STA301 Current Final Term Papers 2018 To 2020

2020

Paper 1

Assalam o alaikum Sta301 tyr Past Paper s kary Js k tyr ni ..Subjective k lia .

1= Probability concept ho 23 24 lacture acha s karna.

2=Formula two population or Sigma or b formula hy ap k past paper hal s mil hy gy.acha s krna konsa formula khn apply krna hy concept ho.

3= Z test or F test k concept YouTube s seekh lo .

4=Mcqz to Past Paper s ho gy but kuch 10 yeha 9 change ho gy wo concept s krna

5=Definition Correlation Hyper geometric distribution or b hy wo b past paper m hy.

Ok best of luck

Paper 2

sta301 spring 2020 (evening)

40 mcqs

1 theory question(define data)

11 numerical questions

90% mcqs and Q's came from past papers by moazz i also attached the file of mcqs

2 questions came from probability chap

1 question came from binomial distribution

1 question came from t statistic

1 question came from baye's theorem

1 question came from Regression and Correlation

i dont remember the rest

2019

Paper 1

Sta301

Today paper

Mcqs 20% from past paper

Subjective

What is BCR?(2)

What is geometrical hyperlogen?

AunionB &Aintersactionc find krna tha?(3)

P and n given tha mean and standerd division find krna tha bionomial distribution?(3)

Ploly card

How many black card, diamond card ,heart card,

Face card,queen card?(5)

Continous random waly topic sh question tha integration krnh thi?(5)

t-distribution ?(5)

Paper 2

Stat301 time 11:00

Mcq past bhout kam thy

Subjective

Q:T- distribution ka formula likhna tha period k lia

Q: smple without replacement se smple bnanay thy.N=4, n=3

(0,5,6,7) ur mean b find krna tha

Q: C.I ka ak question tha 2 x ki value, 2 n ki value ur 2 s.d ki d v thi

Q:poison ka ak queation tha

Esi ma b part tha probility find krni thi 2 defective items k

Q: mean find krna tha table given tha

X: fx ki value d v thi

Sth $2x+3$ tha es ka b mean find krna tha

Q: z test ka ak question tha

Paper 3

Mine paper Sta301

Mcqs was waqar siddhu file

Aur p. D. F k questions

Mean find krna tha

Variance find krna tha

Normal distribution

T distribution

Meu find

2018

Paper 1

sta301

mostly mcqs from past paper.

definition of sample distribution

formula of $P_c\text{-hat}$

$p(x=----)$ is type ka b tha question

$E(2x+y)$ is me ex or ey ki values di hoi the.

ek long me S_p ki value find karni the isy 2 parts bny hoy thy .

ek long measurment stages btani the 5 statments di hoi the

baqi mujhe yad nai

overall easy tha but long bht mushkil thy mera time nai menage hoa ...

e ki value zror ya rakhna ..

mujhe sochna pra tha .. last time pe dubara dekhna bhool gai the

Paper 2

All objectives were quite easy

here are the most of the questions.....I dont have full questions...but I know what you had to find.2 or 3 questions I did not note

But an equation was given in them

any way the rest are as foloows

to Find bcr

to find Fpc

to find M.D

had to find confidence interval

find joint probability ...a table was also given

find mean and variance (both in one question

Find median

had to test a hypothesis

and had to find margional probability ,a table was given

The End
