Short Questions

1. **Q: What is management?**
   A: Management is the process of planning, organizing, leading, and controlling resources to achieve goals.
2. **Q: What is efficiency in management?**
   A: It means using minimum resources while achieving maximum output.
3. **Q: Define effectiveness in management.**
   A: Effectiveness refers to the successful achievement of organizational goals.
4. **Q: Why is planning important in management?**
   A: Planning sets objectives, reduces uncertainty, and guides actions.

NATASHA STUDY ZONE

5. **Q: What is the role of controlling in management?**
   A: It monitors progress, identifies gaps, and ensures goals are achieved.

Long Questions

1. **Q: Explain the four functions of management.**
   A: Planning sets goals, organizing arranges resources, leading motivates staff, and controlling monitors performance. Together they ensure success.
2. **Q: Differentiate between efficiency and effectiveness.**
   A: Efficiency saves resources, while effectiveness ensures goals. Both are vital for productive management in schools.
3. **Q: Discuss the role of planning in school management.**
   A: Planning identifies goals, allocates resources, reduces risks, and ensures smooth functioning of schools.
4. **Q: Why is decision-making important in management?**
   A: It helps choose best alternatives, solve problems, and achieve organizational objectives.
5. **Q: How does management improve educational institutions?**
   A: Effective management organizes staff, uses resources wisely, motivates teachers, and ensures student success.

Lesson 4: Functions of Management

MCQs

1. The first step in management is **planning**.
2. Organizing means **arranging resources and responsibilities**.
3. Leading in management is about **influencing and motivating people**.
4. Controlling ensures **objectives are met through monitoring**.
5. Coordination is a part of **organizing function**.
6. Decision-making is a **basic managerial function**.
7. Delegation of authority occurs in **organizing**.
8. Motivation of employees falls under **leading**.
9. Setting performance standards is part of **controlling**.
10. Management cycle is a **continuous process**.

NATASHA STUDY ZONE

Short Questions

1. **Q: What are the main functions of management?**
   A: Planning, organizing, leading, and controlling. These work together to achieve organizational goals.
2. **Q: What is the role of planning in management?**
   A: Planning sets objectives, reduces risks, and provides a roadmap for action.
3. **Q: What is meant by organizing in management?**
   A: It is arranging people, resources, and tasks to achieve goals effectively.
4. **Q: Why is leading important?**
   A: Leading motivates staff, guides their efforts, and ensures teamwork.
5. **Q: What is controlling in management?**
   A: Controlling monitors progress, compares it with plans, and takes corrective actions.

Long Questions

1. **Q: Explain planning as a function of management.**
   A: Planning sets goals, defines actions, predicts challenges, and provides direction. It reduces uncertainty and prepares organizations for future needs.
2. **Q: Describe organizing as a management function.**
   A: Organizing arranges people and resources into structured tasks. It defines authority, responsibilities, and helps in achieving coordination.
3. **Q: Why is leadership important in management?**
   A: Leadership motivates and guides staff, fosters cooperation, resolves conflicts, and encourages innovation for goal achievement.
4. **Q: Discuss controlling as a vital function.**
   A: Controlling measures performance, compares with standards, identifies gaps, and ensures corrective actions for improvement.
5. **Q: How do management functions work together?**
   A: Planning provides direction, organizing allocates resources, leading motivates people, and controlling ensures achievement—together making management effective.

Lesson 5: Organizational Structure

MCQs

1. Organizational structure shows **how tasks and responsibilities are arranged**.
2. Line organization is based on **direct authority and responsibility**.
3. Functional structure groups employees by **specialized functions**.
4. A matrix structure combines **functional and project-based authority**.
5. Flat structure has **few levels of management**.
6. Hierarchical structure is also called **line structure**.

NATASHA STUDY ZONE

7. Centralization means **decision-making at top level**.
8. Decentralization means **decision-making is shared across levels**.
9. Informal structure is based on **personal relationships**.
10. Schools usually follow a **hierarchical structure**.

Short Questions

1. **Q: What is organizational structure?**
   A: It defines how tasks, authority, and responsibilities are distributed in an organization.
2. **Q: What is line organization?**
   A: A traditional structure where authority flows directly from top to bottom.
3. **Q: What is functional structure?**
   A: Employees are grouped according to functions like teaching, administration, and finance.
4. **Q: What is a matrix structure?**
   A: A hybrid combining functional and project-based responsibilities.
5. **Q: Why is organizational structure important?**
   A: It ensures clarity, accountability, and smooth operations.

Long Questions

1. **Q: Explain line and functional structures with examples.**
   A: Line structure is simple with direct authority. Functional groups employees by expertise. Both provide clarity but differ in flexibility and specialization.
2. **Q: Discuss advantages of matrix structure.**
   A: It allows flexibility, teamwork, resource sharing, and better problem-solving. However, it may cause authority conflicts.
3. **Q: Differentiate between centralization and decentralization.**
   A: Centralization keeps decision-making at top, while decentralization distributes power. Schools often use a mix of both.
4. **Q: How does structure affect school management?**
   A: A clear structure ensures accountability, defines teacher roles, and supports effective decision-making.
5. **Q: Why is organizational structure necessary in education?**
   A: It provides order, ensures smooth communication, and aligns resources with educational goals.

Lesson 6: Human Resource Management (HRM)

MCQs

1. HRM deals with **managing people in organizations**.

NATASHA STUDY ZONE

2. Recruitment means **attracting and hiring candidates**.
3. Training is provided to **improve employee skills**.
4. Motivation increases **employee performance**.
5. Performance appraisal evaluates **employee effectiveness**.
6. Compensation refers to **salary, wages, and benefits**.
7. HRM ensures **job satisfaction and productivity**.
8. Orientation introduces employees to **organization and culture**.
9. Promotion is an example of **employee development**.
10. HRM in schools focuses on **teachers and staff management**.

Short Questions

1. **Q: What is HRM?**
   A: Human Resource Management is the process of recruiting, training, motivating, and retaining employees.
2. **Q: What is recruitment?**
   A: It is the process of attracting and selecting suitable candidates for jobs.
3. **Q: Why is training important in HRM?**
   A: Training enhances skills, knowledge, and efficiency of employees.
4. **Q: What is performance appraisal?**
   A: A systematic evaluation of an employee's work and contribution.
5. **Q: What is compensation?**
   A: It includes wages, salaries, incentives, and other benefits.

Long Questions

1. **Q: Explain functions of HRM.**
   A: HRM recruits staff, provides training, motivates employees, evaluates performance, and ensures job satisfaction for efficiency.
2. **Q: Discuss importance of recruitment and selection.**
   A: Recruitment attracts talent, while selection ensures the best fit for organizational needs. Both determine quality of workforce.
3. **Q: How does training improve organizational performance?**
   A: Training builds skills, increases productivity, reduces errors, and keeps employees updated with new methods.
4. **Q: Why is performance appraisal necessary?**
   A: It identifies strengths and weaknesses, helps in promotions, rewards, and employee development.
5. **Q: How does HRM contribute to educational institutions?**
   A: HRM ensures qualified teachers, continuous training, fair rewards, and supportive working environment for better student learning.

NATASHA STUDY ZONE

Lesson 7: Decision Making

MCQs

1. Decision-making is selecting the **best alternative among options**.
2. Programmed decisions are **routine and structured**.
3. Non-programmed decisions are **unique and unstructured**.
4. Strategic decisions are taken by **top management**.
5. Operational decisions are taken by **lower management**.
6. Decision-making is a **continuous process**.
7. Risk in decision-making means **outcomes are uncertain**.
8. Group decision-making improves **participation and acceptance**.
9. Intuitive decisions rely on **experience and judgment**.
10. Decision-making is essential for **problem-solving**.

Short Questions

1. **Q: What is decision-making?**
   A: It is the process of selecting the best alternative to solve a problem or achieve a goal.
2. **Q: What are programmed decisions?**
   A: Routine and repetitive decisions guided by rules or policies.
3. **Q: What are non-programmed decisions?**
   A: Unique and new decisions requiring creative solutions.
4. **Q: What is risk in decision-making?**
   A: It refers to uncertainty about the outcomes of a decision.
5. **Q: Why is group decision-making useful?**
   A: It increases participation, generates ideas, and gains acceptance.

Long Questions

1. **Q: Explain types of decisions with examples.**
   A: Programmed decisions are routine (e.g., attendance rules). Non-programmed are new (e.g., adopting new technology). Strategic decisions guide future, while operational run daily tasks.
2. **Q: Discuss steps in the decision-making process.**
   A: Identify the problem, gather information, analyze alternatives, select the best, implement, and evaluate results.
3. **Q: Why is decision-making important in management?**
   A: It solves problems, provides direction, ensures planning, and improves efficiency. It is central to all management functions.
4. **Q: How does risk affect decision-making?**
   A: Risk creates uncertainty. Managers must analyze probabilities, plan alternatives, and take calculated decisions.

NATASHA STUDY ZONE

5. **Q: Compare individual and group decision-making.**
   A: Individuals decide quickly but may be biased. Groups bring diverse ideas, reduce errors, but take more time.

Lesson 8: Communication

MCQs

1. Communication is a process of **sharing information and understanding**.
2. The sender encodes and the receiver **decodes** messages.
3. Feedback ensures **effective communication**.
4. Downward communication flows from **top to bottom**.
5. Upward communication flows from **bottom to top**.
6. Horizontal communication is among **peers**.
7. Grapevine is an **informal communication network**.
8. Barriers of communication cause **misunderstandings**.
9. Non-verbal communication includes **gestures and body language**.
10. Effective communication requires **clarity and feedback**.

Short Questions

1. **Q: Define communication.**
   A: Communication is the process of sending, receiving, and understanding messages.
2. **Q: What is downward communication?**
   A: Messages from managers to employees, like instructions.
3. **Q: What is upward communication?**
   A: Information from employees to managers, like reports.
4. **Q: What is grapevine communication?**
   A: An informal, unofficial way of spreading information in organizations.
5. **Q: What is feedback in communication?**
   A: Response from the receiver that confirms understanding.

Long Questions

1. **Q: Explain types of communication in organizations.**
   A: Downward, upward, horizontal, and diagonal communication. Each ensures flow of information at different levels.
2. **Q: Why is communication important in schools?**
   A: It builds teacher-student relationships, ensures cooperation, reduces conflicts, and improves performance.

NATASHA STUDY ZONE

3. **Q: Discuss barriers to effective communication.**
   A: Noise, language differences, poor feedback, cultural issues, and lack of clarity hinder communication.
4. **Q: How does non-verbal communication support verbal communication?**
   A: Gestures, expressions, and body language reinforce meaning and help in understanding.
5. **Q: Why is feedback important in communication?**
   A: Feedback confirms understanding, improves clarity, reduces errors, and strengthens relationships.

Lesson 9: Motivation

MCQs

1. Motivation means **stimulating people to achieve goals**.
2. Maslow's first need is **physiological needs**.
3. Self-actualization is the **highest level in Maslow's hierarchy**.
4. Herzberg's motivators include **achievement and recognition**.
5. Hygiene factors prevent **dissatisfaction**.
6. McGregor's Theory X assumes **people dislike work**.
7. McGregor's Theory Y assumes **people like responsibility**.
8. Intrinsic motivation comes from **inner satisfaction**.
9. Extrinsic motivation comes from **rewards and punishments**.
10. Motivation improves **performance and productivity**.

Short Questions

1. **Q: Define motivation.**
   A: Motivation is the internal and external forces that inspire people to act toward goals.
2. **Q: What are intrinsic motivators?**
   A: Inner satisfaction such as enjoyment, interest, and personal growth.
3. **Q: What are extrinsic motivators?**
   A: Rewards like money, promotion, and praise.
4. **Q: What are hygiene factors in Herzberg's theory?**
   A: Salary, working conditions, and company policies.
5. **Q: What is self-actualization in Maslow's hierarchy?**
   A: Achieving one's full potential and creativity.

NATASHA STUDY ZONE

Long Questions

1. **Q: Explain Maslow's hierarchy of needs.**
   A: Physiological, safety, social, esteem, and self-actualization needs. Motivation grows as each level is satisfied.
2. **Q: Discuss Herzberg's two-factor theory.**
   A: Motivators (achievement, recognition) increase satisfaction, while hygiene factors (salary, policies) prevent dissatisfaction.
3. **Q: Compare Theory X and Theory Y.**
   A: Theory X sees workers as lazy, needing control. Theory Y views workers as responsible, creative, and self-motivated.
4. **Q: How does motivation improve performance?**
   A: Motivation increases effort, commitment, innovation, and efficiency in achieving goals.
5. **Q: Why is motivation important in schools?**
   A: Motivated teachers perform better, and motivated students learn actively and achieve success.

Lesson 10: Supervision

MCQs

1. Supervision means **guiding and supporting teachers**.
2. Democratic supervision encourages **participation and collaboration**.
3. Autocratic supervision uses **strict control and authority**.
4. Supervisors help teachers improve **teaching skills**.
5. Clinical supervision involves **observation and feedback**.
6. Supervisors aim to improve **instructional quality**.
7. Modern supervision is **supportive, not fault-finding**.
8. Supervision enhances **student learning outcomes**.
9. The focus of supervision is **professional growth of teachers**.
10. Supervisors provide **feedback and guidance**.

Short Questions

1. **Q: What is supervision in education?**
   A: It is the process of supporting and guiding teachers to improve teaching and learning.
2. **Q: What is clinical supervision?**
   A: A cycle of observation, analysis, and feedback to help teachers improve.
3. **Q: What is democratic supervision?**
   A: A collaborative style where teachers participate in decisions.

NATASHA STUDY ZONE

4. **Q: What is the aim of supervision?**
   A: To improve instruction, teacher growth, and student learning.
5. **Q: How is modern supervision different from old supervision?**
   A: It is supportive and developmental, not fault-finding.

Long Questions

1. **Q: Discuss different types of supervision.**
   A: Autocratic, democratic, and laissez-faire styles. Each varies in authority, control, and participation.
2. **Q: Explain clinical supervision in detail.**
   A: Involves pre-observation meeting, classroom observation, analysis, and feedback to improve teaching.
3. **Q: Why is supervision important in schools?**
   A: It ensures teacher improvement, better methods, professional growth, and student achievement.
4. **Q: How does supervision support teacher development?**
   A: By providing feedback, mentoring, and training opportunities.
5. **Q: Compare autocratic and democratic supervision.**
   A: Autocratic relies on control, while democratic promotes participation and teacher empowerment.

Lesson 11: Discipline

MCQs

1. Discipline means **maintaining order and acceptable behavior**.
2. Preventive discipline focuses on **avoiding problems**.
3. Corrective discipline deals with **solving problems after they occur**.
4. Self-discipline is the **highest form of discipline**.
5. Discipline creates **a safe learning environment**.
6. Consistency in rules ensures **fairness**.
7. Teachers should be **role models for discipline**.
8. Discipline improves **focus and learning**.
9. Positive discipline uses **encouragement and guidance**.
10. Harsh punishment often leads to **resentment and fear**.

Short Questions

1. **Q: What is discipline in schools?**
   A: Discipline is maintaining order, rules, and behavior to create a good learning environment.

NATASHA STUDY ZONE

2. **Q: What is preventive discipline?**
   A: Measures taken to avoid misbehavior before it happens.
3. **Q: What is corrective discipline?**
   A: Steps taken to correct misbehavior after it occurs.
4. **Q: Why is self-discipline important?**
   A: It ensures responsibility, control, and lifelong good habits.
5. **Q: How should teachers enforce discipline?**
   A: By being fair, consistent, and positive role models.

Long Questions

1. **Q: Discuss types of discipline in schools.**
   A: Preventive (avoid problems), corrective (fix problems), and self-discipline (students control themselves).
2. **Q: Why is discipline necessary in classrooms?**
   A: It creates order, ensures safety, improves learning, and builds respect.
3. **Q: Explain role of teachers in maintaining discipline.**
   A: Teachers must set rules, be consistent, guide behavior, and act as role models.
4. **Q: How does positive discipline differ from punishment?**
   A: Positive discipline uses guidance and encouragement, while punishment often creates fear and resentment.
5. **Q: Why is self-discipline considered the highest form?**
   A: Because it develops responsibility, control, and independence without external enforcement.

Lesson 12: Time Management

MCQs

1. Time management means **using time effectively to achieve goals**.
2. Planning helps in **setting priorities**.
3. Delegation saves time by **sharing responsibilities**.
4. Procrastination is the **delay of important tasks**.
5. A to-do list is a tool for **time management**.
6. Time wasters reduce **productivity**.
7. Setting deadlines improves **focus and efficiency**.
8. Effective time management reduces **stress**.
9. Time management ensures **better work-life balance**.
10. Prioritization helps in **focusing on important tasks first**.

NATASHA STUDY ZONE

Short Questions

1. **Q: What is time management?**
   A: It is the process of organizing and planning time to complete tasks effectively.
2. **Q: What is procrastination?**
   A: The act of delaying tasks, leading to stress and inefficiency.
3. **Q: Why is delegation important in time management?**
   A: It saves time by sharing responsibilities with others.
4. **Q: How does planning improve time use?**
   A: Planning sets priorities, reduces confusion, and ensures tasks are completed on time.
5. **Q: Why is time management important for teachers?**
   A: It helps balance teaching, planning, grading, and personal responsibilities.

Long Questions

1. **Q: Explain importance of time management.**
   A: It increases productivity, reduces stress, ensures balance, and helps in achieving goals effectively.
2. **Q: Discuss common time wasters.**
   A: Procrastination, unnecessary meetings, lack of planning, and distractions reduce efficiency.
3. **Q: How can teachers improve time management?**
   A: By planning lessons, using schedules, delegating tasks, and avoiding procrastination.
4. **Q: Why is prioritization important in time management?**
   A: It ensures important tasks are completed first, improving efficiency and effectiveness.
5. **Q: How does time management improve school effectiveness?**
   A: It ensures timely curriculum coverage, reduces stress, and balances teacher-student needs.

NATASHA STUDY ZONE

Lesson 13: Conflict Management

MCQs

1. Conflict is a **disagreement between individuals or groups**.
2. Functional conflict can **improve decisions and creativity**.
3. Dysfunctional conflict leads to **reduced performance**.
4. Avoiding style means **ignoring the conflict**.
5. Competing style means **asserting one's viewpoint strongly**.
6. Collaborating style seeks **win-win solutions**.
7. Compromising style involves **give and take**.

8. Accommodating style means **putting others' needs first**.
9. Conflict management is about **handling conflicts effectively**.
10. Open communication reduces **conflicts**.

Short Questions

1. **Q: What is conflict?**
   A: Conflict is a clash of interests, values, or goals among individuals or groups.
2. **Q: What is functional conflict?**
   A: A healthy conflict that encourages innovation and better decisions.
3. **Q: What is dysfunctional conflict?**
   A: Negative conflict that harms relationships and reduces productivity.
4. **Q: What is collaboration in conflict management?**
   A: A strategy that seeks win-win solutions for all parties.
5. **Q: How can communication reduce conflict?**
   A: Clear communication prevents misunderstandings and builds trust.

Long Questions

1. **Q: Explain types of conflict.**
   A: Functional (positive) and dysfunctional (negative). Functional encourages creativity, while dysfunctional harms performance.
2. **Q: Discuss conflict management styles.**
   A: Avoiding, competing, compromising, accommodating, and collaborating—each suits different situations.
3. **Q: Why is conflict management important in schools?**
   A: It prevents disruptions, promotes teamwork, builds trust, and ensures a healthy learning environment.
4. **Q: How does compromise help in conflict resolution?**
   A: Both parties give up something, reaching a balanced solution that reduces tension.
5. **Q: Compare competing and collaborating styles.**
   A: Competing focuses on winning, while collaborating seeks mutual benefit. Collaborating creates long-term harmony.

Lesson 14: Stress Management

MCQs

1. Stress is the body's response to **challenges or demands**.
2. Positive stress is called **eustress**.
3. Negative stress is called **distress**.
4. Time management reduces **stress**.

NATASHA STUDY ZONE

5. Relaxation techniques help in **stress control**.
6. Stress can be caused by **workload and conflicts**.
7. Exercise helps reduce **stress**.
8. Deep breathing is a form of **relaxation**.
9. Stress affects both **body and mind**.
10. Stress management improves **health and performance**.

Short Questions

1. **Q: What is stress?**
   A: Stress is a physical and emotional response to pressure or challenges.
2. **Q: What is eustress?**
   A: Positive stress that motivates individuals to perform better.
3. **Q: What is distress?**
   A: Negative stress that causes anxiety, illness, and low performance.
4. **Q: Name two stress management techniques.**
   A: Time management and relaxation techniques.
5. **Q: How does exercise reduce stress?**
   A: It relaxes the body, improves mood, and lowers anxiety.

Long Questions

1. **Q: Discuss causes of stress in organizations.**
   A: Heavy workload, conflicts, deadlines, and poor communication create stress among employees.
2. **Q: Explain the difference between eustress and distress.**
   A: Eustress motivates performance, while distress harms health and productivity.
3. **Q: What are common stress management strategies?**
   A: Planning, prioritization, relaxation, healthy lifestyle, and counseling help control stress.
4. **Q: How does stress affect teachers?**
   A: Stress reduces efficiency, causes burnout, and affects teaching quality and relationships.
5. **Q: Why is stress management important?**
   A: It maintains health, improves performance, builds resilience, and ensures work-life balance.

Lesson 15: Teamwork

MCQs

1. A team is a group of people working **towards a common goal**.

NATASHA STUDY ZONE

2. Teamwork improves **creativity and problem-solving**.
3. Effective teams require **trust and communication**.
4. Team leaders ensure **coordination and motivation**.
5. Conflict resolution is essential for **team success**.
6. Collaboration means **working together harmoniously**.
7. Teamwork encourages **shared responsibility**.
8. Diverse teams bring **varied perspectives**.
9. Teamwork increases **efficiency and productivity**.
10. Successful teams have **clear goals**.

Short Questions

1. **Q: What is teamwork?**
   A: The collaborative effort of individuals working towards shared goals.
2. **Q: Why is trust important in teamwork?**
   A: Trust builds cooperation, reduces conflicts, and enhances productivity.
3. **Q: What is collaboration in teams?**
   A: Working together, sharing ideas, and supporting one another.
4. **Q: How do diverse teams help organizations?**
   A: They bring different skills, ideas, and perspectives for better results.
5. **Q: What is the role of communication in teamwork?**
   A: It ensures clarity, avoids misunderstandings, and strengthens unity.

Long Questions

1. **Q: Explain characteristics of effective teams.**
   A: Trust, communication, shared goals, leadership, and collaboration are key for success.
2. **Q: How does teamwork improve problem-solving?**
   A: Teams combine diverse skills and perspectives, generating innovative solutions.
3. **Q: Why is teamwork important in schools?**
   A: Teachers collaborate, share resources, solve problems, and improve student outcomes.
4. **Q: Discuss the role of leadership in teamwork.**
   A: Leaders guide, motivate, resolve conflicts, and ensure team goals are achieved.
5. **Q: Compare teamwork with individual work.**
   A: Individual work is faster but limited, while teamwork enhances creativity, sharing, and better outcomes.

Lesson 16: Leadership vs Management

MCQs

1. Leadership focuses on **influencing people**.

NATASHA STUDY ZONE

2. Management focuses on **planning and organizing work**.
3. Leaders create **vision**, managers ensure **implementation**.
4. Leadership is about **change**, management is about **stability**.
5. Leadership inspires, management **controls**.
6. Managers rely on **authority**, leaders rely on **influence**.
7. Leadership is **future-oriented**, management is **present-focused**.
8. Leaders encourage **innovation**, managers maintain **order**.
9. Both leadership and management are **necessary for organizations**.
10. Schools need **both leaders and managers**.

Short Questions

1. **Q: Differentiate between leadership and management.**
   A: Leadership inspires people, while management organizes and controls tasks.
2. **Q: What is the role of leaders?**
   A: Leaders create vision, motivate others, and encourage innovation.
3. **Q: What is the role of managers?**
   A: Managers plan, allocate resources, and ensure discipline.
4. **Q: Why do schools need both leaders and managers?**
   A: Leaders provide vision, while managers ensure smooth operations.
5. **Q: How are leadership and management complementary?**
   A: Leadership inspires, management executes—both balance progress and stability.

Long Questions

1. **Q: Compare leadership and management in detail.**
   A: Leadership focuses on people and vision, while management focuses on processes and structure. Both are essential.
2. **Q: Why are both leadership and management needed in schools?**
   A: Leaders inspire teachers and students, managers ensure resources and order, creating effective institutions.
3. **Q: How does leadership promote innovation?**
   A: Leaders encourage creativity, risk-taking, and change, improving organizational growth.
4. **Q: How does management maintain stability?**
   A: By setting rules, monitoring tasks, and ensuring discipline, managers provide order and efficiency.
5. **Q: Explain how leadership and management work together.**
   A: Leaders create vision, managers implement plans, ensuring both progress and control in organizations.

Lesson 17: Delegation of Authority

MCQs

1. Delegation means **assigning responsibility with authority**.
2. Authority is the **right to make decisions**.
3. Responsibility is the **duty to perform tasks**.
4. Accountability means **being answerable for results**.
5. Effective delegation improves **efficiency**.
6. Delegation reduces **workload of managers**.
7. Authority flows from **top to bottom**.
8. Clear instructions improve **delegation success**.
9. Delegation develops **employees' skills**.
10. Without authority, responsibility is **ineffective**.

Short Questions

1. **Q: What is delegation?**
   A: The process of assigning tasks and authority to subordinates.
2. **Q: What is authority in delegation?**
   A: The legal right to make decisions and command actions.
3. **Q: What is accountability?**
   A: Being responsible and answerable for assigned work.
4. **Q: Why is delegation important?**
   A: It reduces workload, develops staff, and increases efficiency.
5. **Q: What ensures successful delegation?**
   A: Clear instructions, authority, and accountability.

Long Questions

1. **Q: Explain elements of delegation.**
   A: Authority, responsibility, and accountability. All three must be balanced for success.
2. **Q: Why is delegation important in management?**
   A: It reduces burden, improves efficiency, trains staff, and helps managers focus on key tasks.
3. **Q: Discuss barriers to delegation.**
   A: Lack of trust, fear of losing control, poor communication, and unskilled staff hinder delegation.
4. **Q: How does delegation develop employees?**
   A: It trains them for higher responsibilities, builds confidence, and improves decision-making skills.
5. **Q: Why must responsibility and authority go together?**
   A: Without authority, tasks can't be performed; without responsibility, authority may be misused.

Lesson 18: Educational Planning

MCQs

1. Educational planning is about **systematic development of education**.
2. Long-term planning covers **10–20 years**.
3. Short-term planning covers **1–5 years**.
4. Medium-term planning covers **5–10 years**.
5. Planning ensures **effective use of resources**.
6. Micro planning focuses on **schools and districts**.
7. Macro planning focuses on **national level**.
8. Planning reduces **wastage and duplication**.
9. Educational planning supports **equity and access**.
10. Good planning improves **quality of education**.

Short Questions

1. **Q: What is educational planning?**
   A: A systematic approach to develop education policies, goals, and resources.
2. **Q: What is short-term planning?**
   A: Planning for 1–5 years, often addressing urgent needs.
3. **Q: What is long-term planning?**
   A: Plans extending 10–20 years, focusing on national vision.
4. **Q: What is micro planning?**
   A: Local-level planning for schools and communities.
5. **Q: What is macro planning?**
   A: National or provincial-level educational planning.

Long Questions

1. **Q: Explain different levels of educational planning.**
   A: Micro (school-level), medium-term, and macro (national). Each addresses needs at different levels.
2. **Q: Why is educational planning important?**
   A: It ensures resources, reduces wastage, promotes access, and improves quality of education.
3. **Q: Discuss types of educational planning.**
   A: Short-term, medium-term, and long-term planning—each serves different purposes and timeframes.
4. **Q: How does planning improve educational quality?**
   A: By aligning resources, policies, and goals, planning ensures efficiency and better learning outcomes.

NATASHA STUDY ZONE

5. **Q: Why is planning essential for developing countries?**
   A: It expands access, improves equity, supports economic growth, and builds human resources.

Lesson 19: Educational Administration

MCQs

1. Educational administration manages **educational institutions and systems**.
2. It involves **planning, organizing, and supervising education**.
3. Administration differs from management as it **sets policies**.
4. School principals perform **administrative functions**.
5. Supervision is part of **administration**.
6. Educational administration ensures **implementation of policies**.
7. It coordinates **teachers, students, and parents**.
8. Good administration improves **teaching and learning**.
9. Administration ensures **discipline and order**.
10. Administration is essential for **school effectiveness**.

Short Questions

1. **Q: What is educational administration?**
   A: It is managing and directing educational institutions and systems.
2. **Q: How does administration differ from management?**
   A: Administration sets policies, while management executes them.
3. **Q: What is the role of school principals?**
   A: They supervise teachers, manage resources, and ensure discipline.
4. **Q: Why is administration important in schools?**
   A: It ensures order, policy implementation, and student achievement.
5. **Q: How does administration improve teaching?**
   A: By providing guidance, supervision, and support for teachers.

Long Questions

1. **Q: Explain functions of educational administration.**
   A: Planning, organizing, supervising, evaluating, and guiding educational institutions.
2. **Q: Why is educational administration important?**
   A: It ensures smooth functioning, resource management, discipline, and quality education.
3. **Q: Discuss the role of school heads in administration.**
   A: Principals supervise teachers, implement policies, maintain discipline, and communicate with parents.

NATASHA STUDY ZONE

4. **Q: How does administration support educational quality?**
   A: By aligning resources, monitoring teaching, and supporting curriculum implementation.
5. **Q: Differentiate between educational administration and management.**
   A: Administration sets goals and policies, management executes and organizes tasks.

Lesson 20: Educational Supervision

MCQs

1. Educational supervision guides **teachers and schools**.
2. The aim of supervision is **improving teaching and learning**.
3. Supervisors provide **feedback and support**.
4. Clinical supervision is based on **observation and analysis**.
5. Democratic supervision encourages **participation**.
6. Supervision improves **professional development**.
7. Supervisors monitor **teaching standards**.
8. Supervision is both **developmental and corrective**.
9. Supervisors ensure **curriculum implementation**.
10. Modern supervision is **supportive, not fault-finding**.

Short Questions

1. **Q: What is educational supervision?**
   A: It is the guidance and support given to teachers to improve education.
2. **Q: What is the aim of supervision?**
   A: To improve teaching, teacher growth, and student achievement.
3. **Q: What is clinical supervision?**
   A: A process of classroom observation and feedback to improve teaching.
4. **Q: What is democratic supervision?**
   A: A collaborative approach where teachers participate in supervision.
5. **Q: Why is modern supervision supportive?**
   A: Because it focuses on professional growth, not punishment.

Long Questions

1. **Q: Discuss types of educational supervision.**
   A: Autocratic, democratic, laissez-faire, and clinical—each affects teachers differently.
2. **Q: Why is supervision important in schools?**
   A: It improves teacher performance, student learning, and curriculum implementation.

NATASHA STUDY ZONE

3. **Q: Explain clinical supervision in detail.**
   A: Involves pre-observation meetings, classroom visits, analysis, and constructive feedback.
4. **Q: How does supervision support professional development?**
   A: By mentoring, training, and giving constructive feedback to teachers.
5. **Q: Compare old and modern supervision.**
   A: Old was fault-finding and rigid, while modern is supportive, developmental, and collaborative.
