COURSE: EDU101

MCQ's File For Final Exams

Lesson # 22

(Topic # 117 - 122)

Phenomenology examines patterns of:

- A) Objective reality
- B) Subjective experience and consciousness**
- C) Biological processes
- D) Environmental factors

The social world, according to phenomenology, is viewed as:

- A) A singular structure
- B) A multiform structure**
- C) An irrelevant concept
- D) A deterministic system

Husserl's phenomenology suggests that realist concepts can be examined:

- A) Only philosophically
- B) Only scientifically
- C) Through consciousness**
- D) Through empirical data

Husserl believed that the scientific method and naturalistic thinking were:

- A) Essential for understanding behavior
- B) Overvalued for understanding behavior based on consciousness**
- C) The only way to understand behavior
- D) Undervalued in their importance

Husserl's concept of time consciousness implies that:

- A) Past events have no influence on present consciousness
- B) Present events are the only influence on consciousness
- C) Past events influence one's present consciousness**
- D) Consciousness is independent of time

Schutz's phenomenology emphasizes the importance of:

- A) Rejecting the existence of others
- B) Reflecting on and relating to others' experiences**
- C) Observing others' experiences in the future
- D) Ignoring one's own past experiences

According to Schutz, individual consciousness is:

- A) Identical for all individuals
- B) Completely isolated from others
- C) Influenced by others but uniquely experienced**
- D) The same as group consciousness

The concept of "growing old together" in Schutz's phenomenology suggests:

- A) A lack of shared experiences
- B) A single act influenced by others**
- C) Separate actions by two individuals
- D) No influence from others

Schutz's idea of "united individualism" refers to:

- A) The absence of social relationships
- B) The unique consciousness despite shared experiences**
- C) The identical experiences of all individuals
- D) The lack of individual perception

The role of a social scientist in phenomenology is to:

- A) Be an active participant in the subjects' lives
- B) Detach from personal biases and act as an observer**
- C) Focus on their own experiences exclusively
- D) Influence the subjects' experiences

The "stock of knowledge" in Schutz's phenomenology is used to:

- A) Disregard personal experiences
- B) Fill in the blanks during interactions**
- C) Ignore the social construction of the world
- D) Focus on objective facts only

Phenomenology makes a distinction between:

- A) Reality and our experience of reality**
- B) Scientific facts and philosophical ideas
- C) Past and future events
- D) Individual and group consciousness

To gain knowledge of the world in phenomenology, one must:

- A) Rely on scientific methods
- B) Examine experience**
- C) Avoid everyday lived experience
- D) Embrace all preconditions to understanding

Phenomenology seeks to:

A) Enhance the richness and vitality of everyday lived experience

- B) Confirm existing scientific theories
- C) Doubt the existence of the outside world
- D) Focus on historical data

The common threads of phenomenology include all the following EXCEPT:

- A) Avoiding preconditions to understanding experience
- B) Enhancing everyday lived experience
- C) Doubting the existence of the outside world
- D) Emphasizing the importance of scientific thinking**

Lesson # 23

(Topic # 123 - 127)

What is emphasized in the Sociological Foundations of Education?

- A. Schools as isolated entities
- B. The impact of society on schools**
- C. Exclusion of social context
- D. Educational institutions in isolation

Why is it important to consider societal changes in education policy?

- A. To resist change in schools
- B. To maintain a static educational system
- C. To adapt education to societal changes**
- D. To ignore societal influences

What makes preparing students for the world of tomorrow challenging?

- A. Slow societal changes
- B. Consistent educational methods
- C. Fast-changing society**
- D. Lack of societal impact on education

What are the new dimensions of literacy mentioned in the text?

- A. Only 3Rs
- B. Reading, writing, and arithmetic
- C. Cultural, scientific, technological, electronic/media, and information literacy**
- D. Limited to computer literacy

Why are schools considered agents of change?

- A. To resist change
- B. To maintain the status quo
- C. To adapt to societal changes**
- D. To ignore diversity

How has the growth of knowledge affected teaching?

- A. Quantity and quality both increased
- B. Quantity increased, unsure about quality**
- C. Quality increased, unsure about quantity
- D. No change in quantity or quality

What is the need for organizing knowledge into subjects?

- A. To limit access to information
- B. To promote subject-centered education**
- C. To resist changes in education
- D. To discourage diversity

What is the focus of Sociological Foundations of Education (Topic 126)?

- A. Individual actions
- B. Organizing knowledge
- C. The relation between school and society**
- D. Individual behavior in isolation

What does "determinism" refer to in the context of individual actions?

- A. Voluntary behavior
- B. Shaped by external forces**
- C. Free will
- D. Societal changes

How does the sociological perspective view individual actions?

- A. Only through determinism
- B. Only through voluntarism
- C. Recognizes free will within external circumstances**
- D. Ignores individual actions

Lesson # 24

(Topic # 128 - 134)

What is emphasized by Functional Theories in education?

- a. Conflict and struggle

b. Interdependence and integration

- c. Dominance and coercion
- d. Economic power and inequality

Who stressed the importance of education in creating moral unity, social cohesion, and harmony in societies according to Functional Theories?

- a. Karl Marx

b. Emile Durkheim

- c. Max Weber
- d. Auguste Comte

According to Conflict Theories, what is the foundation of social order?

- a. Moral values
- b. Interdependence

c. Dominant groups imposing their will

- d. Consensus

Who is considered the intellectual founder of conflict theories?

- a. Max Weber
- b. Emile Durkheim

c. Karl Marx

- d. Auguste Comte

What is the "Achievement Ideology" in Conflict Theories about?

- a. Promotion of consensus

b. Disguising power struggles in schools

- c. Educational reform
- d. Cultural capital

Which perspective primarily critiques and extends functional and conflict perspectives in education?

a. Interactional Theories

- b. Functional Theories
- c. Conflict Theories
- d. Achievement Ideology

What does the "civil religion" in the Effects of Schooling on Individuals refer to?

- a. Economic power

b. Education and mobility

- c. Cultural capital
- d. Status symbols

According to the paragraph on Teacher Behavior inside classroom, a teacher performs multiple roles. What can this lead to?

- a. Role strain**
- b. Role conflict
- c. Role overload
- d. Role ambiguity

Which of the following is mentioned as a factor contributing to the development of cultures and traditions within schools?

- a. Television influence
- b. Socioeconomic status
- c. Tracking in public schools
- d. Peer groups and alienation**

What must be eliminated from society to bring about equality, according to the paragraph on Education and Inequality?

- a. Economic power
- b. Inadequate schools, tracking, de facto segregation, gender discrimination**
- c. Interdependence and integration
- d. Cultural capital

Lesson # 25

(Topic # 135 - 140)

What does Bernstein's theory refer to as a "regulative principle" in education?

- a. Curriculum only
- b. Pedagogy only
- c. Code, including both curriculum and pedagogy**
- d. Evaluation methods

According to Bernstein, what defines valid knowledge in education?

- a. Curriculum**
- b. Pedagogy
- c. Evaluation
- d. All of the above

What does Bernstein's work on pedagogic discourse focus on?

- a. Production of textbooks

- b. Distribution of official knowledge
- c. Reproduction of power relations**
- d. Evaluation of students

What is the consequence of changes in the division of labor, according to the paragraph?

- a. Consensus
- b. Unequal power relations
- c. Privilege and domination**
- d. Conflict model

According to the paragraph on Understanding the School Process, what should teachers avoid to ensure students perform better?

- a. Labeling students**
- b. Providing extra time for tasks
- c. Contrived test scores
- d. Assigning more homework

What does the labeling theory focus on in the study of education?

- a. Curriculum design
- b. Social deviance**
- c. Physical appearance
- d. School records

What does the labeling approach explain within schools, according to the paragraph on Labeling Theory-1?

- a. Curriculum development
- b. Teacher expectations**
- c. Physical appearance
- d. School records

What is the concept of "Self-Fulfilling Prophecy" related to in education?

- a. Student expectations
- b. Teacher expectations**
- c. Curriculum design
- d. School records

According to the paragraph on Processing Social-Educational Priorities, what is suggested for helping disadvantaged students gain equal access to education?

- a. Labeling theory
- b. Curriculum challenges
- c. Mix ability groups**
- d. Contrived test scores

What does the paragraph on Planning for Educational Change emphasize regarding the aim of education?

- a. Aim should remain static
- b. Aim should be unchangeable
- c. Aim should be adaptable to technological progress**
- d. Aim should only focus on the world today

Lesson # 26

(Topic # 141 - 145)

In pre-literate societies, how was information primarily transmitted?

- a. Written communication
- b. Visual symbols
- c. Hieroglyphics
- d. Oral language**

What were the primary goals of education in pre-literate societies?

- a. Academic achievement
- b. Survival skills and group harmony**
- c. Leadership development
- d. Technological advancements

Who were the students in pre-literate societies?

- a. Grouped according to age
- b. Only elite children
- c. Females of upper class
- d. All children, regardless of age**

What were the instructional methods in pre-literate societies?

- a. Formal lectures
- b. Written assignments
- c. Informal methods and imitation**
- d. Group discussions

In Chinese society (3000 BC – 1900 AD), who were the intended recipients of education?

- a. All citizens
- b. Only elite males of the upper class**
- c. Females of upper class

d. Lower-class individuals

What was the curriculum in Chinese society primarily influenced by?

- a. Military tactics
- b. Confucian Classics**
- c. Vedas and religious texts
- d. Greek philosophy

In Ancient Indian Society (3000 BC – Present), what were the educational goals?

- a. Military training
- b. Cultural assimilation
- c. Behavioral and ritual learning based on Vedas**
- d. Elite governance

Who were the students in Ancient Indian Society?

- a. Males of all classes
- b. Females of upper classes
- c. Lower-class individuals
- d. Males of upper classes**

What was the primary instructional method in Ancient Indian Society?

- a. Group discussions
- b. Memorization and interpretation of sacred texts**
- c. Written examinations
- d. Military drills

Lesson # 27

(Topic # 146 - 150)

What were the educational goals in Roman society?

- a. Military training for all
- b. Development of civic responsibility for the empire, administrative, and military skills**
- c. Elite governance
- d. Cultural assimilation

Who were the students in Roman society?

- a. Females of upper class
- b. Male children ages 7–20**
- c. All children

d. Lower-class individuals

What were the instructional methods in Roman society's primary schools (ludus)?

- a. Formal lectures
- b. Group discussions
- c. Memorization and recitation**
- d. Written assignments

In Arabic society (700 AD – 1350 AD), what were the educational goals?

- a. Military training
- b. Cultivate religious commitment to Islamic beliefs, expertise in mathematics, medicine, and science**
- c. Elite governance
- d. Cultural assimilation

Who were the students in Arabic society during this period?

- a. Females of upper class
- b. Male children of upper class ages 7–20**
- c. All children
- d. Lower-class individuals

What were the instructional methods in Arabic society's primary schools?

- a. Group discussions
- b. Memorization and recitation**
- c. Written examinations
- d. Experiments and demonstrations

During the Medieval period (500 AD – 1400 AD), what were the primary educational goals?

- a. Elite governance
- b. Development of religious commitment, knowledge, ritual, and establishment of social order**
- c. Military training for all
- d. Cultural assimilation

Who were the students during the Medieval period?

- a. All children
- b. Male children of upper class**
- c. Girls and women entering religious community ages 7–20
- d. Lower-class individuals

What were the instructional methods during the Medieval period's lower schools?

- a. Group discussions

b. Memorization and recitation

- c. Written assignments
- d. Experiments and demonstrations

In the Renaissance Period (1350 AD – 1500 AD), what were the educational goals?

- a. Military training for all

b. Cultivate Humanist experts in Greek and Latin classes, prepare people to serve dynastic leaders

- c. Elite governance
- d. Cultural assimilation

Who were the students during the Renaissance Period?

- a. Females of upper class

b. Male children of aristocracy and upper classes ages 7–20

- c. All children
- d. Lower-class individuals

In the Reformation period (1500 AD – 1600 AD), what were the educational goals?

a. Cultivate a commitment to a particular religious denomination and general literacy

- b. Military training for all
- c. Elite governance
- d. Cultural assimilation

Who were the students during the Reformation period?

- a. All children

b. Boys and Girls ages 7–12 in vernacular schools, young men of upper class in humanist schools

- c. Females of upper class
- d. Lower-class individuals

What were the instructional methods during the Reformation period's vernacular schools?

- a. Group discussions

b. Memorization drill, indoctrination, catechetical instruction

- c. Written assignments
- d. Experiments and demonstrations

Lesson # 28

(Topic # 151 - 155)

According to Confucius, what was the central philosophy of his ethical system?

- a. Individualism
- b. Hierarchy, human relations, and roles**
- c. Anarchy
- d. Egalitarianism

How did Socrates define human nature in terms of self-examination?

- a. Humans are inherently evil
- b. Humans define themselves by self-examination**
- c. Humans are naturally altruistic
- d. Humans are driven by instincts

Which term best characterizes Plato's educational philosophy?

- a. Realism
- b. Idealism, social conservation, added intuition**
- c. Pragmatism
- d. Existentialism

What is the primary view of human nature according to Aristotle?

- a. Humans are inherently evil
- b. Humans define themselves by self-examination
- c. Humans have the power of rationality to guide their conduct**
- d. Humans are naturally altruistic

In Ancient Turks (before Islam), how was the "Alp" human being defined?

- a. Intellectual and scholarly
- b. Warrior, wise, extroverted, nomad**
- c. Mystic and spiritual
- d. Agricultural and communal

When did Turks accept Islam, leading to the opening of Madrasas in various regions?

- a. 5th Century
- b. 8th Century
- c. 10th Century**
- d. 13th Century

During the period of Ancient Turks (Muslim World), what subjects were taught in Madrasas?

- a. Mathematics and science
- b. Religion and social studies**
- c. Literature and arts
- d. Military tactics and strategy

Who among the Eastern Philosophers emphasized the innate knowledge of human nature?

- a. Confucius
- b. Farabi**
- c. Ibn-e-Sina
- d. Biruni

According to Farabi, what is the base for human nature?

- a. Experience
- b. Knowledge**
- c. Emotions
- d. Instincts

How did Ibn-e-Sina view children's nature and education?

- a. Children are inherently sinful and need strict discipline
- b. Children should be taught moral values without pressure**
- c. Children are born with innate knowledge
- d. Children should only focus on academic subjects

What was the humanistic perspective of Biruni regarding human relationships?

- a. Segregation based on ethnicity
- b. Integration of diverse cultures and traditions**
- c. Hierarchical relationships
- d. Exclusive focus on one's own culture

According to Biruni, what should scientific work be cleaned of?

- a. Rationality
- b. Magic, superstition, and illogical elements**
- c. Innovation and creativity
- d. Cultural diversity

Lesson # 29

(Topic # 156 - 160)

What was a significant feature of education during the Selcuks Period?

- a. Exclusively vocational-oriented education
- b. Emphasis on memorization only
- c. Both religious and vocational-oriented education**
- d. Strict separation of religious and secular subjects

Which virtues were especially emphasized and taught during the Selcuks Period?

- a. Academic excellence only
- b. Moral virtues, cleanliness, generosity, goodwill, and humanity**
- c. Vocational skills
- d. Military virtues

In the Ottoman Period, who were accepted in madrasas, and who was excluded?

- a. All children, regardless of religion or gender
- b. Sunni Muslim males; no girls were allowed**
- c. Only non-Muslim children
- d. Both Sunni and Shia Muslim children

What was the language of education in Ottoman schools during the 16th Century?

- a. Turkish and Persian only
- b. Arabic only
- c. Arabic, Turkish, and Persian**
- d. Greek and Latin

What brought about a major change in education during the Industrialization period?

- a. Agricultural advancements
- b. The French Revolution**
- c. Technological developments
- d. Cultural Renaissance

What did technology focus on during the Industrialization period?

- a. Biological innovations
- b. Mechanical and machine development**
- c. The arts and humanities
- d. Agricultural advancements

Which systems gained popularity during the Industrialization period?

- a. Feudalism and Absolutism
- b. Capitalism and Liberalism**
- c. Monarchy and Oligarchy
- d. Despotism and Autocracy

Who believed that education should be for everyone during the Industrialization period?

a. Pestalozzi

- b. Herbart
- c. Froebel
- d. Rousseau

What was Pestalozzi's emphasis regarding social education?

a. Strict discipline and authoritarian methods

b. Learning through experimentation

- c. Exclusively academic learning
- d. Vocational training for specific careers

According to Herbart, what is the purpose of education?

a. To serve the state

b. To serve individuals

- c. To serve religious institutions
- d. To serve the economy

What did Froebel focus on in terms of education during the Industrialization period?

a. University-level education

b. Vocational training for adults

c. Pre-school education

d. Military training

Which term is associated with Froebel's educational philosophy during this period?

a. Montessori

b. Kindergarten

- c. Apprenticeship
- d. Homeroom

Lesson # 30

(Topic # 161 - 165)

Who believed in "Education for freedom" during the Industrialization period?

a. John Dewey

b. Maria Montessori

c. Leo Tolstoy

d. Jean-Jacques Rousseau

What did Tolstoy suggest for the teacher-student relationship?

a. Authoritarian control

b. Master-apprentice relation

c. Strict discipline

d. Memorization-based teaching

According to John Dewey, what is the purpose of education?

a. Preparation for life

b. Education for employment only

c. Strict academic training

d. Religious indoctrination

How did Maria Montessori view education?

a. Education as a means of religious indoctrination

b. Education as preparation for employment

c. Education as life, not just preparation for life

d. Education for academic excellence only

What did Maria Montessori emphasize in her educational approach?

a. Memorization-based learning

b. Sensory education and self-discovery

c. Strict discipline

d. Teacher-centered instruction

During the Ottoman reform period (1779-1839), what was the first area of education to undergo reform?

a. Higher education

b. Primary education

c. Military education

d. Religious education

In 1824, what significant change did Al Mahmut introduce in Ottoman education?

a. Mandatory higher education

b. Mandatory primary education

c. Expansion of religious education

d. Strict gender segregation in schools

What did the Islahat Farmani in 1856 introduce in Ottoman education?

a. Mandatory vocational education

b. Centralization of education

- c. Exclusive focus on religious education
- d. Ban on public funding for schools

What did the Kanun-I-Esasi mandate in the Ottoman education system?

- a. Compulsory religious education
- b. Mandatory military service for students
- c. Free education for the public**
- d. Exclusive focus on gender-specific education

Why did education gain importance during the Abdul Hamit Period in the Ottoman Empire?

- a. After a victorious war
- b. Due to increased wealth
- c. After losing the Russian war**
- d. Social reforms initiated by the government

What changes were observed in Ottoman education during the Abdul Hamit Period?

- a. Decreased freedom in press
- b. Reduced vocational and art schools
- c. Limited higher education opportunities for girls
- d. Increased freedom in press and higher education for girls**

When did education start being considered as a field in Europe and America?

- a. 1950s**
- b. 1900s
- c. 1970s
- d. 1980s

What marked the peak of educational research theories in the 1900s and 1970s?

- a. Materialism
- b. Constructivism**
- c. Humanism
- d. Behaviorism

Which approach gained importance in education in the 1980s?

- a. Behaviorism
- b. Constructivism**
- c. Humanism
- d. Materialism

What is one of the latest developments in education mentioned in the paragraphs?

- a. Restoration of capital punishment in schools

- b. Expansion of vocational training
- c. Ban on teacher education
- d. Ban on capital punishment at schools**

Lesson # 31

(Topic # 166 - 171)

During the Ghaznavi Dynasty, what literary work did Firdousi, a poet, contribute?

- a. Kitab-UI-Yameeni
- b. Shahnama**
- c. Kitab-ul-Hind
- d. Mubarik Shahi

What diverse areas of education did Muslims provide during the Ghaznavi Dynasty, allowing young people to choose their interests?

- a. Only medical and engineering education
- b. Various areas of education**
- c. Limited education choices
- d. Forced education in specific fields

What significant steps did Muhammad Ghauri take to spread Islamic education during his rule?

- a. Promoting art and literature
- b. Building mosques and cities for education
- c. Employing religious scholars and saints**
- d. Establishing a library in Delhi

Who was appreciative of scholars and advised his son to be in search of the brave and learned during the Slave Dynasty?

- a. Qutab-ud-Din Aibak
- b. Altumush
- c. Ghais-ud-Din Balban**
- d. Muhammad Ghauri

During the Khilji Dynasty, who set up a library in Delhi and supervised it?

- a. Ala-ud-Din Khilji
- b. Jala-ud-Din Khilji
- c. Amir Khusru**
- d. Ibn-e-Batuta

Who toured India extensively and wrote about his findings and discoveries during the Tughlaq Dynasty?

- a. Ghias-ud-Din Tughlaq
- b. Ibn-e-Batuta**
- c. Mubarik Ali
- d. Ala-ud-Din Khilji

What characterized the Syed Dynasty's reign, impacting art and literature?

- a. Promotion of literary works
- b. Lawlessness and disorder**
- c. Extensive patronage of scholars
- d. Flourishing artistic achievements

What literary work was produced during the Syed Dynasty's time, specifically during Mubarik Ali's reign?

- a. Shahnama
- b. Kitab-ul-Yameeni
- c. Kitab-ul-Hind
- d. Mubarik Shahi**

Lesson # 32

(Topic # 172 - 176)

What was Bahlol Lodhi's attitude toward scholars, and how did he contribute to literary activities?

- a. Hostile toward scholars; banned literary activities
- b. Appreciative of scholars; rewarded them and patronized literary activities**
- c. Ignored scholars; discouraged literary pursuits
- d. Scholar himself; actively engaged in literary works

During Sikander Lodhi's reign, which language flourished, and what literary activities were encouraged?

- a. Limited role in secular education; established madrasas in cities only
- b. Focused on secular education only; established madrasas in rural areas
- c. Played a crucial role in spreading both secular and religious education; established madrasas in various countries**
- d. Ignored educational activities; preferred individual tutoring

What is the focus of Islamic education, according to the discussion on Historical Foundations of Education (Recap)?

- a. Strictly secular education
- b. Both secular and religious education**
- c. Scientific and technological education only
- d. Literature and arts education

What was the main goal regarding literacy set by the Educational Conference in 1947?

- a. Maintain the existing literacy rate
- b. Raise the literacy rate to be on par with advanced countries**
- c. Prioritize adult education over primary education
- d. Eliminate literacy programs altogether

According to the conference recommendations, what subject was made compulsory in the educational system?

- a. Mathematics and Science
- b. Religious education: Quran and Sunnah**
- c. Literature and Arts
- d. Physical Education

Lesson # 33

(Topic # 177 - 181)

What was the main emphasis regarding national unity in the Educational Conference of 1947?

- a. Promote unity by encouraging provincial prejudices
- b. Encourage diversity among provinces
- c. Promote a passion for national unity to avoid damage by provincial prejudices**
- d. Ignore the issue of national unity

Why was Urdu recommended as the medium of instruction?

- a. Due to its complexity and challenge
- b. As a means of unity among provinces, being widely spoken and understood**
- c. To preserve English rule over India
- d. To encourage linguistic diversity

What was the stance on gradually abolishing English as a medium of instruction?

- a. Continue using English to preserve cultural diversity
- b. Gradual abolishment recommended due to its association with English rule**
- c. Immediate abolishment of English language
- d. No recommendation regarding the use of English

What was the purpose of the Central Educational Consultation Board recommended by the conference?

- a. To regulate provincial languages
- b. To control political matters in education
- c. To plan the educational system and devise programs for the provinces**
- d. To establish English as the primary language of instruction

What was the primary focus of training children, according to the conference recommendations?

- a. Military training for defense purposes
- b. Training for technical jobs
- c. Training for good citizenship and creating a sense of good citizenship**
- d. Training for art and literature

What significant recommendation was made regarding technical education and research?

- a. Abolish technical education to focus on general studies
- b. Establish an Industrial Research Council**
- c. Reduce funding for technical education
- d. Exclude research from educational programs

What change was recommended regarding the period of primary education?

- a. Decrease the period from four to three years
- b. Maintain the four-year period
- c. Increase the period from four to five years**
- d. Make primary education optional

What objective of education was NOT listed among the agreed-upon objectives in the Educational Conference of 1947?

- a. Preservation of Nazaria Pakistan
- b. Promotion of National Unity
- c. Encouragement of linguistic diversity**
- d. Gradual abolition of English as a medium of instruction

Answer: c. Encouragement of linguistic diversity

What recommendation was made regarding women's education in the Educational Conference of 1947?

- a. Discourage women's education
- b. Stress women's education and recommend coeducation at the primary stage**
- c. Limit women's education to religious studies
- d. Exclude women from the education system

What did the conference recommend regarding adult education?

- a. Ignore adult education as it is not essential
- b. Encourage adult education to promote cultural diversity
- c. Stress the need for adult education to increase the literacy rate**
- d. Abolish adult education programs

Which of the following was NOT among the agreed-upon objectives of education in the Educational Conference of 1947?

- a. Training for Democracy
- b. Compulsory religious education
- c. Encouragement of provincial prejudices**
- d. Gradual abolition of English as Medium of Instruction

What was the primary focus regarding the preservation of Nazaria Pakistan in the conference recommendations?

- a. Promotion of foreign ideologies
- b. Preservation of cultural diversity
- c. Promotion of Two Nation Theory**
- d. Encouragement of secular education

What objective of education aimed at ending the literacy rate in the country?

- a. Compulsory religious education
- b. Gradual abolition of English as Medium of Instruction
- c. Promotion of National Unity
- d. Abolition of Literacy in the Country**

Why was the establishment of a democratic society emphasized in the conference recommendations?

- a. To suppress civic matters
- b. To promote dictatorship
- c. To encourage provincial prejudices
- d. To set up a democratic society and train citizens in civic matters**

What was the stance on the English language as a means of instruction according to the Educational Conference of 1947?

- a. Immediate abolishment of English language
- b. Gradual abolishment due to its association with English rule**
- c. Continue using English as the primary language
- d. Make English the official language

Lesson # 34

(Topic # 182 - 193)

What is one of the objectives of primary education, according to the National Education Commission 1959?

- a. Enable students to read and write**
- b. Provide advanced mathematical skills
- c. Focus on vocational training only
- d. Emphasize foreign language proficiency

According to the 1959 curriculum, what should be the basis for the curriculum of primary education?

- a. Foreign language proficiency
- b. The needs and abilities of the child**
- c. Exclusively theoretical subjects
- d. Strict adherence to memorization

What is recommended regarding the organization of primary education in districts?

- a. Centralized administration
- b. No organization at the district level

- c. Organization at the provincial level only
- d. Primary Education to be organized at the district level**

Who is recommended to be the chairman of the education committee at the district level in the 1959 recommendations?

- a. Prime Minister
- b. Governor**
- c. Chief Justice
- d. Minister of Education

What financing model is recommended for primary education in 1959?

- a. Fully funded by the central government
- b. Funded entirely by provincial governments
- c. A combination of provincial and district taxes**
- d. Funded solely by private donations

What recommendation is made regarding the training of primary education teachers?

- a. No training required
- b. Only theoretical training
- c. Practical and planning methods training**
- d. Training in advanced sciences only

What is the main focus of secondary education, according to the 1959 objectives?

- a. Exclusively religious education
- b. Preparing students for practical life needs**
- c. Ignoring the development of aesthetic sense
- d. Raising children with no social responsibility

What does the 1959 curriculum recommend for English language teaching in secondary education?

- a. Exclude English from the curriculum
- b. Emphasize literature over practical language
- c. Teach English as a practical language**
- d. Only focus on foreign languages

What is suggested regarding the examination system for secondary education in 1959?

- a. No reorganization needed
- b. Examinations after eighth and twelfth classes**
- c. Only internal assessment
- d. Exclude private students from examinations

- a. No change needed in service conditions**
- b. Reducing workload to 1200 hours annually
- c. Increased casual leaves to thirty days
- d. Secondary education teachers should be trained in humanities only

What is recommended for the duration of the higher education academic year in 1959?

- a. Twenty weeks
- b. Thirty-six weeks**
- c. Forty weeks
- d. Fifty weeks

What percentage of marks is suggested for internal assessment in the higher education examination system?

- a. 25%**
- b. 40%
- c. 50%
- d. 75%

What is emphasized regarding the examination system in higher education?

- a. Memory-based examinations
- b. Assessing the ability rather than memory**
- c. External assessments only
- d. No examination system needed

What is the recommended duration for Ph.D. research in higher education?

- a. One year
- b. Two years**
- c. Three years
- d. Five years

What is suggested for the promotion of university teachers in service conditions?

- a. No promotions
- b. Based on seniority only
- c. High performance**
- d. Promotions based on external assessments

What is the focus of professional education according to the 1959 recommendations?

- a. Exclusively theoretical courses
- b. No professional education needed
- c. Focusing on general studies only

d. Preparing students for specific skills and professions

What is the recommendation regarding the period of general education before choosing between general and technical education?

- a. Up to fifth class
- b. Up to eighth class**
- c. Up to tenth class
- d. No general education needed

What courses are suggested for inclusion in technical education?

- a. Only engineering courses
- b. Exclusively theoretical courses
- c. General studies only
- d. A variety of professional courses**

What is the suggested examination board for technical subjects in technical education?

- a. Central Educational Consultation Board
- b. Secondary Education Boards
- c. Technical Education Board**
- d. Higher Education Board

What is the critical analysis regarding the National Education Commission 1959?

- a. All recommendations were suitable for Pakistan
- b. Ignored Islamic objectives**
- c. Focused solely on good Muslims
- d. Recommended a purely Pakistani system

Lesson # 35

(Topic # 194 - 198)

What is the popular name given to the National Education Policy of 1970?

- a. The Unity Report
- b. The Noor Khan Report**
- c. The Educational Growth Policy
- d. The Scientific Principles Report

What is the central role assigned to education in the guiding principles of the 1970 policy?

- a. Economic development
- b. Sustaining Islamic values and national unity**
- c. Political empowerment
- d. Cultural enrichment

How does the policy suggest improving the standards of education?

- a. Increasing the number of universities
- b. Empowering students
- c. Decentralization of powers for administrative control**
- d. Enhancing the curriculum

What was the target set for the education of students in the plan of 1970?

- a. 100,000 students
- b. 250,000 students
- c. 430,000 students**
- d. 600,000 students

What does the policy emphasize regarding primary education by 1980?

- a. Primary education should be made exclusive for boys
- b. Encouraging girls' education**
- c. Reducing the duration of primary education
- d. Eliminating primary education

What does the policy recommend for adult education?

- a. Establishing an Education Corps**
- b. Focusing on secondary education only
- c. Ignoring adult education
- d. Establishing new universities

What is considered unsatisfactory in the existing examination system according to the report?

- a. Lack of national language inclusion
- b. Financial dependence
- c. Inability to measure students' ability**
- d. Excessive focus on practical skills

How many teachers are recommended to be provided training according to the report?

- a. 50,000 teachers
- b. 100,000 teachers
- c. 138,000 teachers**
- d. 200,000 teachers

What language does the report recommend as the medium of instruction?

- a. English
- b. Urdu**
- c. Arabic
- d. Persian

What is the proposed duty of the University Grants Commission according to the report?

- a. Determining national policies
- b. Holding communications with all universities**
- c. Directly managing universities
- d. Ignoring the needs of universities

Lesson # 36

(Topic # 199 - 207)

What were the primary objectives of education according to the National Education Policy of 1972-1980?

- a. Economic development
- b. Promotion of social and cultural unity**
- c. Technological advancement
- d. All of the above

When was education made compulsory at the primary level according to the 1972 policy?

- a. October 1970
- b. October 1972**
- c. October 1974
- d. October 1976

What subjects were recommended to be introduced in technical schools in the 1972-1980 policy?

- a. Literature and History
- b. Industrial Arts, Weaving, Tannery, Wood Work, Masonry, Glass making**
- c. Political Science and Economics
- d. Philosophy and Sociology

What significant action was taken regarding private institutions on October 1, 1972?

- a. Privatization
- b. Nationalization**
- c. Liquidation
- d. Privilege

What initiative was taken for the welfare of teachers in the policy?

- a. Increased workload
- b. Nationalization of teachers
- c. Better pay scales, leave salary, and training**
- d. Reduced salaries

What facilities were provided for students under the 1972-1980 policy?

- a. Free housing
- b. Free transportation
- c. Free education up to matric, scholarships, loans, medical check-ups, book banks**
- d. Free meals

How many universities were there in the country in 1972, and how many were added according to the policy?

- a. 5, 2
- b. 7, 3**
- c. 10, 5
- d. 3, 1

What was the purpose of establishing Centers for Excellence in universities?

- a. To promote sports
- b. To produce experts in specific fields**
- c. To focus on humanities
- d. To establish new departments

What significant change was recommended in the University Ordinance?

- a. Reduction in autonomy
- b. Restoration of autonomy**
- c. No change in autonomy
- d. Increased government control

What subject was made compulsory up to matric level in the 1972-1980 policy?

- a. English
- b. Science
- c. Mathematics
- d. Islamiat**

What was the critical analysis regarding the nationalization of private schools in the 1972-1980 policy?

- a. Exploitation of teachers
- b. Protection of teachers from exploitation**
- c. Favoritism towards elite schools
- d. Promotion of private schools

What was the purpose of establishing the National Book Foundation according to the 1972-1980 policy?

- a. To promote fiction
- b. To control book prices
- c. To provide cheap and quality books**
- d. To restrict access to books

What percentage of marks was allocated for internal examination under the semester system in the 1972-1980 policy?

- a. 50%
- b. 25%**
- c. 75%
- d. 100%

What was the objective of introducing compulsory military training according to the policy?

- a. Economic development
- b. Promotion of nationalism and defense ability**
- c. Technological advancement
- d. Reduction of military expenses

What initiative was taken to address the issue of adult illiteracy in the 1972-1980 policy?

- a. Establishment of research centers
- b. Opening adult education centers**
- c. Providing scholarships to adults
- d. Encouraging private institutions

Lesson # 37

(Topic # 208 - 213)

What is the primary objective of education according to the National Education Policy 1978?

- A. To promote scientific and technical education
- B. To create love and affinity for Pakistan**
- C. To prepare citizens well-equipped with the Ideology of Islam
- D. To build the character of individuals based on foreign ideologies

What was the foundation of the educational system of Pakistan based on?

- A. Western ideologies
- B. Islamic Ideology of Pakistan and Muslim Nationalism**
- C. Secular principles
- D. Communist principles

What was the target for opening primary schools by 1992 according to the National Education Policy 1978?

- A. 5,000
- B. 10,000
- C. 13,000**
- D. 20,000

What was the aim of opening workshop schools according to the National Education Policy 1978?

- A. To teach advanced science
- B. To provide religious education
- C. To teach domestic handicrafts and skills**
- D. To focus on physical education

What was the goal of upgrading middle schools to secondary schools according to the National Education Policy 1978?

- A. Increase the number of students from 1,800,000 to 2,800,000**
- B. Focus on professional education
- C. Enhance science education at secondary and higher secondary stages
- D. Promote cultural education

What was the focus of higher education in the National Education Policy 1978?

- A. Encourage research at the university level**
- B. Increase the number of primary schools
- C. Promote cultural heritage
- D. Establish more mosque schools

Which subjects were made compulsory at the intermediate level according to the National Education Policy 1978?

- A. Mathematics and Physics
- B. Chemistry and Biology
- C. Islamiat and Pakistan Studies**
- D. English and History

What was the proposed rate of literacy by the year 1992 according to the National Education Policy 1978?

- A. 50%
- B. 75%
- C. 35%**
- D. 100%

According to Ibrahim Lincon, why is women's education important?

- A. To increase the number of literate individuals
- B. To educate the whole family**
- C. To promote scientific education
- D. To enhance cultural heritage

What was the purpose of the proposed National Education Council in the National Education Policy 1978?

- A. To oversee primary education
- B. To work as an advisory body at the higher stage**

- D. To establish mosque schools

What was proposed for the education of disabled individuals in the National Education Policy 1978?

- A. Opening of new primary schools
- B. Establishment of mosque schools
- C. Planning measures to make them useful members of society**
- D. Focus on cultural education

Why was the literacy target not met according to the National Education Policy 1978?

- A. Increase in the amount allotted for education
- B. Opening of new primary schools
- C. Less increase in the number of students**
- D. Adequate facilities for teachers

According to the National Education Policy 1978, what was the proposed rate of literacy for the year 2010?

- A. 50%
- B. 75%
- C. 100%**
- D. 35%

What was the focus of the National Education Policy 1978 regarding the status of teachers?

A. Providing economic and social status

- B. Reducing the number of teachers
- C. Ignoring the status of teachers
- D. Focusing on financial worries

Lesson # 38

(Topic # 214 - 219)

What is one of the aims of education according to the National Education Policy 1992?

A. Promotion of foreign ideologies

B. Promotion of critical thinking over rote learning

- C. Focus on memorization-based learning
- D. Elimination of practical skills in education

According to the National Education Policy 1992, what is the goal for primary education within 10 years?

A. 50% admissions

B. 75% admissions

C. 100% admissions

D. 25% admissions

What is the recommended composition of a primary school, according to the National Education Policy 1992?

A. One room and two teachers

B. Two rooms and five teachers

C. Three rooms and seven teachers

D. No specific composition mentioned

What is the proposed duration of the syllabus for education from class 1 to high school, according to the National Education Policy 1992?

A. Eight years

B. Ten years

C. Twelve years

D. Fifteen years

In the National Education Policy 1992, what is the recommendation for higher secondary education?

A. Delegated to colleges

B. Delegated to universities

C. Delegated to the school section

D. Abolished

What is the focus of higher education in terms of research in the National Education Policy 1992?

A. No emphasis on research

B. Special funds for research departments

C. Research discouraged

D. Research only at university level

How many new universities are proposed to be opened in the next ten years in the National Education Policy 1992?

A. Ten

B. Fifteen

C. Twenty

D. Five

What is the purpose of the National Council of Academic Awards and Accreditation in the National Education Policy 1992?

A. To regulate student admissions

B. To strengthen the relationship with foreign universities

C. To make the accreditation process authentic and transparent

D. To manage educational technology

What is the proposed duration of the honors courses at the degree level according to the National Education Policy 1992?

A. One year

B. Two years

C. Three years

D. Four years

What is the role of the National Testing Service in the National Education Policy 1992?

A. Conducting board examinations

B. Preparing trial tests for admission

C. Managing university funds

D. Establishing rural education centers

When did the policy for admission to medical and engineering colleges and universities through a test begin according to the National Education Policy 1992?

A. 1992

B. 2003

C. 2010

D. 2015

According to the National Education Policy 1992, what is the role of education in rural areas?

- A. Eliminate education in rural areas
- B. Provide fewer facilities compared to urban areas
- C. Provide the same facilities as urban areas**
- D. Focus only on urban education

Lesson # 39

(Topic # 220 - 226)

What is one of the objectives of education according to the National Education Policy 1998?

- A. Promotion of international standard education**
- B. Exclusion of Quranic and Islamic education
- C. Reduction of technical education standards
- D. Elimination of information technology from the curriculum

According to the National Education Policy 1998, what is the proposed budget allocation for education as a percentage of the GNP of the country?

- A. 1%
- B. 2%
- C. 3%
- D. 5%**

What is the focus of primary education in the National Education Policy 1998?

- A. Promotion of social injustice
- B. Restriction of teacher employment
- C. Providing free books and notebooks to poor students**
- D. Exclusion of computer education

What subjects will be included in the curriculum at the elementary level according to the National Education Policy 1998?

- A. Advanced mathematics and physics
- B. Slates and wooden planks
- C. Population planning and moral values**
- D. Elimination of basic health education

What is proposed for secondary education in terms of curriculum and teaching methods in the National Education Policy 1998?

A. Introduction of project methods and learning by doing

- B. Exclusion of optional subjects
- C. Separate examination dates for each student
- D. Elimination of project-based learning

How will admission to higher education institutes be conducted according to the National Education Policy 1998?

A. Random selection

B. NTS test on a merit basis

- C. First-come, first-served basis
- D. Legacy-based admission

What is the focus of higher education in the National Education Policy 1998 regarding colleges with a good reputation?

- A. Exclusion from affiliation
- B. Introduction of standardized syllabus
- C. Reduction in the number of professional institutions
- D. Allowing them to have their own syllabus**

What will be preferred for admission to a university according to the National Education Policy 1998?

- A. Good character reference
- B. Financial status
- C. An honors degree at the BA/BSc level**
- D. Participation in extracurricular activities

According to the National Education Policy 1998, what will be the duration of honors programs at the BA/BSc level?

- A. One year
- B. Two years
- C. Three years**
- D. Four years

What is emphasized for rural areas in terms of education according to the National Education Policy 1998?

- A. Fewer facilities than urban areas
- B. Exclusive focus on urban education
- C. Providing the same facilities as urban areas**
- D. Elimination of education in rural areas

What is the proposed measure for teacher recruitment according to the National Education Policy 1998?

- A. Random selection
- B. Based on political affiliation
- C. Merit-based recruitment**
- D. Region-based recruitment

What is the focus of the National Education Policy 1998 regarding the use of information technology in education?

- A. Exclusion of computer education
- B. Promotion of information technology**
- C. Restriction of media use
- D. Elimination of computer facilities in classrooms

What is one of the objectives of secondary education in the National Education Policy 1998?

- A. Elimination of project-based learning
- B. Restriction of optional subjects
- C. Introduction of Education Service Commission**
- D. Issuing education cards for needy students

Lesson # 40

(Topic # 227 - 235)

What is the constitutional obligation regarding education in Pakistan, as per Article 37 – b of the Constitution of Islamic Republic of Pakistan 1973?

- A. Provide free and compulsory higher education
- B. Remove illiteracy and provide free and compulsory secondary education**
- C. Eliminate gender disparities in education
- D. Establish centers of excellence for advanced studies

What is included in the Concurrent Legislative List related to education, as per Article 37 – b of the Constitution of Islamic Republic of Pakistan 1973?

- A. Sports and cultural events
- B. Centers of excellence only
- C. Curriculum, syllabus, planning, policy, centers of excellence, standard of education, and Islamic education**
- D. Infrastructure development

Which of the following is one of the Millennium Development Goals related to education in Pakistan?

- A. Expanding tertiary education
- B. Achieving gender equality in education by 2015**

- C. Reducing the duration of primary education
- D. Focusing on vocational training

How does Pakistan compare with other countries in the region on the Human Development Index (HDI) in terms of education ranking?

- A. First
- B. Second
- C. Middle
- D. Lower**

What is the percentage of the education budget as a percentage of GDP for Pakistan in the fiscal year 2007-08?

- A. 2.21%
- B. 2.44%**
- C. 3.8%
- D. 4.7%

According to the National Education Policy 1998, what is the focus regarding equality of rights between men and women in education?

- A. Exclusion of women from education
- B. Equality in access to education for all**
- C. Restriction of women's education
- D. Focus on gender-based discrimination

Which convention of 1960 focuses on eliminating discrimination in education based on various factors such as race, color, sex, language, and religion?

- A. World Declaration on Education for All (1990)
- B. United Nations Convention on the Elimination of All Forms of Discrimination against Women (1979)

- D. Dakar Framework for Action (2000)

What is emphasized in the United Nations Convention on the Elimination of All Forms of Discrimination against Women regarding access to education?

- A. Exclusion of women from higher education
- B. Discrimination in career guidance
- C. Equality in access to studies and diplomas**
- D. Limitations on access to vocational training

What is the key focus of the World Declaration on Education for All (1990) regarding gender in education?

- A. Encouraging gender stereotypes
- B. Eliminating gender disparities**
- C. Reducing girls' access to education
- D. Excluding women from vocational training

According to the Framework for Action, "Education for All: Meeting Our collective Commitments" (2000), what is the primary goal related to gender in education by 2015?

- A. Achieving gender inequality
- B. Ensuring boys' full access to education
- C. Promoting gender equality and empowerment for women**
- D. Eliminating gender-based curricula

What does the Plan for Action of the World Program for Human Rights Education (2005) aim to achieve through human rights education?

- A. Development of discriminatory practices
- B. Reinforcement of traditional roles
- C. Building a universal culture of human rights**
- D. Exclusion of human rights from education

Which goal of the United Nations Millennium Declaration (2000) emphasizes ensuring primary education for all children, boys, and girls alike?

- A. Goal 1**
- B. Goal 2
- C. Goal 3
- D. Goal 4

What is the primary aim of the Dakar Framework for Action (2000) regarding education?

- A. Reducing the duration of primary education
- B. Ensuring access to and completion of free and compulsory primary education**
- C. Eliminating gender equality in education
- D. Promoting vocational training over formal education

What is the primary goal of the United Nations Millennium Declaration (2000) regarding gender equality and education?

- A. Exclusion of girls from education
- B. Reduction of women's access to higher education
- C. Ensuring equal access to all levels of education for boys and girls**
- D. Promoting gender-based discrimination in education

What is the primary focus of the Plan for Action of the World Program for Human Rights Education (2005) related to human rights education?

- A. Encouraging discriminatory practices
- B. Reinforcing traditional roles
- C. Building a universal culture of human rights**
- D. Exclusion of human rights from education

Lesson # 41

(Topic # 236 - 240)

What is emphasized regarding gender representations in educational materials in the context of promoting gender equality?

- A. Monitoring only illustrations for gendered characters
- B. Eliminating all representations of men and women
- C. Monitoring both text and illustrations for gendered characters**
- D. Focusing on gender-neutral text only

What does the connection between text and illustrations require careful analysis for in the context of gender equality in educational materials?

- A. Consistency
- B. Irrelevance
- C. Ambiguity
- D. Inconsistency**

How can a character's gender be indicated in texts?

- A. Only by the use of first names
- B. Only by family relationships
- C. By the grammatical gender of pronoun, proper noun, or common noun**
- D. Only by occupation

What is recommended regarding the designation of male and female characters in educational materials?

- A. Use different types of designations for male and female characters
- B. Avoid using the same type of designation for male and female characters**
- C. Use only family relationships as designations
- D. Use occupation as the sole designation for characters

How should characters of both sexes be presented in the same text to promote gender equality?

- A. Automatically start with the male character
- B. Avoid presenting characters of both sexes in the same text
- C. Vary the designation of male and female characters without any specific order**
- D. Always start with the female character

What is emphasized regarding the use of titles and functions in educational materials to avoid bias?

- A. Use titles and functions that reinforce traditional roles

B. Use titles and functions that ridicule characters

C. Use neutral forms of titles and functions

D. Avoid using titles and functions altogether

What complex issue is highlighted regarding gendering characters in illustrations?

A. Choosing appropriate symbols for male and female

B. Avoiding illustrations in educational materials

C. Focusing only on traditional symbols

D. Eliminating all gender-related symbols

What is the primary emphasis in ensuring purity between men, women, girls, and boys in educational materials?

A. Consistency in character sizes

B. Uniformity in character positions

C. Balance in presenting well-known figures

D. Maintaining consistency in text and illustrations

What were the proposed objectives of the Tbilisi Conference (USSR, 1977) on Environmental Education?

A. To discourage environmental awareness

B. To limit knowledge and skills dissemination

C. To promote environmentally sound development

D. To ignore the complexity of the environment

What is the first educational objective in environmental education?

A. Developing critical thinking

B. Encouraging sustainable growth

C. Creating awareness about environmental problems

D. Creating positive attitudinal and behavioral changes

Which aspect of environmental education aims to encourage critical thinking among students in dealing with real-world environmental challenges?

A. Creating awareness

B. Exchanging knowledge and experience

C. Developing an inter-disciplinary view

D. Encouraging and developing critical thinking

What does the Tbilisi Conference propose regarding the inter-disciplinary view of the environment?

A. It is unnecessary for sustainable growth

B. It is limited to the natural sciences

C. It is essential and emphasizes its complexity

D. It should focus only on environmental problems

Lesson # 42

(Topic # 241 - 245)

What is not listed as a right related to environmental education in the context of mainstreaming human rights?

- A. Right to fresh air
- B. Right to quality education**
- C. Right to safe drinking water and sanitation
- D. Right to shelter and security

What is one of the mega issues mentioned in the context of environmental education in Pakistan?

- A. Increasing industrial production
- B. Reducing forest areas
- C. Minimizing climate change impact**
- D. Ignoring water conservation

What is emphasized in the context of linguistic inequalities in Pakistan?

- A. Promoting English as the only medium of instruction
- B. Prioritizing regional languages over Urdu and English
- C. Addressing linguistic inequalities through systematic analysis**
- D. Ignoring the role of Urdu in official purposes

What is the status of the English language in Pakistan's Constitution according to Article 251?

- A. It is the only official language
- B. It is the national language
- C. It is used mainly in informal social interactions
- D. It may be used for official purposes until replaced by Urdu**

What is the role of English in Pakistan's educational context, particularly at the school level?

- A. English is the medium of instruction only in elitist schools
- B. English is not considered important for individual development
- C. English is the key to national progress and upward social mobility**
- D. English is only used in madrasas for Arabic studies

What is considered a 'truism in Pakistan' according to the provided information?

- A. Urdu is essential for individual and national development

- B. Regional languages are more important than Urdu and English
- C. English is necessary for individual and national development**
- D. Madrasas play a crucial role in linguistic development

What linguistic inequality is mentioned as an issue in the educational context of Pakistan?

- A. Lack of emphasis on regional languages
- B. Uniformity in the medium of instruction
- C. Diversity in educational practices
- D. Tracking at secondary and post-secondary levels**

What is not mentioned as one of the three parallel systems of education at the school level in Pakistan?

- A. Urdu-medium schools
- B. English-medium schools
- C. Arabic-only madrasas
- D. French-medium schools**

What is the primary focus in addressing linguistic inequalities in Pakistan's education system?

- A. Promoting English over Urdu
- B. Ignoring regional languages
- C. Systematic situation analysis and debate**
- D. Establishing more madrasas

What is not mentioned as a track within English-medium schools in Pakistan?

- A. O/A level
- B. Matric/Intermediate
- C. French-medium**
- D. Non-elitist

Lesson # 43

(Topic # 246 - 250)

What is inclusive education about?

- A. Segregating children based on abilities
- B. Valuing and welcoming every child regardless of ability or disability**
- C. Focusing on special education services only
- D. Excluding children with disabilities from school activities

What is inclusive education NOT about?

- A. Providing individualized supports
- B. Dumping kids with disabilities into general classrooms without necessary supports
- C. Sacrificing the education of kids without disabilities**
- D. Cutting back on special education services

What does special education entail?

- A. Including kids with disabilities in the general education classroom
- B. Providing individualized supports for kids with disabilities**
- C. Segregating kids with disabilities from general education
- D. Offering limited or no support to kids with disabilities

What does inclusive education focus on when it comes to curriculum access?

- A. Allowing students in segregated classes access to a specialized curriculum
 - B. Ensuring that only students in mainstream classes have access to the general curriculum
 - C. Providing all students, regardless of class, access to the general curriculum**
 - D. Restricting access to the general curriculum for students with disabilities
- Answer: C. Providing all students, regardless of class, access to the general curriculum

When are accommodations used in education?

- A. When the student is expected to learn less or different curricular content
- B. When the student is expected to learn the same curricular content but in a different way**
- C. Only in special education classrooms
- D. When the student is exempted from the general curriculum

What is the purpose of room accommodations in education?

- A. To create a visually stimulating environment
- B. To segregate students based on their needs
- C. To modify the curriculum for all students
- D. To create an accessible and comfortable learning space**

What is included in teacher accommodations?

- A. Wearing cologne and a lot of jewelry
- B. Providing additional support to students
- C. Processing time before letting anyone answer questions**
- D. Segregating students based on their abilities
