Answer: Educational administration ensures **efficient management**, enhances **learning environments**, and supports the **implementation of educational policies**.

Question: **Why do we make decisions?**

Answer: Decisions are made to solve **problems, achieve goals**, and optimize outcomes in various contexts.

Question: **What is linear model?**

Answer: The linear model is a **one-way communication** process where a message is sent from the sender to the receiver without feedback.

Question: **What is role of analysis technique for controlling stress?**

Answer: Analysis techniques, like **identifying stressors** and **time management**, help control stress by addressing underlying causes and improving coping mechanisms.

Question: **Objectives of administration?**

Answer: The objectives of administration include **organizing resources**, **coordinating activities**, and ensuring **effective policy implementation**.

Question: **Importance of budgeting?**

Answer: Budgeting helps in **allocating resources**, controlling expenses, and ensuring financial **sustainability and accountability** in organizations.

Question: **Level of stress?**

Answer: Stress levels vary from **eustress** (positive, motivating stress) to **distress** (negative stress that affects well-being).

Question: **Components of communication?**

Answer: Components of communication include the **sender, message, channel**, **receiver**, and **feedback**.

Question: **Essence of motivation?**

Answer: Motivation is the driving force behind **goal-directed behavior** and is essential for **productivity and personal growth**.

Question: **Manager vs supervisor?**

Answer: A **manager** focuses on **planning, organizing**, and strategic decisions, while a **supervisor** directly oversees **day-to-day operations** and employee performance.

Question: **Resistance relationship with change?**

Answer: Resistance to change occurs when individuals or groups oppose alterations due to **fear, uncertainty**, or **loss of control**.

Question: **Role of supervisor?**

Answer: A supervisor monitors and directs **work activities**, provides **feedback**, and ensures that objectives are met efficiently.

Question: **Transactional communication?**

Answer: Transactional communication involves **two-way interaction**, where both parties **send and receive messages simultaneously**.

Question: **Legitimate power with example?**

Answer: Legitimate power comes from a person's **position or role** in an organization. For example, a **principal** has legitimate power over staff due to their official position.

Question: **Budget benefits?**

Answer: Budgeting helps organizations **plan effectively, manage costs**, and **ensure resources** are used efficiently to achieve goals.

Question: **Why change is necessary?**

Answer: Change is necessary to **adapt to new circumstances**, improve efficiency, and address **evolving challenges and opportunities**.

Question: **Organizational control?**

Answer: Organizational control involves **monitoring performance**, ensuring goals are met, and **correcting deviations** from plans or standards.

Question: **Define monetary rewards and non-monetary rewards?**

Answer: Monetary rewards include **salary increases, bonuses**, while non-monetary rewards include **recognition, promotions**, and **professional development opportunities**.

Question: **Level of stress?**

Answer: Stress levels vary from **low** (manageable) to **high** (causing distress), affecting productivity and well-being.

Question: **Define conflict and types of conflict?**

Answer: Conflict is a **disagreement or clash** between individuals or groups, which can be **interpersonal, intrapersonal**, or **organizational**.

Question: **What is quality total management?**
