

Digital Learning

CS408 Grand Quiz

fall 2020

#1: The term mental model was first developed in the early 1640s by _____

- *Johnson - Laird*
- *Donald Norman*
- ***Kenneth Craik***
- *John Corman*

*Question#2: In*_____*several keys must be pressed at once in order to enter a single character.*

- *QWERTY Keyboard*
- *Dvorak Keyboard*
- *Alphabetical keyboard*

- ***Chord keyboards***

Question#3: On my personal computer, I am listening a song with head phone. At same time, I am entering data in MS word It means my system is:

- *Uni-model*
- ***Multi-model***
- *Mini-model*
- *Large-model*

Question#4: What is the main strength of the Problem Space Framework as a model of human problem solving?

- ***It operates within the constraints of the human processing system***
- *It explains what is involved in insight*
- *It allows ill-defined problems to be solved*
- *It allows poorly-defined problems to be solved*

Question#5: Using icons on the desktop to represent operations is a type of …….constraint.

- *Physical*

- *Logical*
- ***Cultural***
- *Graphical*

Question#6: There is usually a_____attached to the top of a window identifying it to the user.

- *Icon*
- ***Title bar***
- *Menu*
- *Button*

Question#7: Input in human is mainly though the_____and output through the_____of the effectors.

- *Senses, Rods*
- *Motor control, Senses*
- ***Senses, Motor Control*** ***Page # 54***
- *Motor Control, Rods*

Question#8:_____model is famous for risk analysis.

- *Waterfall*

- ***Spiral***

- *RAD*

- *Incremental*

Question#9:_____aspect (s) gives us hints and tips about using and creating user interface idioms, like dialog boxes and pushbuttons.

- *Efficient.*
- *Strategic.*
- *Tactical.*
- *Reliable.*

- *Only A*

- ***Only C***

- *A and C*

- *B and D*

.

Question#10: In order to develop any product, which major activity or activities should be undertaken from the given list:

A. The designer must understand the requirements of the product

B. must develop the product.

- *Only A*
- *Only B*
- ***A and B***
- *Not A and Not B*

Question#11: The persona's needs are fully satisfied by a primary interface refers to_____persona.

- ***Supplement*** ***Page # 159***
- *Negative*
- *Secondary*
- *Primary*

Question#12: Suppose ali is writing an article on Cloud computing in windows mobile, which cognitive mode will contribute to generate this idea.

- *Experiential cognition*
- ***Reflective cognition*** ***Page # 48***
- *Information cognition*
- *Execution cognition*

Question#13: Primary interface serves the needs of the persona with the minor modification or addition refers to _____persona.

- *Primary*
- ***Secondary*** ***Page # 159***
- *Supplement*
- *Negative*

Question#14: As a designer you get usage patterns and the goals associated with users that drive the creation of personas in the_____phase.

- *Requirements definition*
- *Framework definition*
- ***Modeling phase*** ***Page # 159***
- *Refinement*

Question#15:_____minimize errors.

- *Affordance*

- *Visibility*

- ***Constraints*** ***Page # 106***

- *Affordance and Visibility*

Question#16: *The color, which are directly opposite to each other are said to be.*

- ***Complementary colors*** ***Page # 64***

- *Analogous colors*

- *Primary colors*

- *Secondary colors*

Question#17: *The_____phase employs ethnographic field study techniques (observation and contextual interviews) to provide qualitative data about potential and/or actual users of the product.*

- *Refinement*

- *Framework definition*

- *Modeling*

- ***Research*** ***Page # 158***

Question#18: *Comparing design standards with guidelines, standards are usually_____.*

- ***Higher in authority and more limited in application***
- *Higher in authority and more general in application*
- *Lower in authority and more general in application*
- *Lower in authority and more limited in application*

Question#19: *There are various types of errors. Norman has categorized them into two main types.*

- *Mistakes, Error*
- *Self Blaming , Mistakes*
- *Error , Slips*
- ***Mistakes, Slips*** ***Page # 100***

Question#20: *The transitions on the Interaction Framework;*

- *Are unimportant*
- *Simply link the whole system together*
- *Pass messages around the system*
- ***Represent the translations required from one component to the next*** ***Page # 123***

Question#21: *Which of the following is proportional to the amplitude of the sound where the frequency remains constant?*

- *Pitch*
- ***Loudness*** ***Page # 70***
- *Timber*
- *Rhythm*

Question#22: *The eye is a mechanism for receiving light and transforming it into_____energy.*

- ***Electrical energy*** ***Page # 55***
- *Heat energy*
- *Potential energy*
- *Kinetic energy*

Question#23: *WYSIWYG stands for_____.*

- *What you say is what you talk*
- ***What you see is what you get*** ***Page # 36***
- *What you sing is what you think*
- *What you sow is what you ripe*

Question#24: Which of the following is haptic perception?

- ***Touch*** ***Page # 71***
- *Smell*
- *Taste*
- *Hear*

Question#25:_____is required when someone is required to make a prediction about a particular state of affairs.

- *Image model*
- ***Mental model*** ***Page # 94***
- *Initial model*
- *Spiral model*

Question#26:_____are individual and isolated regions within display that can be selected by the user to invoke specific operations.

- ***Buttons*** ***Page # 133***
- *Edition*

- *Cursors*

- *Windows*

Question#27: In understanding the nature of usability: the way or approach in which the user and the idiom interact is called___.

- ***Strategic*** ***Page # 143***

- *Tactical*

- *Non- Technical*

- *Technical*

Question#28: Unable to edit pdf document, is a type of_____constraints.

- *Physical*

- ***Logical*** ***Page # 106***

- *Cultural*

- *Update*

Question#29: The_____appears in the center of the circle, and so there is the same distance to travel to any of the selections.

- *Main menus*

- *Icon*

- ***Pointer*** ***Page # 132***

- *Title bar*

Question#30: *Which of the following is proportional to the amplitude of the sound; the frequency remains constant?*

- *Pitch*

- ***Loudness*** ***page # 70***

- *Timber*

- *None of these*

Question#31: *The human eye has approximately_____rods and _____cones per eye*

- ***120 million , 6 million*** ***Page # 56***

- *190 million , 3 billion*

- *150 billion , 6 million*

- *None of the given*

Question#32: *What are the three types of reasoning?*

- *Deductive, Productive and Inductive*

- ***Abdicative, Inductive and Deductive*** ***Page # 89***

- *Inductive, Abdicative and Reproductive*

- *Productive, Reproductive and Deductive*

Question#33: Which of the following is not one of the goals of HCI?

- *To produce usable systems*

- *To produce safe systems*

- ***To produce non-functional systems*** ***Page # 30***

- *To improve effectiveness of the systems*

Question#34: Which of the following is considered as the most complex species?

- ***Humans*** ***Page # 18***

- *Computers*

- *Animals*

- *Birds*

Question#35: Totality of characteristics of an entity that bear on its ability to satisfy stated and implied needs are called_____.

- ***Quality*** ***Page # 40*** ***Click here for more detail***
- *Effectiveness*
- *Standard*
- *Quantity*

Question#36: Which of the following is not true regarding "cones"?

- *A type of receptor in eye*
- ***more sensitive to light*** ***Page # 56***
- *different types of cones are sensitive to different wavelengths of light*
- *eye has approximately 6 million cones*

Question#37: Which of the following is a true statement?

- ***Human-computer interface specialists are user-centered and software engineers are system centered Page # 21***
- *Human-computer interface specialists are system-centered and software engineers are user-centered*

- *Human-computer interface specialists and software engineers, both are system-centered.*

- *Human-computer interface specialists and software engineers, both are user-centered.*

Question#38: *Which of the following is not true?*

- *Utility refers to the functionality of a system*

- ***Usability is concerned with adding complexity to the system*** ***page # 30***

- *Usability is concerned with making systems easy to use*

- *Poorly designed computer system can be extremely annoying to users*

Question#39: *Formal methods are used to represent*

- *Architecture aspects of software systems only*

- *Procedural aspects of software systems only*

- ***Both Architecture and procedural aspects of software systems*** ***Page # 21***

- *None of the given*

Question#40: *Which interface system is based on the question / answer dialogue?*

- *Command Line Interfaces*

- ***Query interfaces*** ***Page # 127 and 128***
- *Menus*
- *Natural Language Interfaces*

Question#41: Choice of operations and services are offered on the screen through _____

- *Pointers*
- *Toolbars*
- ***Menus*** ***Page # 131***
- *None of the given*

.

Question#42: What will be the gulf of execution if the user is able to formulate and perform the actions easily;

- ***Smaller*** ***Page # 122***
- *Greater*
- *Balanced*
- *None of the Given*

Question#43: Form-filling interfaces are used for

- ***data entry*** ***Page # 128***
- *data integration*
- *data manipulation*
- *data definition*

.

Question#44: Which of the following is flaw in waterfall model?

- ***requirements change overtime*** ***Page # 150***
- *maintenance can not be possible at the end*
- *testing should be done before requirements gathering*
- *All at the given*

Question# 45: There are two aspects in which we can understand the nature of usability A. Strategic and Tactical. B. Efficiency and Strategy C. Tactical and Reliability D. Efficiency and Reliability

- ***Only A*** ***Page # 143***
- *Only C*
- *A and D*
- *B and C*

Question#46: Once the user input into system, the input language is translated into the language as operations to be performed by the system.

- *Task*
- ***Core*** ***Page # 123***
- *Both*
- *None of the above*

Question# 47: User and system has its own unique language the language used by the system is called ……...

- ***Core*** ***Page # 123***
- *Task*
- *Both*
- *None of the above*

Question#48: Which of the following is used to toggle between two states?

- *check boxes*
- ***Radio buttons*** ***Page # 133***
- *Toolbars*
- *menus*

Question# 49: *Which of the following is a text entry device?*

- ***Keyboard*** ***Page # 110***
- *mouse*
- *monitor*
- *touch pad*

Question#50: *"Mistakes" and "Slips" are two forms of*

- ***Errors*** ***Page # 100***
- *goals*
- *evaluation*
- *objectives*

Question# 51: *The _____model should match the_____model.*

- *User, conceptual*
- ***Conceptual, mental*** ***Page # 94*** ***Click here for more Detail***
- *Mental, central*

- *Conceptual, central*

Question#52: *Which of the following is/are aspect(s) of human action?*

- ***execution and evaluation*** ***Page # 99***
- *evaluation and efficiency*
- *efficiency and execution*
- *efficiency*

Question#53: *Building things from user's perspective is called*

- *Functionality*
- ***Usability*** ***page # 31***
- *Portability*
- *None of the given*

Question#54: *Certain factors that help us to interact with graphical based systems*

- *Indirect manipulation*
- ***Direct manipulation*** ***Page # 86***
- *Both*

- *None of the given*

l

Question#55: If you are taking lecture and suddenly you hear music or voices from the other room. It is called?

- *Focused attention*
- *Divided attention*
- *Voluntary attention*
- ***Involuntary attention*** ***Page # 70***

Question#56: Which of the following is a long-term individual difference?

- *Age*
- ***Sex***
- *Fatigue*
- *Color*

Question#57:_____refers to how good a system at doing What it is supposed to do?

- *Safety*

- *Usability*
- *Efficiency*
- ***Effectiveness*** ***Page # 31***

Question#58: As a software designer, which aspects guide you to think about the Way in which the user and the idiom interact?

- *Tactical*
- *Manual*
- *Technical*
- ***Strategic*** ***Page # 143***

Question#59: Adeel renders financial services in "ABC" bank .He specialized in his field. What he is called as from the following?

- *Society of manufacturing engineer (SME)*
- ***Subject matter expert (SME)*** ***Page # 168***
- *Small and medium enterprise (SME)*
- *Subject master engineering (SME)*

Question#60: Scenario content and context are derived from information gathered during_____the phase and analyzed during the_____phase (respectively)

- *Modeling, implementation*
- *Modeling, Research*
- *Research, implementation*
- ***Research, modeling*** ***Page # 100***

Question#61: *What is a semantic network?*

- ***A model of long-term memory*** ***Page # 82***
- *A record of our memory of events*
- *The part of the brain which allows us to remember things*
- *A mechanism for improving memory*

Question#62: *Which of the following is least likely to be revealed by a paper prototype?*

- *Your users don't know the term algorithm*
- ***Toolbar buttons are too small to press***
- *The Help menu isn't in the right place*

- *Radio buttons are too small*

Question#63: _____*is a powerful, multipurpose design tool that helps overcome several problems that currently plague the development of digital products.*

- *Scenario*

- ***Persona*** ***Page # 187***

- *Prototype*

- *None*

Question#64: *The difference between the intentions and allowable actions is the:*

- ***Gulf of Execution*** ***Page # 103***

- *Gulf of Evaluation*

- *Both of the above options*

- *None of these*

Question#65: *Attention is the process of selecting things to concentrate on, at a point in time, from the range of* _____.

- ***Possibilities available*** ***Page # 76***

- *Time Available*

- *None of these*

.

Question#66: The goals of HCI are:

- ***Usability and User Experience*** ***Page # 30***
- *Learn ability and Comfort*
- *Tasks and Goals*
- *All of the above options*

Question#67: WYSIWYG stands for_____.

- *Where you see is where you get*
- ***What you see is what you get*** ***Page # 36***
- *When you see it when you get*

Question#68:_____is proportional to the amplitude of the sound.

- *Pitch*
- ***Loudness*** ***Page # 70***
- *Timber*

- *None of the given*

Question#69: Which of the given statements correctly defines effectiveness in terms of one of the usability goals?

- ***It is a very general goal and refers to how good a system at doing what it is suppose to do. Page # 31***
- *It refers to the way a system supports users in carrying out their tasks.*
- *It involves protecting the users from dangerous conditions*
- *It involves protecting the users from undesired situations*

Question#70: Which of the given statements correctly defines efficiency in terms of one of the usability goals?

- *It is a very general goal and refers to how good a system at doing what it is suppose to do.*
- ***It refers to the way a system supports users in carrying out their tasks. Page # 31***
- *It involves protecting the users from dangerous conditions*
- *It involves protecting the users from undesired situations*

Question#71: User personas that are not primary or secondary are ____personas.

- *Served*

- *Negative*
- *Customer*
- ***Supplemental*** ***Page # 196***

Question#72: Which of the following is the comparison of what happened in the world with what we wanted to happen?

- *Action*
- ***Evaluation*** ***Page # 99***
- *Execution*
- *Implementation*

Question#73:_____Research can tell you about what, how, many and why in rich, multivariate detail.

- *Quantitative*
- ***Qualitative*** ***Page # 166***
- *SME*
- *None of these*

Question#74: Requirements specification involves:

A. *Capturing the functional requirements of the system architecture*
B. *Eliciting information about the Work domain from the customer.*

- *Only A*
- ***Only B*** ***Click here for more Detail***
- *Both A and B*
- *Not A and Not B*

Question#75: What are the Most common things you do with the product is a type of_____.

- *Goal- oriented question*
- ***System - oriented question*** ***Page # 182***
- *Workflow- oriented question*
- *Attitude-oriented question*

Question#76: What do you procrastinate on? is type of _____

- *Priorities*
- ***Avoidance*** ***Page # 183***
- *Exceptions*

- *Preference*

*Question#77:*_____*Cognitive process involves encoding and recalling knowledge and acting appropriately*

- *Attention*
- *Reduction*
- ***Memory***
- *Encoding*

*Question#78: During*_____*usage and workflow patterns discovered through analysis of the field research and interviews are synthesized into domain and user models*

- *Research*
- ***Modeling*** ***Page # 159***
- *Framework*
- *Interview*

Question#79: Transactional sites that are used for a significant part of an employee"s job should be considered full _____*applications.*

- ***Sovereign*** ***Page # 30***
- *Transient*

- *Temporary*
- *None of the given*

Question#80: _____ *is the process of selecting things to concentrate on, at a point in time, from the range of possibilities available.*

- *Perception and recognition*
- ***Attention*** ***Page # 76***
- *Learning*
- *None of these*

Question#81: HCI deals with _____.

- *Design of interactive system only*
- *Evaluation of interactive system only*
- *Implementation of interactive system only*
- ***All of the given choices***

Question#82: When you engaged in a conversation you are more attentive what the other person is saying. It is called?

- ***Focused Attention*** ***Page # 78***

- *Voluntary Attention*

- *Involuntary attention*

- *Divided Attention*

*Question#80:*_____*is the process of selecting things to concentrate on, at a point in time, from the range of possibilities available.*

- *Perception and recognition*

- ***Attention*** ***Page # 76***

- *Learning*

- *None of these*

Question#81: *HCI deals with*_____.

- *Design of interactive system only*

- *Evaluation of interactive system only*

- *Implementation of interactive system only*

- ***All of the given choices***

Question#82: *When you engaged in a conversation you are more attentive what the other person is saying. It is called?*

- ***Focused Attention*** ***Page # 78***

- *Voluntary Attention*

- *Involuntary attention*

- *Divided Attention*

Question#83: Drive a vehicle while holding a conversation with a passenger is the example of_____.

- *Focused Attention*

- *Voluntary Attention*

- *Involuntary attention*

- ***Divided Attention*** ***Page # 78***

Question#84:_____minimizes errors.

- *Affordance*

- ***Constraints*** ***Page # 106***

- *Visibility*

- *Affordance and Visibility*

Question#85:_____are dragged down from the title at the top of the screen.

- ***Pull Down Menus*** ***Page # 132***

- *Main Menus*

- *Icons*

- *Buttons*

Question#86:_____aspect (s) gives us hints and tips about using and creating user interface idioms, like dialog boxes and pushbuttons.

- *Efficient*

- *Strategic*

- ***Tactical*** ***Page # 143***

- *Reliable*

.

Question#87: The Usability Engineering lifecycle was proposed by_____.

- *Hartson*

- *Webster*

- *Barry Boehm*

- ***Deborah Mayhew*** ***Page # 153***

Question#88: Ali is looking at how interface designers went about their work. He identified two different modes of activity: one is_____ and other is_____.

- ***Analytic mode, synthetic mode*** ***Page # 153***

- *Evaluation mode, testing mode*

- *Analyze mode, feedback mode*

- *Implementation mode, task mode*

Question#89: Alia is used to describe design problem /solution by____that is an imagined or projected sequence of events, especially any of several detailed plans or possibilities

- *Persona*
- ***Scenario***
- *Flowchart*
- *Brainstorming*

Question#90:_____are individual and isolated regions within display that can be selected by the user to invoke specific operations.

- ***Buttons*** ***Page # 133***
- *Pointers*
- *Menus*
- *Windows*

Question#91: Around 63% of software projects exceed their cost estimates. The top four reasons for This are:

A– Frequent requests for changes from users
B– Overlooked tasks

C– Users' lack of understanding of their own requirements

D– Insufficient user-analyst communication and understanding

- *Only A*
- *Only B*
- *Only D*
- ***A B C & D***

Question#92: _____ *of the potential sales from a site are lost because people cannot find the item they are looking for*

- ***50%*** ***Page # 141***
- *40%*
- *30%*
- *10%*

Question#93: *Human eye is very sensitive to* _____

- *Air*
- *Smoke*
- ***Light*** ***Page # 55 and 56***
- *Sand*

Question#94: *Top of the web page contain the* _____

- *Menu*
- ***Title bar***
- *Home icon*
- *Back button*

Question#95: You can load a VCR tape the right way because of_____.

- ***Physical constraints*** ***Page # 106***
- *Logical constraints*
- *Cultural constraints*
- *None of these*

Question#96:_____are unintentional while_____occur through conscious deliberation (respectively).

- ***Slips, mistakes*** ***Page # 100***
- *Errors, slips*
- *Mistakes, errors*
- *Mistakes, slips*

Question#97: What is the main strength of the Problem Space Framework as a model of human problem solving?

- ***It operates within the constraints of the human processing system*** ***Page # 91***
- *It explains what is involved in insight*

- *It allows ill-defined problems to be solved*

- *None of these*

Question#98: *Over a short period of time, we find it easier to remember the string of numbers "404 894 6743" because:*

- *Numbers are easier to remember than arbitrary characters.*
- ***The grouping of the numbers is significant*** ***Page # 81***
- *Ten numbers is not that many to have to remember from working memory.*
- *None of these*

Question#99: *Interpretation inquiry, according to Beyer and Holtzblatt, is based on a master apprentice model of learning.*

- *True*
- ***False*** ***Page # 176***

Question#100: *The persona is not an actual user of the product, but is indirectly affected by it and its use refers to* _____*persona*

- *Primary*
- *Secondary*
- ***Served*** ***Page # 159***
- *Negative*

Question# 101: Which of the following is not a secondary color?

- *Green*
- *Orange*
- *Purple*
- ***Blue*** ***Page # 63***

Question#102: *Which of the following requires less cognitive effort than others?*

- ***Listening*** ***Page # 87***
- *Speaking*
- *Hearing*
- *None of the given*

Question#103: *We are deficient in our development_____, not in our development _____ (respectively).*

- ***Process, Tools*** ***Page # 23***
- *Tools, Process*
- *Tools, Methodology*
- *None of these*

Question#104: *The command line interface is used because:*

- *It is easy to understand*

- *It is demanded by DOS*

- *It is offered by UNIX systems*

- ***It is powerful and flexible***

Question#105: Which of the following is concerned primarily with understanding human behavior and the mental processes that underlie it?

- ***Psychology*** ***Page # 43***
- *Sociology*
- *Statistics*
- *Computer Science*

Question#106: _____plays a role to bridge up the gape between the interfaces of machines and human understanding.

- *Human*
- *Computer*
- ***Human Computer Interaction*** ***Page # 14***
- *None of these*

Question#107: The persona"s needs are sufficiently unique to require a distinct interface form and behavior is _____type of Persona.

- ***Primary*** ***Page # 159***
- *Secondary*

- *Supplement*

- *Negative*

Question#108: A_____is usually a collection of icons those are reminiscent of the purpose of the various modes.

- *Button*
- *Pointer*
- ***Palette*** ***Page # 133***
- *Title bar*

Question#109: During_____phase, usage and workflow patterns discovered through_____.

- ***Modeling, analysis*** ***Page # 159***
- *Analysis, modeling*
- *Testing, modeling*
- *Testing, Analysis*

Question#110: The Star lifecycle was proposed by_____.

- *Deborah Mayhew*

- *Webster*

- *Barry Boehm*

- ***Hartson*** ***Page # 152***

Question#111: Waterfall model is basically a_____model in which each step must be completed before the next step can be started.

- *Incremental*
- ***Linear*** ***Page # 149***
- *Iterative*
- *Analytical*

.

Question#112: What do you enjoy most about your job (or lifestyle) is an example of_____.

- *Avoidance*
- ***Motivation*** ***Page # 183***
- *Exceptions*
- *Attitude-oriented questions*

Question#113:_____represents the Early-phase of ethnographic interviews.

- *Clarify user roles and behaviors*

- *Confirm patterns of use*

- *Clarifying questions*

- ***Focused on domain knowledge*** ***Page # 181***

114: There can only be one_____persona per interface for a product.

- ***Primary*** ***Page # 196***
- *Secondary*
- *Supplemental*
- *Customer*
- *Question#115: What are the most common things you do with the product is a type of____.*
- *Goal-oriented question.*
- ***System-oriented question.*** ***Page # 182***
- *Workflow-oriented question.*
- *Attitude-oriented question.*

Question#116:_____represent the user"s expectations of the tangible outcomes of using a specific product.

- *Non-user goals*
- ***End goals*** ***Page # 192***
- *Experience goals*

- *Life* *goals*

Question#117: _____personas address the needs of customers, not end users.

- Served
- Negative
- **Customer** **Page # 197**
- Supplemental

.

Question#118: Persona is not context specific, so it can be reused easily.

- True
- **False** **Page # 189**

Question#119: The size and shape of a compact disk, is a type of_____constraint.

- **Physical** **Page # 106**
- Logical
- Cultural
- None of these

Question#120: Which of the following device can not be useful for a visually impaired person?

- *a typical keyboard*
- ***a typical monitor***
- *a typical speaker*
- *a typical processor*

Question#121: The gulf of execution refers to_____.

- *The user‟s difficulty in understanding the feedback from the system*
- *The system‟s difficulty in presenting information in the output language*
- *The system‟s difficulty in converting an input expression into the correct system state transition*
- ***The user's difficulty in formulating and articulating an intention to the system***

Question#122: Which of the following is not one of the primary colors?

- *Red*
- *Yellow*
- *Blue*

Question#123: Learnability, flexibility and robustness are three main usability principles that can be considered as general headings for standards and guidelines generation. Which of the following are also high level usability categories that can guide standards and guidelines generation?

(i) Effectiveness
(ii) Efficiency
(iii) Fault tolerance
(iv)Satisfaction

Select correct option:

- ***(i) & (ii)*** ***Page # 31***
- *(i), (ii) & (iv)*
- *(ii) & (iii)*
- *(ii) & (iv)*

Question#124: Human beings interact with outside world, using their

- *input channels*
- *output channels*
- *sense of sight*

Question#125: Visually impaired persons can interact with outside world using their

- *Sense of sight*
- *Sense of hearing*
- ***Both sense of touch and sense of hearing***
- *Sense of touch*

Question#126:_____refers to the relationship between controls and their effects in the world.

- *Visibility*
- *Affordance*
- ***Mapping*** ***Page # 107***
- *None of the given*

Question#127:_____is a very general goal of Usability and refers to how good a system at doing what it is suppose to do.

- ***Effectiveness*** ***Page # 31***
- *Efficiency*
- *Utility*

- *None of the given*

Question#128:_____is what goes on in out heads when we carry out our everyday activities?

- ***Cognition*** ***Page # 47***
- *Learnability*
- *Memorability*
- *None of the given*

Question#129:_____is the process by which we use the knowledge we have to draw conclusions or infer something new about the domain of interest.

- *Decision Making*
- ***Reasoning*** ***Page # 89***
- *Problem Solving*
- *None of the given*

Question#130:_____research helps us understand the domain, context and constraints of a product in different, more useful ways than _____research do.

- ***Qualitative, Quantitative*** ***Page # 167***
- *Quantitative, Qualitative*
- *Qualitative, Deductive*
- *None of them*

Question#131: In an organization individuals may keep their own records, or there may be local gurus. This statement concerns with_____.

- *Paper work and computer work*
- *Spatial and temporal organizations*

- ***Organizational memory*** ***Page # 176***

- *None of these*

Question#132: Using icons on the desktop to represent operations is a type of_____constraint.

- *Physical*
- *Logical*
- ***Cultural*** ***Page # 106***
- *None of these*

Question#133:_____is a term used to refer to an attribute of an object that allows people to know how to use it.

- *Visibility*
- ***Affordance*** ***Page # 105***
- *Constraint*
- *None of these*

Question#134:_____minimizes errors.

- *Affordance*
- *Visibility*

- ***Constraints*** ***Page # 106***

- *None of these*

Question#135: Models are used in design to:

- *Generate the design*

- *Evaluate the design*

- ***Generate and evaluate the design*** ***Click here for more Detail***

- *None of the given*

models are used to generate and evaluate forecasts and decision alternatives.

Question#136: Which are the most significant senses for the average person when it comes to interacting with a computer?

- *Sight and hearing*
- *Hearing, touch and smell*
- *Hearing and touch*
- ***Sight, hearing and touch***

Question#137:_____refers to the way a system supports users in carrying out their tasks.

- ***Efficiency*** ***Page # 31***
- *Effectiveness*
- *Utility*
- *None of the given*

.

Question#138:_____are GUIs that consists of electronic counterparts to physical objects in the real world to match the knowledge requirements of users.

- *User Interaction Models*

- *Conceptual Models*

- ***Interface Metaphors*** ***Page # 51***

- *None of the given*

Question#139: _____language tends to be grammatical while_____language is often Ungrammatical.

- ***Written, spoken*** ***Page # 87***
- Spoken, written
- Verbal, non-verbal
- None of the given

Question#140: Aspect gives us hints and tips about using and creating user interface idioms.

- Strategic
- ***Tactical*** ***Page # 143***
- Operational
- None of the given choices

Question#141: Faisal is looking at how interface designers went about their work. He identified two different modes of activity: one is___and other is _____.

- ***Analytic mode, synthetic mode*** ***Page # 153***
- Evaluation mode, testing mode

- *Analyze mode, feedback mode*

- *Implementation mode, task mode*

Question#142: _____ *are dragged down from the title at the top of the screen.*

- ***Pull Down Menus*** ***Page # 132***
- *Main Menus*
- *Icons*
- *Buttons*

Question#143: When you engaged in a conversation you are more attentive what the other person is saying. It is called?

- ***Focused Attention*** ***Page # 78***
- *Voluntary Attention*
- *Involuntary attention*
- *Divided Attention*

Question#144: Drive a vehicle while holding a conversation with a passenger is the example of _____.

- *Focused Attention*

- *Voluntary Attention*

- *Involuntary attention*

- ***Divided Attention***

Question#145: *GOMS stands for:*

- ***Goals operation methods and selection rules*** ***Page # 50***
- *Goals objects models and selection rules*
- *Goals operations methods and state rules*
- *Goals operations models and state rules*

Question#146: *Which of the following is/are the main component(s) of color?*

- *Hue*
- *Intensity*
- *Saturation*
- ***All of the given*** ***Page # 59***

Question#147: _____*is a Usability Goal and refers to how easy a system is to remember how to use, once learned.*

- *Learnability*
- ***Memorability*** ***Page # 32***
- *Utility*

- *None of the given*

Question#148: A mouse button invites pushing by the way it is physically constrained in its plastic shell, is an example of_____Design Principle.

- *Visibility*
- ***Affordance*** ***Page # 105***
- *Mapping*
- *None of the given*

Question#149: Ali is working on a document called cv in MS word now wishes to make a copy of it on disk so he can make some changes to the original. Which of the following process will help?

- *Redo*
- ***Archiving*** ***Page # 321***
- *Undo*
- *Milestoning*

Question#150: When you try to log to yahoo. You wrongly enter password in capital letter, due to which error message arise invalid username and password. Which of the following error message dialog will appear?

- ***Alerts*** ***Page # 387***
- *Confirmation*
- *Feedback*

- *Delete.*

Question#151: With the help of_____Model, one can quantify (on the basis of Quantitative Measurements) the human performance in using computer based system

- ***GOMS*** ***Page # 50***
- *Human Processor model*
- *Quantum model*
- *Quality Model*

Question#152: Ethnography is a method that comes originally from anthropology and literally means

- ***Writing the culture*** ***Page # 173***
- *Social issues*
- *Ethical issues*
- *Ethics*

Question#153: Physical objects are said to have____affordance.

- ***Real*** ***Page # 105***
- *Perceived*
- *Logical*

- *Intuitive*

Reference MCQ's For MIDTERM EXAMS CS408 - HUMAN COMPUTER INTERACTION

Question No: 1 (Marks: 1) - Please choose one

_____are unintentional while_____ occur through conscious deliberation.

- ***Slips, mistakes (page 100)***
- *Errors, slips*
- *Mistakes, errors*
- *Mistakes, slips*

Question No: 2 (Marks: 1) - Please choose one

What is the main strength of the Problem Space Framework as a model of human problem solving?

- ***It operates within the constraints of the human processing system (page 91)***
- *It explains what is involved in insight*
- *It allows ill-defined problems to be solved*
- *None of these*

Question No: 3 (Marks: 1) - Please choose one

_____ is the process of selecting things to concentrate on, at a point in time, from the range of possibilities available.

- *Perception and recognition*
- ***Attention (page 76)***
- *Learning*
- *None of these*

Question No: 4 (Marks: 1) - Please choose one

Interpretation inquiry, according to Beyer and Holtzblatt, is based on a master-apprentice model of learning.

- *True*
- ***False (page 176)***

Question No: 5 (Marks: 1) - Please choose one

The persona is not an actual user of the product, but is indirectly affected by it and its use refers to

_____ *persona*

- *Primary*
- *Secondary*
- ***Served (page 159)***
- *Negative*

Question No: 6 (Marks: 1) - Please choose one

_____ *is a powerful, multipurpose design tool that helps overcome several problems that currently plague the development of digital products.*

- *Scenario*
- ***Persona (page 187)***

- *Prototype*

Question No: 7 (Marks: 1) - Please choose one

The difference between the intentions and allowable actions is the:

- ***Gulf of Execution (page 103)***
- *Gulf of Evaluation*
- *None of these*

Question No: 8 (Marks: 1) - Please choose one

Attention is the process of selecting things to concentrate on, at a point in time, from the range of

- ***Possibilities available (page 76)***
- *Time Available*
- *None of these*

Question No: 9 (Marks: 1) - Please choose one

The goals of HCI are:

- ***Usability and User Experience (page 30)***
- *Learn ability and Comfort*

- *Tasks and Goals*

Question No: 10 (Marks: 1) - Please choose one

WYSIWYG stands for _____.

- *Where you see is where you get*
- ***What you see is what you get (page 36)***
- *When you see it when you get*

Question No: 11 (Marks: 1) - Please choose one

_____ is proportional to the amplitude of the sound.

- *Pitch*
- ***Loudness (page 70)***
- *Timber*

Question No: 12 (Marks: 1) - Please choose one *Persona is not context specific, so it can be reused easily.*

- *True*
- ***False (page 189)***

Question No: 13 (Marks: 1) - Please choose one

_____ are individual and isolated regions within display that can be selected by the user to

invoke specific operations.

- ***Buttons (page 133)***
- *Pointers*
- *Menus*
- *Windows*

Question No: 14 (Marks: 1) - Please choose one

User personas that are not primary or secondary are _____ personas.

- *Served*
- *Negative*
- *Customer*
- ***Supplemental (page 196)***

Question No: 15 (Marks: 1) - Please choose one

Which of the following is the comparison of what happened in the world with what we wanted to happen?

- *Action*
- ***Evaluation (page 99)***
- *Execution*
- *None of these*

Question No: 16 (Marks: 1) - Please choose one

The size and shape of a compact disk, is a type of _____ constraint.

- ***Physical (page 106)***
- *Logical*
- *Cultural*
- *None of these*

Question No: 17 (Marks: 1) - Please choose one

_____ Research can tell you about what, how, many and why in rich, multivariate detail.

- *Quantitative*
- ***Qualitative (page 166)***
- *SME*
- *None of these*

Question No: 18 (Marks: 1) - Please choose one

Which of the given statements correctly defines effectiveness in terms of one of the usability goals?

- ***It is a very general goal and refers to how good a system at doing what it is suppose to do. (page 31)***
- *It refers to the way a system supports users in carrying out their tasks.*
- *It involves protecting the users from dangerous conditions*
- *It involves protecting the users from undesired situations*

Question No: 19 (Marks: 1) - Please choose one

Which of the following is not a secondary color?

- *Green*
- *Orange*
- *Purple*
- ***Blue (page 63)***

Question No: 20 (Marks: 1) - Please choose one

Which of the following device can not be useful for a visually impaired person?

- *a typical keyboard*
- ***a typical monitor***
- *a typical speaker*
- *a typical processor*

Question No: 21 (Marks: 1) - Please choose one

Which of the following requires less cognitive effort than others?

- ***Listening (page 87)***
- *Speaking*
- *Hearing*

- *None of the given*

Question No: 22 (Marks: 1) - Please choose one

We are deficient in our development _____, not in our development _____ (respectively).

- ***Process, Tools (page 23)***
- *Tools, Process*
- *Tools, Methodology*
- *None of these*

Question No: 23 (Marks: 1) - Please choose one

Which of the following is not true regarding "cones"?

- ***A type of receptor in eye more sensitive to light (page 56)***
- *Different types of cones are sensitive to different wavelengths of light*
- *Eye has approximately 6 million cones*

Question No: 24 (Marks: 1) - Please choose one

Which of the following does not count as one of the advantages of computers?

- *Computers are enabling new discoveries*
- *Leading to efficiencies*
- *Making our life convenient*

➢ ***Depending so much on computers may give fatal results (page 9)***

Question No: 25 (Marks: 1) - Please choose one

The gulf of execution refers to _____ .

The user's difficulty in understanding the feedback from the system The system's difficulty in presenting information in the output language

The system's difficulty in converting an input expression into the correct system state transition
The user's difficulty in formulating and articulating an intention to the system

Question No: 26 (Marks: 1) - Please choose one

Learnability, flexibility and robustness are three main usability principles that can be considered as general headings for standards and guidelines generation. Which of the following are also high level usability categories that can guide standards and guidelines generation? (i) Effectiveness (ii) Efficiency (iii) Fault tolerance (iv) Satisfaction

Select correct option:

(i) & (ii) (page 31)

(i), (ii) & (iv)

(ii) & (iii)

(ii) & (iv)

Question No: 27 (Marks: 1) - Please choose one

Which of the following is not true?

- *Utility refers to the functionality of a system*
- ***Usability is concerned with adding complexity to the system (page 31)***
- *Usability is concerned with making systems easy to use*
- *Poorly designed computer system can be extremely annoying to users*

Question No: 28 (Marks: 1) - Please choose one

The command line interface is used because:

- *It is easy to understand*
- *It is demanded by DOS*
- *It is offered by UNIX systems*
- ***It is powerful and flexible (page 127)***

Question No: 29 (Marks: 1) - Please choose one

Which of the given statements correctly defines effectiveness in terms of one of the usability goals?

- ***It is a very general goal and refers to how good a system at doing what it is suppose to do. (page 31)***
- *It refers to the way a system supports users in carrying out their tasks.*
- *It involves protecting the users from dangerous conditions*
- *It involves protecting the users from undesired situations*

Question No: 30 (Marks: 1) - Please choose one *Which of the following is not one of the primary colors?*

- *Red*
- *Yellow*
- *Blue*
- ***Green (page 63)***

Question No: 31 (Marks: 1) - Please choose one

Which of the following is concerned primarily with understanding human behavior and the mental processes that underlie it?

- ***Psychology (page 43)***
- *Sociology*
- *Statistics*
- *Computer Science*

Question No: 32 (Marks: 1) - Please choose one

HCI deals with:

- *Design of interactive system only*
- *Evaluation of interactive system only*
- *Implementation of interactive system only*
- ***All of the given choices (page 15)***

Question No: 33 (Marks: 1) - Please choose one

Human beings interact with outside world, using their

- *input channels*
- *output channels*
- *sense of sight*
- ***All of the given (page 54)***

Question No: 33 (Marks: 1) - Please choose one

We are deficient in our development _____, not in our development _____ (respectively).

- ***Process, Tools (page 23)***
- *Tools, Process*
- *Tools, Methodology*
- *None of these*

Question No: 34 (Marks: 1) - Please choose one

Visually impaired persons can interact with outside world using their

- *Sense of sight*
- *Sense of hearing*
- ***Both sense of touch and sense of hearing***
- *Sense of touch*

Question No: 35 (Marks: 1) - Please choose one

_____is the process of selecting things to concentrate on, at a point in time, from the range of possibilities available

- *Reasoning*
- *Decision Making*
- ***Attention (page 76)***

Question No: 36 (Marks: 1) - Please choose one

_____ refers to the relationship between controls and their effects in the world.

- *Visibility*
- *Affordance*
- ***Mapping (page 107)***

Question No: 37 (Marks: 1) - Please choose one

. _____ plays a role to bridge up the gap between the interfaces of machines and human understanding.

- ***Human computer Interaction (page 14)***
- *Software Engineering*

- *Human Computer Interfaces*

Question No: 38 (Marks: 1) - Please choose one

_____ is a very general goal of Usability and refers to how good a system at doing what it is

suppose to do.

- ***Effectiveness (page 31)***
- *Efficiency*
- *Utility*

Question No: 39 (Marks: 1) - Please choose one

. _____is what goes on in out heads when we carry out our everyday activities?

- ***Cognition (page 47)***
- *Learnability*
- *Memeorability*

Question No: 40 (Marks: 1) - Please choose one

_____ is the process by which we use the knowledge we have to draw conclusions or infer something new about the domain of interest.

- *Decision Making*
- ***Reasoning (page 89)***
- *Problem Solving*

Question No: 41 (Marks: 1) - Please choose one

_____research helps us understand the domain, context and constraints of a product in different, more useful ways than _____research do.

- ***Qualitative, Quantitative (page 167)***
- *Quantitative, Qualitative*
- *None of them*

Question No: 42 (Marks: 1) - Please choose one

In an organization individuals may keep their own records, or there may be local gurus. This statement concerns with _____.

- *Paper work and computer work*
- *Spatial and temporal organizations*
- ***Organizational memory (page 176)***
- *None of these*

Question No: 43 (Marks: 1) - Please choose one

Using icons on the desktop to represent operations is a type of _____ constraint.

- *Physical*
- *Logical*
- ***Cultural (page 106)***
- *None of these*

Question No: 44 (Marks: 1) - Please choose one

_____ is a term used to refer to an attribute of an object that allows people to know how to use it.

- *Visibility*
- ***Affordance (page 105)***
- *Constraint*
- *None of these*

Question No: 45 (Marks: 1) - Please choose one

_____ minimizes errors.

- *Affordance*
- ***Visibility (page 104)***
- *Constraints*
- *None of these*

Question No: 46 (Marks: 1) - Please choose one

Which of the following is proportional to the amplitude of the sound; the frequency remains constant?

- *Pitch*
- ***Loudness (page 70)***
- *Timber*
- *None of these*

Question No: 47 (Marks: 1) - Please choose one

_____ plays a role to bridge up the gape between the interfaces of machines and human understanding.

- *Human*
- *Computer*
- ***Human Computer Interaction (page 14)***
- *None of these*

Question No: 48 (Marks: 1) - Please choose one

The persona's needs are sufficiently unique to require a distinct interface form and behavior is _____ type of Persona.

- ***Primary (page 159)***
- *Secondary*
- *Supplement*
- *Negative*

Question No: 49 (Marks: 1) - Please choose one

A _____is usually a collection of icons those are reminiscent of the purpose of the various modes.

- *Button*
- *Pointer*
- ***Palette (page 133)***

- *Title bar*

Question No: 50 (Marks: 1) - Please choose one

The persona is not an actual user of the product, but is indirectly affected by it and its use refers to _____ persona

- *Primary*
- *Secondary*
- ***Served (page 159)***
- *Negative*

Question No: 51 (Marks: 1) - Please choose one

During _____ phase, usage and workflow patterns discovered through _____.

- ***Modeling, analysis (page 159)***
- *Analysis, modeling*
- *Testing, modeling*
- *Testing, Analysis*

Question No: 52 (Marks: 1) - Please choose one

Waterfall model is basically a _____ model in which each step must be completed before the next step can be started:

- *Incremental*
- ***Linear (page 149)***
- *Iterative*
- *Analytical*

Question No: 53 (Marks: 1) - Please choose one

Models are used in design to,

- *Generate the design*
- *Evaluate the design*
- ***Generate and evaluate the design (page 185)***
- *None of the given*

Question No: 54 (Marks: 1) - Please choose one

What is a semantic network?

- ***A model of long-term memory (page 82)***
- *A record of our memory of events*
- *The part of the brain which allows us to remember things*
- *A mechanism for improving memory*

Question No: 55 (Marks: 1) - Please choose one

Which are the most significant senses for the average person when it comes to interacting with a computer?

- *Sight and hearing*
- *Hearing, touch and smell*
- *Hearing and touch*
- ***Sight, hearing and touch (page 54)***

Question No: 56 (Marks: 1) - Please choose one

_____ refers to the way a system supports users in carrying out their tasks.

- ***Efficiency (page 31)***
- *Effectiveness*
- *Utility*

Question No: 57 (Marks: 1) - Please choose one

_____ are GUIs that consists of electronic counterparts to physical objects in the real world to match the knowledge requirements of users.

- *User Interaction Models*
- *Conceptual Models*
- ***Interface Metaphors (page 51)***

Question No: 58 (Marks: 1) - Please choose one

_____language tends to be grammatical while _____ language is often Ungrammatical.

- ***Written, spoken (page 87)***
- *Spoken, written*
- *None of the given choices*

Question No: 59 (Marks: 1) - Please choose one

Aspect gives us hints and tips about using and creating user interface idioms.

- *Strategic*

- ***Tactical (page 143)***
- *None of the given choices*

Question No: 60 (Marks: 1) - Please choose one

The Usability Engineering lifecycle was proposed by _____.

- ***Deborah Mayhew (page 153)***
- *Webster*
- *Barry Boehm*
- *Hartson*

Question No: 61 (Marks: 1) - Please choose one

Ali wants to develop an application that incorporates print, audio video media and software applications on a single place. Which of the following will help in this regard?

- *MS World*
- ***Worldwide Web (page 305)***
- *Television Newspaper*

Question No: 62 (Marks: 1) - Please choose one

Ali is looking at how interface designers went about their work. He identified two different modes of activity: one is _____ and other is _____.

- ***Analytic mode, synthetic mode (page 153)***
- *Evaluation mode, testing mode*
- *Analyze mode, feedback mode*

- *Implementation mode, task mode*

Question No: 63 (Marks: 1) - Please choose one

Scenario content and context are derived from information gathered during the _____ phase and analyzed during the _____ phase (respectively).

- *Modeling, Implementation*
- *Modeling, Research*
- *Research, Implementation*
- ***Research, Modeling (page 199)***

Question No: 64 (Marks: 1) - Please choose one

Ali requires access via a navigational portal relatively infrequently that provides clear, simple navigational control. Which of the following posture is appropriate in this case?

- *Auxiliary*
- ***Transient (page 231)***
- *Information*
- *Sovereign*

Question No: 65 (Marks: 1) - Please choose one

_____ are dragged down from the title at the top of the screen.

- ***Pull Down Menus (page 132)***
- *Main Menus*
- *Icons*

- *Buttons*

Question No: 66 (Marks: 1) - Please choose one

When you engaged in a conversation you are more attentive what the other person is saying. It is called?

- *Focused Attention*
- ***Voluntary Attention (page 78)***
- *Involuntary attention*
- *Divided Attention*

Question No: 67 (Marks: 1) - Please choose one

Drive a vehicle while holding a conversation with a passenger is the example of _____ .

- *Focused Attention*
- *Voluntary Attention*
- *Involuntary attention*
- ***Divided Attention (page 78)***

Question No: 68 (Marks: 1) - Please choose one

GOMS stands for:

- ***Goals, operation, methods and selection rules (page 50)***
- *Goals, objects, models and selection rules*
- *Goals, operations, methods and state rules*

- *Goals, operations, models and state rules*

Question No: 69 (Marks: 1) - Please choose one

Which of the following is/are the main component(s) of color?

- *Hue*
- *Intensity*
- *Saturation*
- ***All of the given (page 59)***

Question No: 70 (Marks: 1) - Please choose one

_____ *represent the user's expectations of the tangible outcomes of using a specific product.*

- *Non-user goals*
- ***End goals (page 192)***
- *Experience goals*
- *Life goals*

Question No: 71 (Marks: 1) - Please choose one *Persona is not context specific, so it can be reused easily.*

- *True*
- ***False (page 189)***

Question No: 72 (Marks: 1) - Please choose one

In an email application configuring a new email server is a key path activity.

- ***True (page 207)***

- *False*

Question No: 73 (Marks: 1) - Please choose one

_____ are perhaps the least-documented patterns, but they are nonetheless in widespread use.

- *Postural*
- ***Structural (page 217)***
- *Behavioral*
- *Mnemonic*

Question No: 74 (Marks: 1) - Please choose one

The way people carry out an activity in the real world is same as how it may be observed in the laboratory

- *True*
- ***False (page 256)***

Question No: 75 (Marks: 1) - Please choose one

Engineering a user interface involves a quantitative engineering style of working in which measurements are used to judge the quality of interface. Hence _____ is appropriate.

- ***Usability testing (page 264)***
- *Field study*
- *Predictive evaluation*

- *DECIDE framework*

Question No: 76 (Marks: 1) - Please choose one

Exploring how children talk together in order to see if an innovative new groupware product would help them to be more engaged would probably be better informed by a _____.

- *Usability testing*
- ***Field study (page 264)***
- *Predictive evaluation*
- *DECIDE framework*

Question No: 77 (Marks: 1) - Please choose one

Beneath the surface is the _____ of the site: the placement of buttons, tabs, photos, and blocks of text.

- *Surface*
- *Structure*
- ***Skeleton (page 306)***
- *Scope*

Question No: 78 (Marks: 1) - Please choose one

Roughly _____ percent of the male population has some degree of color blindness.

- ***10 (page 358)***
- *20*
- *30*
- *40*

Question No: 79 (Marks: 1) - Please choose one

_____ are individual and isolated regions within display that can be selected by the user to invoke specific operations.

- ***Buttons (page 133)***
- *Pointers*
- *Menus*
- *Windows*

Question No: 80 (Marks: 1) - Please choose one

The _____ function came into being as the result of the implementation model for undo

- ***Redo (page 314)***
- *Undo*
- *Repeat*
- *Delete*

Question No: 81 (Marks: 1) - Please choose one

If the user wants to _____ place the document somewhere in the file system hierarchy, he can request this function from the menu.

- ***Explicitly (page 327)***
- *Implicitly*
- *Habitually*

- *Properly*

Question No: 82 (Marks: 1) - Please choose one

Design of user interfaces does not entirely _____ aesthetic concerns, but rather it places

such' concerns within the constraints of a _____ framework.

- *Include, Functional*
- ***Exclude, Functional (page 343)***
- *Include, Non-Functional*
- *Exclude, Non-Functional*

Question No: 83 (Marks: 1) - Please choose one

When developing _____, plan to keep them short, straightforward and avoid asking too many.

- *Videos*
- *Documentation*
- ***Interview CS408 Questions (page 371)***
- *Contextual enquiry*

Question No: 84 (Marks: 1) - Please choose one

Conventional wisdom says that _____ tell the user when he has made some mistake.

- *Program crash*
- *System stuck*
- ***Error messages (page 382)***

- *Metadata*

Question No: 85 (Marks: 1) - Please choose one

People frequently counter the idea of _____feedback with arguments that users don't like it

- ***Audible (page 393)***
- *Video*
- *Walkthroughs*
- *CS408 Questions*

Question No: 86 (Marks: 1) - Please choose one

_____environments are environments that are user and context aware.

- *Non-attentive*
- *Visual*
- *Sensing*
- ***Attentive (page 418)***

Question No: 87 (Marks: 1) - Please choose one

User personas that are not primary or secondary are _____ personas.

- *Served*
- *Negative*

- *Customer*

- ***Supplemental (page 196)***

Question No: 88 (Marks: 1) - Please choose one

Which of the following is the comparison of what happened in the world with what we wanted to happen?

- *Action*
- ***Evaluation (page 99)***
- *Execution*
- *None of these*

Question No: 89 (Marks: 1) - Please choose one

The size and shape of a compact disk, is a type of _____ constraint.

- ***Physical (page 106)***
- *Logical*
- *Cultural*
- *None of these*

Question No: 90 (Marks: 1) - Please choose one

_____ research can tell you about what, how, many and why in rich, multivariate detail.

- *Quantitative*
- ***Qualitative (page 166)***
- *SME*
- *None of these*

Question No: 91 (Marks: 1) - Please choose one

_____is the least technical way of collecting data, but it can be difficult and tiring to write and observe at the same time.

- *Audio recording*
- ***Taking notes (page 365)***
- *Observation*
- *Video*

Question No: 92 (Marks: 1) - Please choose one

Panes, frames and other containers on screen is a kind of _____

- ***Functional and data elements (page 206)***
- *View*
- *Input method*
- *None of the given*

Question No: 93 (Marks: 1) - Please choose one

_____ is particularly useful early in design. It is excellent technique to use with the prototype, because it provides a wealth of diagnostic information.

- *Co-discovery*
- ***Active intervention (page 276)***
- *Splendid research*

- *None of the given*

Question No: 94 (Marks: 1) - Please choose one

Information sites with daily-updated information will naturally attract _____ users more than a monthly-updated site.

- ***Repeat (page 229)***
- *Infrequent*
- *Nonuser*
- *None of the given*

Question No: 95 (Marks: 1) - Please choose one

Evaluations done during design to check that product continues to meet users' needs are known as

_____ evaluation.

- ***Formative (page 258)***
- *Summative*
- *Relative*
- *None of the given*

Question No: 96 (Marks: 1) - Please choose one

_____ frequent your primary personas access the site, _____ transient a stance

the site needs to take (respectively).

- *More, Less*
- ***Less, more (page 230)***
- *Less, less*

- *None of the given*

Question No: 97 (Marks: 1) - Please choose one

In an organization individuals may keep their own records, or there may be local gurus. This statement concerns with _____.

- *Paper work and computer work*
- *Spatial and temporal organizations*
- ***Organizational memory (page 176)***
- *None of these*

Question No: 98 (Marks: 1) - Please choose one

Currently many common environments for interactive computing are examples of the

_____ interface style, often simply called windowing systems.

- *Three-dimensional*
- ***WIMP (page 129)***
- *Point and click*
- *None of these*

Question No: 99 (Marks: 1) - Please choose one

Using icons on the desktop to represent operations is a type of _____constraint.

- *Physical*
- *Logical*

- ***Cultural (page 106)***

- *None of these*

Question No: 100 (Marks: 1) - Please choose one

_____ is a term used to refer to an attribute of an object that allows people to know how to use it.

- *Visibility*
- ***Affordance (page 105)***
- *Constraint*
- *None of these*

Question No: 101 (Marks: 1) - Please choose one

_____ minimizes errors.

- *Affordance*
- ***Visibility (page 104)***
- *Constraints*
- *None of these*

Question No: 102 (Marks: 1) - Please choose one

Which of the following is proportional to the amplitude of the sound; the frequency remains constant?

- *Pitch*
- ***Loudness (page 70)***
- *Timber*
- *None of these*

Question No: 103 (Marks: 1) - Please choose one

_____ plays a role to bridge up the gape between the interfaces of machines and human understanding.

- *Human*
- *Computer*
- ***Human Computer Interaction (page 14)***
- *None of these*

Question No: 104 (Marks: 1) - Please choose one

The persona's needs are sufficiently unique to require a distinct interface form and behavior is _____ type of Persona.

- ***Primary (page 159)***
- *Secondary*
- *Supplement*
- *Negative*

Question No: 105 (Marks: 1) - Please choose one

A _____is usually a collection of icons those are reminiscent of the purpose of the various modes.

- *Button*
- *Pointer*

- ***Palette (page 133)***

- *Title bar*

Question No: 106 (Marks: 1) - Please choose one

The persona is not an actual user of the product, but is indirectly affected by it and its use refers to _____ persona

- *Primary*
- *Secondary*
- ***Served (page 159)***
- *Negative*

Question No: 107 (Marks: 1) - Please choose one

During _____ phase, usage and workflow patterns discovered through _____.

- ***Modeling, analysis (page 159)***
- *Analysis, modeling*
- *Testing, modeling*
- *Testing, Analysis*

Question No: 108 (Marks: 1) - Please choose one

The Usability Engineering lifecycle was proposed by _____.

- ***Deborah Mayhew (page 153)***
- *Webster*
- *Barry Boehm*
- *Hartson*

Question No: 109 (Marks: 1) - Please choose one

Waterfall model is basically a _____ model in which each step must be completed before the next step can be started

- *Incremental*
- ***Linear (page 149)***
- *Iterative*
- *Analytical*

Question No: 110 (Marks: 1) - Please choose one

Models are used in design to

- *Generate the design*
- *Evaluate the design*
- ***Generate and evaluate the design (page 185)***
- *None of the given*

Question No: 111 (Marks: 1) - Please choose one

What is a semantic network?

- ***A model of long-term memory (page 82)***
- *A record of our memory of events*
- *The part of the brain which allows us to remember things*
- *A mechanism for improving memory*

Question No: 112 (Marks: 1) - Please choose one

Which are the most significant senses for the average person when it comes to interacting with a computer?

- *Sight and hearing*
- *Hearing, touch and smell*
- *Hearing and touch*
- ***Sight, hearing and touch (page 54)***

Question No: 113 (Marks: 1) - Please choose one

In an organization individuals may keep their own records, or there may be local gurus. This statement concerns with _____.

- *Paper work and computer work*
- *Spatial and temporal organizations*
- ***Organizational memory (page 176)***
- *None of these*

Question No: 115 (Marks: 1) - Please choose one

Currently many common environments for interactive computing are examples of the _____ interface style, often simply called windowing systems.

- *Three-dimensional*
- ***WIMP (page 129)***
- *Point and click*

- *None of these*

Question No: 116 (Marks: 1) - Please choose one

Using icons on the desktop to represent operations is a type of _____constraint.

- *Physical*
- *Logical*
- ***Cultural (page 106)***
- *None of these*

Question No: 117 (Marks: 1) - Please choose one

_____ is a term used to refer to an attribute of an object that allows people to know how to

use it.

- *Visibility*
- ***Affordance (page 105)***
- *Constraint*
- *None of these*

Question No: 118 (Marks: 1) - Please choose one

_____ minimizes errors.

- *Affordance*
- ***Visibility (page 104)***
- *Constraints*

- *None of these*

Question No: 119 (Marks: 1) - Please choose one

Which of the following is proportional to the amplitude of the sound; the frequency remains constant?

- *Pitch*
- ***Loudness (page 70)***
- *Timber*
- *None of these*

Question No: 120 (Marks: 1) - Please choose one

_____ plays a role to bridge up the gape between the interfaces of machines and human understanding.

- *Human*
- *Computer*
- ***Human Computer Interaction (page 14)***
- *None of these*

Question No: 121 (Marks: 1) - Please choose one

The persona's needs are sufficiently unique to require a distinct interface form and behavior is _____ type of Persona.

- ***Primary (page 159)***
- *Secondary*
- *Supplement*
- *Negative*

Question No: 122 (Marks: 1) - Please choose one

A _____is usually a collection of icons those are reminiscent of the purpose of the various modes.

- *Button*
- *Pointer*
- ***Palette (page 133)***
- *Title bar*

Question No: 123 (Marks: 1) - Please choose one

The persona is not an actual user of the product, but is indirectly affected by it and its use refers to _____ persona

- *Primary*
- *Secondary*
- ***Served (page 159)***
- *Negative*

Question No: 124 (Marks: 1) - Please choose one

During _____ phase, usage and workflow patterns discovered through _____.

- ***Modeling, analysis (page 159)***
- *Analysis, modeling*
- *Testing, modeling*

- *Testing, Analysis*

Question No: 125 (Marks: 1) - Please choose one

The Usability Engineering lifecycle was proposed by _____.

- ***Deborah Mayhew (page 153)***
- *Webster*
- *Barry Boehm*
- *Hartson*

Question No: 126 (Marks: 1) - Please choose one

Waterfall model is basically a _____ model in which each step must be completed before the next step can be started

- *Incremental*
- ***Linear (page 149)***
- *Iterative*
- *Analytical*

Question No: 127 (Marks: 1) - Please choose one

Models are used in design to

- *Generate the design*
- *Evaluate the design*
- ***Generate and evaluate the design (page 185)***
- *None of the given*

Question No: 128 (Marks: 1) - Please choose one

What is a semantic network?

- ***A model of long-term memory (page 82)***
- *A record of our memory of events*
- *The part of the brain which allows us to remember things*
- *A mechanism for improving memory*

Question No: 129 (Marks: 1) - Please choose one

Which are the most significant senses for the average person when it comes to interacting with a computer?

- *Sight and hearing*
- *Hearing, touch and smell*
- *Hearing and touch*
- ***Sight, hearing and touch (page 54)***

Question No: 130 (Marks: 1) - Please choose one

_____ is a term used to refer to an attribute of an object that allows people to know how to

use it.

- *Visibility*
- ***Affordance (page 105)***
- *Constraint*
- *None of these*

Question No: 131 (Marks: 1) - Please choose one

What is a semantic network?

- ***A model of long-term memory (page 82)***
- *A record of our memory of events*
- *The part of the brain which allows us to remember things*
- *A mechanism for improving memory*

Question No: 132 (Marks: 1) - Please choose one

You can load a VCR tape the right way because of _____.

- ***Physical constraints (page 106)***
- *Logical constraints*
- *Cultural constraints*
- *None of these*

Question No: 133 (Marks: 1) - Please choose one

A mouse button invites pushing by the way it is physically constrained in its plastic shell, is an example of _____ Design Principle.

- *Visibility*
- ***Affordance (page 105)***
- *Mapping*

- *None of these*

Question No: 134 (Marks: 1) - Please choose one

_____ aspect gives us hints and tips about using and creating user interface idioms, like dialog boxes and pushbuttons.

A. Efficient. B. Strategic. C. Tactical. D. Reliable.

Select correct option:

- *Only A*
- ***Only C (page 143)***
- *A and C*
- *B and D*

Question No: 135 (Marks: 1) - Please choose one

"Mistakes" and "Slips" are two forms of:

- ***Errors (page 100)***
- *Goals*
- *Evaluation*
- *Objectives*

Question No: 136 (Marks: 1) - Please choose one

Ergonomics is also called_____.

- *Assembly*
- ***Human Factors (page 43)***
- *Both*
- *None of the Given*

Question No: 138 (Marks: 1) - Please choose one

User and system has its own unique language, the language used by the system is called_____

- ***Core (page 123)***
- *Task*
- *Both*
- *None of the above*

Question No: 139 (Marks: 1) - Please choose one

Choice of operations and services are offered on the screen through_____

- *Pointers*
- *Toolbars*
- ***Menus (page 131)***
- *None of the given*

Question No: 140 (Marks: 1) - Please choose one

You are given 4 cards displaying 4, E, 7 and K respectively, and you are told that if a card has a vowel on one side it has an even number on the other. Which cards would you have to turn over to check whether this is the case?

- *E and 4*
- *E and 7*
- ***E, 4 and 7***
- *4, E, 7 and K*

Question No: 141 (Marks: 1) - Please choose one

Which of the following is true regarding "Visibility"?

The more visible functions are, the more likely users will be able to know what to do next. (page 104)

The more visible functions are, the less likely users will be able to know what to do next.

Functions visibility and user knowing of what to do next, are not related to each other

None of the given

Question No: 142 (Marks: 1) - Please choose one

What will be the gulf of execution if the user is able to formulate and perform the actions easily?

- ***Smaller (page 122)***
- *Greater*
- *Balanced*
- *None of the Given*

Question No: 143 (Marks: 1) - Please choose one

Certain factors that help us to interact with graphical based systems is_____ .

- *Indirect manipulation*
- ***Direct manipulation (page 36,137)***
- *Both*
- *None of the given*

Question No: 144 (Marks: 1) - Please choose one

Which interface system is based on the question/answer dialogue?

- *Command Line Interfaces*
- ***Query interfaces (page 128)***
- *Menus*
- *Natural Language Interfaces*

Question No: 145 (Marks: 1) - Please choose one

Taking some real world concept to perform different tasks that represent some idea, inside the computer is type of_____ .

- ***Direct Manipulation (page 125,137)***
- *Desktop metaphors*
- *Central processing unit*
- *None of the given*

Question No: 146 (Marks: 1) - Please choose one

Example of form fill interface is_____.

- *A dialog box*
- *Pop up menus*
- ***Data entry form on some university web***
- *All of the given*

Question No: 147 (Marks: 1) - Please choose one

Building things from user's perspective is called _____.

- *Functionality*
- ***Usability (page 31)***
- *Portability*
- *None of the given*

Question No: 148 (Marks: 1) - Please choose one

A small picture that is used to represent a closed window is said to be a/an:

- *Menu*
- *Toolbar*
- *status bar*

- *icon (page 131)*

Question No: 149 (Marks: 1) - Please choose one

Form-filling interfaces are used for:

- ***Data entry (page 128)***
- *Data integration*
- *Data manipulation*
- *Data definition*

Question No: 150 (Marks: 1) - Please choose one

_____ is an early release of a product to a few users.

Surveys

Beta test (page 271)

Focus

Question No: 151 (Marks: 1) - Please choose one

_____ has a goal of assessing whether the product works according to its specifications.

Trunk Test

Quality assurance (page 270)

Question No: 152 (Marks: 1) - Please choose one

In usability test, which is a technique from given below options, in which you have two participants work together to perform the tasks.

Active Intervention

Co-Discovery (page 276)

Trunk test

Question No: 153 (Marks: 1) - Please choose one

What site is this", Statement represents_____.

Folder

Site ID (page 296)

Scroll bar

Question No: 154 (Marks: 1) - Please choose one

In DECIDE frame work _____comes just after choosing the evaluation paradigm and techniques.

- ***Deciding about ethical issues (page 265)***
- *Exploring the questions*
- *Identifying the practical issues*
- *None of the given*

Question No: 155 (Marks: 1) - Please choose one

Formal methods are used to represent:

- *Architectural aspects of software systems only*
- *Procedural aspects of software systems only*
- ***Both architectural and procedural aspects of software systems (page 21)***
- *None of the given*

Question No: 156 (Marks: 1) - Please choose one

The colors, which are directly opposite to each other are said to be:

- ***Complementary colors (page 64)***
- *Analogous colors*
- *Primary colors*
- *Secondary colors*

Question No: 157 (Marks: 1) - Please choose one

Which of the following is true about Short-Term memory?

- ***Short-term memory has a limited capacity. (page 80)***
- *Short-term memory has an unlimited capacity.*
- *Short-term memory has no capacity.*
- *Short-term memory has large but limited capacity.*

Question No: 158 (Marks: 1) - Please choose one

Which of the following is not one of the goals of HCI?

- *To produce usable systems*
- *To produce safe systems*
- ***To produce non-functional systems (page 30)***
- *To improve effectiveness of the systems*

Question No: 159 (Marks: 1) - Please choose one *According to Juran, the fitness for purpose or use, is said to be*

- *Usability*
- *Efficiency*
- *Reliability*
- ***Quality (page 39)***

Question No: 160 (Marks: 1) - Please choose one

Which of the given statements correctly defines efficiency in terms of one of the usability goals?

- *It is a very general goal and refers to how good a system at doing what it is suppose to do.*
- ***It refers to the way a system supports users in carrying out their tasks. (page 31)***
- *It involves protecting the users from dangerous conditions*
- *It involves protecting the users from undesired situations*

Question No: 161 (Marks: 1) - Please choose one

Over a short period of time, we find it easier to remember the string of numbers "404 894 6743" because _____.

- *Numbers are easier to remember than arbitrary characters.*
- ***The grouping of the numbers is significant***
- *Ten numbers is not that many to have to remember from working memory.*
- *None of these*

Question No: 162 (Marks: 1) - Please choose one

Which of the following is considered as the most complex species?

- ***Humans (page 18)***
- *Computers*
- *Animals*
- *Birds*

Question No: 163 (Marks: 1) - Please choose one

Which of the following is the statement given by "Novatech" as a result of a survey on the embarrassing experiences of computers?

- *One in every four computers has been physically attacked by its owner*
- *Every computer can be saved from any type of physical attacks*
- *Every computer is attacked physically one in its life time*
- ***One in every four computers has been physically attacked by some outside source (page 24)***

Question No: 164 (Marks: 1) - Please choose one

Which of the following is/are goal(s) of usability?

- *Effectiveness*
- *Efficiency*
- *Safety*
- ***All of the given (page 31)***

Question No: 165 (Marks: 1) - Please choose one

XYZ Ltd is well reputed software house; they make a significant investment in building ---------- ------ that encourages greater customer loyalty.

- *Visual Symbols*
- *Grouping*
- ***Brand Equity (page 353)***
- *Harmony*

Question No: 166 (Marks: 1) - Please choose one

What are the three types of reasoning?

- ***Deductive, Productive and Inductive (page 89)***
- *Adductive, Inductive and Deductive*
- *Inductive, Adductive and Reproductive*
- *Productive, Reproductive and Deductive*

Question No: 167 (Marks: 1) - Please choose one

_____ is a usability test in which a member of the test team sits in the room with the participant and actively probes the participant's understanding of whatever is being tested.

- *Co discovery*
- ***Active intervention (page 276)***
- *Trunk test*

Question No: 168 (Marks: 1) - Please choose one

Totality of characteristics of an entity that bear on its ability to satisfy stated and implied needs are called _____.

- ***Quality (page 40)***
- *Effectiveness*
- *Standard*
- *Quantity*

MCQ for FINALTERM EXAMINATION
CS408- Human Computer Interaction

Question No: 1 (Marks: 1) - Please choose one

Persona is not context specific, so it can be reused easily.

► True

► False

Question No: 2 (Marks: 1) - Please choose one

In an email application configuring a new email server is a key path activity.

► True

► False

Question No: 3 (Marks: 1) - Please choose one

_____ are perhaps the least-documented patterns, but they are nonetheless in widespread use.

► Postural

► Structural

► Behavioral

► Mnemonic

VU Students.net

Question No: 4 (Marks: 1) - Please choose one

The way people carry out an activity in the real world is same as how it may be observed in the laboratory

► True

► False

Question No: 5 (Marks: 1) - Please choose one

Engineering a user interface involves a quantitative engineering style of working in which measurements are used to judge the quality of interface. Hence _____ is appropriate.

► Usability testing

► Field study

Come and Join Us at www.vustudents.ning.com

► Predictive evaluation

► DECIDE framework

Question No: 6 (Marks: 1) - Please choose one

Exploring how children talk together in order to see if an innovative new groupware product would help them to be more engaged would probably be better informed by a _____.

► Usability testing

► Field study

► Predictive evaluation

► DECIDE framework

VU Students.net

Question No: 7 (Marks: 1) - Please choose one

Beneath the surface is the _____ of the site: the placement of buttons, tabs, photos, and blocks of text.

► Surface

► Structure

► Skeleton

► Scope

Question No: 8 (Marks: 1) - Please choose one

Roughly _____ percent of the male population has some degree of color blindness.

► 10
► 20
► 30
► 40

Question No: 9 (Marks: 1) - Please choose one

_____ are individual and isolated regions within display that can be selected by the user to invoke specific operations.

► Buttons

► Pointers

► Menus

► Windows

Question No: 10 (Marks: 1) - Please choose one

The _____ function came into being as the result of the implementation model for undo

► **Redo**

► Undo

► Repeat

► Delete

VU Students.net

Question No: 11 (Marks: 1) - Please choose one

If the user wants to _____ place the document somewhere in the file system hierarchy, he can request this function from the menu.

► **Explicitly**

► Implicitly

► Habitually

► Properly

Question No: 12 (Marks: 1) - Please choose one

Design of user interfaces does not entirely _____ aesthetic concerns, but rather it places such' concerns within the constraints of a _____ framework.

► Include, Functional

► **Exclude, Functional**

► Include, Non-Functional

► Exclude, Non-Functional

Question No: 13 (Marks: 1) - Please choose one

When developing _____, plan to keep them short, straightforward and avoid asking too many.

► Videos

► Documentation

► Interview questions

► Contextual enquiry

VU Students.net

Question No: 14 (Marks: 1) - Please choose one

Conventional wisdom says that _____ tell the user when he has made some mistake.

► Program crash

► System stuck

► Error messages

► Metadata

Question No: 15 (Marks: 1) - Please choose one

People frequently counter the idea of _____feedback with arguments that users don't like it

► Audible

► Video

► Walkthroughs

► Questions

Question No: 16 (Marks: 1) - Please choose one

_____environments are environments that are user and context aware.

► Non-attentive

► Visual

► Sensing

► Attentive

Question No: 17 (Marks: 1) - Please choose one

User personas that are not primary or secondary are _____ personas.

► Served

► Negative

► Customer

► Supplemental

Question No: 18 (Marks: 1) - Please choose one

Which of the following is the comparison of what happened in the world with what we wanted to happen?

VU Students.net

► Action

► Evaluation

► Execution

► None of these

Question No: 19 (Marks: 1) - Please choose one

The size and shape of a compact disk, is a type of _____ constraint.

► Physical

► Logical

► Cultural

► None of these

Question No: 20 (Marks: 1) - Please choose one

_____ Research can tell you about what, how, many and why in rich, multivariate detail.

► Quantitative

► Qualitative

► SME

► None of these

Question No: 21 (Marks: 1) - Please choose one

_____is the least technical way of collecting data, but it can be difficult and tiring to write and observe at the same time.

► Audio recording.

► Taking notes.

► Observation
► Video

Question No: 22 (Marks: 1) - Please choose one

Panes, frames and other containers on screen is a kind of _____

► Functional and data elements

► View

► Input method

► None of the given

VU Students.net

Question No: 23 (Marks: 1) - Please choose one

_____ is particularly useful early in design. It is excellent technique to use with the prototype, because it provides a wealth of diagnostic information.

► Co-discovery

► Active intervention

► Splendid research

► None of the given

Question No: 24 (Marks: 1) - Please choose one

Information sites with daily-updated information will naturally attract _____ users more than a monthly-updated site.

► Repeat

► Infrequent

► Nonuser

► None of the given

Question No: 25 (Marks: 1) - Please choose one

Evaluations done during design to check that product continues to meet users' needs are known as _____ evaluation.

► Formative

► Summative

► Relative

► None of the given

Question No: 26 (Marks: 1) - Please choose one

_____ frequent your primary personas access the site, _____ transient a stance the site needs to take (respectively).

► More, Less

► Less, more

► Less, less

► None of the given

VU Students.net

Question No: 10 (Marks: 1) - Please choose one

_____ suggests identifying goals and questions first before selecting techniques for the study

► RVM model
► DECIDE framework
► Usability testing
► Field study

Question No: 3 (Marks: 1) - Please choose one

_____ applications are great platforms for creating an environment rich, in visual feedback for the user.

► Sovereign
► Transient
► Auxiliary
► Daemonic

Question No: 4 (Marks: 1) - Please choose one

_____ is the process of selecting things to concentrate on, at a point in time, from the range of possibilities available.

► Perception and recognition
► Attention
► Learning
► None of these

Question No: 1 (Marks: 1) - Please choose one

_____ is like the building name for a website.

► Site ID
► Navigation
► Section

Question No: 3 (Marks: 1) - Please choose one

_____ is the extra work that satisfies the needs to achieve our objective.

► Evaluation
► Excise
► Testing
► None of the given

Question No: 4 (Marks: 1) - Please choose one

Panes, frames and other containers on screen is a kind of _____

► Functional and data elements
► View
► Input method
► None of the given

VU Students.net

Question No: 5 (Marks: 1) - Please choose one

Which of the following is least likely to be revealed by a paper prototype?

► Your users don't know the term algorithm
► Toolbar buttons are too small to press.
► The Help menu isn't in the right place.
► None of the given

Question No: 6 (Marks: 1) - Please choose one

_____is the least technical way of collecting data, but it can be difficult and tiring to write and observe at the same time.

► Audio recording.
► Taking notes.
► Observation
► Video

Question No: 7 (Marks: 1) - Please choose one

Every page within a site should contain a brief _____ that accurately describes the content of the page.

► Site ID.
► Header
► Local Navigation.

► Search button

Question No: 8 (Marks: 1) - Please choose one

_____ applications are great platforms for creating an environment rich, in visual feedback for the user.

► Sovereign
► Transient
► Auxiliary
► Daemonic

Question No: 9 (Marks: 1) - Please choose one

What is the fifth step in defining the requirements with respect to persona-based design?

► Brainstorming.
► Identifying persona expectations.
► Constructing the context scenario.
► Identifying needs

Question No: 10 (Marks: 1) - Please choose one

You can load a VCR tape the right way because of _____.

► Physical constraints
► Logical constraints
► Cultural constraints
► None of these

VU Students.net

Question No: 11 (Marks: 1) - Please choose one

_____ are unintentional while _____ occur through conscious deliberation.

► Slips, mistakes
► Errors, slips
► Mistakes, errors
► Mistakes, slips

Question No: 12 (Marks: 1) - Please choose one

What is the main strength of the Problem Space Framework as a model of human problem solving?

► It operates within the constraints of the human processing system
► None of these
► It explains what is involved in insight
► It allows ill-defined problems to be solved

Question No: 13 (Marks: 1) - Please choose one

_____ is the process of selecting things to concentrate on, at a point in time, from the range of possibilities available.

► Perception and recognition
► Attention
► Learning
► None of these

Question No: 14 (Marks: 1) - Please choose one

Over a short period of time, we find it easier to remember the string of numbers "404 894 6743″ because

► Numbers are easier to remember than arbitrary characters.
► The grouping of the numbers is significant
► Ten numbers is not that many to have to remember from working memory.
► None of these

Question No: 16 (Marks: 1) - Please choose one

_____ involves watching and listening to users.

► Observation
► Evaluation
► Qualitative research
► Interaction

Question No: 17 (Marks: 1) - Please choose one

VU Students.net

The name of the document should be shown on the application's_____.

A. Menu bar
B. Title bar
C. Title bar and menu bar
D. Not Title bar and not menu bar

Question No: 18 (Marks: 1) - Please choose one

The established standard suite of _____ for most applications consists of the Save As dialog, the Save Changes dialog, and the Open File dialog.

► OS management
► File management
► Data management
► Application management

Question No: 19 (Marks: 1) - Please choose one

_____ is the remarkable facility that lets us reverse a previous action.

► Redo
► Undo
► Repeat
► Delete

Question No: 20 (Marks: 1) - Please choose one

Explanatory undo is, generally, a much more pleasant feature than _____.
► Single Undo
► Multiple undo
► Blind undo
► Incremental Undo

Question No: 21 (Marks: 1) - Please choose one
Browser Title always contains the word '_____'.

Question No: 30 (Marks: 1) - Please choose one

The persona is not an actual user of the product, but is indirectly affected by it and its use refers to _____ persona

► Primary
► Secondary
► Served
► Negative

Question No: 31 (Marks: 1) - Please choose one
_____ is a powerful, multipurpose design tool that helps overcome several problems that currently plague the development of digital products.

- Scenario
- **Persona**
- Prototype
- none

VU Students.net

Question No: 32 (Marks: 1) - Please choose one
The difference between the intentions and allowable actions is the :

- **Gulf of Execution**
- Gulf of Evaluation
- None of these

Question No: 33 (Marks: 1) - Please choose one
Attention is the process of selecting things to concentrate on, at a point in time, from the ran o

- **Possibilities available**
- Time Available
- None of these

Question No: 34 (Marks: 1) - Please choose one
The goals of HCI are :

- **Usability and User Experience**
- Learn ability and Comfort
- Tasks and Goals.

Question No: 35 (Marks: 1) - Please choose one
While there can be wide variations in where and how you conduct a usability

test, every usability test shares:

- Three Characteristics
- **Five Characteristics**
- Seven Characteristics

Question No: 36 (Marks: 1) - Please choose one
WYSIWYG stands for _____.

- **Where you see is where you get**
- **What you see is what you get**
- **When you see it when you get**

Question No: 37 (Marks: 1) - Please choose one
_____ is proportional to the amplitude of the sound.

- **Pitch**
- **Loudness**
- **Timber**

Question No: 49 (Marks: 1) - Please choose one

If the user wants to _____ place the document somewhere in the file system hierarchy, he can request this function from the menu.

VU Students.net

► Explicitly
► Implicitly
► Habitually
► Properly

Question No: 18 (Marks: 1) - Please choose one
Which of the following is the comparison of what happened in the world with what we wanted to happen?

► Action
► Evaluation
► Execution
► None of these

Question No: 25 (Marks: 1) - Please choose one
Evaluations done during design to check that product continues to meet users' needs are known as _____ evaluation.

► Formative
► Summative
► Relative
► None of the given

Which of the given statements correctly defines effectiveness in terms of one

of the usability goals?

- It is a very general goal and refers to how good a system at doing what it is suppose to do.
- It refers to the way a system supports users in carrying out their tasks.
- It involves protecting the users from dangerous conditions
- It involves protecting the users from undesired situations

Question # 2 of 10 (Start time: 07:45:44 PM) Total Marks: 1
Which of the following is not a secondary color?

Green Orange Purple Blue

Question # 3 of 10 (Start time: 07:46:45 PM) Total Marks: 1
Which of the following device can not be useful for a visually impaired person?

- a typical keyboard
- a typical monitor
- a typical speaker
- a typical processor

VU Students.net

Question # 4 of 10 (Start time: 07:48:24 PM) Total Marks: 1
Which of the following requires less cognitive effort than others?

- Listening
- speaking
- hearing
- None of the given

Question # 5 of 10 (Start time: 07:49:20 PM) Total Marks: 1
We are deficient in our development _____, not in our development _____ (respectively).

- Process, Tools
- Tools, Process
- Tools, Methodology
- None of these

Question # 6 of 10 (Start time: 07:50:34 PM) Total Marks: 1
Which of the following is not true regarding “cones”?

- a type of receptor in eye more sensitive to light
- different types of cones are sensitive to different wavelengths of light
- eye has approximately 6 million cones

Question # 7 of 10 (Start time: 07:51:35 PM) Total Marks: 1

Which of the following does not count as one of the advantages of computers?

- Computers are enabling new discoveries
- Leading to efficiencies
- Making our life convenient
- **Depending so much on computers may give fatal results**

Question # 8 of 10 (Start time: 07:52:26 PM) Total Marks: 1
The gulf of execution refers to _____ .

- The user's difficulty in understanding the feedback from the system
- The system's difficulty in presenting information in the output language
- **The system's difficulty in converting an input expression into the correct system state transition**
- The user's difficulty in formulating and articulating an intention to the system

Question # 10 of 10 (Start time: 07:55:10 PM) Total Marks: 1
Which of the following is not true?

- Utility refers to the functionality of a system
- Usability is concerned with adding complexity to the system
- Usability is concerned with making systems easy to use
- Poorly designed computer system can be extremely annoying to users

Question # 1 of 10 (Start time: 09:41:29 PM) Total Marks: 1
The command line interface is used because

- It is easy to understand
- It is demanded by DOS
- It is offered by Unix systems
- It is powerful and flexible

Question # 2 of 10 (Start time: 09:42:00 PM) Total Marks: 1
Which of the given statements correctly defines effectiveness in terms of one of the usability goals?

- It is a very general goal and refers to how good a system at doing what it is suppose to do.
- It refers to the way a system supports users in carrying out their tasks.
- It involves protecting the users from dangerous conditions
- It involves protecting the users from undesired situations

Question # 4 of 10 (Start time: 09:43:38 PM) Total Marks: 1
Which of the following is concerned primarily with understanding human

Come and Join Us at www.vustudents.ning.com

behavior and the mental processes that underlie it?

- Psychology
- Sociology
- Statistics
- Computer Science

Question # 5 of 10 (Start time: 09:44:09 PM) Total Marks: 1
HCI deals with

- Design of interactive system only
- Evaluation of interactive system only
- Implementation of interactive system only
- All of the given choices

Question # 7 of 10 (Start time: 09:45:02 PM) Total Marks: 1
Human beings interact with outside world, using their

- input channels
- output channels
- sense of sight
- All of the given

VU Students.net

Question # 9 of 10 (Start time: 09:45:56 PM) Total Marks: 1
Visually impaired persons can interact with outside world using their

- sense of sightsense of hearing
- both sense of touch and sense of hearing
- sense of touch

Question # 10 of 10 (Start time: 09:46:18 PM) Total Marks: 1
Which of the given statements correctly defines efficiency in terms of one of the usability goals?

- It is a very general goal and refers to how good a system at doing what it is suppose to do.
- It refers to the way a system supports users in carrying out their tasks.
- It involves protecting the users from dangerous conditions
- It involves protecting the users from undesired situations

Question No: 7 (M a r k s: 1)
_____ plays a role to bridge up the gape between the interfaces of machines and human understanding.

- Human
- Computer

► **Human Computer Interaction**
► None of these

Question No: 8 (M a r k s: 1)
The persona's needs are sufficiently unique to require a distinct interface form and behavior is _____ type of Persona.

► **Primary**

► Secondary

► Supplement

► Negative

Question No: 9 (M a r k s: 1)
A _____is usually a collection of icons those are reminiscent of the purpose of the various modes.

VU Students.net

► Button

► Pointer

► **Palette**

► Title bar

Question No: 10 (M a r k s: 1)
The persona is not an actual user of the product, but is indirectly affected by it and its use refers to _____ persona

► Primary

► Secondary

► **Served**

► Negative

Question No: 11 (M a r k s: 1)
During _____ phase, usage and workflow patterns discovered through _____.

► **Modeling, analysis**

► Analysis, modeling

► Testing, modeling

► Testing, Analysis

Question No: 12 (M a r k s: 1)
The Usability Engineering lifecycle was proposed by _____.

► **Deborah Mayhew**
► Webster
► Barry Boehm.

► Hartson.

Question No: 13 (M a r k s: 1) http://vuzs.n
Waterfall model is basically a _____ model in which each step must be completed before the next step can be started

VU Students.net

► Incremental

► **Linear**

► Iterative

► Analytical

Question # 1 of 10 (Start time: 04:26:12 PM) Total Marks: 1
_____ and _____ are the same things

Excise and Navigation
Excise and Testing
Excise and Evaluation
All of the given
Quiz Start Time: 04:26 PM Time Left 89 sec(s)

Question # 2 of 10 (Start time: 04:27:25 PM) Total Marks: 1
Scenario content and context are derived from information gathered during the _____ phase and analyzed during the _____ phase (respectively)

http://www.vustudents.net

- **Research, modeling**
- Modeling, implementation

Question # 1 of 10 (Start time: 04:35:42 PM) Total Marks: 1
Number of keystrokes is the type of _____ work.

Logical
Mnemonic
Physical
Structural

Question # 2 of 10 (Start time: 04:36:46 PM) Total Marks: 1
What are the most common things you do with the product is a type of _____.

- Goal-oriented question.
- **System-oriented question.**
- Workflow-oriented question.
- Attitude-oriented question.

VU Students.net

Question # 3 of 10 (Start time: 04:37:24 PM) Total Marks: 1
Desktop applications fit into _____ categories of posture.

- Two
- **Four**
- Five
- Three

Question # 5 of 10 (Start time: 04:38:32 PM) Total Marks: 1
Goal-oriented context scenarios are _____ task-oriented than key path scenario

- Less
- Alike
- **More**
- None of the given

Question # 6 of 10 (Start time: 04:39:55 PM) Total Marks: 1
_____ patterns can be applied at the conceptual level.

- **Postural**
- Structural
- Behavioral
- Mnemonic

Question # 7 of 10 (Start time: 04:40:14 PM) Total Marks: 1

_____ represent the user's expectations of the tangible outcomes of using a specific product.

- Non-user goals
- **End goals**
- Experience goals
- Life goals

Question # 8 of 10 (Start time: 04:40:47 PM) Total Marks: 1
Usability testing works for _____.

- Software products
- Hardware products
- **All products**

Question # 10 of 10 (Start time: 04:41:49 PM) Total Marks: 1
If the user requires access via a navigational portal relatively infrequently, the appropriate posture is _____.

- Sovereign
- **Transient**
- Temporary
- None of the given

VU Students.net

Question # 4 of 10 (Start time: 05:13:09 PM) Total Marks: 1
The _____ phase sets the stage for the core of the design effort

- **Requirement definition**
- Modeling
- Implementation
- None of the given

Question # 5 of 10 (Start time: 05:14:12 PM) Total Marks: 1
If the product is new then _____ time is usually invested in market research.

- Less
- Less
- More
- **None of the given**

Question # 8 of 10 (Start time: 05:17:50 PM) Total Marks: 1
Which of the following is least likely to be revealed by a paper prototype?

- Your users don't know the term algorithm
- **Toolbar buttons are too small to press.**
- The Help menu isn't in the right place.

1. The command-line interface is used because

It is powerful and flexible

2. The comfort and acceptability of use is called

Efficiency

3. Which one is not an Input Controls?

Tags

4. Which of the following is true about Short-Term memory?

Short-term memory has a limited capacity

5. Which of the following device cannot be useful for a visually impaired person?

a typical monitor

6. Which of the following is considered as the most complex species?

Humans

7. Visually impaired persons can interact with the outside world using their

both sense of touch and sense of hearing ✓

8. Which application allows the registered users to communicate through voice using a microphone, video call using a webcam, and instant messaging over the internet?

Skype ✓

9. Over a short period of time, we find it easier to remember the string of numbers "404 894 6743" because _____.

The grouping of the numbers is significant ✓

10. Which of the following types of reasoning, derives the logically necessary conclusion from the given premises?

Deductive ✓

11. HCI deals with

Design of interactive system only
Evaluation of an interactive system only
Implementation of an interactive system only

12. Which one is not Navigational Components?

progress bar ✓

13. Which one of the below listed mobile devices is considered as a smartphone?

Samsung Note2
Samsung s5
Apple iPhone

14. The resources expended in relation to the accuracy and completeness with which users achieve goals

Efficiency ✓

15. Which application can be used by the user to set a reminder about upcoming events like birthday or appointments?

Calendar ✓

16. Currently, many common environments for interactive computing are examples of the ___ interface style, often simply called windowing systems

WIMP ✓

17. There are two aspects in which we can understand the nature of usability.

Strategic and Tactical

18. ___ aspect guides us to think about user interface idioms in other words, the way in which the user and the idiom interact.

Strategic

19. Once the user input into system, the input language is translated into the ___ language as operations to be performed by the system

Core

20. A small picture that is used to represent a closed window is said to be a/an

icon

21. Which of the following is true regarding "Visibility"?

The more visible functions are, the more likely users will be able to know what to do next

22. Which of the following type of devices is related to give instructions to the computer?

input devices

23. Within the display there is an isolated region to call upon a specific operation by the user is called ___.

Buttons

24. Choice of operations and services are offered on the screen through ___.

Menus

25. ___ are unintentional while ___ occur through conscious deliberation.

Slips, mistakes

26. What is the main strength of the Problem Space Framework as a model of human problem solving?

It operates within the constraints of the human processing system

27. ___ is the process of selecting things to concentrate on, at a point in time, from the range of possibilities available.

Attention

28. Interpretation inquiry, according to Beyer and Holtzblatt, is based on a master-apprentice model learning.

False

29. The persona is not an actual user of the product, but is indirectly affected by it and its use refers to ___ persona.

Served

30. ___ is a powerful, multipurpose design toll that helps overcome several problems that currently plague the development of digital products.

Persona

31. The difference between the intentions and allowable actions is the:

Gulf of Execution

32. Attention is the process of selecting things to concentrate on, at a point in time, from the range of:

Possibilities available

33. The goals of HCI are:

Usability and User Experience
34. WYSIWYG stands for ___
What you see is what you get
35. ___ is proportional to the amplitude of the sound.
Loudness
36. Persona is not context specific, so it can be reused easily.
False
37. ___ are individual and isolated regions within display that can be selected by the user to invoke specific operations.
Buttons
38. User personas that are not primary or secondary are ___ personas.
Supplemental
39. Which of the following is the comparison of what happened in the world with what we wanted to happen?
Evaluation
40. The size and shape of a compact disk, is a type of ___ constraint.
Physical
41. ___ research can tell you about what, how, many and why in rich, multivariate detail.
Qualitative
42. Which of the given statements correctly defines effectiveness in terms of one of the usability goals?
It is a very general goal and refers to how good a system at doing what it is suppose to do.
43. Which of the following is not a secondary color?
Blue
44. Which of the following requires less cognitive effort than others?
Listening
45. We are deficient in our development ___, not in our development ___(respectively).
Process, Tools
46. Which of the following is not true regarding "cones"?
More sensitive to light
47. Which of the following does not count as one of the advantages of computers?
Depending so much on computers may give fatal results
48. The gulf of execution refers to ___.
The system's difficulty in converting an input expression into the correct system state transition
49. Which of the following is not true?
Usability is concerned with adding complexity to the system
50. Which of the following is not one of the primary colors?
Green
51. Which of the following is concerned primarily with understanding human behavior and the mental processes that underlie it?
Psychology
52. Human beings interact with outside world, using their
input channels
output channels
sense of sight

53. ___ refers to the relationship between controls and their effects in the world.

Mapping

54. ___ plays a role to bridge up the gap between the interfaces of machines and human understanding.

Human Computer Interaction

55. ___ is a very general goal of Usability and refers to how good a system at doing what it is supposed to do.

Effectiveness

56. ___ is what goes on in out heads when we carry out our everyday activities?

Cognition

57. ___ is the process by which we use the knowledge we have to draw conclusions or infer something new about the domain of interest.

Reasoning

58. ___ research helps us understand the domain, context and constraints of a product in different, more useful ways than ___ research do.

Qualitative, Quantitative

59. In an organization individuals may keep their own records, or there may be local gurus. This statement concerns with ___

Organizational memory

60. Using icons on the desktop to represent operations is a type of ___ constraint.

Cultural

61. ___ is a term used to refer to an attribute of an object that allows people to know how to use it.

Affordance

62. ___ minimizes errors.

Visibility

63. The persona's needs are sufficiently unique to require a distinct interface form and behavior is ___ type of Persona.

Primary

64. A ___ is usually a collection of icons those are reminiscent of the purpose of the various modes.

Palette

65. During ___ phase, usage and workflow patterns discovered through ___ of the field research and interviews are synthesized into domain and user models.

Modeling, analysis

66. Waterfall model is basically a ___ model in which each step must be completed before the next step can be started:

Linear

67. Models are used in design to

Generate and Evaluate the design y

68. What is a semantic network?

A model of long-term memory

69. Which are the most significant senses for the average person when it comes to interacting with a computer?

Sight, hearing and touch

70. ___ refers to the way a system supports users in carrying out their tasks.

Efficiency

71. ___ are GUIs that consists of electronic counterparts to physical objects in the real world to match the knowledge requirements of users.

Interface Metaphors

72. ___ language tends to be grammatical while ___ language is often Ungrammatical.

Written, spoken

73. Aspect gives us hints and tips about using and creating user interface idioms.

Tactical

74. The usability engineering life-cycle was proposed by ___

Deborah Mayhew

75. GOMS stands for:

Goals, operation, methods, and selection rules

76. Ali is looking at how interface designers went about their work. He identified two different modes of activity: one is ___ and other is ___

Analytic mode, Synthetic mode

77. Drive a vehicle while holding a conversation with a passenger is the example of_____.

Divided Attention

78. ___ are dragged down from the title at the top of the screen.

Pull Down Menus

79. When you engaged in a conversation you are more attentive what the other person is saying. It is called?

Focused Attention

80. Which of the following is/are the main component(s) of color?

Hue
Intensity
Saturation

81. ___ represent the user's expectations of the tangible outcomes of using a specific product.

End goals

82. Which of the following is proportional to the amplitude of the sound; the frequency remains constant?

Loudness

83. You can load a VCR tape the right way because of ___

Physical constraints

84. A mouse button invites pushing by the way it is physically constrained in its plastic shell, is an example of ___ Design Principle.

Affordance

85. "Mistakes" and "Slips" are two forms of:

Errors

86. Ergonomics is also called ___

Human Factors

87. User and system has its own unique language, the language used by the system is called ___

Core

88. You are given 4 cards displaying 4, E, 7 and K respectively, and you are told that if a card has a vowel on one side it has an even number on the other. Which cards would you have to turn over to heck whether this is the case?

E, 4, and 7

89. What will be the gulf of execution if the user is able to formulate and perform the actions easily?

Smaller

90. Certain factors that help us to interact with graphical based systems is ___

Direct manipulation

91. Which interface system is based on the question/answer dialogue?

Query interfaces

92. Taking some real world concept to perform different tasks that represent some idea, inside the computer is type of ___

Direct manipulation

93. Example of form fill interface is ___

Data entry form on some university web

94. Building things from user's perspective is called ___

Usability

95. Form-filling interfaces are used for:

Data entry

96. Formal methods are used to represent:

Both architectural and procedural aspects of software systems

97. The colors, which are directly opposite to each other are said to be:

Complementary colors

98. Which of the following is not one of the goals of HCI?

To produce non-functional systems

99. According to Juran, the fitness for purpose or use, is said to be

Quality

100. Which of the given statements correctly defines efficiency in terms of one of the usability goals?

It refers to the way a system supports users in carrying out their tasks.

101. Which of the following is the statement given by "Novatech" as a result of a survey on the embarrassing experiences of computers?

One in every four computers has been physically attacked by some outside source y

102. Which of the following is/are goal(s) of usability?

Effectiveness
Efficiency

Hamad 03457876484

Safety

103. What are the three types of reasoning?

Abdicative, Inductive and Deductive

104. Totality of characteristics of an entity that bear on its ability to satisfy stated and implied needs are called ___

Quality

105. User and System has its own unique language, the language used by the user is called __

Task

106. The human aye has approximately ___ rods and ___ cones per eye.

120 million, 6 million

107. Which of the following is a true statement?

Human-computer interface specialists are user-centered and software engineers are system centered

108. Which of the following is flaw in waterfall model?

requirements change over time

109. Which of the following is used to toggle between two states?

Radio buttons

110. Which of the following is a text entry device?

Keyboard

111. The ___ model should match the ___ model.

Conceptual, mental

112. Which of the following is/are aspect(s) of human action?

execution and evaluation

113. If you are taking lecture and suddenly you hear music or voices from the other room. It is called?

Involuntary attention

114. Which of the following is a long-term individual difference?

Sex

115. As a software designer, which aspects guide you to think about the Way in which the user and the idiom interact?

Hammad 0343-7876484

Strategic

116. Adeel renders financial services in "ABC" bank. He specialized in his field. What he is called as from the following?

Subject matter expert (SME)

117. Scenario content and context are derived from information gathered during ___ phae and analyzed during the ___ phase (respectively)

research, modeling

118. Which of the following is least likely to be revealed by a paper prototype?

Toolbar buttons are too small to press

119. Requirements specification involves:

Eliciting information about Work domain from the customer

120. What are the most common things you do with the product is a type of ___

System-oriented question

121. What do you procrastinate on? is type of ___.

Avoidance

122. ___ cognitive process involves encoding and recalling knowledge and acting appropriately.

Memory

123. Transactional sites that are used for a significant part of an employee's job should be considered full ___ applications.

Sovereign

124. Alia is used to describe design problem/solution by ___ that is an imagined or projected sequences of events, especially any of several detailed plans or possibilities.

Persona

125. Around 63% of software projects exceed their cost estimates. The top four reasons for this are:

A-Frequent requests for change from users
B-Overlooked tasks
C-User's lack of understanding of their own requirements
D-Insufficient user-analyst communication and understanding

126. ___ of the potential sales from a site are lost because people cannot find the item they are looking for

50%

127. Human eye is very sensitive to ___

Light

128. Top of the web page contain the ___

Title bar

129. The star life cycle was proposed by ___

Hartson

130. What do you enjoy most about your job (or lifestyle) is an example of ___

Motivation

131. ___ represents the early-phase of ethnographic interviews.

Focused on domain knowledge

132. There can only be one ___ persona per interface for a product.

Primary

133. ___ personas address the needs of customers, not end users.

Customer

134. ___ is a usability goal and refers to how easy a system is to remember how to use, once learned.

Memorability

135. Ali is working on a document called CV in MS word now wishes to make a copy of it on disk so he can make some changes to the original, Which of the following process will help?

Archiving

136. When you try to log to yahoo. You wrongly enter password in capital letter, due to which error message arise invalid username and password. Which of the following error message dialog will appear?

Alerts

137. With the help of ___ Model, one can quantify (on the basis of Quantitative Measurement) the human performance in using computer based system

GOMS

138. Ethnography is a method that comes originally from anthropology and literally means

Writing the culture

139. Physical objects are said to have ___ affordance

Real

140. Which of these specialists is user centered?

HCI

141. What are the senses that currently do not play a significant role in HCI?

Taste and smell

142. A Qualitative research helps us to understand following except_____.

Statistical data analysis of the survey and observational data

143. An interface will have zero to two _____personas.

secondary

144. Among following, which type of information should be provided by stakeholders?

Preliminary vision of the product

145. Gulf of _____is the difference between the user's formulation of the actions to reach the goal and the actions allowed by the system.

execution

146. The gulf of _____is the distance between the physical presentation of the system state and the expectation of the user.

evaluation

147. What do you procrastinate on? Is type of _____.

Avoidance

148. _____have difficulties understanding and recognizing written words, making it hard for them to write grammatical sentences and spell correctly.

Dyslexics

149. The workflow models and organizational charts, fall under the following ethnographic framework.

Plans and procedures

150. Software-based products are not hard to use

Wrong process

151. The accuracy and completeness with which users achieve specified goals is called

Effectiveness

152. The way a external disk can be placed into a disk drive is example of

physically constraint

153. Which of the following is software lifecycle model, where results(s) must be evaluated at the completion of each activity?

Star lifecycle model

154. Up and down arrows used to represent the up and down movement of the cursor, respectively, on a computer keyboard is the example of _____.

Mapping

155. The _____ software model is take a user-centered view and to minimize the risk caused by requirements changing during the development of the project.

RAD

156. Trying to throw the icon of the hard disk into the wastebasket, in the desktop metaphor, as a way of removing all existing files from the disk is a example of

Mistake

157. On 7 June _____the complainant, who is blind, complained to the Commission that he was unlawfully discriminated against by the respondent.

1999

158. Which of the following is used to toggle between two states?

Radio buttons

159. The model people have of themselves, others, the environment, and the things with which they interact is definition of _____.

Mental model

160. The aim of an ethnographic study is to make the _____ design into _____design (respectively).

Implicit, explicit

161. _____involves restricting the possible functions that can be carried out by a novice to the basics and then extending these as the novice becomes more experienced.

Training wheel

162. The term mental model was first developed in the early 1640s by _____.

Kenneth Craik

163. Social science and usability texts are full of methods and techniques for conducting _____research.

Qualitative

164. Listening require less _____effort than reading or speaking.

Cognitive

165. Consistent interfaces to _____for achieving similar tasks.

have similar operations and use similar elements

166. _____involves thinking, comparing, and decision-making.

Reflective cognition

167. User and system has its own unique language, the language used by the user is called _____.

Task

168. User and system has its own unique language, the language used by the system is called _____.

Core

169. _____is a small area of the retina on which images are fixated.

Fovea

170. The most frequent errors are_____, especially in well-learned behavior.

Slips

171. Our ability to attend to one event from what amounts to a mass of competing stimuli in the environment have been psychologically termed as

focused attention

172. Subject matter experts (SME) are

Expert users

173. "Human-Computer Interaction is a discipline concerned with the_____, evaluation and implementation of interactive computing systems for human use and with the study of major phenomena surrounding them".

design

174. The sensation can be excited by presenting a different, properly prepared, view to each eye. The pair of views is called a _____.

stereopair or stereogram

175. Errors can be _____ that a user makes while attempting a task.

Slips

176. Red color more brilliant against a _____background and somewhat duller against the white background.

black

177. The _____approach to design is the assumption that product must balance business and engineering concerns with user's needs and goals.

Goal-directed

178. In which of the following Qualitative research technique, you will need to understand:
Their goals in purchasing the product
Their frustrations with current solutions

User and customer interviews

179. Learning can be considered in two terms:

Procedural and Declarative

180. G
181. G

CS408 Human Computer Interaction Solved Objective Midterm Papers For Preparation of Midterm Exam

What will be the gulf of execution if the user is able to formulate and perform the actions easily;
Smaller
Greater
Balanced
None of the Given

Certain factors that help us to interact with graphical based systems is_____
Indirect manipulation
Direct manipulation
Both
None of the given

Which interface system is based on the question/answer dialogue?
Command Line Interfaces
Query interfaces
Menus
Natural Language Interfaces

Currently many common environments for interactive computing are examples of the _____ interface style, often simply called windowing systems.
Three-dimensional
WIMP
Point and click
None of these

Taking some real world concept to perform different tasks that represent some idea, inside the computer is type of_____
Direct Manipulation
Desktop metaphors
Central processing unit
None of the given

Example of form fill interface is_____
A dialog box
Pop up menus
Data entry form on some university web
All of the given

Building things from user's perspective is called _____

Functionality
Usability
Portability
None of the given

A small picture that is used to represent a closed window is said to be a/an
Menu
Toolbar
status bar
icon

Form-filling interfaces are used for
data entry
data integration
data manipulation
data definition

User and system has its own unique language, the language used by the user is called_____
Task
Core
Both
None of the give options

This is not a characteristic of usability test

The primary goal is to improve usability
The participants do not represent real users
Observe and record what participants do and say

_____is an early release of a product to a few users.
Surveys
Beta test
Focus

_____ has a goal of assessing whether the product works according to its specifications.
Trunk Test
Quality assurance

_____ is a usability test in which a member of the test team sits in the room with the participant and actively probes the participant's understanding of whatever is being tested.
Co discovery
Active intervention
Trunk test

In usability test, which is a technique from given below opttions, in which you have two participants work together to perform the tasks.
Active Intervention
Co-Discovery
Trunk test

_____ is needed to check that users can use the product and like it.
Coding
Evaluation
Guideline

What site is this", Statement represents_____.
Folder
Site ID
Scroll bar

Exploring how children talk together in order to see if an innovative new groupware product would help them to be more engaged would probably be better informed by a _____.
Usability testing
Field study
Predictive evaluation
DECIDE framework

The _____ phase sets the stage for the core of the design effort
Requirement definition
Modeling
Implementation
None of the given

Evaluations done during design to check that product continues to meet uses' needs are known as _____ evaluation.
Formative
Summative
Relative
None of the given

_____ frequent your primary personas access the site,_____ transient a stance the site needs to take (respectively).
More, Less
Less, More
Less, Less
None the given

In DECIDE frame work _____comes just after choosing the evaluation paradigm and techniques.
Deciding about ethical issues

Exploring the questions
Identifying the practical issues
None of the given

_____capture the non-verbal dialogue between artifact and user over time.
Persona
Scenario
Dialogue
Design Model

_____ patterns can be applied at the conceptual level.
Postural
Structural
Behavioral
Mnemonic

Which of the following I least likely to be revealed by a paper prototype?
Your user don't know the term algorithm
Toolbar button are too small to press
The help menu isn't in the right place.
None of the given

Information sites with daily-updated information will naturally attract _____ users more than a monthly- updated site.
Repeat
Infrequent
Nonuser
None of the given

There can only be one _____ persona per interface for a product
Primary
Secondary
Supplemental
Customer

Overviews serve a similar purpose to _____ in an interface.
Navigation
Excise
Signposts
None of the given

We are deficient in our development _____, not in our development _____ (respectively).
Select correct option:
Process, Tools
Tools, Process
Tools, Methodology

None of these

Which of the following is not true regarding “cones”?
Select correct option:
A type of receptor in eye more sensitive to light
Different types of cones are sensitive to different wavelengths of light
Eye has approximately 6 million cones

Which of the following does not count as one of the advantages of computers?
Select correct option:
Computers are enabling new discoveries
Leading to efficiencies
Making our life convenient
Depending so much on computers may give fatal results

The gulf of execution refers to _____ .
Select correct option:
The user’s difficulty in understanding the feedback from the system
The system’s difficulty in presenting information in the output language
The system’s difficulty in converting an input expression into the correct system state transition
The user’s difficulty in formulating and articulating an intention to the system

Learnability, flexibility and robustness are three main usability principles that can be considered as general headings for standards and guidelines generation. Which of the following are also high level usability categories that can guide standards and guidelines generation? (i) Effectiveness (ii) Efficiency (iii) Fault tolerance (iv) Satisfaction
Select correct option:
(i) & (ii)
(i), (ii) & (iv)
(ii) & (iii)
(ii) & (iv)

Formal methods are used to represent
Architectural aspects of software systems only
Procedural aspects of software systems only
Both architectural and procedural aspects of software systems
None of the given

The colors, which are directly opposite to each other are said to be
complementary colors
analogous colors
primary colors
secondary colors

Which of the following is true about Short-Term memory?
Short-term memory has a limited capacity.
Short-term memory has an unlimited capacity.
Short-term memory has no capacity.
Short-term memory has large but limited capacity.

Which of the following device can not be useful for a visually impaired person?
a typical keyboard
a typical monitor
a typical speaker
a typical processor

Which of the following is not one of the goals of HCI?
To produce usable systems
To produce safe systems
To produce non-functional systems
To improve effectiveness of the systems

Human beings interact with outside world, using their
input channels
output channels
sense of sight
All of the given

Which of the following is/are the main component(s) of color?
Select correct option:
Hue
Intensity
Saturation
All of the given

Which of the following is not one of the primary colors?
Select correct option:
Red
Green
Yellow
Green

Which of the following is concerned primarily with understanding human behavior and the mental processes that underlie it?
Select correct option:
Psychology
Sociology
Statistics
Computer Science

Which are the most significant senses for the average person when it comes to interacting with a computer?
Select correct option:
Sight and hearing
Hearing, touch and smell
Hearing and touch
Sight, hearing and touch

According to Juran, the fitness for purpose or use, is said to be
usability
efficency
reliability
quality

Which of the given statements correctly defines efficiency in terms of one of the usability goals?
Select correct option:
It is a very general goal and refers to how good a system at doing what it is suppose to do.
It refers to the way a system supports users in carrying out their tasks.
It involves protecting the users from dangerous conditions
It involves protecting the users from undesired situations
Over a short period of time, we find it easier to remember the string of numbers "404 894 6743" because _____ .
Numbers are easier to remember than arbitrary characters.
The grouping of the numbers is significant
Ten numbers is not that many to have to remember from working memory.
None of these

The colors, which are directly opposite to each other are said to be
Select correct option:
complementary colors
analogous colors
primary colors
secondary colors

We are deficient in our development _____, not in our development _____ (respectively).
Select correct option:
Process, Tools
Tools, Process
Tools, Methodology
None of these

Which of the following does not count as one of the advantages of computers?
Select correct option:
Computers are enabling new discoveries
Leading to efficiencies
Making our life convenient

Depending so much on computers may give fatal results

The gulf of execution refers to _____ .
Select correct option:
The user's difficulty in understanding the feedback from the system
The system's difficulty in presenting information in the output language
The system's difficulty in converting an input expression into the correct system state transition
The user's difficulty in formulating and articulating an intention to the system

Which of the following is considered as the most complex species?
Select correct option:
Humans
Computers
Animals
Birds

Which of the following is the statement given by "Novatech" as a result of a survey on the embarrassing experiences of computers?
Select correct option:
One in every four computers has been physically attacked by its owner
Every computer can be saved from any type of physical attacks
Every computer is attacked physically one in its life time
One in every four computers has been physically attacked by some outside source

According to Juran, the fitness for purpose or use, is said to be
Select correct option:
usability
efficency
reliability
quality

Which of the given statements correctly defines efficiency in terms of one of the usability goals?
Select correct option:
It is a very general goal and refers to how good a system at doing what it is suppose to do.
It refers to the way a system supports users in carrying out their tasks.
It involves protecting the users from dangerous conditions
It involves protecting the users from undesired situations

Which of the following does not count as one of the advantages of computers?
Select correct option:
Computers are enabling new discoveries

Leading to efficiencies
Making our life convenient
Depending so much on computers may give fatal results

Which of the following is/are goal(s) of usability?
Select correct option:
Effectiveness
Efficiency
Safety
All of the given
Which of the following is/are the main component(s) of color?
Select correct option:
Hue
Intensity
Saturation
All of the given
Which of the following is true about Short-Term memory?
Select correct option:
Short-term memory has a limited capacity.
Short-term memory has an unlimited capacity.
Short-term memory has no capacity.
Short-term memory has large but limited capacity.

Human beings interact with outside world, using their
Select correct option:
input channels
output channels
sense of sight
All of the given

GOMS stands for
Select correct option:
goals,operations, methods and selection rules
goals,objects, models and selection rules
goals,operations, methods and state role
goals,orientation, models and state role

When you engaged in a conversation you are more attentive what the other person is saying. It is called?
Focused Attention
Voluntary Attention
Involuntary attention
Divided Attention

Drive a vehicle while holding a conversation with a passenger is the example of _____ .
Focused Attention

Voluntary Attention
Involuntary attention
Divided Attention

Ali requires access via a navigational portal relatively infrequently that provides clear, simple navigational control. Which of the following posture is appropriate in this case?
Auxiliary
Transient
Information
Sovereign

The Usability Engineering lifecycle was proposed by _____.
Deborah Mayhew
Websterfg
Barry Boehm
Hartson

XYZ Ltd is well reputed software house; they make a significant investment in building ---------- that encourages greater customer loyalty.
Visual Symbols
Grouping
Brand Equity
Harmony

Ali wants to develop an application that incorporates print, audio video media and software applications on a single place. Which of the following will help in this regard?
MS World
Worldwide Web
Television Newspaper

Ali is looking at how interface designers went about their work. He identified two different modes of activity: one is _____ and other is _____ .
Analytic mode, synthetic mode
Evaluation mode, testing mode
Analyze mode, feedback mode
Implementation mode, task mode

Scenario content and context are derived from information gathered during the _____ phase and analyzed during the _____ phase (respectively)
Modeling, Implementation
Modeling, Research
Research, Implementation
Research, Modeling

_____ refers to the way a system supports users in carrying out their tasks.
Efficiency

Effectiveness
Utility
_____ are GUIs that consists of electronic counterparts to physical objects in the real world to match the knowledge requirements of users.
User Interaction Models
Conceptual Models
Interface Metaphors

_____language tends to be grammatical while _____ language is often Ungrammatical.
Written, spoken
Spoken, written
None of the given choices

Aspect gives us hints and tips about using and creating user interface idioms.
Strategic
Tactical
None of the given choices

Which of the following requires less cognitive effort than others?
Select correct option:
listening
speaking
hearing
None of the given

What are the three types of reasoning?
Select correct option:
Deductive, Productive and Inductive
Adductive, Inductive and Deductive
Inductive, Adductive and Reproductive
Productive, Reproductive and Deductive

Which of the following is not true?
Select correct option:
Utility refers to the functionality of a system
Usability is concerned with adding complexity to the system
Usability is concerned with making systems easy to use
Poorly designed computer system can be extremely annoying to users

Which of the given statements correctly defines effectiveness in terms of one of the usability goals?
Select correct option:
It is a very general goal and refers to how good a system at doing what it is suppose to do.
It refers to the way a system supports users in carrying out their tasks.
It involves protecting the users from dangerous conditions
It involves protecting the users from undesired situations

Which of the following is not a secondary color?
Select correct option:
Green
Orange
Purple
Blue

1 What will be the gulf of execution if the user is able to formulate and perform the actions easily;
Smaller
Greater
Balanced
None of the Given

2 Certain factors that help us to interact with graphical based systems is_____
Indirect manipulation
Direct manipulation
Both
None of the given

3 Which interface system is based on the question/answer dialogue?
Command Line Interfaces
Query interfaces
Menus
Natural Language Interfaces

4 Currently many common environments for interactive computing are examples of the _____ interface style, often simply called windowing systems.
Three-dimensional
WIMP
Point and click
None of these

5 Taking some real world concept to perform different tasks that represent some idea, inside the computer is type of_____
Direct Manipulation
Desktop metaphors
Central processing unit
None of the given

6 Example of form fill interface is_____
A dialog box

Pop up menus
Data entry form on some university web
All of the given

7 Building things from user's perspective is called _____
Functionality
Usability
Portability
None of the given

8 A small picture that is used to represent a closed window is said to be a/an
Menu
Toolbar
status bar
icon

9 Form-filling interfaces are used for
data entry
data integration
data manipulation
data definition

10 User and system has its own unique language, the language used by the user is called_____
Task
Core
Both
None of the give options

11 This is not a characteristic of usability test

The primary goal is to improve usability
The participants do not represent real users
Observe and record what participants do and say

12 _____is an early release of a product to a few users.
Surveys
Beta test
Focus

13 _____ has a goal of assessing whether the product works according to its specifications.
Trunk Test
Quality assurance

14 _____ is a usability test in which a member of the test team sits in the room with the participant and actively probes the participant's understanding of whatever is being tested.
Co discovery
Active intervention
Trunk test

15 In usability test, which is a technique from given below opttions, in which you have two participants work together to perform the tasks.
Active Intervention
Co-Discovery
Trunk test

16 _____ is needed to check that users can use the product and like it.
Coding
Evaluation
Guideline

17 What site is this", Statement represents_____.
Folder
Site ID
Scroll bar

18 Exploring how children talk together in order to see if an innovative new groupware product would help them to be more engaged would probably be better informed by a _____.
Usability testing
Field study
Predictive evaluation
DECIDE framework

19 The _____ phase sets the stage for the core of the design effort
Requirement definition
Modeling
Implementation
None of the given

20 Evaluations done during design to check that product continues to meet uses' needs are known as _____ evaluation.
Formative
Summative
Relative
None of the given

21 _____ frequent your primary personas access the site,_____ transient a stance the site needs to take (respectively).
More, Less

Less, More
Less, Less
None the given

22 In DECIDE frame work _____comes just after choosing the evaluation paradigm and techniques.
Deciding about ethical issues
Exploring the questions
Identifying the practical issues
None of the given

23 _____capture the non-verbal dialogue between artifact and user over time.
Persona
Scenario
Dialogue
Design Model

24 _____ patterns can be applied at the conceptual level.
Postural
Structural
Behavioral
Mnemonic

25 Which of the following I least likely to be revealed by a paper prototype?
Your user don't know the term algorithm
Toolbar button are too small to press
The help menu isn't in the right place.
None of the given

26 Information sites with daily-updated information will naturally attract _____ users more than a monthly- updated site.
Repeat
Infrequent
Nonuser
None of the given

27 There can only be one _____ persona per interface for a product
Primary
Secondary
Supplemental
Customer

28 Overviews serve a similar purpose to _____ in an interface.
Navigation
Excise

Signposts
None of the given

29 We are deficient in our development _____, not in our development _____ (respectively).
Select correct option:
Process, Tools
Tools, Process
Tools, Methodology
None of these

30 Which of the following is not true regarding "cones"?
Select correct option:
A type of receptor in eye more sensitive to light
Different types of cones are sensitive to different wavelengths of light
Eye has approximately 6 million cones

31 Which of the following does not count as one of the advantages of computers?
Select correct option:
Computers are enabling new discoveries
Leading to efficiencies
Making our life convenient
Depending so much on computers may give fatal results

32 The gulf of execution refers to _____ .
Select correct option:
The user's difficulty in understanding the feedback from the system
The system's difficulty in presenting information in the output language
The system's difficulty in converting an input expression into the correct system state transition
The user's difficulty in formulating and articulating an intention to the system

33 Learnability, flexibility and robustness are three main usability principles that can be considered as general headings for standards and guidelines generation. Which of the following are also high level usability categories that can guide standards and guidelines generation? (i) Effectiveness (ii) Efficiency (iii) Fault tolerance (iv) Satisfaction
Select correct option:
(i) & (ii)
(i), (ii) & (iv)
(ii) & (iii)
(ii) & (iv)

34 Formal methods are used to represent
Architectural aspects of software systems only
Procedural aspects of software systems only
Both architectural and procedural aspects of software systems
None of the given

35 The colors, which are directly opposite to each other are said to be
complementary colors
analogous colors
primary colors
secondary colors

36 Which of the following is true about Short-Term memory?
Short-term memory has a limited capacity.
Short-term memory has an unlimited capacity.
Short-term memory has no capacity.
Short-term memory has large but limited capacity.

37 Which of the following device can not be useful for a visually impaired person?
a typical keyboard
a typical monitor
a typical speaker
a typical processor

38 Which of the following is not one of the goals of HCI?
To produce usable systems
To produce safe systems
To produce non-functional systems
To improve effectiveness of the systems

39 Human beings interact with outside world, using their
input channels
output channels
sense of sight
All of the given

40 Which of the following is/are the main component(s) of color?
Select correct option:
Hue
Intensity
Saturation
All of the given

41 Which of the following is not one of the primary colors?
Select correct option:
Red

Green
Yellow
Green

42 Which of the following is concerned primarily with understanding human behavior and the mental processes that underlie it?
Select correct option:
Psychology
Sociology
Statistics
Computer Science

43 Which are the most significant senses for the average person when it comes to interacting with a computer?
Select correct option:
Sight and hearing
Hearing, touch and smell
Hearing and touch
Sight, hearing and touch

44 According to Juran, the fitness for purpose or use, is said to be
usability
efficency
reliability
quality

45 Which of the given statements correctly defines efficiency in terms of one of the usability goals?
Select correct option:
It is a very general goal and refers to how good a system at doing what it is suppose to do.
It refers to the way a system supports users in carrying out their tasks.
It involves protecting the users from dangerous conditions
It involves protecting the users from undesired situations
46 Over a short period of time, we find it easier to remember the string of numbers "404 894 6743" because _____ .
Numbers are easier to remember than arbitrary characters.
The grouping of the numbers is significant
Ten numbers is not that many to have to remember from working memory.
None of these

47 The colors, which are directly opposite to each other are said to be
Select correct option:
complementary colors
analogous colors
primary colors

secondary colors

48 We are deficient in our development _____, not in our development _____ (respectively).
Select correct option:
Process, Tools
Tools, Process
Tools, Methodology
None of these

49 Which of the following does not count as one of the advantages of computers?
Select correct option:
Computers are enabling new discoveries
Leading to efficiencies
Making our life convenient
Depending so much on computers may give fatal results

50 The gulf of execution refers to _____ .
Select correct option:
The user's difficulty in understanding the feedback from the system
The system's difficulty in presenting information in the output language
The system's difficulty in converting an input expression into the correct system state transition
The user's difficulty in formulating and articulating an intention to the system

51 Which of the following is considered as the most complex species?
Select correct option:
Humans
Computers
Animals
Birds

52 Which of the following is the statement given by "Novatech" as a result of a survey on the embarrassing experiences of computers?
Select correct option:
One in every four computers has been physically attacked by its owner
Every computer can be saved from any type of physical attacks
Every computer is attacked physically one in its life time
One in every four computers has been physically attacked by some outside source

53 According to Juran, the fitness for purpose or use, is said to be
Select correct option:
usability
efficency
reliability
quality

54 Which of the given statements correctly defines efficiency in terms of one of the usability goals?
Select correct option:
It is a very general goal and refers to how good a system at doing what it is suppose to do.
It refers to the way a system supports users in carrying out their tasks.
It involves protecting the users from dangerous conditions
It involves protecting the users from undesired situations

55 Which of the following does not count as one of the advantages of computers?
Select correct option:
Computers are enabling new discoveries
Leading to efficiencies
Making our life convenient
Depending so much on computers may give fatal results

56 Which of the following is/are goal(s) of usability?
Select correct option:
Effectiveness
Efficiency
Safety
All of the given
57 Which of the following is/are the main component(s) of color?
Select correct option:
Hue
Intensity
Saturation
All of the given
58 Which of the following is true about Short-Term memory?
Select correct option:
Short-term memory has a limited capacity.
Short-term memory has an unlimited capacity.
Short-term memory has no capacity.
Short-term memory has large but limited capacity.

59 Human beings interact with outside world, using their
Select correct option:
input channels
output channels

sense of sight
All of the given

60 GOMS stands for
Select correct option:
goals,operations, methods and selection rules
goals,objects, models and selection rules
goals,operations, methods and state role
goals,orientation, models and state role

61 When you engaged in a conversation you are more attentive what the other person is saying. It is called?
Focused Attention
Voluntary Attention
Involuntary attention
Divided Attention

62 Drive a vehicle while holding a conversation with a passenger is the example of _____ .
Focused Attention
Voluntary Attention
Involuntary attention
Divided Attention

63 Ali requires access via a navigational portal relatively infrequently that provides clear, simple navigational control. Which of the following posture is appropriate in this case?
Auxiliary
Transient
Information
Sovereign

64 The Usability Engineering lifecycle was proposed by _____.
Deborah Mayhew
Websterfg
Barry Boehm
Hartson

65 XYZ Ltd is well reputed software house; they make a significant investment in building ---------- that encourages greater customer loyalty.
Visual Symbols
Grouping
Brand Equity
Harmony

66 Ali wants to develop an application that incorporates print, audio video media and software applications on a single place. Which of the following will help in this regard?

MS World
Worldwide Web
Television Newspaper

67 Ali is looking at how interface designers went about their work. He identified two different modes of activity: one is _____ and other is _____ .
Analytic mode, synthetic mode
Evaluation mode, testing mode
Analyze mode, feedback mode
Implementation mode, task mode

68 Scenario content and context are derived from information gathered during the _____ phase and analyzed during the _____ phase (respectively)
Modeling, Implementation
Modeling, Research
Research, Implementation
Research, Modeling

69_____ refers to the way a system supports users in carrying out their tasks.
Efficiency
Effectiveness
Utility
70_____ are GUIs that consists of electronic counterparts to physical objects in the real world to match the knowledge requirements of users.
User Interaction Models
Conceptual Models
Interface Metaphors

71 _____language tends to be grammatical while _____ language is often Ungrammatical.
Written, spoken
Spoken, written
None of the given choices

72 Aspect gives us hints and tips about using and creating user interface idioms.
Strategic
Tactical
None of the given choices

CS408 Human Computer Interaction Solved Objective Midterm Papers For Preparation of Midterm Exam

What will be the gulf of execution if the user is able to formulate and perform the actions easily;
Smaller
Greater
Balanced
None of the Given

Certain factors that help us to interact with graphical based systems is_____
Indirect manipulation
Direct manipulation
Both
None of the given

Which interface system is based on the question/answer dialogue?
Command Line Interfaces
Query interfaces
Menus
Natural Language Interfaces

Currently many common environments for interactive computing are examples of the _____ interface style, often simply called windowing systems.
Three-dimensional
WIMP
Point and click
None of these

Taking some real world concept to perform different tasks that represent some idea, inside the computer is type of_____
Direct Manipulation
Desktop metaphors
Central processing unit
None of the given

Example of form fill interface is_____
A dialog box
Pop up menus
Data entry form on some university web
All of the given

Building things from user's perspective is called _____

Functionality
Usability
Portability
None of the given

A small picture that is used to represent a closed window is said to be a/an
Menu
Toolbar
status bar
icon

Form-filling interfaces are used for
data entry
data integration
data manipulation
data definition

User and system has its own unique language, the language used by the user is called_____
Task
Core
Both
None of the give options

This is not a characteristic of usability test

The primary goal is to improve usability
The participants do not represent real users
Observe and record what participants do and say

_____is an early release of a product to a few users.
Surveys
Beta test
Focus

_____ has a goal of assessing whether the product works according to its specifications.
Trunk Test
Quality assurance

_____ is a usability test in which a member of the test team sits in the room with the participant and actively probes the participant's understanding of whatever is being tested.
Co discovery
Active intervention
Trunk test

In usability test, which is a technique from given below opttions, in which you have two participants work together to perform the tasks.
Active Intervention
Co-Discovery
Trunk test

_____ is needed to check that users can use the product and like it.
Coding
Evaluation
Guideline

What site is this", Statement represents_____.
Folder
Site ID
Scroll bar

Exploring how children talk together in order to see if an innovative new groupware product would help them to be more engaged would probably be better informed by a _____.
Usability testing
Field study
Predictive evaluation
DECIDE framework

The _____ phase sets the stage for the core of the design effort
Requirement definition
Modeling
Implementation
None of the given

Evaluations done during design to check that product continues to meet uses' needs are known as _____ evaluation.
Formative
Summative
Relative
None of the given

_____ frequent your primary personas access the site,_____ transient a stance the site needs to take (respectively).
More, Less
Less, More
Less, Less
None the given

In DECIDE frame work _____comes just after choosing the evaluation paradigm and techniques.
Deciding about ethical issues

Exploring the questions
Identifying the practical issues
None of the given

_____capture the non-verbal dialogue between artifact and user over time.
Persona
Scenario
Dialogue
Design Model

_____ patterns can be applied at the conceptual level.
Postural
Structural
Behavioral
Mnemonic

Which of the following I least likely to be revealed by a paper prototype?
Your user don't know the term algorithm
Toolbar button are too small to press
The help menu isn't in the right place.
None of the given

Information sites with daily-updated information will naturally attract _____ users more than a monthly- updated site.
Repeat
Infrequent
Nonuser
None of the given

There can only be one _____ persona per interface for a product
Primary
Secondary
Supplemental
Customer

Overviews serve a similar purpose to _____ in an interface.
Navigation
Excise
Signposts
None of the given

We are deficient in our development _____, not in our development _____ (respectively).
Select correct option:
Process, Tools
Tools, Process
Tools, Methodology

None of these

Which of the following is not true regarding “cones”?
Select correct option:
A type of receptor in eye more sensitive to light
Different types of cones are sensitive to different wavelengths of light
Eye has approximately 6 million cones

Which of the following does not count as one of the advantages of computers?
Select correct option:
Computers are enabling new discoveries
Leading to efficiencies
Making our life convenient
Depending so much on computers may give fatal results

The gulf of execution refers to _____ .
Select correct option:
The user’s difficulty in understanding the feedback from the system
The system’s difficulty in presenting information in the output language
The system’s difficulty in converting an input expression into the correct system state transition
The user’s difficulty in formulating and articulating an intention to the system

Learnability, flexibility and robustness are three main usability principles that can be considered as general headings for standards and guidelines generation. Which of the following are also high level usability categories that can guide standards and guidelines generation? (i) Effectiveness (ii) Efficiency (iii) Fault tolerance (iv) Satisfaction
Select correct option:
(i) & (ii)
(i), (ii) & (iv)
(ii) & (iii)
(ii) & (iv)

Formal methods are used to represent
Architectural aspects of software systems only
Procedural aspects of software systems only
Both architectural and procedural aspects of software systems
None of the given

The colors, which are directly opposite to each other are said to be
complementary colors
analogous colors
primary colors
secondary colors

Which of the following is true about Short-Term memory?
Short-term memory has a limited capacity.
Short-term memory has an unlimited capacity.
Short-term memory has no capacity.
Short-term memory has large but limited capacity.

Which of the following device can not be useful for a visually impaired person?
a typical keyboard
a typical monitor
a typical speaker
a typical processor

Which of the following is not one of the goals of HCI?
To produce usable systems
To produce safe systems
To produce non-functional systems
To improve effectiveness of the systems

Human beings interact with outside world, using their
input channels
output channels
sense of sight
All of the given

Which of the following is/are the main component(s) of color?
Select correct option:
Hue
Intensity
Saturation
All of the given

Which of the following is not one of the primary colors?
Select correct option:
Red
Green
Yellow
Green

Which of the following is concerned primarily with understanding human behavior and the mental processes that underlie it?
Select correct option:
Psychology
Sociology
Statistics
Computer Science

Which are the most significant senses for the average person when it comes to interacting with a computer?
Select correct option:
Sight and hearing
Hearing, touch and smell
Hearing and touch
Sight, hearing and touch

According to Juran, the fitness for purpose or use, is said to be
usability
efficency
reliability
quality

Which of the given statements correctly defines efficiency in terms of one of the usability goals?
Select correct option:
It is a very general goal and refers to how good a system at doing what it is suppose to do.
It refers to the way a system supports users in carrying out their tasks.
It involves protecting the users from dangerous conditions
It involves protecting the users from undesired situations
Over a short period of time, we find it easier to remember the string of numbers "404 894 6743" because _____ .
Numbers are easier to remember than arbitrary characters.
The grouping of the numbers is significant
Ten numbers is not that many to have to remember from working memory.
None of these

Interface Metaphors

_____language tends to be grammatical while _____ language is often Ungrammatical.
Written, spoken
Spoken, written
None of the given choices

Aspect gives us hints and tips about using and creating user interface idioms.
Strategic
Tactical
None of the given choices

Which of the following requires less cognitive effort than others?
Select correct option:
listening
speaking
hearing
None of the given

What are the three types of reasoning?
Select correct option:
Deductive, Productive and Inductive
Adductive, Inductive and Deductive
Inductive, Adductive and Reproductive
Productive, Reproductive and Deductive

Which of the following is not true?
Select correct option:
Utility refers to the functionality of a system
Usability is concerned with adding complexity to the system
Usability is concerned with making systems easy to use
Poorly designed computer system can be extremely annoying to users

Which of the given statements correctly defines effectiveness in terms of one of the usability goals?
Select correct option:
It is a very general goal and refers to how good a system at doing what it is suppose to do.
It refers to the way a system supports users in carrying out their tasks.
It involves protecting the users from dangerous conditions
It involves protecting the users from undesired situations

Which of the following is not a secondary color?
Select correct option:
Green
Orange
Purple
Blue

1 What will be the gulf of execution if the user is able to formulate and perform the actions easily;
Smaller
Greater
Balanced
None of the Given

2 Certain factors that help us to interact with graphical based systems is_____
Indirect manipulation
Direct manipulation
Both
None of the given

3 Which interface system is based on the question/answer dialogue?
Command Line Interfaces
Query interfaces
Menus
Natural Language Interfaces

4 Currently many common environments for interactive computing are examples of the _____ interface style, often simply called windowing systems.
Three-dimensional
WIMP
Point and click
None of these

5 Taking some real world concept to perform different tasks that represent some idea, inside the computer is type of_____
Direct Manipulation
Desktop metaphors
Central processing unit
None of the given

6 Example of form fill interface is_____
A dialog box

Pop up menus
Data entry form on some university web
All of the given

7 Building things from user's perspective is called _____
Functionality
Usability
Portability
None of the given

8 A small picture that is used to represent a closed window is said to be a/an
Menu
Toolbar
status bar
icon

9 Form-filling interfaces are used for
data entry
data integration
data manipulation
data definition

10 User and system has its own unique language, the language used by the user is called_____
Task
Core

Tools, Process
Tools, Methodology
None of these

30 Which of the following is not true regarding "cones"?
Select correct option:
A type of receptor in eye more sensitive to light
Different types of cones are sensitive to different wavelengths of light
Eye has approximately 6 million cones

31 Which of the following does not count as one of the advantages of computers?
Select correct option:
Computers are enabling new discoveries
Leading to efficiencies
Making our life convenient
Depending so much on computers may give fatal results

32 The gulf of execution refers to _____ .
Select correct option:
The user's difficulty in understanding the feedback from the system
The system's difficulty in presenting information in the output language
The system's difficulty in converting an input expression into the correct system state transition
The user's difficulty in formulating and articulating an intention to the system

33 Learnability, flexibility and robustness are three main usability principles that can be considered as general headings for standards and guidelines generation. Which of the following are also high level usability categories that can guide standards and guidelines generation? (i) Effectiveness (ii) Efficiency (iii) Fault tolerance (iv) Satisfaction
Select correct option:
(i) & (ii)
(i), (ii) & (iv)
(ii) & (iii)
(ii) & (iv)

34 Formal methods are used to represent
Architectural aspects of software systems only
Procedural aspects of software systems only
Both architectural and procedural aspects of software systems
None of the given

35 The colors, which are directly opposite to each other are said to be
complementary colors
analogous colors
primary colors
secondary colors

36 Which of the following is true about Short-Term memory?
Short-term memory has a limited capacity.
Short-term memory has an unlimited capacity.
Short-term memory has no capacity.
Short-term memory has large but limited capacity.

37 Which of the following device can not be useful for a visually impaired person?
a typical keyboard
a typical monitor
a typical speaker
a typical processor

38 Which of the following is not one of the goals of HCI?
To produce usable systems
To produce safe systems
To produce non-functional systems
To improve effectiveness of the systems

39 Human beings interact with outside world, using their
input channels
output channels
sense of sight
All of the given

40 Which of the following is/are the main component(s) of color?
Select correct option:
Hue
Intensity
Saturation
All of the given

41 Which of the following is not one of the primary colors?
Select correct option:
Red

Green
Yellow
Green

42 Which of the following is concerned primarily with understanding human behavior and the mental processes that underlie it?
Select correct option:
Psychology
Sociology
Statistics
Computer Science

43 Which are the most significant senses for the average person when it comes to interacting with a computer?
Select correct option:
Sight and hearing
Hearing, touch and smell
Hearing and touch
Sight, hearing and touch

44 According to Juran, the fitness for purpose or use, is said to be
usability
efficency
reliability
quality

45 Which of the given statements correctly defines efficiency in terms of one of the usability goals?
Select correct option:
It is a very general goal and refers to how good a system at doing what it is suppose to do.
It refers to the way a system supports users in carrying out their tasks.
It involves protecting the users from dangerous conditions
It involves protecting the users from undesired situations
46 Over a short period of time, we find it easier to remember the string of numbers "404 894 6743" because _____ .
Numbers are easier to remember than arbitrary characters.
The grouping of the numbers is significant
Ten numbers is not that many to have to remember from working memory.
None of these

47 The colors, which are directly opposite to each other are said to be
Select correct option:
complementary colors
analogous colors
primary colors

secondary colors

48 We are deficient in our development _____, not in our development _____ (respectively).
Select correct option:
Process, Tools
Tools, Process
Tools, Methodology
None of these

49 Which of the following does not count as one of the advantages of computers?
Select correct option:
Computers are enabling new discoveries
Leading to efficiencies
Making our life convenient
Depending so much on computers may give fatal results

50 The gulf of execution refers to _____ .
Select correct option:
The user's difficulty in understanding the feedback from the system
The system's difficulty in presenting information in the output language
The system's difficulty in converting an input expression into the correct system state transition
The user's difficulty in formulating and articulating an intention to the system

51 Which of the following is considered as the most complex species?
Select correct option:
Humans
Computers
Animals
Birds

52 Which of the following is the statement given by "Novatech" as a result of a survey on the embarrassing experiences of computers?
Select correct option:
One in every four computers has been physically attacked by its owner
Every computer can be saved from any type of physical attacks
Every computer is attacked physically one in its life time
One in every four computers has been physically attacked by some outside source

53 According to Juran, the fitness for purpose or use, is said to be
Select correct option:
usability
efficency
reliability
quality

54 Which of the given statements correctly defines efficiency in terms of one of the usability goals?
Select correct option:
It is a very general goal and refers to how good a system at doing what it is suppose to do.
It refers to the way a system supports users in carrying out their tasks.
It involves protecting the users from dangerous conditions
It involves protecting the users from undesired situations

55 Which of the following does not count as one of the advantages of computers?
Select correct option:
Computers are enabling new discoveries
Leading to efficiencies
Making our life convenient
Depending so much on computers may give fatal results

56 Which of the following is/are goal(s) of usability?
Select correct option:
Effectiveness
Efficiency
Safety
All of the given
57 Which of the following is/are the main component(s) of color?
Select correct option:
Hue
Intensity
Saturation
All of the given
58 Which of the following is true about Short-Term memory?
Select correct option:
Short-term memory has a limited capacity.
Short-term memory has an unlimited capacity.
Short-term memory has no capacity.
Short-term memory has large but limited capacity.

59 Human beings interact with outside world, using their
Select correct option:
input channels
output channels

sense of sight
All of the given

60 GOMS stands for
Select correct option:
goals,operations, methods and selection rules
goals,objects, models and selection rules
goals,operations, methods and state role
goals,orientation, models and state role

61 When you engaged in a conversation you are more attentive what the other person is saying. It is called?
Focused Attention
Voluntary Attention
Involuntary attention
Divided Attention

62 Drive a vehicle while holding a conversation with a passenger is the example of _____ .
Focused Attention
Voluntary Attention
Involuntary attention
Divided Attention

63 Ali requires access via a navigational portal relatively infrequently that provides clear, simple navigational control. Which of the following posture is appropriate in this case?
Auxiliary
Transient
Information
Sovereign

64 The Usability Engineering lifecycle was proposed by _____.
Deborah Mayhew
Websterfg
Barry Boehm
Hartson

65 XYZ Ltd is well reputed software house; they make a significant investment in building ---------- that encourages greater customer loyalty.
Visual Symbols
Grouping
Brand Equity
Harmony

66 Ali wants to develop an application that incorporates print, audio video media and software applications on a single place. Which of the following will help in this regard?

MS World
Worldwide Web
Television Newspaper

67 Ali is looking at how interface designers went about their work. He identified two different modes of activity: one is _____ and other is _____ .
Analytic mode, synthetic mode
Evaluation mode, testing mode
Analyze mode, feedback mode
Implementation mode, task mode

68 Scenario content and context are derived from information gathered during the _____ phase and analyzed during the _____ phase (respectively)
Modeling, Implementation
Modeling, Research
Research, Implementation
Research, Modeling

69_____ refers to the way a system supports users in carrying out their tasks.
Efficiency
Effectiveness
Utility
70_____ are GUIs that consists of electronic counterparts to physical objects in the real world to match the knowledge requirements of users.
User Interaction Models
Conceptual Models
Interface Metaphors

71 _____language tends to be grammatical while _____ language is often Ungrammatical.
Written, spoken
Spoken, written
None of the given choices

72 Aspect gives us hints and tips about using and creating user interface idioms.
Strategic

Quiz Start Time: 05:59 PM

Question # 7 of 10 (Start time: 06:07:28 PM) **Total Marks:** 1

The command line interface is used because

Select correct option:

	Command line interface was the first interactive dialog style to be commonly used and, in spite of the availability of menu-driven interface, it is still widely used. It provides a means of expressing instructions to the computer directly, using some function keys, single characters, abbreviations or whole-word commands. Command line interface are powerful in that they offer direct access to system functionality, and can be combined to apply a number of tools to the same data. They are also flexible: the command often has a number of options or parameters that will vary its behavior in some way, and it can be applied to many objects at once, making it useful for repetitive tasks.

Tools, Process

Tools, Methodology

None of these

Which of the following is not true regarding “cones”?

Select correct option:

A type of receptor in eye more sensitive to light

Different types of cones are sensitive to different wavelengths of light

Eye has approximately 6 million cones

Which of the following does not count as one of the advantages of computers?

Select correct option:

The user’s difficulty in formulating and articulating an intention to the system

Learnability, flexibility and robustness are three main usability principles that can be considered as general headings for standards and guidelines generation. Which of the following are also high level usability categories that can guide standards and guidelines generation? (i) Effectiveness (ii) Efficiency (iii) Fault tolerance (iv) Satisfaction

Select correct option:

(i) & (ii)

(i), (ii) & (iv)

(ii) & (iii)

(ii) & (iv)

Formal methods are used to represent

Architectural aspects of software systems only

Procedural aspects of software systems only

Both architectural and procedural aspects of software systems

None of the given

The colors, which are directly opposite to each other are said to be

complementary colors

analogous colors

primary colors

secondary colors

Which of the following is true about Short-Term memory?

Short-term memory has a limited capacity.

Short-term memory has an unlimited capacity.

Short-term memory has no capacity.

Short-term memory has large but limited capacity.

Which of the following device can not be useful for a visually impaired person?

a typical keyboard

a typical monitor

output channels

sense of sight

All of the given

Which of the following is/are the main component(s) of color?

Select correct option:

Hue

Intensity

Saturation

All of the given

Which of the following is not one of the primary colors?

Select correct option:

Red

Green

Yellow

Green

Which of the following is concerned primarily with understanding human behavior and the mental processes that underlie it?

Select correct option:

Psychology

Sociology

Statistics

Computer Science

Which are the most significant senses for the average person when it comes to interacting with a computer?

Select correct option:

Sight and hearing

Hearing, touch and smell

Hearing and touch

Sight, hearing and touch

It refers to the way a system supports users in carrying out their tasks.

It involves protecting the users from dangerous conditions

It involves protecting the users from undesired situations

Over a short period of time, we find it easier to remember the string of numbers "404 894 6743" because _____ .

Numbers are easier to remember than arbitrary characters.

The grouping of the numbers is significant

Ten numbers is not that many to have to remember from working memory.

None of these

The colors, which are directly opposite to each other are said to be

Select correct option:

complementary colors

analogous colors

primary colors

secondary colors

We are deficient in our development _____, not in our development _____ (respectively).

Select correct option:

Process, Tools

Tools, Process

Tools, Methodology

None of these

Which of the following does not count as one of the advantages of computers?

Select correct option:

Computers are enabling new discoveries

Leading to efficiencies

Making our life convenient

Depending so much on computers may give fatal results

Which of the following is considered as the most complex species?

Select correct option:

Humans

Computers

Animals

Birds

Which of the following is the statement given by "Novatech" as a result of a survey on the embarrassing experiences of computers?

Select correct option:

One in every four computers has been physically attacked by its owner

Every computer can be saved from any type of physical attacks

Every computer is attacked physically one in its life time

One in every four computers has been physically attacked by some outside source

According to Juran, the fitness for purpose or use, is said to be

CS408 MIDTERM 2008 UNSOLVED

Question No: 1 (M a r k s: 1)
In an organization individuals may keep their own records, or there may be local gurus. This statement concerns with _____.

► Paper work and computer work

► Spatial and temporal organizations

► **Organizational memory** **Handouts page:** 176

► None of these

Question No: 2 (M a r k s: 1)
Currently many common environments for interactive computing are examples of the _____ interface style, often simply called windowing systems.

► Three-dimensional

► **WIMP** **Handouts page: 129**

► Point and click

► None of these

Question No: 3 (M a r k s: 1)
Using icons on the desktop to represent operations is a type of _____constraint.

► Physical

► Logical
► **Cultural** **Handouts page: 106**
► None of these

Question No: 4 (M a r k s: 1)
_____ is a term used to refer to an attribute of an object that allows people to know how to use it.

► Visibility
► **Affordance** **Handouts page: 105**
► Constraint
► None of these

Question No: 5 (M a r k s: 1)
_____ minimizes errors.

► Affordance
► Visibility
► **Constraints**
► None of these

Question No: 6 (M a r k s: 1)
Which of the following is proportional to the amplitude of the sound; the frequency remains constant?

► Pitch
► **Loudness** **Handouts page: 70**
► Timber
► None of these

Question No: 7 (M a r k s: 1)
_____ plays a role to bridge up the gape between the interfaces of machines and human understanding.

► Human
► Computer
► **Human Computer Interaction**

► None of the given

Question No: 15 (M a r k s: 1)
What is a semantic network?

► **A model of long-term memory** **Handouts page: 82**

► A record of our memory of events

► The part of the brain which allows us to remember things

► A mechanism for improving memory

Question No: 16 (M a r k s: 1)
Which are the most significant senses for the average person when it comes to interacting with a computer?

► Sight and hearing

► Hearing, touch and smell

► **Hearing and touch**

► Sight, hearing and touch

Solved By Ali Muaaz
Alimuaaz11@gmail.com

- **Solve the subjective question with ur own mind and vision.**

Question No: 17 (M a r k s: 1)
Define Attention. [1]

Question No: 18 (M a r k s: 1)
Define Recognition. [1]

Question No: 19 (M a r k s: 2)
What is the difference between Tertiary and Analogous colors? [2]

Question No: 20 (M a r k s: 3)
Comment to justify the following statement.

"Most users are neither beginners nor experts; instead they are intermediates"

Question No: 21 (M a r k s: 5)
What are the pointing devices? Explain trackball as pointing device? [2+3]

Question No: 22 (M a r k s: 10)
Consider the vertical scroll bar of a web browser or word processor. For each of Norman's five principles below, give one way that the scrollbar uses the

Solved By Ali Muaaz
Alimuaaz11@gmail.com

principle for effective design. Describe the interface model of the scroll bar in one sentence.
[2*5]

- **Affordance**:
- **Constraints**:
- **Mapping**:
- **Visibility**:
- **Feedback**:

Reference MCQ's For MIDTERM EXAMS
CS408 - HUMAN COMPUTER INTERACTION

Question No: 1 (Marks: 1) - Please choose one

_____are unintentional while_____ occur through conscious deliberation.

- **Slips, mistakes (page 100)**
- Errors, slips
- Mistakes, errors
- Mistakes, slips

Question No: 2 (Marks: 1) - Please choose one

What is the main strength of the Problem Space Framework as a model of human problem solving?

- **It operates within the constraints of the human processing system (page 91)**
- It explains what is involved in insight
- It allows ill-defined problems to be solved
- None of these

Question No: 3 (Marks: 1) - Please choose one

_____ is the process of selecting things to concentrate on, at a point in time, from the range of possibilities available.

- Perception and recognition
- **Attention (page 76)**
- Learning
- None of these

Question No: 4 (Marks: 1) - Please choose one

Interpretation inquiry, according to Beyer and Holtzblatt, is based on a master-apprentice model of learning.

- True
- **False (page 176)**

Question No: 5 (Marks: 1) - Please choose one

The persona is not an actual user of the product, but is indirectly affected by it and its use refers to _____ persona

- Primary
- Secondary
- **Served (page 159)**
- Negative

Question No: 6 (Marks: 1) - Please choose one

_____ is a powerful, multipurpose design tool that helps overcome several problems that currently plague the development of digital products.

- Scenario
- **Persona (page 187)**
- Prototype

Question No: 7 (Marks: 1) - Please choose one

The difference between the intentions and allowable actions is the:

- **Gulf of Execution (page 103)**
- Gulf of Evaluation
- None of these

Question No: 8 (Marks: 1) - Please choose one

Attention is the process of selecting things to concentrate on, at a point in time, from the range of

- **Possibilities available (page 76)**
- Time Available
- None of these

Question No: 9 (Marks: 1) - Please choose one

The goals of HCI are:

- **Usability and User Experience (page 30)**
- Learn ability and Comfort
- Tasks and Goals

Question No: 10 (Marks: 1) - Please choose one

WYSIWYG stands for _____.

- Where you see is where you get
- **What you see is what you get (page 36)**
- When you see it when you get

Question No: 11 (Marks: 1) - Please choose one

_____ is proportional to the amplitude of the sound.

- Pitch
- **Loudness (page 70)**
- Timber

Question No: 12 (Marks: 1) - Please choose one

Persona is not context specific, so it can be reused easily.

- True
- **False (page 189)**

Question No: 13 (Marks: 1) - Please choose one

_____ are individual and isolated regions within display that can be selected by the user to invoke specific operations.

- **Buttons (page 133)**
- Pointers
- Menus
- Windows

Question No: 14 (Marks: 1) - Please choose one

User personas that are not primary or secondary are _____ personas.

- Served
- Negative
- Customer
- **Supplemental (page 196)**

Question No: 15 (Marks: 1) - Please choose one

Which of the following is the comparison of what happened in the world with what we wanted to happen?

- Action
- **Evaluation (page 99)**
- Execution
- None of these

Question No: 16 (Marks: 1) - Please choose one

The size and shape of a compact disk, is a type of _____ constraint.

- **Physical (page 106)**
- Logical
- Cultural
- None of these

Question No: 17 (Marks: 1) - Please choose one

_____ Research can tell you about what, how, many and why in rich, multivariate detail.

- Quantitative
- **Qualitative (page 166)**
- SME
- None of these

Question No: 18 (Marks: 1) - Please choose one

Which of the given statements correctly defines effectiveness in terms of one of the usability goals?

- **It is a very general goal and refers to how good a system at doing what it is suppose to do. (page 31)**
- It refers to the way a system supports users in carrying out their tasks.
- It involves protecting the users from dangerous conditions
- It involves protecting the users from undesired situations

Question No: 19 (Marks: 1) - Please choose one

Which of the following is not a secondary color?

- Green
- Orange
- Purple
- **Blue (page 63)**

Question No: 20 (Marks: 1) - Please choose one

Which of the following device can not be useful for a visually impaired person?

- a typical keyboard
- **a typical monitor**
- a typical speaker
- a typical processor

Question No: 21 (Marks: 1) - Please choose one

Which of the following requires less cognitive effort than others?

- **Listening (page 87)**
- Speaking
- Hearing
- None of the given

Question No: 22 (Marks: 1) - Please choose one

We are deficient in our development _____, not in our development _____ (respectively).

- **Process, Tools (page 23)**
- Tools, Process
- Tools, Methodology
- None of these

Question No: 23 (Marks: 1) - Please choose one

Which of the following is not true regarding "cones"?

- **A type of receptor in eye more sensitive to light (page 56)**
- Different types of cones are sensitive to different wavelengths of light
- Eye has approximately 6 million cones

Question No: 24 (Marks: 1) - Please choose one

Which of the following does not count as one of the advantages of computers?

- Computers are enabling new discoveries
- Leading to efficiencies
- Making our life convenient
- **Depending so much on computers may give fatal results (page 9)**

Question No: 25 (Marks: 1) - Please choose one

The gulf of execution refers to _____ .

The user's difficulty in understanding the feedback from the system
The system's difficulty in presenting information in the output language
The system's difficulty in converting an input expression into the correct system state transition
The user's difficulty in formulating and articulating an intention to the system

Question No: 26 (Marks: 1) - Please choose one

Learnability, flexibility and robustness are three main usability principles that can be considered as general headings for standards and guidelines generation. Which of the following are also high level usability categories that can guide standards and guidelines generation? (i) Effectiveness (ii) Efficiency (iii) Fault tolerance (iv) Satisfaction

Select correct option:

(i) & (ii) (page 31)
(i), (ii) & (iv)
(ii) & (iii)
(ii) & (iv)

Question No: 27 (Marks: 1) - Please choose one

Which of the following is not true?

- Utility refers to the functionality of a system
- **Usability is concerned with adding complexity to the system (page 31)**
- Usability is concerned with making systems easy to use
- Poorly designed computer system can be extremely annoying to users

Question No: 28 (Marks: 1) - Please choose one

The command line interface is used because:

- It is easy to understand
- It is demanded by DOS
- It is offered by UNIX systems
- **It is powerful and flexible (page 127)**

Question No: 29 (Marks: 1) - Please choose one

Which of the given statements correctly defines effectiveness in terms of one of the usability goals?

- **It is a very general goal and refers to how good a system at doing what it is suppose to do. (page 31)**
- It refers to the way a system supports users in carrying out their tasks.
- It involves protecting the users from dangerous conditions
- It involves protecting the users from undesired situations

Question No: 30 (Marks: 1) - Please choose one

Which of the following is not one of the primary colors?

- Red
- Yellow
- Blue
- **Green (page 63)**

Question No: 31 (Marks: 1) - Please choose one

Which of the following is concerned primarily with understanding human behavior and the mental processes that underlie it?

- **Psychology (page 43)**
- Sociology
- Statistics
- Computer Science

Question No: 32 (Marks: 1) - Please choose one

HCI deals with:

- Design of interactive system only
- Evaluation of interactive system only
- Implementation of interactive system only
- **All of the given choices (page 15)**

Question No: 33 (Marks: 1) - Please choose one

Human beings interact with outside world, using their

- input channels
- output channels
- sense of sight
- **All of the given (page 54)**

Question No: 33 (Marks: 1) - Please choose one

We are deficient in our development _____, not in our development _____ (respectively).

- **Process, Tools (page 23)**
- Tools, Process
- Tools, Methodology
- None of these

Question No: 34 (Marks: 1) - Please choose one

Visually impaired persons can interact with outside world using their

- Sense of sight
- Sense of hearing
- **Both sense of touch and sense of hearing**
- Sense of touch

Question No: 35 (Marks: 1) - Please choose one

_____is the process of selecting things to concentrate on, at a point in time, from the range of possibilities available

- Reasoning
- Decision Making
- **Attention (page 76)**

Question No: 36 (Marks: 1) - Please choose one

_____ refers to the relationship between controls and their effects in the world.

- Visibility
- Affordance
- **Mapping (page 107)**

Question No: 37 (Marks: 1) - Please choose one

. _____ plays a role to bridge up the gap between the interfaces of machines and human understanding.

- **Human computer Interaction (page 14)**
- Software Engineering
- Human Computer Interfaces

Question No: 38 (Marks: 1) - Please choose one

_____ is a very general goal of Usability and refers to how good a system at doing what it is suppose to do.

- **Effectiveness (page 31)**
- Efficiency
- Utility

Question No: 39 (Marks: 1) - Please choose one

. _____is what goes on in out heads when we carry out our everyday activities?

- **Cognition (page 47)**
- Learnability
- Memeorability

Question No: 40 (Marks: 1) - Please choose one

_____ is the process by which we use the knowledge we have to draw conclusions or infer something new about the domain of interest.

- Decision Making
- **Reasoning (page 89)**
- Problem Solving

Question No: 41 (Marks: 1) - Please choose one

_____research helps us understand the domain, context and constraints of a product in different, more useful ways than _____research do.

- **Qualitative, Quantitative (page 167)**
- Quantitative, Qualitative
- None of them

Question No: 42 (Marks: 1) - Please choose one

In an organization individuals may keep their own records, or there may be local gurus. This statement concerns with _____.

- Paper work and computer work
- Spatial and temporal organizations
- **Organizational memory (page 176)**
- None of these

Question No: 43 (Marks: 1) - Please choose one

Using icons on the desktop to represent operations is a type of _____ constraint.

- Physical
- Logical
- **Cultural (page 106)**
- None of these

Question No: 44 (Marks: 1) - Please choose one

_____ is a term used to refer to an attribute of an object that allows people to know how to use it.

- Visibility
- **Affordance (page 105)**
- Constraint
- None of these

Question No: 45 (Marks: 1) - Please choose one

_____ minimizes errors.

- Affordance
- **Visibility (page 104)**
- Constraints
- None of these

Question No: 46 (Marks: 1) - Please choose one

Which of the following is proportional to the amplitude of the sound; the frequency remains constant?

- Pitch
- **Loudness (page 70)**
- Timber
- None of these

Question No: 47 (Marks: 1) - Please choose one

_____ plays a role to bridge up the gape between the interfaces of machines and human understanding.

- Human
- Computer
- **Human Computer Interaction (page 14)**
- None of these

Question No: 48 (Marks: 1) - Please choose one

The persona's needs are sufficiently unique to require a distinct interface form and behavior is _____ type of Persona.

- **Primary (page 159)**
- Secondary
- Supplement
- Negative

Question No: 49 (Marks: 1) - Please choose one

A _____is usually a collection of icons those are reminiscent of the purpose of the various modes.

- Button
- Pointer
- **Palette (page 133)**
- Title bar

Question No: 50 (Marks: 1) - Please choose one

The persona is not an actual user of the product, but is indirectly affected by it and its use refers to _____ persona

- Primary
- Secondary
- **Served (page 159)**
- Negative

Question No: 51 (Marks: 1) - Please choose one

During _____ phase, usage and workflow patterns discovered through _____.

- **Modeling, analysis (page 159)**
- Analysis, modeling
- Testing, modeling
- Testing, Analysis

Question No: 52 (Marks: 1) - Please choose one

Waterfall model is basically a _____ model in which each step must be completed before the next step can be started:

- Incremental
- **Linear (page 149)**
- Iterative
- Analytical

Question No: 53 (Marks: 1) - Please choose one

Models are used in design to,

- Generate the design
- Evaluate the design
- **Generate and evaluate the design (page 185)**
- None of the given

Question No: 54 (Marks: 1) - Please choose one

What is a semantic network?

- **A model of long-term memory (page 82)**
- A record of our memory of events
- The part of the brain which allows us to remember things
- A mechanism for improving memory

Question No: 55 (Marks: 1) - Please choose one

Which are the most significant senses for the average person when it comes to interacting with a computer?

- Sight and hearing
- Hearing, touch and smell
- Hearing and touch
- **Sight, hearing and touch (page 54)**

Question No: 56 (Marks: 1) - Please choose one

_____ refers to the way a system supports users in carrying out their tasks.

- **Efficiency (page 31)**
- Effectiveness
- Utility

Question No: 57 (Marks: 1) - Please choose one

_____ are GUIs that consists of electronic counterparts to physical objects in the real world to match the knowledge requirements of users.

- User Interaction Models
- Conceptual Models
- **Interface Metaphors (page 51)**

Question No: 58 (Marks: 1) - Please choose one

_____language tends to be grammatical while _____ language is often Ungrammatical.

- **Written, spoken (page 87)**
- Spoken, written
- None of the given choices

Question No: 59 (Marks: 1) - Please choose one

Aspect gives us hints and tips about using and creating user interface idioms.

- Strategic
- **Tactical (page 143)**
- None of the given choices

Question No: 60 (Marks: 1) - Please choose one

The Usability Engineering lifecycle was proposed by _____.

- **Deborah Mayhew (page 153)**
- Webster
- Barry Boehm
- Hartson

Question No: 61 (Marks: 1) - Please choose one

Ali wants to develop an application that incorporates print, audio video media and software applications on a single place. Which of the following will help in this regard?

- MS World
- **Worldwide Web (page 305)**
- Television Newspaper

Question No: 62 (Marks: 1) - Please choose one

Ali is looking at how interface designers went about their work. He identified two different modes of activity: one is _____ and other is _____.

- **Analytic mode, synthetic mode (page 153)**
- Evaluation mode, testing mode
- Analyze mode, feedback mode
- Implementation mode, task mode

Question No: 63 (Marks: 1) - Please choose one

Scenario content and context are derived from information gathered during the _____ phase and analyzed during the _____ phase (respectively).

- Modeling, Implementation
- Modeling, Research
- Research, Implementation
- **Research, Modeling (page 199)**

Question No: 64 (Marks: 1) - Please choose one

Ali requires access via a navigational portal relatively infrequently that provides clear, simple navigational control. Which of the following posture is appropriate in this case?

- Auxiliary
- **Transient (page 231)**
- Information
- Sovereign

Question No: 65 (Marks: 1) - Please choose one

_____ are dragged down from the title at the top of the screen.

- **Pull Down Menus (page 132)**
- Main Menus
- Icons
- Buttons

Question No: 66 (Marks: 1) - Please choose one

When you engaged in a conversation you are more attentive what the other person is saying. It is called?

- Focused Attention
- **Voluntary Attention (page 78)**
- Involuntary attention
- Divided Attention

Question No: 67 (Marks: 1) - Please choose one

Drive a vehicle while holding a conversation with a passenger is the example of _____ .

- Focused Attention
- Voluntary Attention
- Involuntary attention
- **Divided Attention (page 78)**

Question No: 68 (Marks: 1) - Please choose one

GOMS stands for:

- **Goals, operation, methods and selection rules (page 50)**
- Goals, objects, models and selection rules
- Goals, operations, methods and state rules
- Goals, operations, models and state rules

Question No: 69 (Marks: 1) - Please choose one

Which of the following is/are the main component(s) of color?

- Hue
- Intensity
- Saturation
- **All of the given (page 59)**

Question No: 70 (Marks: 1) - Please choose one

_____ represent the user's expectations of the tangible outcomes of using a specific product.

- Non-user goals
- **End goals (page 192)**
- Experience goals
- Life goals

Question No: 71 (Marks: 1) - Please choose one

Persona is not context specific, so it can be reused easily.

- True
- **False (page 189)**

Question No: 72 (Marks: 1) - Please choose one

In an email application configuring a new email server is a key path activity.

- **True (page 207)**
- False

Question No: 73 (Marks: 1) - Please choose one

_____ are perhaps the least-documented patterns, but they are nonetheless in widespread use.

- Postural
- **Structural (page 217)**
- Behavioral
- Mnemonic

Question No: 74 (Marks: 1) - Please choose one

The way people carry out an activity in the real world is same as how it may be observed in the laboratory

- True
- **False (page 256)**

Question No: 75 (Marks: 1) - Please choose one

Engineering a user interface involves a quantitative engineering style of working in which measurements are used to judge the quality of interface. Hence _____ is appropriate.

- **Usability testing (page 264)**
- Field study
- Predictive evaluation
- DECIDE framework

Question No: 76 (Marks: 1) - Please choose one

Exploring how children talk together in order to see if an innovative new groupware product would help them to be more engaged would probably be better informed by a _____.

- Usability testing
- **Field study (page 264)**
- Predictive evaluation
- DECIDE framework

Question No: 77 (Marks: 1) - Please choose one

Beneath the surface is the _____ of the site: the placement of buttons, tabs, photos, and blocks of text.

- Surface
- Structure
- **Skeleton (page 306)**
- Scope

Question No: 78 (Marks: 1) - Please choose one

Roughly _____ percent of the male population has some degree of color blindness.

- **10 (page 358)**
- 20
- 30
- 40

Question No: 79 (Marks: 1) - Please choose one

_____ are individual and isolated regions within display that can be selected by the user to invoke specific operations.

- **Buttons (page 133)**
- Pointers
- Menus
- Windows

Question No: 80 (Marks: 1) - Please choose one

The _____ function came into being as the result of the implementation model for undo

- **Redo (page 314)**
- Undo
- Repeat
- Delete

Question No: 81 (Marks: 1) - Please choose one

If the user wants to _____ place the document somewhere in the file system hierarchy, he can request this function from the menu.

- **Explicitly (page 327)**
- Implicitly
- Habitually
- Properly

Question No: 82 (Marks: 1) - Please choose one

Design of user interfaces does not entirely _____ aesthetic concerns, but rather it places such' concerns within the constraints of a _____ framework.

- Include, Functional
- **Exclude, Functional (page 343)**
- Include, Non-Functional
- Exclude, Non-Functional

Question No: 83 (Marks: 1) - Please choose one

When developing _____, plan to keep them short, straightforward and avoid asking too many.

- Videos
- Documentation
- **Interview CS408 Questions (page 371)**
- Contextual enquiry

Question No: 84 (Marks: 1) - Please choose one

Conventional wisdom says that _____ tell the user when he has made some mistake.

- Program crash
- System stuck
- **Error messages (page 382)**
- Metadata

Question No: 85 (Marks: 1) - Please choose one

People frequently counter the idea of _____feedback with arguments that users don't like it

- **Audible (page 393)**
- Video
- Walkthroughs
- CS408 Questions

Question No: 86 (Marks: 1) - Please choose one

_____environments are environments that are user and context aware.

- Non-attentive
- Visual
- Sensing
- **Attentive (page 418)**

Question No: 87 (Marks: 1) - Please choose one

User personas that are not primary or secondary are _____ personas.

- Served
- Negative
- Customer
- **Supplemental (page 196)**

Question No: 88 (Marks: 1) - Please choose one

Which of the following is the comparison of what happened in the world with what we wanted to happen?

- Action
- **Evaluation (page 99)**
- Execution
- None of these

Question No: 89 (Marks: 1) - Please choose one

The size and shape of a compact disk, is a type of _____ constraint.

- **Physical (page 106)**
- Logical
- Cultural
- None of these

Question No: 90 (Marks: 1) - Please choose one

_____ research can tell you about what, how, many and why in rich, multivariate detail.

- Quantitative
- **Qualitative (page 166)**
- SME
- None of these

Question No: 91 (Marks: 1) - Please choose one

_____is the least technical way of collecting data, but it can be difficult and tiring to write and observe at the same time.

- Audio recording
- **Taking notes (page 365)**
- Observation
- Video

Question No: 92 (Marks: 1) - Please choose one

Panes, frames and other containers on screen is a kind of _____

- **Functional and data elements (page 206)**
- View
- Input method
- None of the given

Question No: 93 (Marks: 1) - Please choose one

_____ is particularly useful early in design. It is excellent technique to use with the prototype, because it provides a wealth of diagnostic information.

- Co-discovery
- **Active intervention (page 276)**
- Splendid research
- None of the given

Question No: 94 (Marks: 1) - Please choose one

Information sites with daily-updated information will naturally attract _____ users more than a monthly-updated site.

- **Repeat (page 229)**
- Infrequent
- Nonuser
- None of the given

Question No: 95 (Marks: 1) - Please choose one

Evaluations done during design to check that product continues to meet users' needs are known as _____ evaluation.

- **Formative (page 258)**
- Summative
- Relative
- None of the given

Question No: 96 (Marks: 1) - Please choose one

_____ frequent your primary personas access the site, _____ transient a stance the site needs to take (respectively).

- More, Less
- **Less, more (page 230)**
- Less, less
- None of the given

Question No: 97 (Marks: 1) - Please choose one

In an organization individuals may keep their own records, or there may be local gurus. This statement concerns with _____.

- Paper work and computer work
- Spatial and temporal organizations
- **Organizational memory (page 176)**
- None of these

Question No: 98 (Marks: 1) - Please choose one

Currently many common environments for interactive computing are examples of the _____ interface style, often simply called windowing systems.

- Three-dimensional
- **WIMP (page 129)**
- Point and click
- None of these

Question No: 99 (Marks: 1) - Please choose one

Using icons on the desktop to represent operations is a type of _____constraint.

- Physical
- Logical
- **Cultural (page 106)**
- None of these

Question No: 100 (Marks: 1) - Please choose one

_____ is a term used to refer to an attribute of an object that allows people to know how to use it.

- Visibility
- **Affordance (page 105)**
- Constraint
- None of these

Question No: 101 (Marks: 1) - Please choose one

_____ minimizes errors.

- Affordance
- **Visibility (page 104)**
- Constraints
- None of these

Question No: 102 (Marks: 1) - Please choose one

Which of the following is proportional to the amplitude of the sound; the frequency remains constant?

- Pitch
- **Loudness (page 70)**
- Timber
- None of these

Question No: 103 (Marks: 1) - Please choose one

_____ plays a role to bridge up the gape between the interfaces of machines and human understanding.

- Human
- Computer
- **Human Computer Interaction (page 14)**
- None of these

Question No: 104 (Marks: 1) - Please choose one

The persona's needs are sufficiently unique to require a distinct interface form and behavior is _____ type of Persona.

- **Primary (page 159)**
- Secondary
- Supplement
- Negative

Question No: 105 (Marks: 1) - Please choose one

A _____is usually a collection of icons those are reminiscent of the purpose of the various modes.

- Button
- Pointer
- **Palette (page 133)**
- Title bar

Question No: 106 (Marks: 1) - Please choose one

The persona is not an actual user of the product, but is indirectly affected by it and its use refers to _____ persona

- Primary
- Secondary
- **Served (page 159)**
- Negative

Question No: 107 (Marks: 1) - Please choose one

During _____ phase, usage and workflow patterns discovered through _____.

- **Modeling, analysis (page 159)**
- Analysis, modeling
- Testing, modeling
- Testing, Analysis

Question No: 108 (Marks: 1) - Please choose one

The Usability Engineering lifecycle was proposed by _____.

- **Deborah Mayhew (page 153)**
- Webster
- Barry Boehm
- Hartson

Question No: 109 (Marks: 1) - Please choose one

Waterfall model is basically a _____ model in which each step must be completed before the next step can be started

- Incremental
- **Linear (page 149)**
- Iterative
- Analytical

Question No: 110 (Marks: 1) - Please choose one

Models are used in design to

- Generate the design
- Evaluate the design
- **Generate and evaluate the design (page 185)**
- None of the given

Question No: 111 (Marks: 1) - Please choose one

What is a semantic network?

- **A model of long-term memory (page 82)**
- A record of our memory of events
- The part of the brain which allows us to remember things
- A mechanism for improving memory

Question No: 112 (Marks: 1) - Please choose one

Which are the most significant senses for the average person when it comes to interacting with a computer?

- Sight and hearing
- Hearing, touch and smell
- Hearing and touch
- **Sight, hearing and touch (page 54)**

Question No: 113 (Marks: 1) - Please choose one

In an organization individuals may keep their own records, or there may be local gurus. This statement concerns with _____.

- Paper work and computer work
- Spatial and temporal organizations
- **Organizational memory (page 176)**
- None of these

Question No: 115 (Marks: 1) - Please choose one

Currently many common environments for interactive computing are examples of the _____ interface style, often simply called windowing systems.

- Three-dimensional
- **WIMP (page 129)**
- Point and click
- None of these

Question No: 116 (Marks: 1) - Please choose one

Using icons on the desktop to represent operations is a type of _____constraint.

- Physical
- Logical
- **Cultural (page 106)**
- None of these

Question No: 117 (Marks: 1) - Please choose one

_____ is a term used to refer to an attribute of an object that allows people to know how to use it.

- Visibility
- **Affordance (page 105)**
- Constraint
- None of these

Question No: 118 (Marks: 1) - Please choose one

_____ minimizes errors.

- Affordance
- **Visibility (page 104)**
- Constraints
- None of these

Question No: 119 (Marks: 1) - Please choose one

Which of the following is proportional to the amplitude of the sound; the frequency remains constant?

- Pitch
- **Loudness (page 70)**
- Timber
- None of these

Question No: 120 (Marks: 1) - Please choose one

_____ plays a role to bridge up the gape between the interfaces of machines and human understanding.

- Human
- Computer
- **Human Computer Interaction (page 14)**
- None of these

Question No: 121 (Marks: 1) - Please choose one

The persona's needs are sufficiently unique to require a distinct interface form and behavior is _____ type of Persona.

- **Primary (page 159)**
- Secondary
- Supplement
- Negative

Question No: 122 (Marks: 1) - Please choose one

A _____is usually a collection of icons those are reminiscent of the purpose of the various modes.

- Button
- Pointer
- **Palette (page 133)**
- Title bar

Question No: 123 (Marks: 1) - Please choose one

The persona is not an actual user of the product, but is indirectly affected by it and its use refers to _____ persona

- Primary
- Secondary
- **Served (page 159)**
- Negative

Question No: 124 (Marks: 1) - Please choose one

During _____ phase, usage and workflow patterns discovered through _____.

- **Modeling, analysis (page 159)**
- Analysis, modeling
- Testing, modeling
- Testing, Analysis

Question No: 125 (Marks: 1) - Please choose one

The Usability Engineering lifecycle was proposed by _____.

- **Deborah Mayhew (page 153)**
- Webster
- Barry Boehm
- Hartson

Question No: 126 (Marks: 1) - Please choose one

Waterfall model is basically a _____ model in which each step must be completed before the next step can be started

- Incremental
- **Linear (page 149)**
- Iterative
- Analytical

Question No: 127 (Marks: 1) - Please choose one

Models are used in design to

- Generate the design
- Evaluate the design
- **Generate and evaluate the design (page 185)**
- None of the given

Question No: 128 (Marks: 1) - Please choose one

What is a semantic network?

- **A model of long-term memory (page 82)**
- A record of our memory of events
- The part of the brain which allows us to remember things
- A mechanism for improving memory

Question No: 129 (Marks: 1) - Please choose one

Which are the most significant senses for the average person when it comes to interacting with a computer?

- Sight and hearing
- Hearing, touch and smell
- Hearing and touch
- **Sight, hearing and touch (page 54)**

Question No: 130 (Marks: 1) - Please choose one

_____ is a term used to refer to an attribute of an object that allows people to know how to use it.

- Visibility
- **Affordance (page 105)**
- Constraint
- None of these

Question No: 131 (Marks: 1) - Please choose one

What is a semantic network?

- **A model of long-term memory (page 82)**
- A record of our memory of events
- The part of the brain which allows us to remember things
- A mechanism for improving memory

Question No: 132 (Marks: 1) - Please choose one

You can load a VCR tape the right way because of _____.

- **Physical constraints (page 106)**
- Logical constraints
- Cultural constraints
- None of these

Question No: 133 (Marks: 1) - Please choose one

A mouse button invites pushing by the way it is physically constrained in its plastic shell, is an example of _____ Design Principle.

- Visibility
- **Affordance (page 105)**
- Mapping
- None of these

Question No: 134 (Marks: 1) - Please choose one

_____ aspect gives us hints and tips about using and creating user interface idioms, like dialog boxes and pushbuttons.

A. Efficient. B. Strategic. C. Tactical. D. Reliable.

Select correct option:

- Only A
- **Only C (page 143)**
- A and C
- B and D

Question No: 135 (Marks: 1) - Please choose one

"Mistakes" and "Slips" are two forms of:

- **Errors (page 100)**
- Goals
- Evaluation
- Objectives

Question No: 136 (Marks: 1) - Please choose one

Ergonomics is also called_____.

- Assembly
- **Human Factors (page 43)**
- Both
- None of the Given

Question No: 138 (Marks: 1) - Please choose one

User and system has its own unique language, the language used by the system is called_____

- **Core (page 123)**
- Task
- Both
- None of the above

Question No: 139 (Marks: 1) - Please choose one

Choice of operations and services are offered on the screen through_____

- Pointers
- Toolbars
- **Menus (page 131)**
- None of the given

Question No: 140 (Marks: 1) - Please choose one

You are given 4 cards displaying 4, E, 7 and K respectively, and you are told that if a card has a vowel on one side it has an even number on the other. Which cards would you have to turn over to check whether this is the case?

- E and 4
- E and 7
- **E, 4 and 7**
- 4, E, 7 and K

Question No: 141 (Marks: 1) - Please choose one

Which of the following is true regarding "Visibility"?

The more visible functions are, the more likely users will be able to know what to do next. (page 104)
The more visible functions are, the less likely users will be able to know what to do next.
Functions visibility and user knowing of what to do next, are not related to each other
None of the given

Question No: 142 (Marks: 1) - Please choose one

What will be the gulf of execution if the user is able to formulate and perform the actions easily?

- **Smaller (page 122)**
- Greater
- Balanced
- None of the Given

Question No: 143 (Marks: 1) - Please choose one

Certain factors that help us to interact with graphical based systems is_____ .

- Indirect manipulation
- **Direct manipulation (page 36,137)**
- Both
- None of the given

Question No: 144 (Marks: 1) - Please choose one

Which interface system is based on the question/answer dialogue?

- Command Line Interfaces
- **Query interfaces (page 128)**
- Menus
- Natural Language Interfaces

Question No: 145 (Marks: 1) - Please choose one

Taking some real world concept to perform different tasks that represent some idea, inside the computer is type of_____ .

- **Direct Manipulation (page 125,137)**
- Desktop metaphors
- Central processing unit
- None of the given

Question No: 146 (Marks: 1) - Please choose one

Example of form fill interface is_____.

- A dialog box
- Pop up menus
- **Data entry form on some university web**
- All of the given

Question No: 147 (Marks: 1) - Please choose one

Building things from user's perspective is called _____.

- Functionality
- **Usability (page 31)**
- Portability
- None of the given

Question No: 148 (Marks: 1) - Please choose one

A small picture that is used to represent a closed window is said to be a/an:

- Menu
- Toolbar
- status bar
- **icon (page 131)**

Question No: 149 (Marks: 1) - Please choose one

Form-filling interfaces are used for:

- **Data entry (page 128)**
- Data integration
- Data manipulation
- Data definition

Question No: 150 (Marks: 1) - Please choose one

_____ is an early release of a product to a few users.

Surveys
Beta test (page 271)
Focus

Question No: 151 (Marks: 1) - Please choose one

_____ has a goal of assessing whether the product works according to its specifications.

Trunk Test
Quality assurance (page 270)

Question No: 152 (Marks: 1) - Please choose one

In usability test, which is a technique from given below options, in which you have two participants work together to perform the tasks.

Active Intervention
Co-Discovery (page 276)
Trunk test

Question No: 153 (Marks: 1) - Please choose one

What site is this", Statement represents_____.

Folder
Site ID (page 296)
Scroll bar

Question No: 154 (Marks: 1) - Please choose one

In DECIDE frame work _____comes just after choosing the evaluation paradigm and techniques.

- **Deciding about ethical issues (page 265)**
- Exploring the questions
- Identifying the practical issues
- None of the given

Question No: 155 (Marks: 1) - Please choose one

Formal methods are used to represent:

- Architectural aspects of software systems only
- Procedural aspects of software systems only
- **Both architectural and procedural aspects of software systems (page 21)**
- None of the given

Question No: 156 (Marks: 1) - Please choose one

The colors, which are directly opposite to each other are said to be:

- **Complementary colors (page 64)**
- Analogous colors
- Primary colors
- Secondary colors

Question No: 157 (Marks: 1) - Please choose one

Which of the following is true about Short-Term memory?

- **Short-term memory has a limited capacity. (page 80)**
- Short-term memory has an unlimited capacity.
- Short-term memory has no capacity.
- Short-term memory has large but limited capacity.

Question No: 158 (Marks: 1) - Please choose one

Which of the following is not one of the goals of HCI?

- To produce usable systems
- To produce safe systems
- **To produce non-functional systems (page 30)**
- To improve effectiveness of the systems

Question No: 159 (Marks: 1) - Please choose one

According to Juran, the fitness for purpose or use, is said to be

- Usability
- Efficiency
- Reliability
- **Quality (page 39)**

Question No: 160 (Marks: 1) - Please choose one

Which of the given statements correctly defines efficiency in terms of one of the usability goals?

- It is a very general goal and refers to how good a system at doing what it is suppose to do.
- **It refers to the way a system supports users in carrying out their tasks. (page 31)**
- It involves protecting the users from dangerous conditions
- It involves protecting the users from undesired situations

Question No: 161 (Marks: 1) - Please choose one

Over a short period of time, we find it easier to remember the string of numbers "404 894 6743" because _____.

- Numbers are easier to remember than arbitrary characters.
- **The grouping of the numbers is significant**
- Ten numbers is not that many to have to remember from working memory.
- None of these

Question No: 162 (Marks: 1) - Please choose one

Which of the following is considered as the most complex species?

- **Humans (page 18)**
- Computers
- Animals
- Birds

Question No: 163 (Marks: 1) - Please choose one

Which of the following is the statement given by "Novatech" as a result of a survey on the embarrassing experiences of computers?

- One in every four computers has been physically attacked by its owner
- Every computer can be saved from any type of physical attacks
- Every computer is attacked physically one in its life time
- **One in every four computers has been physically attacked by some outside source (page 24)**

Question No: 164 (Marks: 1) - Please choose one

Which of the following is/are goal(s) of usability?

- Effectiveness
- Efficiency
- Safety
- **All of the given (page 31)**

Question No: 165 (Marks: 1) - Please choose one

XYZ Ltd is well reputed software house; they make a significant investment in building ---------- ------ that encourages greater customer loyalty.

- Visual Symbols
- Grouping
- **Brand Equity (page 353)**
- Harmony

Question No: 166 (Marks: 1) - Please choose one

What are the three types of reasoning?

- **Deductive, Productive and Inductive (page 89)**
- Adductive, Inductive and Deductive
- Inductive, Adductive and Reproductive
- Productive, Reproductive and Deductive

Question No: 167 (Marks: 1) - Please choose one

_____ is a usability test in which a member of the test team sits in the room with the participant and actively probes the participant's understanding of whatever is being tested.

- Co discovery
- **Active intervention (page 276)**
- Trunk test

Question No: 168 (Marks: 1) - Please choose one

Totality of characteristics of an entity that bear on its ability to satisfy stated and implied needs are called _____.

- **Quality (page 40)**
- Effectiveness
- Standard
- Quantity

MUHAMMAD FAISAL

MIT 4th Semester

Al-Barq Campus (VGJW01) Gujranwala

faisalgrw123@gmail.com

Reference MCQ's For MIDTERM EXAMS
CS408 - HUMAN COMPUTER INTERACTION

Question No: 1 (Marks: 1) - Please choose one

_____are unintentional while_____ occur through conscious deliberation.

- **Slips, mistakes (page 100)**
- Errors, slips
- Mistakes, errors
- Mistakes, slips

Question No: 2 (Marks: 1) - Please choose one

What is the main strength of the Problem Space Framework as a model of human problem solving?

- **It operates within the constraints of the human processing system (page 91)**
- It explains what is involved in insight
- It allows ill-defined problems to be solved
- None of these

Question No: 3 (Marks: 1) - Please choose one

_____ is the process of selecting things to concentrate on, at a point in time, from the range of possibilities available.

- Perception and recognition
- **Attention (page 76)**
- Learning
- None of these

Question No: 4 (Marks: 1) - Please choose one

Interpretation inquiry, according to Beyer and Holtzblatt, is based on a master-apprentice model of learning.

- True
- **False (page 176)**

Question No: 5 (Marks: 1) - Please choose one

The persona is not an actual user of the product, but is indirectly affected by it and its use refers to _____ persona

- Primary
- Secondary
- **Served (page 159)**
- Negative

Question No: 6 (Marks: 1) - Please choose one

_____ is a powerful, multipurpose design tool that helps overcome several problems that currently plague the development of digital products.

- Scenario
- **Persona (page 187)**
- Prototype

Question No: 7 (Marks: 1) - Please choose one

The difference between the intentions and allowable actions is the:

- **Gulf of Execution (page 103)**
- Gulf of Evaluation
- None of these

Question No: 8 (Marks: 1) - Please choose one

Attention is the process of selecting things to concentrate on, at a point in time, from the range of

- **Possibilities available (page 76)**
- Time Available
- None of these

Question No: 9 (Marks: 1) - Please choose one

The goals of HCI are:

- **Usability and User Experience (page 30)**
- Learn ability and Comfort
- Tasks and Goals

Question No: 10 (Marks: 1) - Please choose one

WYSIWYG stands for _____.

- Where you see is where you get
- **What you see is what you get (page 36)**
- When you see it when you get

Question No: 11 (Marks: 1) - Please choose one

_____ is proportional to the amplitude of the sound.

- Pitch
- **Loudness (page 70)**
- Timber

Question No: 12 (Marks: 1) - Please choose one

Persona is not context specific, so it can be reused easily.

- True
- **False (page 189)**

Question No: 13 (Marks: 1) - Please choose one

_____ are individual and isolated regions within display that can be selected by the user to invoke specific operations.

- **Buttons (page 133)**
- Pointers
- Menus
- Windows

Question No: 14 (Marks: 1) - Please choose one

User personas that are not primary or secondary are _____ personas.

- Served
- Negative
- Customer
- **Supplemental (page 196)**

Question No: 15 (Marks: 1) - Please choose one

Which of the following is the comparison of what happened in the world with what we wanted to happen?

- Action
- **Evaluation (page 99)**
- Execution
- None of these

Question No: 16 (Marks: 1) - Please choose one

The size and shape of a compact disk, is a type of _____ constraint.

- **Physical (page 106)**
- Logical
- Cultural
- None of these

Question No: 17 (Marks: 1) - Please choose one

_____ Research can tell you about what, how, many and why in rich, multivariate detail.

- Quantitative
- **Qualitative (page 166)**
- SME
- None of these

Question No: 18 (Marks: 1) - Please choose one

Which of the given statements correctly defines effectiveness in terms of one of the usability goals?

- **It is a very general goal and refers to how good a system at doing what it is suppose to do. (page 31)**
- It refers to the way a system supports users in carrying out their tasks.
- It involves protecting the users from dangerous conditions
- It involves protecting the users from undesired situations

Question No: 19 (Marks: 1) - Please choose one

Which of the following is not a secondary color?

- Green
- Orange
- Purple
- **Blue (page 63)**

Question No: 20 (Marks: 1) - Please choose one

Which of the following device can not be useful for a visually impaired person?

- a typical keyboard
- **a typical monitor**
- a typical speaker
- a typical processor

Question No: 21 (Marks: 1) - Please choose one

Which of the following requires less cognitive effort than others?

- **Listening (page 87)**
- Speaking
- Hearing
- None of the given

Question No: 22 (Marks: 1) - Please choose one

We are deficient in our development _____, not in our development _____ (respectively).

- **Process, Tools (page 23)**
- Tools, Process
- Tools, Methodology
- None of these

Question No: 23 (Marks: 1) - Please choose one

Which of the following is not true regarding "cones"?

- **A type of receptor in eye more sensitive to light (page 56)**
- Different types of cones are sensitive to different wavelengths of light
- Eye has approximately 6 million cones

Question No: 24 (Marks: 1) - Please choose one

Which of the following does not count as one of the advantages of computers?

- Computers are enabling new discoveries
- Leading to efficiencies
- Making our life convenient
- **Depending so much on computers may give fatal results (page 9)**

Question No: 25 (Marks: 1) - Please choose one

The gulf of execution refers to _____ .

The user's difficulty in understanding the feedback from the system
The system's difficulty in presenting information in the output language
The system's difficulty in converting an input expression into the correct system state transition
The user's difficulty in formulating and articulating an intention to the system

Question No: 26 (Marks: 1) - Please choose one

Learnability, flexibility and robustness are three main usability principles that can be considered as general headings for standards and guidelines generation. Which of the following are also high level usability categories that can guide standards and guidelines generation? (i) Effectiveness (ii) Efficiency (iii) Fault tolerance (iv) Satisfaction

Select correct option:

(i) & (ii) (page 31)
(i), (ii) & (iv)
(ii) & (iii)
(ii) & (iv)

Question No: 27 (Marks: 1) - Please choose one

Which of the following is not true?

- Utility refers to the functionality of a system
- **Usability is concerned with adding complexity to the system (page 31)**
- Usability is concerned with making systems easy to use
- Poorly designed computer system can be extremely annoying to users

Question No: 28 (Marks: 1) - Please choose one

The command line interface is used because:

- It is easy to understand
- It is demanded by DOS
- It is offered by UNIX systems
- **It is powerful and flexible (page 127)**

Question No: 29 (Marks: 1) - Please choose one

Which of the given statements correctly defines effectiveness in terms of one of the usability goals?

- **It is a very general goal and refers to how good a system at doing what it is suppose to do. (page 31)**
- It refers to the way a system supports users in carrying out their tasks.
- It involves protecting the users from dangerous conditions
- It involves protecting the users from undesired situations

Question No: 30 (Marks: 1) - Please choose one

Which of the following is not one of the primary colors?

- Red
- Yellow
- Blue
- **Green (page 63)**

Question No: 31 (Marks: 1) - Please choose one

Which of the following is concerned primarily with understanding human behavior and the mental processes that underlie it?

- **Psychology (page 43)**
- Sociology
- Statistics
- Computer Science

Question No: 32 (Marks: 1) - Please choose one

HCI deals with:

- Design of interactive system only
- Evaluation of interactive system only
- Implementation of interactive system only
- **All of the given choices (page 15)**

Question No: 33 (Marks: 1) - Please choose one

Human beings interact with outside world, using their

- input channels
- output channels
- sense of sight
- **All of the given (page 54)**

Question No: 33 (Marks: 1) - Please choose one

We are deficient in our development _____, not in our development _____ (respectively).

- **Process, Tools (page 23)**
- Tools, Process
- Tools, Methodology
- None of these

Question No: 34 (Marks: 1) - Please choose one

Visually impaired persons can interact with outside world using their

- Sense of sight
- Sense of hearing
- **Both sense of touch and sense of hearing**
- Sense of touch

Question No: 35 (Marks: 1) - Please choose one

_____is the process of selecting things to concentrate on, at a point in time, from the range of possibilities available

- Reasoning
- Decision Making
- **Attention (page 76)**

Question No: 36 (Marks: 1) - Please choose one

_____ refers to the relationship between controls and their effects in the world.

- Visibility
- Affordance
- **Mapping (page 107)**

Question No: 37 (Marks: 1) - Please choose one

. _____ plays a role to bridge up the gap between the interfaces of machines and human understanding.

- **Human computer Interaction (page 14)**
- Software Engineering
- Human Computer Interfaces

Question No: 38 (Marks: 1) - Please choose one

_____ is a very general goal of Usability and refers to how good a system at doing what it is suppose to do.

- **Effectiveness (page 31)**
- Efficiency
- Utility

Question No: 39 (Marks: 1) - Please choose one

. _____is what goes on in out heads when we carry out our everyday activities?

- **Cognition (page 47)**
- Learnability
- Memeorability

Question No: 40 (Marks: 1) - Please choose one

_____ is the process by which we use the knowledge we have to draw conclusions or infer something new about the domain of interest.

- Decision Making
- **Reasoning (page 89)**
- Problem Solving

Question No: 41 (Marks: 1) - Please choose one

_____research helps us understand the domain, context and constraints of a product in different, more useful ways than _____research do.

- **Qualitative, Quantitative (page 167)**
- Quantitative, Qualitative
- None of them

Question No: 42 (Marks: 1) - Please choose one

In an organization individuals may keep their own records, or there may be local gurus. This statement concerns with _____.

- Paper work and computer work
- Spatial and temporal organizations
- **Organizational memory (page 176)**
- None of these

Question No: 43 (Marks: 1) - Please choose one

Using icons on the desktop to represent operations is a type of _____ constraint.

- Physical
- Logical
- **Cultural (page 106)**
- None of these

Question No: 44 (Marks: 1) - Please choose one

_____ is a term used to refer to an attribute of an object that allows people to know how to use it.

- Visibility
- **Affordance (page 105)**
- Constraint
- None of these

Question No: 45 (Marks: 1) - Please choose one

_____ minimizes errors.

- Affordance
- **Visibility (page 104)**
- Constraints
- None of these

Question No: 46 (Marks: 1) - Please choose one

Which of the following is proportional to the amplitude of the sound; the frequency remains constant?

- Pitch
- **Loudness (page 70)**
- Timber
- None of these

Question No: 47 (Marks: 1) - Please choose one

_____ plays a role to bridge up the gape between the interfaces of machines and human understanding.

- Human
- Computer
- **Human Computer Interaction (page 14)**
- None of these

Question No: 48 (Marks: 1) - Please choose one

The persona's needs are sufficiently unique to require a distinct interface form and behavior is _____ type of Persona.

- **Primary (page 159)**
- Secondary
- Supplement
- Negative

Question No: 49 (Marks: 1) - Please choose one

A _____is usually a collection of icons those are reminiscent of the purpose of the various modes.

- Button
- Pointer
- **Palette (page 133)**
- Title bar

Question No: 50 (Marks: 1) - Please choose one

The persona is not an actual user of the product, but is indirectly affected by it and its use refers to _____ persona

- Primary
- Secondary
- **Served (page 159)**
- Negative

Question No: 51 (Marks: 1) - Please choose one

During _____ phase, usage and workflow patterns discovered through _____.

- **Modeling, analysis (page 159)**
- Analysis, modeling
- Testing, modeling
- Testing, Analysis

Question No: 52 (Marks: 1) - Please choose one

Waterfall model is basically a _____ model in which each step must be completed before the next step can be started:

- Incremental
- **Linear (page 149)**
- Iterative
- Analytical

Question No: 53 (Marks: 1) - Please choose one

Models are used in design to,

- Generate the design
- Evaluate the design
- **Generate and evaluate the design (page 185)**
- None of the given

Question No: 54 (Marks: 1) - Please choose one

What is a semantic network?

- **A model of long-term memory (page 82)**
- A record of our memory of events
- The part of the brain which allows us to remember things
- A mechanism for improving memory

Question No: 55 (Marks: 1) - Please choose one

Which are the most significant senses for the average person when it comes to interacting with a computer?

- Sight and hearing
- Hearing, touch and smell
- Hearing and touch
- **Sight, hearing and touch (page 54)**

Question No: 56 (Marks: 1) - Please choose one

_____ refers to the way a system supports users in carrying out their tasks.

- **Efficiency (page 31)**
- Effectiveness
- Utility

Question No: 57 (Marks: 1) - Please choose one

_____ are GUIs that consists of electronic counterparts to physical objects in the real world to match the knowledge requirements of users.

- User Interaction Models
- Conceptual Models
- **Interface Metaphors (page 51)**

Question No: 58 (Marks: 1) - Please choose one

_____language tends to be grammatical while _____ language is often Ungrammatical.

- **Written, spoken (page 87)**
- Spoken, written
- None of the given choices

Question No: 59 (Marks: 1) - Please choose one

Aspect gives us hints and tips about using and creating user interface idioms.

- Strategic
- **Tactical (page 143)**
- None of the given choices

Question No: 60 (Marks: 1) - Please choose one

The Usability Engineering lifecycle was proposed by _____.

- **Deborah Mayhew (page 153)**
- Webster
- Barry Boehm
- Hartson

Question No: 61 (Marks: 1) - Please choose one

Ali wants to develop an application that incorporates print, audio video media and software applications on a single place. Which of the following will help in this regard?

- MS World
- **Worldwide Web (page 305)**
- Television Newspaper

Question No: 62 (Marks: 1) - Please choose one

Ali is looking at how interface designers went about their work. He identified two different modes of activity: one is _____ and other is _____.

- **Analytic mode, synthetic mode (page 153)**
- Evaluation mode, testing mode
- Analyze mode, feedback mode
- Implementation mode, task mode

Question No: 63 (Marks: 1) - Please choose one

Scenario content and context are derived from information gathered during the _____ phase and analyzed during the _____ phase (respectively).

- Modeling, Implementation
- Modeling, Research
- Research, Implementation
- **Research, Modeling (page 199)**

Question No: 64 (Marks: 1) - Please choose one

Ali requires access via a navigational portal relatively infrequently that provides clear, simple navigational control. Which of the following posture is appropriate in this case?

- Auxiliary
- **Transient (page 231)**
- Information
- Sovereign

Question No: 65 (Marks: 1) - Please choose one

_____ are dragged down from the title at the top of the screen.

- **Pull Down Menus (page 132)**
- Main Menus
- Icons
- Buttons

Question No: 66 (Marks: 1) - Please choose one

When you engaged in a conversation you are more attentive what the other person is saying. It is called?

- Focused Attention
- **Voluntary Attention (page 78)**
- Involuntary attention
- Divided Attention

Question No: 67 (Marks: 1) - Please choose one

Drive a vehicle while holding a conversation with a passenger is the example of _____ .

- Focused Attention
- Voluntary Attention
- Involuntary attention
- **Divided Attention (page 78)**

Question No: 68 (Marks: 1) - Please choose one

GOMS stands for:

- **Goals, operation, methods and selection rules (page 50)**
- Goals, objects, models and selection rules
- Goals, operations, methods and state rules
- Goals, operations, models and state rules

Question No: 69 (Marks: 1) - Please choose one

Which of the following is/are the main component(s) of color?

- Hue
- Intensity
- Saturation
- **All of the given (page 59)**

Question No: 70 (Marks: 1) - Please choose one

_____ represent the user's expectations of the tangible outcomes of using a specific product.

- Non-user goals
- **End goals (page 192)**
- Experience goals
- Life goals

Question No: 71 (Marks: 1) - Please choose one

Persona is not context specific, so it can be reused easily.

- True
- **False (page 189)**

Question No: 72 (Marks: 1) - Please choose one

In an email application configuring a new email server is a key path activity.

- **True (page 207)**
- False

Question No: 73 (Marks: 1) - Please choose one

_____ are perhaps the least-documented patterns, but they are nonetheless in widespread use.

- Postural
- **Structural (page 217)**
- Behavioral
- Mnemonic

Question No: 74 (Marks: 1) - Please choose one

The way people carry out an activity in the real world is same as how it may be observed in the laboratory

- True
- **False (page 256)**

Question No: 75 (Marks: 1) - Please choose one

Engineering a user interface involves a quantitative engineering style of working in which measurements are used to judge the quality of interface. Hence _____ is appropriate.

- **Usability testing (page 264)**
- Field study
- Predictive evaluation
- DECIDE framework

Question No: 76 (Marks: 1) - Please choose one

Exploring how children talk together in order to see if an innovative new groupware product would help them to be more engaged would probably be better informed by a _____.

- Usability testing
- **Field study (page 264)**
- Predictive evaluation
- DECIDE framework

Question No: 77 (Marks: 1) - Please choose one

Beneath the surface is the _____ of the site: the placement of buttons, tabs, photos, and blocks of text.

- Surface
- Structure
- **Skeleton (page 306)**
- Scope

Question No: 78 (Marks: 1) - Please choose one

Roughly _____ percent of the male population has some degree of color blindness.

- **10 (page 358)**
- 20
- 30
- 40

Question No: 79 (Marks: 1) - Please choose one

_____ are individual and isolated regions within display that can be selected by the user to invoke specific operations.

- **Buttons (page 133)**
- Pointers
- Menus
- Windows

Question No: 80 (Marks: 1) - Please choose one

The _____ function came into being as the result of the implementation model for undo

- **Redo (page 314)**
- Undo
- Repeat
- Delete

Question No: 81 (Marks: 1) - Please choose one

If the user wants to _____ place the document somewhere in the file system hierarchy, he can request this function from the menu.

- **Explicitly (page 327)**
- Implicitly
- Habitually
- Properly

Question No: 82 (Marks: 1) - Please choose one

Design of user interfaces does not entirely _____ aesthetic concerns, but rather it places such' concerns within the constraints of a _____ framework.

- Include, Functional
- **Exclude, Functional (page 343)**
- Include, Non-Functional
- Exclude, Non-Functional

Question No: 83 (Marks: 1) - Please choose one

When developing _____, plan to keep them short, straightforward and avoid asking too many.

- Videos
- Documentation
- **Interview CS408 Questions (page 371)**
- Contextual enquiry

Question No: 84 (Marks: 1) - Please choose one

Conventional wisdom says that _____ tell the user when he has made some mistake.

- Program crash
- System stuck
- **Error messages (page 382)**
- Metadata

Question No: 85 (Marks: 1) - Please choose one

People frequently counter the idea of _____feedback with arguments that users don't like it

- **Audible (page 393)**
- Video
- Walkthroughs
- CS408 Questions

Question No: 86 (Marks: 1) - Please choose one

_____environments are environments that are user and context aware.

- Non-attentive
- Visual
- Sensing
- **Attentive (page 418)**

Question No: 87 (Marks: 1) - Please choose one

User personas that are not primary or secondary are _____ personas.

- Served
- Negative
- Customer
- **Supplemental (page 196)**

Question No: 88 (Marks: 1) - Please choose one

Which of the following is the comparison of what happened in the world with what we wanted to happen?

- Action
- **Evaluation (page 99)**
- Execution
- None of these

Question No: 89 (Marks: 1) - Please choose one

The size and shape of a compact disk, is a type of _____ constraint.

- **Physical (page 106)**
- Logical
- Cultural
- None of these

Question No: 90 (Marks: 1) - Please choose one

_____ research can tell you about what, how, many and why in rich, multivariate detail.

- Quantitative
- **Qualitative (page 166)**
- SME
- None of these

Question No: 91 (Marks: 1) - Please choose one

_____is the least technical way of collecting data, but it can be difficult and tiring to write and observe at the same time.

- Audio recording
- **Taking notes (page 365)**
- Observation
- Video

Question No: 92 (Marks: 1) - Please choose one

Panes, frames and other containers on screen is a kind of _____

- **Functional and data elements (page 206)**
- View
- Input method
- None of the given

Question No: 93 (Marks: 1) - Please choose one

_____ is particularly useful early in design. It is excellent technique to use with the prototype, because it provides a wealth of diagnostic information.

- Co-discovery
- **Active intervention (page 276)**
- Splendid research
- None of the given

Question No: 94 (Marks: 1) - Please choose one

Information sites with daily-updated information will naturally attract _____ users more than a monthly-updated site.

- **Repeat (page 229)**
- Infrequent
- Nonuser
- None of the given

Question No: 95 (Marks: 1) - Please choose one

Evaluations done during design to check that product continues to meet users' needs are known as _____ evaluation.

- **Formative (page 258)**
- Summative
- Relative
- None of the given

Question No: 96 (Marks: 1) - Please choose one

_____ frequent your primary personas access the site, _____ transient a stance the site needs to take (respectively).

- More, Less
- **Less, more (page 230)**
- Less, less
- None of the given

Question No: 97 (Marks: 1) - Please choose one

In an organization individuals may keep their own records, or there may be local gurus. This statement concerns with _____.

- Paper work and computer work
- Spatial and temporal organizations
- **Organizational memory (page 176)**
- None of these

Question No: 98 (Marks: 1) - Please choose one

Currently many common environments for interactive computing are examples of the _____ interface style, often simply called windowing systems.

- Three-dimensional
- **WIMP (page 129)**
- Point and click
- None of these

Question No: 99 (Marks: 1) - Please choose one

Using icons on the desktop to represent operations is a type of _____constraint.

- Physical
- Logical
- **Cultural (page 106)**
- None of these

Question No: 100 (Marks: 1) - Please choose one

_____ is a term used to refer to an attribute of an object that allows people to know how to use it.

- Visibility
- **Affordance (page 105)**
- Constraint
- None of these

Question No: 101 (Marks: 1) - Please choose one

_____ minimizes errors.

- Affordance
- **Visibility (page 104)**
- Constraints
- None of these

Question No: 102 (Marks: 1) - Please choose one

Which of the following is proportional to the amplitude of the sound; the frequency remains constant?

- Pitch
- **Loudness (page 70)**
- Timber
- None of these

Question No: 103 (Marks: 1) - Please choose one

_____ plays a role to bridge up the gape between the interfaces of machines and human understanding.

- Human
- Computer
- **Human Computer Interaction (page 14)**
- None of these

Question No: 104 (Marks: 1) - Please choose one

The persona's needs are sufficiently unique to require a distinct interface form and behavior is _____ type of Persona.

- **Primary (page 159)**
- Secondary
- Supplement
- Negative

Question No: 105 (Marks: 1) - Please choose one

A _____is usually a collection of icons those are reminiscent of the purpose of the various modes.

- Button
- Pointer
- **Palette (page 133)**
- Title bar

Question No: 106 (Marks: 1) - Please choose one

The persona is not an actual user of the product, but is indirectly affected by it and its use refers to _____ persona

- Primary
- Secondary
- **Served (page 159)**
- Negative

Question No: 107 (Marks: 1) - Please choose one

During _____ phase, usage and workflow patterns discovered through _____.

- **Modeling, analysis (page 159)**
- Analysis, modeling
- Testing, modeling
- Testing, Analysis

Question No: 108 (Marks: 1) - Please choose one

The Usability Engineering lifecycle was proposed by _____.

- **Deborah Mayhew (page 153)**
- Webster
- Barry Boehm
- Hartson

Question No: 109 (Marks: 1) - Please choose one

Waterfall model is basically a _____ model in which each step must be completed before the next step can be started

- Incremental
- **Linear (page 149)**
- Iterative
- Analytical

Question No: 110 (Marks: 1) - Please choose one

Models are used in design to

- Generate the design
- Evaluate the design
- **Generate and evaluate the design (page 185)**
- None of the given

Question No: 111 (Marks: 1) - Please choose one

What is a semantic network?

- **A model of long-term memory (page 82)**
- A record of our memory of events
- The part of the brain which allows us to remember things
- A mechanism for improving memory

Question No: 112 (Marks: 1) - Please choose one

Which are the most significant senses for the average person when it comes to interacting with a computer?

- Sight and hearing
- Hearing, touch and smell
- Hearing and touch
- **Sight, hearing and touch (page 54)**

Question No: 113 (Marks: 1) - Please choose one

In an organization individuals may keep their own records, or there may be local gurus. This statement concerns with _____.

- Paper work and computer work
- Spatial and temporal organizations
- **Organizational memory (page 176)**
- None of these

Question No: 115 (Marks: 1) - Please choose one

Currently many common environments for interactive computing are examples of the _____ interface style, often simply called windowing systems.

- Three-dimensional
- **WIMP (page 129)**
- Point and click
- None of these

Question No: 116 (Marks: 1) - Please choose one

Using icons on the desktop to represent operations is a type of _____constraint.

- Physical
- Logical
- **Cultural (page 106)**
- None of these

Question No: 117 (Marks: 1) - Please choose one

_____ is a term used to refer to an attribute of an object that allows people to know how to use it.

- Visibility
- **Affordance (page 105)**
- Constraint
- None of these

Question No: 118 (Marks: 1) - Please choose one

_____ minimizes errors.

- Affordance
- **Visibility (page 104)**
- Constraints
- None of these

Question No: 119 (Marks: 1) - Please choose one

Which of the following is proportional to the amplitude of the sound; the frequency remains constant?

- Pitch
- **Loudness (page 70)**
- Timber
- None of these

Question No: 120 (Marks: 1) - Please choose one

_____ plays a role to bridge up the gape between the interfaces of machines and human understanding.

- Human
- Computer
- **Human Computer Interaction (page 14)**
- None of these

Question No: 121 (Marks: 1) - Please choose one

The persona's needs are sufficiently unique to require a distinct interface form and behavior is _____ type of Persona.

- **Primary (page 159)**
- Secondary
- Supplement
- Negative

Question No: 122 (Marks: 1) - Please choose one

A _____is usually a collection of icons those are reminiscent of the purpose of the various modes.

- Button
- Pointer
- **Palette (page 133)**
- Title bar

Question No: 123 (Marks: 1) - Please choose one

The persona is not an actual user of the product, but is indirectly affected by it and its use refers to _____ persona

- Primary
- Secondary
- **Served (page 159)**
- Negative

Question No: 124 (Marks: 1) - Please choose one

During _____ phase, usage and workflow patterns discovered through _____.

- **Modeling, analysis (page 159)**
- Analysis, modeling
- Testing, modeling
- Testing, Analysis

Question No: 125 (Marks: 1) - Please choose one

The Usability Engineering lifecycle was proposed by _____.

- **Deborah Mayhew (page 153)**
- Webster
- Barry Boehm
- Hartson

Question No: 126 (Marks: 1) - Please choose one

Waterfall model is basically a _____ model in which each step must be completed before the next step can be started

- Incremental
- **Linear (page 149)**
- Iterative
- Analytical

Question No: 127 (Marks: 1) - Please choose one

Models are used in design to

- Generate the design
- Evaluate the design
- **Generate and evaluate the design (page 185)**
- None of the given

Question No: 128 (Marks: 1) - Please choose one

What is a semantic network?

- **A model of long-term memory (page 82)**
- A record of our memory of events
- The part of the brain which allows us to remember things
- A mechanism for improving memory

Question No: 129 (Marks: 1) - Please choose one

Which are the most significant senses for the average person when it comes to interacting with a computer?

- Sight and hearing
- Hearing, touch and smell
- Hearing and touch
- **Sight, hearing and touch (page 54)**

Question No: 130 (Marks: 1) - Please choose one

_____ is a term used to refer to an attribute of an object that allows people to know how to use it.

- Visibility
- **Affordance (page 105)**
- Constraint
- None of these

Question No: 131 (Marks: 1) - Please choose one

What is a semantic network?

- **A model of long-term memory (page 82)**
- A record of our memory of events
- The part of the brain which allows us to remember things
- A mechanism for improving memory

Question No: 132 (Marks: 1) - Please choose one

You can load a VCR tape the right way because of _____.

- **Physical constraints (page 106)**
- Logical constraints
- Cultural constraints
- None of these

Question No: 133 (Marks: 1) - Please choose one

A mouse button invites pushing by the way it is physically constrained in its plastic shell, is an example of _____ Design Principle.

- Visibility
- **Affordance (page 105)**
- Mapping
- None of these

Question No: 134 (Marks: 1) - Please choose one

_____ aspect gives us hints and tips about using and creating user interface idioms, like dialog boxes and pushbuttons.

A. Efficient. B. Strategic. C. Tactical. D. Reliable.

Select correct option:

- Only A
- **Only C (page 143)**
- A and C
- B and D

Question No: 135 (Marks: 1) - Please choose one

"Mistakes" and "Slips" are two forms of:

- **Errors (page 100)**
- Goals
- Evaluation
- Objectives

Question No: 136 (Marks: 1) - Please choose one

Ergonomics is also called_____.

- Assembly
- **Human Factors (page 43)**
- Both
- None of the Given

Question No: 138 (Marks: 1) - Please choose one

User and system has its own unique language, the language used by the system is called_____

- **Core (page 123)**
- Task
- Both
- None of the above

Question No: 139 (Marks: 1) - Please choose one

Choice of operations and services are offered on the screen through_____

- Pointers
- Toolbars
- **Menus (page 131)**
- None of the given

Question No: 140 (Marks: 1) - Please choose one

You are given 4 cards displaying 4, E, 7 and K respectively, and you are told that if a card has a vowel on one side it has an even number on the other. Which cards would you have to turn over to check whether this is the case?

- E and 4
- E and 7
- **E, 4 and 7**
- 4, E, 7 and K

Question No: 141 (Marks: 1) - Please choose one

Which of the following is true regarding "Visibility"?

The more visible functions are, the more likely users will be able to know what to do next. (page 104)
The more visible functions are, the less likely users will be able to know what to do next.
Functions visibility and user knowing of what to do next, are not related to each other
None of the given

Question No: 142 (Marks: 1) - Please choose one

What will be the gulf of execution if the user is able to formulate and perform the actions easily?

- **Smaller (page 122)**
- Greater
- Balanced
- None of the Given

Question No: 143 (Marks: 1) - Please choose one

Certain factors that help us to interact with graphical based systems is_____ .

- Indirect manipulation
- **Direct manipulation (page 36,137)**
- Both
- None of the given

Question No: 144 (Marks: 1) - Please choose one

Which interface system is based on the question/answer dialogue?

- Command Line Interfaces
- **Query interfaces (page 128)**
- Menus
- Natural Language Interfaces

Question No: 145 (Marks: 1) - Please choose one

Taking some real world concept to perform different tasks that represent some idea, inside the computer is type of_____ .

- **Direct Manipulation (page 125,137)**
- Desktop metaphors
- Central processing unit
- None of the given

Question No: 146 (Marks: 1) - Please choose one

Example of form fill interface is_____.

- A dialog box
- Pop up menus
- **Data entry form on some university web**
- All of the given

Question No: 147 (Marks: 1) - Please choose one

Building things from user's perspective is called _____.

- Functionality
- **Usability (page 31)**
- Portability
- None of the given

Question No: 148 (Marks: 1) - Please choose one

A small picture that is used to represent a closed window is said to be a/an:

- Menu
- Toolbar
- status bar
- **icon (page 131)**

Question No: 149 (Marks: 1) - Please choose one

Form-filling interfaces are used for:

- **Data entry (page 128)**
- Data integration
- Data manipulation
- Data definition

Question No: 150 (Marks: 1) - Please choose one

_____ is an early release of a product to a few users.

Surveys
Beta test (page 271)
Focus

Question No: 151 (Marks: 1) - Please choose one

_____ has a goal of assessing whether the product works according to its specifications.

Trunk Test
Quality assurance (page 270)

Question No: 152 (Marks: 1) - Please choose one

In usability test, which is a technique from given below options, in which you have two participants work together to perform the tasks.

Active Intervention
Co-Discovery (page 276)
Trunk test

Question No: 153 (Marks: 1) - Please choose one

What site is this", Statement represents_____.

Folder
Site ID (page 296)
Scroll bar

Question No: 154 (Marks: 1) - Please choose one

In DECIDE frame work _____comes just after choosing the evaluation paradigm and techniques.

- **Deciding about ethical issues (page 265)**
- Exploring the questions
- Identifying the practical issues
- None of the given

Question No: 155 (Marks: 1) - Please choose one

Formal methods are used to represent:

- Architectural aspects of software systems only
- Procedural aspects of software systems only
- **Both architectural and procedural aspects of software systems (page 21)**
- None of the given

Question No: 156 (Marks: 1) - Please choose one

The colors, which are directly opposite to each other are said to be:

- **Complementary colors (page 64)**
- Analogous colors
- Primary colors
- Secondary colors

Question No: 157 (Marks: 1) - Please choose one

Which of the following is true about Short-Term memory?

- **Short-term memory has a limited capacity. (page 80)**
- Short-term memory has an unlimited capacity.
- Short-term memory has no capacity.
- Short-term memory has large but limited capacity.

Question No: 158 (Marks: 1) - Please choose one

Which of the following is not one of the goals of HCI?

- To produce usable systems
- To produce safe systems
- **To produce non-functional systems (page 30)**
- To improve effectiveness of the systems

Question No: 159 (Marks: 1) - Please choose one

According to Juran, the fitness for purpose or use, is said to be

- Usability
- Efficiency
- Reliability
- **Quality (page 39)**

Question No: 160 (Marks: 1) - Please choose one

Which of the given statements correctly defines efficiency in terms of one of the usability goals?

- It is a very general goal and refers to how good a system at doing what it is suppose to do.
- **It refers to the way a system supports users in carrying out their tasks. (page 31)**
- It involves protecting the users from dangerous conditions
- It involves protecting the users from undesired situations

Question No: 161 (Marks: 1) - Please choose one

Over a short period of time, we find it easier to remember the string of numbers "404 894 6743" because _____.

- Numbers are easier to remember than arbitrary characters.
- **The grouping of the numbers is significant**
- Ten numbers is not that many to have to remember from working memory.
- None of these

Question No: 162 (Marks: 1) - Please choose one

Which of the following is considered as the most complex species?

- **Humans (page 18)**
- Computers
- Animals
- Birds

Question No: 163 (Marks: 1) - Please choose one

Which of the following is the statement given by "Novatech" as a result of a survey on the embarrassing experiences of computers?

- One in every four computers has been physically attacked by its owner
- Every computer can be saved from any type of physical attacks
- Every computer is attacked physically one in its life time
- **One in every four computers has been physically attacked by some outside source (page 24)**

Question No: 164 (Marks: 1) - Please choose one

Which of the following is/are goal(s) of usability?

- Effectiveness
- Efficiency
- Safety
- **All of the given (page 31)**

Question No: 165 (Marks: 1) - Please choose one

XYZ Ltd is well reputed software house; they make a significant investment in building ---------- ------ that encourages greater customer loyalty.

- Visual Symbols
- Grouping
- **Brand Equity (page 353)**
- Harmony

Question No: 166 (Marks: 1) - Please choose one

What are the three types of reasoning?

- **Deductive, Productive and Inductive (page 89)**
- Adductive, Inductive and Deductive
- Inductive, Adductive and Reproductive
- Productive, Reproductive and Deductive

Question No: 167 (Marks: 1) - Please choose one

_____ is a usability test in which a member of the test team sits in the room with the participant and actively probes the participant's understanding of whatever is being tested.

- Co discovery
- **Active intervention (page 276)**
- Trunk test

Question No: 168 (Marks: 1) - Please choose one

Totality of characteristics of an entity that bear on its ability to satisfy stated and implied needs are called _____.

- **Quality (page 40)**
- Effectiveness
- Standard
- Quantity
